FORWARD-LOOKING STATEMENTS

Certain statements contained in this Quarterly Report on Form 10-Q may be considered “forward-looking statements” as that term is defined in the Private Securities Litigation Reform Act of 1995. The forward-looking statements contained herein are subject to known and unknown risks, uncertainties, assumptions and other factors that may cause our actual results, performance or achievements to be materially different from those expressed or implied by any such forward-looking statements. Forward-looking statements include information concerning our future financial performance, business strategy, projected plans and objectives. These statements may be identified by the fact that they do not relate to historical or current facts and may use words such as “believes,” “expects,” “anticipates,” “will,” “should,” “could,” “may,” “would,” “intends,” “projects,” “estimates,” “plans,” “forecasts,” “guidance,” and similar words, expressions or phrases. The following important factors and assumptions could affect our future results and could cause actual results to differ materially from those expressed in such forward-looking statements. These factors include, but are not limited to:

- the high level of competition in the mobility industry, including from new companies or technology, and the impact such competition may have on pricing and rental volume;
- a change in our fleet costs, including as a result of a change in the cost of new vehicles, resulting from inflation, trade disputes, tariffs or otherwise, manufacturer recalls, disruption in the supply of new vehicles, including due to labor actions, trade disputes, tariffs or otherwise, shortages in semiconductors used in new vehicle production, and/or a change in the price at which we dispose of used vehicles either in the used vehicle market or under repurchase or guaranteed depreciation programs;
- the results of operations or financial condition of the manufacturers of our vehicles, which could impact their ability to perform their payment obligations under our agreements with them, including repurchase and/or guaranteed depreciation arrangements, and/or their willingness or ability to make vehicles available to us or the mobility industry as a whole on commercially reasonable terms or at all;
- levels of and volatility in travel demand, including future volatility in airline passenger traffic;
- a deterioration or fluctuation in economic conditions, resulting in a recession, decreased levels of discretionary consumer spending for travel, or otherwise, particularly during our peak season or in key market segments;
- an occurrence or threat of terrorism, pandemics, severe weather events or natural disasters, military conflicts, including the ongoing military conflict in Eastern Europe, or civil unrest in the locations in which we operate, trade disputes and tariffs, and the potential effects of sanctions on the world economy and markets and/or international trade;
- any substantial changes in the cost or supply of fuel, vehicle parts, energy, labor or other resources on which we depend to operate our business, including as a result of pandemics, inflation, tariffs, the ongoing military conflict in Eastern Europe, and any embargoes on oil sales imposed on or by the Russian government;
- our ability to successfully implement or achieve our business plans and strategies, achieve and maintain cost savings and adapt our business to changes in mobility;
- political, economic, or commercial instability and/or political, regulatory, or legal changes in the countries in which we operate, and our ability to conform to multiple and conflicting laws or regulations in those countries;
- the performance of the used vehicle market from time to time, including our ability to dispose of vehicles in the used vehicle market on attractive terms;
- our dependence on third-party distribution channels, third-party suppliers of other services and co-marketing arrangements with third parties;

- risks related to completed or future acquisitions or investments that we may pursue, including the incurrence of incremental indebtedness to help fund such transactions and our ability to promptly and effectively integrate any acquired businesses or capitalize on joint ventures, partnerships and other investments;
- our ability to utilize derivative instruments, and the impact of derivative instruments we utilize, which can be affected by fluctuations in interest rates, fuel prices and exchange rates, changes in government regulations and other factors;
- our exposure to uninsured or unpaid claims in excess of historical levels or changes in the number of incidents or cost per incident, and our ability to obtain insurance at desired levels and the cost of that insurance;
- risks associated with litigation or governmental or regulatory inquiries, or any failure or inability to comply with laws, regulations or contractual obligations or any changes in laws, regulations or contractual obligations, including with respect to personally identifiable information and consumer privacy, labor and employment, and tax;
- risks related to protecting the integrity of, and preventing unauthorized access to, our information technology systems or those of our third-party vendors, licensees, dealers, independent operators and independent contractors, and protecting the confidential information of our employees and customers against security breaches, including physical or cybersecurity breaches, attacks, or other disruptions, compliance with privacy and data protection regulation, and the effects of any potential increase in cyberattacks on the world economy and markets and/or international trade;
- any impact on us from the actions of our third-party vendors, licensees, dealers, independent operators and independent contractors and/or disputes that may arise out of our agreements with such parties;
- any major disruptions in our communication networks or information systems;
- risks related to tax obligations and the effect of future changes in tax laws and accounting standards;
- risks related to our indebtedness, including our substantial outstanding debt obligations, recent and future interest rate increases, which increase our financing costs, downgrades by rating agencies and our ability to incur substantially more debt;
- our ability to obtain financing for our global operations, including the funding of our vehicle fleet through the issuance of asset-backed securities and use of the global lending markets;
- our ability to meet the financial and other covenants contained in the agreements governing our indebtedness, or to obtain a waiver or amendment of such covenants should we be unable to meet such covenants;
- significant changes in the timing of our fleet rotation, carrying value of goodwill, or long-lived assets, including when there are events or changes in circumstances that indicate the carrying value may exceed the current fair value, which have in the past resulted in and in the future could result in a significant impairment charge; and
- other business, economic, competitive, governmental, regulatory, political or technological factors affecting our operations, pricing or services.

We operate in a continuously changing business environment and new risk factors emerge from time to time. New risk factors, factors beyond our control, or changes in the impact of identified risk factors may cause actual results to differ materially from those set forth in any forward-looking statements. Accordingly, forward-looking statements should not be relied upon as a prediction of actual results. Moreover, we do not assume responsibility if future results are materially different from those forecasted or anticipated. Other factors and assumptions not identified above, including those discussed in "Management's Discussion and Analysis of Financial Condition and Results of Operations," in Item 2 and "Risk Factors" in Item 1A in this quarterly report and in similarly-titled sections set

forth in Item 7 and in Item 1A and in other portions of our 2024 Annual Report on Form 10-K filed with the Securities and Exchange Commission (the “SEC”) on February 14, 2025 (the “2024 Form 10-K”), may contain forward looking statements and involve uncertainties that could cause actual results to differ materially from those projected in any forward-looking statements.

Although we believe that our assumptions are reasonable, any or all of our forward-looking statements may prove to be inaccurate and we can make no guarantees about our future performance. Should unknown risks or uncertainties materialize or underlying assumptions prove inaccurate, actual results could differ materially from past results and/or those anticipated, estimated or projected. We undertake no obligation to release any revisions to any forward-looking statements, to report events or to report the occurrence of unanticipated events. For any forward-looking statements contained in any document, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995.

Avis Budget Group, Inc.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)
(Unless otherwise noted, all dollar amounts are in millions, except per share amounts)

1. Basis of Presentation

Avis Budget Group, Inc. provides mobility solutions to businesses and consumers worldwide. The accompanying unaudited Condensed Consolidated Financial Statements include the accounts and transactions of Avis Budget Group, Inc. and its subsidiaries, as well as entities in which Avis Budget Group, Inc. directly or indirectly has a controlling financial interest (collectively, “we,” “our,” “us,” or the “Company”), and have been prepared pursuant to the rules and regulations of the U.S. Securities and Exchange Commission for interim financial reporting.

We operate the following reportable business segments:

- **Americas** - consisting primarily of (i) vehicle rental operations in North America, South America, Central America and the Caribbean, (ii) car sharing operations in certain of these markets, and (iii) licensees in the areas in which we do not operate directly.
- **International** - consisting primarily of (i) vehicle rental operations in Europe, the Middle East, Africa, Asia and Australasia, (ii) car sharing operations in certain of these markets, and (iii) licensees in the areas in which we do not operate directly.

The operating results of acquired businesses are included in the accompanying Condensed Consolidated Financial Statements from the dates of acquisition. We consolidate joint venture activities when we have a controlling interest and record non-controlling interests within stockholders' equity and the statement of comprehensive income equal to the percentage of ownership interest retained in such entities by the respective non-controlling party.

In presenting the Condensed Consolidated Financial Statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”), management makes estimates and assumptions that affect the amounts reported and related disclosures. Estimates, by their nature, are based on judgment and available information. Accordingly, actual results could differ from those estimates. In management's opinion, the Condensed Consolidated Financial Statements contain all adjustments necessary for a fair presentation of interim results reported. The results of operations reported for interim periods are not necessarily indicative of the results of operations for the entire year or any subsequent interim period. These financial statements should be read in conjunction with our 2024 Annual Report on Form 10-K (the “2024 Form 10-K”).

Summary of Significant Accounting Policies

Our significant accounting policies are fully described in Note 2 – Summary of Significant Accounting Policies in our 2024 Form 10-K.

Cash and cash equivalents, Program cash and Restricted cash. The following table provides a detail of cash and cash equivalents, program and restricted cash reported within the Condensed Consolidated Balance Sheets to the amounts shown in the Condensed Consolidated Statements of Cash Flows.

	As of March 31,	
	2025	2024
Cash and cash equivalents	\$ 516	\$ 522
Program cash	87	73
Restricted cash ^(a)	4	4
Total cash and cash equivalents, program and restricted cash	<u>\$ 607</u>	<u>\$ 599</u>

^(a) Included within other current assets.

Vehicle Programs. We present separately the financial data of our vehicle programs. These programs are distinct from our other activities since the assets under vehicle programs are generally funded through the issuance of debt that is collateralized by such assets. The income generated by these assets is used, in part, to repay the principal and interest associated with the debt. Cash inflows and outflows relating to the acquisition of such assets and the principal debt repayment or financing of such assets are classified as activities of our vehicle programs. We believe it is appropriate to segregate the financial data of our vehicle programs because, ultimately, the source of repayment of such debt is the realization of such assets.

Transaction-related costs, net. Transaction-related costs, net are classified separately in the Condensed Consolidated Statements of Comprehensive Income. These costs are comprised of expenses primarily related to acquisition-related activities such as due diligence and other advisory costs, expenses related to the integration of the acquiree's operations with our own operations, including the implementation of best practices and process improvements, non-cash gains and losses related to re-acquired rights, expenses related to pre-acquisition contingencies and contingent consideration related to acquisitions.

Currency Transactions. We record the gain or loss on foreign currency transactions on certain intercompany loans and the gain or loss on intercompany loan hedges within interest expense related to corporate debt, net.

Variable Interest Entity ("VIE"). We review our investments to determine if they are VIEs. A VIE is an entity in which either (i) the equity investors as a group lack the power through voting or similar rights to direct the activities of such entity that most significantly impact such entity's economic performance or (ii) the equity investment at risk is insufficient to finance that entity's activities without additional subordinated financial support. Entities that are determined to be VIEs are consolidated if we are the primary beneficiary of the entity. The primary beneficiary possesses the power to direct the activities of the VIE that most significantly impact its economic performance and has the obligation to absorb losses or the right to receive benefits from the VIE that are significant to it. We will reconsider our original assessment of a VIE upon the occurrence of certain events such as contributions and redemptions, either by us, or third parties, or amendments to an entity's governing documents. On an ongoing basis, we reconsider whether we are deemed to be a VIE's primary beneficiary. We account for VIEs where we are not the primary beneficiary under the equity method.

Our former subsidiary, Avis Mobility Ventures LLC ("AMV"), is a VIE. We lack the ability to direct the significant activities of AMV and are not its primary beneficiary. As such, we account for AMV under the equity method. See Note 14 – Related Party Transactions.

Investments. As of March 31, 2025 and December 31, 2024, we had equity method investments with a carrying value of \$106 million and \$100 million, respectively, which are included in other non-current assets. Earnings from our equity method investments are included within operating expenses. For the three months ended March 31, 2025 and 2024, we recorded income of \$2 million and \$3 million related to our equity method investments, respectively. See Note 14 – Related Party Transactions for our equity method investment in AMV.

Revenues. Revenues are recognized under Leases (Topic 842), with the exception of royalty fee revenue derived from our licensees and revenue related to our customer loyalty program, which were approximately \$45 million and \$42 million during the three months ended March 31, 2025 and 2024, respectively.

The following table presents our revenues disaggregated by geography:

	Three Months Ended March 31,	
	2025	2024
Americas	\$ 1,907	\$ 1,993
Europe, Middle East and Africa	361	382
Asia and Australasia	162	176
Total revenues	<u>\$ 2,430</u>	<u>\$ 2,551</u>

The following table presents our revenues disaggregated by brand:

	Three Months Ended March 31,	
	2025	2024
Avis	\$ 1,372	\$ 1,460
Budget	885	921
Other ^(a)	173	170
Total revenues	<u>\$ 2,430</u>	<u>\$ 2,551</u>

^(a) Other includes Zipcar and other operating brands.

Reclassification

We reclassified certain items within operating activities on the Condensed Consolidated Statements of Cash Flows for the three months ended March 31, 2024 to conform to the current year presentation. These reclassifications had no impact on reported net cash provided by operating activities.

Adoption of New Accounting Pronouncements

Improvements to Reportable Segment Disclosures

On January 1, 2024, as the result of a new accounting pronouncement, we adopted ASU 2023-07, "Improvements to Reportable Segment Disclosures," which amends Topic 280 primarily through enhanced disclosures about significant segment expenses. The update was effective in our Consolidated Financial Statements for the year ended December 31, 2024, and became effective on an interim basis beginning on January 1, 2025. The adoption of this accounting pronouncement has resulted in incremental disclosures within Note 17 – Segment Information.

Recently Issued Accounting Pronouncements

Improvements to Income Tax Disclosures

On January 1, 2025, as the result of a new accounting pronouncement, we adopted ASU 2023-09, "Improvements to Income Tax Disclosures," which amends Topic 740 primarily through enhanced income tax disclosures, improving transparency into the factors affecting income tax expense. We expect to include certain additional income tax disclosures in the notes to our Consolidated Financial Statements for the year ended December 31, 2025.

Disaggregation of Income Statement Expenses

In November 2024, the FASB issued ASU 2024-03, "Disaggregation of Income Statement Expenses," which amends Topic 220 primarily through requiring disclosures in the notes to financial statements about certain costs and expenses. The amendments are effective for annual periods beginning after December 15, 2026 and interim periods beginning after December 15, 2027, with early adoption permitted on a prospective or retrospective basis. ASU 2024-03 becomes effective for us on January 1, 2027. We are currently evaluating the impact of the adoption of this accounting pronouncement.

Lessee

We have operating and finance leases for rental locations, corporate offices, vehicle rental fleet and equipment. Many of our operating leases for rental locations contain concession agreements with various airport authorities that allow us to conduct our vehicle rental operations on site. In general, concession fees for airport locations are based on a percentage of total commissionable revenue as defined by each airport authority, some of which are subject to minimum annual guaranteed amounts. Concession fees other than minimum annual guaranteed amounts are not included in the measurement of operating lease right of use ("ROU") assets and operating lease liabilities and are recorded as variable lease expense as incurred. Our operating leases for rental locations often also require us to pay or reimburse operating expenses.

The components of lease expense are as follows:

	Three Months Ended March 31,	
	2025	2024

3. Restructuring and Other Related Charges

In 2024, we initiated a global restructuring plan to further right size our operations (“Global Rightsizing”). The costs associated with this initiative are primarily related to the operational scaling of processes, locations, and lines of business. We expect further restructuring expense of approximately \$50 million related to this initiative to be incurred this year.

In 2022, we initiated a restructuring plan to focus on consolidating our global operations by designing new processes and implementing new systems (“Cost Optimization”). This initiative is complete.

The following tables summarize the changes to our restructuring-related liabilities and identify the amounts recorded within our reportable segments for restructuring charges and corresponding payments and utilizations:

8. Income Taxes

Our effective tax rate for the three months ended March 31, 2025 was a benefit of 25.6%. Such rate differed from the Federal Statutory rate of 21.0% primarily due to foreign taxes on our International operations and state taxes.

Our effective tax rate for the three months ended March 31, 2024 was a benefit of 20.4%. Such rate differed from the Federal Statutory rate of 21.0% primarily due to the effect of certain tax credits, partially offset by foreign taxes on our International operations and state taxes.

The Organisation for Economic Cooperation and Development (“OECD”) published a proposal for the establishment of a global minimum tax rate of 15% (the “Pillar Two rule”), effective as of fiscal 2024. We are closely monitoring developments of the Pillar Two rule as the OECD continues to refine its technical guidance and member states implement tax laws and regulations based on Pillar Two proposals. Based on our preliminary analysis, we do not expect Pillar Two to have a material impact on our financial statements for 2025.

As of March 31, 2025, we are not aware of any instances of non-compliance with any of the financial or restrictive covenants contained in the debt agreements under our vehicle-backed funding programs.

12. Commitments and Contingencies

Contingencies

In 2006, we completed the spin-offs of our Realogy and Wyndham subsidiaries (now known as Anywhere Real Estate, Inc., and Wyndham Hotels and Resorts, Inc. and Travel + Leisure Co., respectively). We do not believe that the impact of any resolution of pre-existing contingent liabilities in connection with the spin-offs should result in a material liability to us in relation to our consolidated financial position or liquidity, as Anywhere Real Estate, Inc., Wyndham Hotels and Resorts, Inc. and Travel + Leisure Co. have agreed to assume responsibility for these liabilities.

In March 2023, the California Office of Tax Appeals (“OTA”) issued an opinion in a case involving notices of proposed assessment of California corporation franchise tax for tax year 1999 issued to us. The case involves whether (i) the notices of proposed assessment were barred by the statute of limitations; and (ii) a transaction undertaken by us in tax year 1999 constituted a tax-free reorganization under the Internal Revenue Code (“IRC”). The OTA concluded that the notices of proposed assessment were not barred by the statute of limitations and that the 1999 transaction was not a tax-free reorganization under the IRC. Anywhere Real Estate, Inc. has assumed 62.5%, and Wyndham Hotels and Resorts, Inc. and Travel + Leisure Co. have assumed 37.5% of the potential tax liability in this matter, respectively. We filed a petition for rehearing, which was denied in April 2024, and the tax assessment is expected to become payable, even if judicial relief is sought.

We are also named in litigation that is primarily related to the businesses of our former subsidiaries, including Realogy and Wyndham. We are entitled to indemnification from such entities for any liability resulting from such litigation.

In September 2014, Dawn Valli et al. v. Avis Budget Group Inc., et al. was filed in U.S. District Court for the District of New Jersey. The plaintiffs seek to represent a purported nationwide class of certain renters of vehicles from our Avis and Budget subsidiaries from September 30, 2008 through the present. The plaintiffs seek damages in connection with claims relating to alleged misrepresentations and omissions concerning charging customers for traffic infractions and related administrative fees. In October 2023, plaintiffs’ motion for class certification was denied as to their proposed nationwide class and granted as to a subclass, created at the Court’s discretion, of Avis Preferred and Budget Fastbreak members. We have been named as a defendant in other purported consumer class action lawsuits, including two class actions filed against us in New Jersey, one seeking damages in connection with a breach of contract claim and another related to ancillary charges at our Payless subsidiary. However, the Company intends to vigorously defend them.

In April 2025, a shareholder filed a proposed securities class action, Shane Merrium v. Avis Budget Group, Inc., Joseph A. Ferraro, and Izilda P. Martins, in the United States District Court for the District of New Jersey. The plaintiff alleges under Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 that the Company and its management made misrepresentations or omissions about the Company’s fleet strategy in 2024, causing the stock to decline when the Company announced its fourth quarter results in February 2025. The Company intends to defend the claims vigorously.

We are currently involved, and in the future may be involved, in claims and/or legal proceedings, including class actions, and governmental inquiries that are incidental to our vehicle rental and car sharing operations, including, among others, contract and licensee disputes, competition matters, employment and wage-and-hour claims, insurance and liability claims, intellectual property claims, business practice disputes and other regulatory, environmental, commercial and tax matters.

We are a defendant in a number of legal proceedings for personal injury arising from the operation of our vehicles. In June 2023, two of our subsidiaries were named as defendants in a lawsuit filed in Dallas, Texas alleging that one of our employees caused the death of an individual with one of our vehicles: Peggy Dawson Edwards, Individually and as Anticipated Representative of the Estate of Michael Edwards, Sr., et. al. v. Avis Budget Car Rental, LLC; PV Holding Corp.; and Kevin Barnes, Cause No. CC-23-03188-E, pending in County Court at Law No. 5 for Dallas County, Texas. The complaint alleges that our subsidiaries are responsible for Mr. Edwards’ death and seeks compensatory and punitive damages in an unspecified amount exceeding \$1 million. The court has set a trial date in May 2025 for this lawsuit. Given the early stages of the legal proceedings, it is not possible to predict the outcome of the claim. However, the Company intends to vigorously defend it.

Litigation is inherently unpredictable and, although we believe that our accruals are adequate and/or that we have valid defenses in these matters, unfavorable resolutions could occur. We estimate that the potential exposure resulting from adverse outcomes of current legal proceedings in which it is reasonably possible that a loss may be incurred could, in the aggregate, be up to approximately \$40 million in excess of amounts accrued as of March 31, 2025. We do not believe that the impact should result in a material liability to us in relation to our consolidated financial condition or results of operations.

Commitments to Purchase Vehicles

We maintain agreements with vehicle manufacturers under which we have agreed to purchase approximately \$7.5 billion of vehicles from manufacturers over the next 12 months, a \$1.2 billion increase compared to December 31, 2024, financed primarily through the issuance of vehicle-backed debt and cash received upon the disposition of vehicles. Certain of these commitments are subject to the vehicle manufacturers satisfying their obligations under their respective repurchase and guaranteed depreciation agreements.

Concentrations

Concentrations of credit risk as of March 31, 2025 include (i) risks related to our repurchase and guaranteed depreciation agreements with domestic and foreign car manufacturers and primarily with respect to receivables for program cars that have been disposed of, but for which we have not yet received payment from the manufacturers and (ii) risks related to Realogy and Wyndham, including receivables of \$40 million and \$24 million, respectively, related to certain contingent, income tax and other corporate liabilities assumed by Realogy and Wyndham in connection with their disposition.

13. Stockholders' Equity

Share Repurchases

Our Board of Directors has authorized the repurchase of up to approximately \$8.1 billion of our common stock under a plan originally approved in 2013 and subsequently expanded, most recently in February 2023 (the "Stock Repurchase Program"). During the three months ended March 31, 2025 and 2024 we did not repurchase shares of common stock under the Stock Repurchase Program in either period. As of March 31, 2025, approximately \$757 million of authorization remained available to repurchase common stock under the Stock Repurchase Program.

Common stock repurchases under the Stock Repurchase Program do not include shares withheld to satisfy employees' income tax liabilities attributable to the vesting of restricted stock unit awards.

We recorded stock-based compensation expense of \$6 million (\$4 million, net of tax) and \$7 million (\$5 million, net of tax) during the three months ended March 31, 2025 and 2024, respectively.

16. Financial Instruments

Derivative Instruments and Hedging Activities

Currency Risk. We use currency exchange contracts to manage our exposure to changes in currency exchange rates associated with certain of our non-U.S.-dollar denominated receivables and forecasted royalties, forecasted earnings of non-U.S. subsidiaries and forecasted non-U.S. dollar denominated acquisitions. We primarily hedge a portion of our current-year currency exposure to the Australian, Canadian and New Zealand dollars, the euro and the British pound sterling. The majority of forward contracts do not qualify for hedge accounting treatment. The fluctuations in the value of these forward contracts do, however, largely offset the impact of changes in the value of the underlying risk they economically hedge. We have designated our euro-denominated notes as a hedge of our investment in euro-denominated foreign operations.

The estimated net amount of existing gains or losses we expect to reclassify from accumulated other comprehensive income (loss) to earnings for cash flow and net investment hedges over the next 12 months is not material.

Interest Rate Risk. We use various hedging strategies including interest rate swaps and interest rate caps to create what we deem an appropriate mix of fixed and floating rate assets and liabilities. We use interest rate swaps and interest rate caps to manage the risk related to our floating rate corporate debt and our floating rate vehicle-backed debt. We record the changes in the fair value of our cash flow hedges to other comprehensive income (loss), net of tax, and subsequently reclassify these amounts into earnings in the period during which the hedged transaction affects earnings and is presented in the same income statement line item as the earnings effect of the hedged item. We record the gains or losses related to freestanding derivatives, which are not designated as a hedge for accounting purposes, currently in earnings and are presented in the same line of the income statement expected for the hedged item. We estimate that approximately \$18 million of gain currently recorded in accumulated other comprehensive income (loss) will be recognized in earnings over the next 12 months.

Commodity Risk. We periodically enter into derivative commodity contracts to manage our exposure to changes in the price of fuel. These instruments were designated as freestanding derivatives and the changes in fair value are recorded in earnings and are presented in the same line of the income statement expected for the hedged item.

We held derivative instruments with absolute notional values as follows:

	As of March 31, 2025
Foreign exchange contracts	\$ 1,617
Interest rate caps ^(a)	9,466
Interest rate swaps	750

^(a) Represents \$6.2 billion of interest rate caps sold and approximately \$3.2 billion of interest rate caps purchased. These amounts exclude \$3.2 billion of interest rate caps purchased by our Avis Budget Rental Car Funding subsidiary as it is not consolidated by us.

Amounts in this table exclude derivatives issued by Avis Budget Rental Car Funding, as it is not consolidated by us; however, certain amounts related to the derivatives held by Avis Budget Rental Car Funding are included within accumulated other comprehensive income (loss), as discussed in Note 13 – Stockholders' Equity.

(a) Included within other non-current assets or other non-current liabilities.

(b) Included within other current assets or other current liabilities.

(c) Classified as a net investment hedge within currency translation adjustment in accumulated other comprehensive income (loss).

(d) Gains (losses) related to derivative instruments are expected to be largely offset by (losses) gains on the underlying exposures being hedged.

17. Segment Information

Our chief executive officer, who also serves as our chief operating decision-maker ("CODM,"), assesses performance and allocates resources based upon the separate financial information of our operating segments. We aggregate certain of our operating segments into our reportable segments. In identifying our reportable segments, we also consider the management structure of the organization, the nature of services provided by our operating segments, the geographical areas and economic characteristics in which the segments operate, and other relevant factors.

Our CODM evaluates the operating results of each of our reportable segments based upon revenues and Adjusted EBITDA, which we define as income (loss) from continuing operations before non-vehicle related depreciation and amortization; long-lived asset impairment and other related charges; other fleet charges; restructuring and other related charges; early extinguishment of debt costs; non-vehicle related interest; transaction-related costs, net; legal matters, net, which includes amounts recorded in excess of \$5 million, related primarily to unprecedented self-insurance reserves for allocated loss adjustment expense, class action lawsuits and personal injury matters; non-operational charges related to shareholder activist activity, which includes third-party advisory, legal and other professional fees; COVID-19 charges, net; cloud computing costs; other (income) expense, net; severe weather-related damages in excess of \$5 million, net of insurance proceeds; and income taxes. We have revised our definition of Adjusted EBITDA to exclude other fleet charges. We did not revise prior years' Adjusted EBITDA amounts because there were no other charges similar in nature to these.

We believe Adjusted EBITDA is useful as a supplemental measure in evaluating the performance of our operating businesses and in comparing our results from period to period. We also believe that Adjusted EBITDA is useful to investors because it allows them to assess our results of operations and financial condition on the same basis that management uses internally. Adjusted EBITDA is a non-GAAP measure and should not be considered in isolation or as a substitute for net income or other income statement data prepared in accordance with U.S. GAAP.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with our Condensed Consolidated Financial Statements and accompanying Notes included in this Quarterly Report on Form 10-Q and with our 2024 Form 10-K. Our actual results of operations may differ materially from those discussed in forward-looking statements as a result of various factors, including those discussed in "Forward-Looking Statements." See "Forward-Looking Statements" and "Risk Factors" for additional information. Unless otherwise noted, all dollar amounts in tables are in millions.

OVERVIEW

Our Company

We operate three of the most globally recognized brands in mobility solutions, Avis, Budget and Zipcar, together with several other brands well recognized in their respective markets. We are a leading vehicle rental operator in North America, Europe, Australasia and certain other regions we serve, with an average rental fleet of approximately 631,000 vehicles in first quarter 2025. We also license the use of our trademarks to licensees in the areas in which we do not operate directly. We and our licensees operate our brands in approximately 180 countries throughout the world.

Our Segments

We categorize our operations into two reportable business segments: *Americas*, consisting primarily of (i) vehicle rental operations in North America, South America, Central America and the Caribbean, (ii) car sharing operations in certain of these markets, and (iii) licensees in the areas in which we do not operate directly; and *International*, consisting primarily of (i) vehicle rental operations in Europe, the Middle East, Africa, Asia and Australasia, (ii) car sharing operations in certain of these markets, and (iii) licensees in the areas in which we do not operate directly.

Business and Trends

Our strategy continues to focus on transforming key parts of our business through technology, system enhancements and data, particularly with respect to customer experience, revenue generation and costs. Additionally, during the fourth quarter of our fiscal year ended December 31, 2024, we changed our fleet strategy with respect to United States and Canadian rental car vehicles, to accelerate certain fleet rotations in order to decrease the age of our fleet for competitive reasons. We believe our strategies will continue to strengthen our Company, maximize profitability, and deliver stakeholder value. During the three months ended March 31, 2025, we generated revenues of \$2.4 billion, net loss of \$504 million and Adjusted EBITDA loss of \$93 million. These results were primarily driven by decreased volume, decreased revenue per day, and increased fleet costs.

We continue to be susceptible to a number of industry-specific and global macroeconomic factors that may cause our actual results of operations to differ from our historical results of operations or current expectations. The factors and trends that we currently believe are or will be most impactful to our results of operations and financial condition include the following: interest rates, inflationary impact on items such as commodity prices and wages, cost of new vehicles, used car values, increases in the number of personal injury claims and cost per incident, and an economic downturn that may impact travel demand, all of which may be exacerbated by ongoing military conflicts, including in Eastern Europe. Additionally, uncertainty remains with respect to tariffs and tax regulations, and this uncertainty has had and may continue to have impacts on our operations. We continue to monitor the potential favorable or unfavorable impacts of these and other factors on our business, operations, financial condition, and future results of operations.

RESULTS OF OPERATIONS

We measure performance principally using the following key metrics: (i) rental days, which represent the total number of days (or portion thereof) a vehicle was rented, (ii) revenue per day, which represents revenues divided by rental days, (iii) vehicle utilization, which represents rental days divided by available rental days, with available rental days being defined as average rental fleet times the number of days in the period, and (iv) per-unit fleet costs, which represent vehicle depreciation, lease charges and gain or loss on vehicle sales, divided by average rental fleet. Our rental days, revenue per day and vehicle utilization metrics are all calculated based on the actual rental of the vehicle during a 24-hour period. We believe that this methodology provides management with the most relevant metrics in order to effectively manage the performance of the business. Our calculation may not be comparable to the calculation of similarly-titled metrics by other companies. We present currency exchange rate effects to provide a method of assessing how our business performed excluding the effects of foreign currency rate fluctuations. Currency exchange rate effects are calculated by translating the current period results at the prior period average exchange rate plus any related gains and losses on currency hedges.

We assess performance and allocate resources based upon the separate financial information of our operating segments. We aggregate certain of our operating segments into our reportable segments. In identifying our reportable segments, we also consider the management structure of the organization, the nature of services provided by our operating segments, the geographical areas and economic characteristics in which the segments operate, and other relevant factors. Management evaluates the operating results of each of our reportable segments based upon revenues and Adjusted EBITDA, which we define as income (loss) from continuing operations before non-vehicle related depreciation and amortization; long-lived asset impairment and other related charges; other fleet charges; restructuring and other related charges; early extinguishment of debt costs; non-vehicle related interest; transaction-related costs, net; legal matters, net, which includes amounts recorded in excess of \$5 million, related primarily to unprecedented self-insurance reserves for allocated loss adjustment expense, class action lawsuits and personal injury matters; non-operational charges related to shareholder activist activity, which includes third-party advisory, legal and other professional fees; COVID-19 charges, net; cloud computing costs; other (income) expense, net; severe weather-related damages in excess of \$5 million, net of insurance proceeds; and income taxes. We have revised our definition of Adjusted EBITDA to exclude other fleet charges. We did not revise prior years' Adjusted EBITDA amounts because there were no other charges similar in nature to these.

We believe Adjusted EBITDA is useful as a supplemental measure in evaluating the performance of our operating businesses and in comparing our results from period to period. We also believe that Adjusted EBITDA is useful to investors because it allows them to assess our results of operations and financial condition on the same basis that management uses internally. Adjusted EBITDA is a non-GAAP measure and should not be considered in isolation or as a substitute for net income or other income statement data prepared in accordance with U.S. GAAP. Our presentation of Adjusted EBITDA may not be comparable to similarly-titled measures used by other companies.

During the three months ended March 31, 2025:

- Our revenues totaled \$2.4 billion, a decrease of \$121 million year-over-year, primarily due to decreased revenue per day and volume.
- Our net loss attributable to Avis Budget Group, Inc. was \$505 million, representing a decrease of \$391 million year-over-year, primarily due to increased fleet costs.
- Our Adjusted EBITDA loss was \$93 million, representing a decrease of \$105 million year-over-year.

Revenues decreased \$121 million or 5% during the three months ended March 31, 2025 compared to the similar period in 2024, primarily due to a 2% decrease in revenue per day, excluding exchange rate effects, a \$23 million negative impact from currency exchange rate movements, and a 1% decrease in volume. Total expenses increased 15% during the three months ended March 31, 2025, compared to the similar period in 2024, primarily due to increased fleet costs. Our effective tax rates were a benefit of 25.6% and 20.4% for the three months ended March 31, 2025 and 2024, respectively. As a result of these items, our net loss attributable to Avis Budget Group, Inc. decreased by \$391 million compared to the similar period in 2024. For the three months ended March 31, 2025 and 2024, we reported diluted loss per share of \$(14.35) and \$(3.21), respectively.

Operating expenses increased to 55.7% of revenue during the three months ended March 31, 2025 compared to 52.7% during the similar period in 2024, primarily due to a decrease in revenue per day, excluding exchange rate effects, and sustained costs. Vehicle depreciation and lease charges increased to 43.4% of revenue during the three months ended March 31, 2025 compared to 24.9% during the similar period in 2024, primarily due to other fleet charges, increased per unit fleet costs, excluding exchange rate effects, driven by decreased fleet levels, increased depreciation rates, and partially offset by an increase in the gain on sale of vehicles. Selling, general and administrative costs were 12.7% of revenue during the three months ended March 31, 2025, which is consistent with the similar period in 2024. Vehicle interest costs decreased to 8.6% of revenue during the three months ended March 31, 2025 compared to 9.4% during the similar period in 2024, primarily due to decreased fleet levels and lower interest rates.

Revenues	\$ 523	\$ 558	(6 %)
Adjusted EBITDA	(3)	(15)	n/m

Revenues decreased during the three months ended March 31, 2025 compared to the similar period in 2024, primarily due to a 3% decrease in volume, a \$19 million negative impact from currency exchange rate movements, partially offset by a 1% increase in revenue per day, excluding exchange rate effects.

Operating expenses increased to 52.5% of revenue during the three months ended March 31, 2025 compared to 51.9% during the similar period in 2024, primarily due to an increase in revenue per day, excluding exchange rate effects, and sustained costs. Vehicle depreciation and lease charges decreased to 25.3% of revenue during the three months ended March 31, 2025 compared to 26.7% during the similar period in 2024, primarily due to decreased per unit fleet costs, excluding exchange rate effects, driven by decreased fleet levels, partially offset by a decrease in the gain on sale of vehicles. Selling, general and administrative costs were approximately 16.7% of revenue during the three months ended March 31, 2025 compared to 17.7% during the similar period in 2024, primarily due to a decrease in marketing costs and commissions. Vehicle interest costs were 6.3% of revenue during the three months ended March 31, 2025 compared to 6.5% during the similar period in 2024.

Adjusted EBITDA loss decreased during the three months ended March 31, 2025 compared to the similar period in 2024, primarily due to lower per-unit fleet costs.

FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES

We present separately the financial data of our vehicle programs. These programs are distinct from our other activities as the assets under vehicle programs are generally funded through the issuance of debt that is collateralized by such assets. The income generated by these assets is used, in part, to repay the principal and interest associated with the debt. Cash inflows and outflows relating to the generation or acquisition of such assets and the principal debt repayment or financing of such assets are classified as activities of our vehicle programs. We believe it is appropriate to segregate the financial data of our vehicle programs because, ultimately, the source of repayment of such debt is the realization of such assets.

FINANCIAL CONDITION

	March 31, 2025	December 31, 2024	Change
Total assets exclusive of assets under vehicle programs	\$ 9,830	\$ 9,668	\$ 162
Total liabilities exclusive of liabilities under vehicle programs	11,872	11,047	825
Assets under vehicle programs	19,214	19,373	(159)
Liabilities under vehicle programs	19,983	20,311	(328)
Total stockholders' equity	(2,811)	(2,317)	(494)

The increase in total liabilities exclusive of liabilities under vehicle programs is primarily due to the increase in corporate indebtedness from the issuance of a floating rate term loan due December 2025. See "Liquidity and Capital Resources," and Note 10 – Long-term Corporate Debt and Borrowing Arrangements to our Condensed Consolidated Financial Statements. The decrease in liabilities under vehicle programs is primarily due to the repayment of debt. The decrease in total stockholders' equity is primarily due to the increase in our net loss.

LIQUIDITY AND CAPITAL RESOURCES

Overview

Our principal sources of liquidity are cash on hand and our ability to generate cash through operations and financing activities, as well as available funding arrangements and committed credit facilities, each of which is discussed below.

In February 2025, we borrowed \$500 million under a floating rate term loan due December 2025, which is part of our senior revolving credit facilities. The proceeds were primarily used to pay down fleet indebtedness.

During 2025, our Avis Budget Rental Car Funding (AESOP) LLC subsidiary issued approximately \$358 million of asset-backed notes with expected final payment dates ranging from August 2027 to February 2029 and a weighted average interest rate of 8.01%. The proceeds from these borrowings were used to fund the repayment of maturing vehicle-backed debt and the acquisition of rental cars in the United States.

Our Board of Directors has authorized the repurchase of up to approximately \$8.1 billion of our common stock under a plan originally approved in 2013 and subsequently expanded most recently in February 2023 (the "Stock Repurchase Program"). Our stock repurchases may occur through open market purchases, privately negotiated transactions or trading plans pursuant to Rule 10b5-1 of the Securities Exchange Act of 1934, as amended. The amount and timing of specific repurchases are subject to market conditions, applicable legal requirements, restricted payment capacity under our debt instruments and other factors. The Stock Repurchase Program may be suspended, modified or discontinued at any time without prior notice. The Stock Repurchase Program has no set expiration or termination date. During the three months ended March 31, 2025, we did not repurchase shares of common stock under the Stock Repurchase Program. As of March 31, 2025, approximately \$757 million of authorization remained available to repurchase common stock under the Stock Repurchase Program.

CASH FLOWS

The following table summarizes our cash flows:

	Three Months Ended March 31,		
	2025	2024	Change
Cash provided by (used in):			
Operating activities	\$ 619	\$ 589	\$ 30
Investing activities	(715)	(1,518)	803
Financing activities	98	897	(799)
Effect of changes in exchange rates on cash and cash equivalents, program and restricted cash	8	(13)	21
Net change in cash and cash equivalents, program and restricted cash	10	(45)	55
Cash and cash equivalents, program and restricted cash, beginning of period	597	644	(47)
Cash and cash equivalents, program and restricted cash, end of period	<u>\$ 607</u>	<u>\$ 599</u>	<u>\$ 8</u>

Cash provided by operating activities during the three months ended March 31, 2025 is consistent with the similar period in 2024.

The decrease in cash used in investing activities during the three months ended March 31, 2025 compared with the similar period in 2024 is primarily due to the decrease in our net investment in vehicles.

The decrease in cash provided by financing activities during the three months ended March 31, 2025 compared with the similar period in 2024 is primarily due to the increase in our net payments under vehicle programs.

DEBT AND FINANCING ARRANGEMENTS

At March 31, 2025, we had approximately \$23.1 billion of indebtedness, including corporate indebtedness of approximately \$5.9 billion and debt under vehicle programs of approximately \$17.2 billion. For information regarding our debt and borrowing arrangements, see Note 1 – Basis of Presentation, Note 10 – Long-term Corporate Debt and Borrowing Arrangements and Note 11 – Debt Under Vehicle Programs and Borrowing Arrangements to our Condensed Consolidated Financial Statements.

LIQUIDITY RISK

Our primary liquidity needs include the procurement of rental vehicles to be used in our operations, servicing of corporate and vehicle-related debt and the payment of operating expenses. The present intention of management is to reinvest the undistributed earnings of our foreign subsidiaries indefinitely into our foreign operations. Our primary sources of funding are operating revenue, cash received upon the sale of vehicles, borrowings under our vehicle-backed borrowing arrangements and our senior revolving credit facility, and other financing activities.

Our liquidity has in the past been, and could in the future be, negatively affected by any financial market disruptions, a worsening of the United States and worldwide economies or by increases in interest rates, which may result in unfavorable conditions in the mobility industry, in the asset-backed financing market and in the credit markets generally. We believe these factors have affected and could further affect the debt ratings assigned to us by credit rating agencies and the cost of our borrowings. Additionally, a worsening or prolonged downturn in the worldwide economy or a disruption in the credit markets could further impact our liquidity due to (i) decreased demand and pricing for vehicles in the used vehicle market, (ii) increased costs associated with, and/or reduced capacity or increased collateral needs, including due to a decrease in the fair value of our fleet, under, our financings, (iii) the adverse impact of vehicle manufacturers being unable or unwilling to honor their obligations to repurchase or guarantee the depreciation on the related program vehicles and (iv) disruption in our ability to obtain financing due to negative credit events specific to us or affecting the overall debt market.

As of March 31, 2025, we had \$516 million of available cash and cash equivalents and access to \$559 million of available borrowing capacity under our revolving credit facility and approximately \$57 million under our uncommitted facilities, providing us with access to approximately \$1.1 billion of total liquidity.

Our liquidity position could also be negatively impacted if we are unable to remain in compliance with the consolidated first lien leverage ratio requirement and other covenants associated with our senior credit facilities and other borrowings. As of March 31, 2025, we were in compliance with the financial covenants governing our indebtedness. For additional information regarding our liquidity risks, see Part I, Item 1A, “Risk Factors” of our 2024 Form 10-K.

CONTRACTUAL OBLIGATIONS

Our future contractual obligations have not changed significantly from the amounts reported within our 2024 Form 10-K with the exception of our commitment to purchase vehicles, which increased by approximately \$1.2 billion from December 31, 2024, to approximately \$7.5 billion as of March 31, 2025 due to new model year vehicle purchases. Changes to our obligations related to corporate indebtedness and debt under vehicle programs are presented above within the section titled “Liquidity and Capital Resources—Debt and Financing Arrangements” and also within Note 10 – Long-term Corporate Debt and Borrowing Arrangements and Note 11 – Debt Under Vehicle Programs and Borrowing Arrangements to our Condensed Consolidated Financial Statements.

CRITICAL ACCOUNTING ESTIMATES

Accounting Policies

The results of the majority of our recurring operations are recorded in our financial statements using accounting policies that are not particularly subjective, nor complex. However, in presenting our financial statements in conformity with generally accepted accounting principles (GAAP), we are required to make estimates and assumptions that affect the amounts reported therein. Several of the estimates and assumptions we are required to make relate to matters that are inherently uncertain as they relate to future events and/or events that are outside of our control. If there is a significant unfavorable change to current conditions, it could result in a material adverse impact to our consolidated results of operations, financial position and liquidity. We believe that the estimates and assumptions we used when preparing our financial statements were the most appropriate at that time. Presented within the section titled "Critical Accounting Estimates" of our 2024 Form 10-K are the accounting policies (related to goodwill and other indefinite-lived intangible assets, vehicles, income taxes and public liability, property damage and other insurance liabilities) that we believe require subjective and complex judgments that could potentially affect reported results. There have been no significant changes to those accounting policies or our assessment of which accounting policies we would consider to be critical accounting policies.

New Accounting Standards

For detailed information regarding new accounting standards and their impact on our business, see Note 1 – Basis of Presentation to our Condensed Consolidated Financial Statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are exposed to a variety of market risks, including changes in currency exchange rates, interest rates and fuel prices. We assess our market risks based on changes in interest and currency exchange rates utilizing a sensitivity analysis that measures the potential impact on earnings, fair values and cash flows based on a hypothetical 10% change (increase and decrease) in interest and foreign currency exchange rates. We used March 31, 2025 market rates to perform a sensitivity analysis separately for each of these market risk exposures. We have determined, through such analyses, that the impact of a 10% change in interest or currency exchange rates on our results of operations, balance sheet and cash flows would not be material. Additionally, we have commodity price exposure related to fluctuations in the price of unleaded fuel. We anticipate that such commodity risk will remain a market risk exposure for the foreseeable future. We determined that a 10% change in the price of unleaded fuel would not have a material impact on our earnings for the period ended March 31, 2025. For additional information regarding our long-term borrowings and financial instruments, see Note 10 – Long-term Corporate Debt and Borrowing Arrangements, Note 11 – Debt Under Vehicle Programs and Borrowing Arrangements and Note 16 – Financial Instruments to our Condensed Consolidated Financial Statements.

Item 4. Controls and Procedures

- (a) *Disclosure Controls and Procedures.* Under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, our management conducted an evaluation of the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")). Based on such evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures were effective as of March 31, 2025.
- (b) *Changes in Internal Control Over Financial Reporting.* During the first quarter of 2025, there was no change in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

For information regarding our legal proceedings, see Note 12 – Commitments and Contingencies to our Condensed Consolidated Financial Statements and refer to our 2024 Form 10-K.

SEC regulations require us to disclose certain information about proceedings arising under federal, state or local environmental provisions if we reasonably believe that such proceedings may result in monetary sanctions above a stated threshold. In accordance with these regulations, we use a threshold of \$1 million for purposes of determining whether disclosure of any such proceedings is required pursuant to this item.

Item 1A. Risk Factors

During the quarter ended March 31, 2025, we had no material developments to report with respect to our risk factors. For additional information regarding our risk factors, please refer to our 2024 Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Our Board of Directors has authorized the repurchase of up to approximately \$8.1 billion of our common stock under a plan originally approved in 2013 and subsequently expanded, most recently in February 2023 (the "Stock Repurchase Program"). Under our Stock Repurchase Program, we may repurchase shares from time to time in open market transactions, and may also repurchase shares in accelerated share repurchases, tender offers, privately negotiated transactions or by other means. Repurchases may also be made under a plan pursuant to Rule 10b5-1 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The timing and amount of repurchase transactions is determined by management based on our evaluation of market conditions, our share price, legal requirements, restricted payment capacity under our debt instruments and other factors. The Stock Repurchase Program may be suspended, modified or discontinued without prior notice. During the first quarter of 2025, no common stock repurchases were made under the Stock Repurchase Program. As of March 31, 2025, approximately \$757 million of authorization remained available to repurchase common stock under the Stock Repurchase Program.

Item 5. Other Information

During the quarter ended March 31, 2025, no director or Section 16 officer of the Company adopted or terminated a "Rule 10b5-1 trading arrangement" or "non-Rule 10b5-1 trading arrangement," as each term is defined in Item 408(a) of Regulation S-K.

(ii) Letter of Credit Draw. In the event that either (x) on or prior to 10:00 a.m. (New York City time) on the Business Day immediately preceding the Series 2023-1 Final Distribution Date a Demand Notice has been transmitted by the Trustee to the Demand Note Issuers pursuant to clause (i) of this Section 2.5(c) and any Demand Note Issuer shall have failed to pay to the Trustee or deposit into the Series 2023-1 Distribution Account the amount specified in such Demand Notice in whole or in part or (y) due to the occurrence of an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of sixty (60) consecutive days) with respect to one or more of the Demand Note Issuers, the Trustee shall not have delivered such Demand Notice to any Demand Note Issuer on the second Business Day preceding the Series 2023-1 Final Distribution Date, then, in the case of (x) or (y) the Trustee shall:

(1) draw on the Multi-Series Letters of Credit by 12:00 noon (New York City time) on such Business Day an amount allocable to the Class A/B/C Notes equal to the lesser of (a) the amount that the Demand Note Issuers so failed to pay under the Series 2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) and (b) the Class A/B/C Letter of Credit Amount on such Business Day by presenting to each Multi-Series Letter of Credit Provider with respect to the Class A/B/C Notes a draft accompanied by a Certificate of Unpaid Demand Note Demand; provided, however, that if the Class A/B/C Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class A/B/C Cash Collateral Account and deposit in the Series 2023-1 Distribution Account an amount equal to the lesser of (x) the Class A/B/C Cash Collateral Percentage on such Business Day of the amount that the Demand Note Issuers so failed to pay under the Series 2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) and (y) the Class A/B/C Available Cash Collateral Account Amount on such Business Day and draw an amount equal to the remainder of the amount that the Demand Note Issuers failed to pay under the Series

2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) on the Multi-Series Letters of Credit with respect to the Class A/B/C Notes. The Trustee shall deposit, or cause the deposit of, the applicable portion of the proceeds of any draw on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes and the proceeds of any withdrawal from the Class A/B/C Cash Collateral Account to be deposited in the Series 2023-1 Distribution Account; and

(2) draw on the Multi-Series Letters of Credit by 12:00 noon (New York City time) on such Business Day an amount allocable to the Class D Notes equal to the lesser of (a) the excess of (x) the amount that the Demand Note Issuers so failed to pay under the Series 2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (y) the amount drawn on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes and/or withdrawn from the Class A/B/C Cash Collateral Account on such Business Day in accordance with Section 2.5(c)(ii)(1) and (b) the Class D Letter of Credit Amount on such Business Day by presenting to each Multi-Series Letter of Credit Provider with respect to the Class D Notes a draft accompanied by a Certificate of Unpaid Demand Note Demand; provided, however, that if the Class D Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class D Cash Collateral Account and deposit in the Series 2023-1 Distribution Account an amount equal to the lesser of (x) the Class D Cash Collateral Percentage on such Business Day of the excess of (A) the amount that the Demand Note Issuers so failed to pay under the Series 2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (B) the amount drawn on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes and/or withdrawn from the Class A/B/C Cash Collateral Account on such Business Day in accordance with Section 2.5(c)(ii)(1) and (y) the Class D Available Cash Collateral Account Amount on such Business Day and draw an amount equal to the remainder of the excess of (A) the amount that the Demand Note Issuers so failed to pay under the Series 2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (B) the amount drawn on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes and/or withdrawn from the Class A/B/C Cash Collateral Account on such Business Day in accordance with Section 2.5(c)(ii)(1) on the Multi-Series Letters of Credit with respect to the Class D Notes. The Trustee shall deposit, or cause the deposit of, the applicable portion of the proceeds of any draw on the Multi-Series Letters of Credit allocable to the Class D Notes and the proceeds of any withdrawal from the Class D Cash Collateral Account to be deposited in the Series 2023-1 Distribution Account.

(iii) Reserve Account Withdrawal. If, after giving effect to the deposit into the Series 2023-1 Distribution Account of the amount to be deposited in accordance with Section 2.5(a) and the amounts described in clauses (i) and (ii) of this Section 2.5(c), the amount to be deposited in the Series 2023-1 Distribution Account with respect to the

Series 2023-1 Final Distribution Date is or will be less than the Series 2023-1 Senior Invested Amount, then, prior to 12:00 noon (New York City time) on the second Business Day prior to such Series 2023-1 Final Distribution Date, the Administrator shall instruct the Trustee in writing to withdraw (x) first, from the Class A/B/C Reserve Account, an amount equal to the lesser of the Class A/B/C Available Reserve Account Amount and such remaining insufficiency and (y) second, from the Class D Reserve Account, an amount equal to the lesser of the Class D Available Reserve Account Amount and such remaining insufficiency (after giving effect to any withdrawal from the Class A/B/C Reserve Account) and, in each case, deposit it in the Series 2023-1 Distribution Account on such Series 2023-1 Final Distribution Date.

(d) Class A/B/C Principal Deficit Amount. On each Distribution Date, other than the Series 2023-1 Final Distribution Date, on which the Class A/B/C Principal Deficit Amount is greater than zero, amounts shall be transferred to the Series 2023-1 Distribution Account as follows:

(i) Demand Note Draw. If on any Determination Date, the Administrator determines that the Class A/B/C Principal Deficit Amount with respect to the next succeeding Distribution Date will be greater than zero and there are any Multi-Series Letters of Credit with respect to the Class A/B/C Notes on such date, prior to 10:00 a.m. (New York City time) on the second Business Day prior to such Distribution Date, the Administrator shall instruct the Trustee in writing to deliver a Demand Notice to the Demand Note Issuers demanding payment of an amount equal to the lesser of (A) the Class A/B/C Principal Deficit Amount and (B) the Class A/B/C Letter of Credit Amount. The Trustee shall, prior to 12:00 noon (New York City time) on the second Business Day preceding such Distribution Date, deliver such Demand Notice to the Demand Note Issuers; provided, however, that if an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of sixty (60) consecutive days) with respect to a Demand Note Issuer shall have occurred and be continuing, the Trustee shall not be required to deliver such Demand Notice to such Demand Note Issuer. The Trustee shall cause the proceeds of any demand on the Series 2023-1 Demand Note to be deposited into the Series 2023-1 Distribution Account.

(ii) Class A/B/C Letter of Credit Draw. In the event that either (x) on or prior to 10:00 a.m. (New York City time) on the Business Day prior to such Distribution Date, any Demand Note Issuer shall have failed to pay to the Trustee or deposit into the Series 2023-1 Distribution Account the amount specified in such Demand Notice delivered pursuant to Section 2.5(d)(i) in whole or in part or (y) due to the occurrence of an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of sixty (60) consecutive days) with respect to any Demand Note Issuer, the Trustee shall not have delivered such Demand Notice to any Demand Note Issuer on the second Business Day preceding such Distribution Date, then, in the case of (x) or (y) the Trustee shall on such Business Day draw on the Multi-Series Letters of Credit with respect to the Class A/B/C Notes an amount allocable to the Class A/B/C Notes equal to the lesser of (i) Class A/B/C Letter of Credit Amount and (ii) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) by presenting to each

Multi-Series Letter of Credit Provider with respect to the Class A/B/C Notes a draft accompanied by a Certificate of Unpaid Demand Note Demand; provided, however, that if the Class A/B/C Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class A/B/C Cash Collateral Account and deposit in the Series 2023-1 Distribution Account an amount equal to the lesser of (x) the Class A/B/C Cash Collateral Percentage on such Business Day of the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) and (y) the Class A/B/C Available Cash Collateral Account Amount on such Business Day and draw an amount equal to the remainder of the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes. The Trustee shall deposit into, or cause the deposit of, the applicable portion of the proceeds of any draw on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes and the proceeds of any withdrawal from the Class A/B/C Cash Collateral Account to be deposited in the Series 2023-1 Distribution Account.

(iii) Class A/B/C Reserve Account Withdrawal. If the Class A/B/C Letter of Credit Amount will be less than the Class A/B/C Principal Deficit Amount on any Distribution Date, then, prior to 12:00 noon (New York City time) on the second Business Day prior to such Distribution Date, the Administrator shall instruct the Trustee in writing to withdraw from the Class A/B/C Reserve Account, an amount equal to the lesser of (x) the Class A/B/C Available Reserve Account Amount and (y) the amount by which the Class A/B/C Principal Deficit Amount exceeds the amounts to be deposited in the Series 2023-1 Distribution Account in accordance with clauses (i) and (ii) of this Section 2.5(d) and deposit it in the Series 2023-1 Distribution Account on such Distribution Date.

(e) Class D Principal Deficit Amount. On each Distribution Date, other than the Series 2023-1 Final Distribution Date, on which the Class A Notes, Class B Notes and Class C Notes will have been paid in full and the Class D Principal Deficit Amount is greater than zero, amounts shall be transferred to the Series 2023-1 Distribution Account as follows:

(i) Demand Note Draw. If on the Determination Date with respect to any such Distribution Date, the Administrator determines that the Class D Principal Deficit Amount with respect to the next succeeding Distribution Date will be greater than zero and there are any Multi-Series Letters of Credit on such date, prior to 10:00 a.m. (New York City time) on the second Business Day prior to such Distribution Date, the Administrator shall instruct the Trustee in writing to deliver a Demand Notice to the Demand Note Issuers demanding payment of an amount equal to the lesser of (A) the Class D Principal Deficit Amount and (B) the sum of (x) the Class A/B/C Letter of Credit Amount and (y) the Class D Letter of Credit Amount. The Trustee shall, prior to 12:00 noon (New York City time) on the second Business Day preceding such Distribution Date, deliver such Demand Notice to the Demand Note Issuers; provided, however, that if an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of 60 consecutive days) with respect to a Demand Note Issuer shall have occurred and be continuing, the Trustee shall not be required to deliver such Demand Notice to such Demand Note Issuer. The Trustee shall cause the proceeds of any demand

on the Series 2023-1 Demand Note to be deposited into the Series 2023-1 Distribution Account.

(ii) Class A/B/C Letter of Credit Draw. In the event that either (x) on or prior to 10:00 a.m. (New York City time) on the Business Day prior to such Distribution Date, any Demand Note Issuer shall have failed to pay to the Trustee or deposit into the Series 2023-1 Distribution Account the amount specified in such Demand Notice delivered pursuant to Section 2.5I(i) in whole or in part or (y) due to the occurrence of an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of 60 consecutive days) with respect to any Demand Note Issuer, the Trustee shall not have delivered such Demand Notice to any Demand Note Issuer on the second Business Day preceding such Distribution Date, then, in the case of (x) or (y) the Trustee shall on such Business Day draw on the Multi-Series Letters of Credit with respect to the Class A/B/C Notes, if any, an amount allocable to the Class A/B/C Notes equal to the lesser of (i) Class A/B/C Letter of Credit Amount and (ii) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) by presenting to each Multi-Series Letter of Credit Provider with respect to the Class A/B/C Notes a draft accompanied by a Certificate of Unpaid Demand Note Demand; provided, however, that if the Class A/B/C Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class A/B/C Cash Collateral Account and deposit in the Series 2023-1 Distribution Account an amount equal to the lesser of (x) the Class A/B/C Cash Collateral Percentage on such Business Day of the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) and (y) the Class A/B/C Available Cash Collateral Account Amount on such Business Day and draw an amount equal to the remainder of the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes. The Trustee shall deposit into, or cause the deposit of, the applicable portion of the proceeds of any draw on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes and the proceeds of any withdrawal from the Class A/B/C Cash Collateral Account to be deposited in the Series 2023-1 Distribution Account.

(iii) Class A/B/C Reserve Account Withdrawal. If the amounts to be deposited in the Series 2023-1 Distribution Account in accordance with Section 2.5(c)(i) and (ii) will be less than the Class D Principal Deficit Amount on any Distribution Date, then, prior to 12:00 noon (New York City time) on the second Business Day prior to such Distribution Date, the Administrator shall instruct the Trustee in writing to withdraw from the Class A/B/C Reserve Account, an amount equal to the lesser of (x) the Class A/B/C Available Reserve Account Amount and (y) the amount by which the Class D Principal Deficit Amount exceeds the amounts to be deposited in the Series 2023-1 Distribution Account in accordance with clauses (i) and (ii) of this Section 2.5(e) and deposit it in the Series 2023-1 Distribution Account on such Distribution Date.

(iv) Class D Letter of Credit Draw. In the event that either (x) on or prior to 10:00 a.m. (New York City time) on the Business Day prior to such Distribution

Date, any Demand Note Issuer shall have failed to pay to the Trustee or deposit into the Series 2023-1 Distribution Account the amount specified in such Demand Notice in whole or in part or (y) due to the occurrence of an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of 60 consecutive days) with respect to any Demand Note Issuer, the Trustee shall not have delivered such Demand Notice to any Demand Note Issuer on the second Business Day preceding such Distribution Date, then, in the case of (x) or (y) the Trustee shall on such Business Day draw on the Multi-Series Letters of Credit with respect to the Class D Notes, if any, an amount allocable to the Class D Notes equal to the lesser of (i) Class D Letter of Credit Amount and (ii) the excess of (A) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (B) the amount deposited into the Series 2023-1 Distribution Account in accordance with Section 2.5(e)(ii) and (iii) above, by presenting to each Multi-Series Letter of Credit Provider with respect to the Class D Notes a draft accompanied by a Certificate of Unpaid Demand Note Demand; provided, however, that if the Class D Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class D Cash Collateral Account and deposit in the Series 2023-1 Distribution Account an amount equal to the lesser of (x) the Class D Cash Collateral Percentage on such Business Day of the excess of (A) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (B) the amount deposited into the Series 2023-1 Distribution Account in accordance with Section 2.5(e)(ii) and (iii) above and (y) the Class D Available Cash Collateral Account Amount on such Business Day and draw an amount equal to the remainder of such excess on the Multi-Series Letters of Credit allocable to the Class D Notes. The Trustee shall deposit into, or cause the deposit of, the applicable portion of the proceeds of any draw on the Multi-Series Letters of Credit allocable to the Class D Notes and the proceeds of any withdrawal from the Class D Cash Collateral Account to be deposited in the Series 2023-1 Distribution Account.

(v) Class D Reserve Account Withdrawal. If the amounts to be deposited in the Series 2023-1 Distribution Account in accordance with Section 2.5(e)(i) through (iv) will be less than the Class D Principal Deficit Amount on any Distribution Date, then, prior to 12:00 noon (New York City time) on the second Business Day prior to such Distribution Date, the Administrator shall instruct the Trustee in writing to withdraw from the Class D Reserve Account, an amount equal to the lesser of (x) the Class D Available Reserve Account Amount and (y) the amount by which the Class D Principal Deficit Amount exceeds the amounts to be deposited in the Series 2023-1 Distribution Account in accordance with clauses (i) through (iv) of this Section 2.5(e) and deposit it in the Series 2023-1 Distribution Account on such Distribution Date.

Section 2.6. Administrator's Failure to Instruct the Trustee to Make a Deposit, Draw or Payment. If the Administrator fails to give notice or instructions to make (i) any payment from or deposit into the Collection Account, (ii) any draw on the Series 2023-1 Demand Notes or the Multi-Series Letters of Credit or (iii) any withdrawals from any Account, in each case required to be given by the Administrator, at the time specified in the Administration Agreement or any other Related Document (including applicable grace periods), the Trustee shall make such payment or deposit into or from the Collection Account, such draw on the Series 2023-1 Demand Notes or the Multi-Series Letters of Credit, or such withdrawal from such Account, in each case without such notice or instruction from the Administrator; provided, however, that the Administrator, upon request of the Trustee, promptly provides the Trustee with all information necessary to allow the Trustee to make such a payment, deposit, draw or withdrawal. When any payment, deposit, draw or withdrawal hereunder or under any other Related Document is required to be made by the Trustee or the Paying Agent at or prior to a specified time, the Administrator shall deliver any applicable written instructions with respect thereto reasonably in advance of such specified time.

Section 2.7. Series 2023-1 Reserve Accounts. (a) Establishment of Class A/B/C Reserve Account. ABRCF has established and shall maintain in the name of the Series 2023-1 Agent for the benefit of the Class A Noteholders, the Class B Noteholders, the Class C Noteholders and the Class D Noteholders, or cause to be established and maintained, an account (the "Class A/B/C Reserve Account"), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Series 2023-1 Noteholders. The Class A/B/C Reserve Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Reserve Account; provided, however, that, if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below "Baa3" by Moody's or "BBB-" by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class A/B/C Reserve Account with a new Qualified Institution. If the Class A/B/C Reserve Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Class A/B/C Reserve Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-1 Agent in writing to transfer all cash and investments from the non-qualifying Class A/B/C Reserve Account into the new Class A/B/C Reserve Account. The Class A/B/C Reserve Account has initially been established with The Bank of New York Mellon Trust Company, N.A.

(b) Administration of the Class A/B/C Reserve Account. The Administrator may instruct the institution maintaining the Class A/B/C Reserve Account to invest funds on deposit in the Class A/B/C Reserve Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class A/B/C Reserve Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date; provided further, that in the case of Permitted Investments held in the Series 2023-1 Reserve Account and so long as any Series 2023-1 Note is rated by Fitch (x) any Permitted Investment set forth in clauses (ii), (iii), (vi) and (vii) of the definition thereof will have a rating of “AA-” or “F1+” by Fitch and (y) any Permitted Investment set forth in clause (v) of the definition thereof will either have a rating of “AAmmf” by Fitch or, if such fund is not rated by Fitch, the then highest rating from two nationally recognized investment rating agencies (other than Fitch). All such Permitted Investments will be credited to the Class A/B/C Reserve Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class A/B/C Reserve Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investment prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investment. In the absence of written investment instructions hereunder, funds on deposit in the Class A/B/C Reserve Account shall remain uninvested.

(c) Earnings from Class A/B/C Reserve Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Class A/B/C Reserve Account shall be deemed to be on deposit therein and available for distribution.

(d) Class A/B/C Reserve Account Constitutes Additional Collateral for Series 2023-1 Senior Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2023-1 Senior Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Series 2023-1 Noteholders, all of ABRCF’s right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Class A/B/C Reserve Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Class A/B/C Reserve Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Class A/B/C Reserve Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class A/B/C Reserve Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing

clauses (i) through (vi) are referred to, collectively, as the “Class A/B/C Reserve Account Collateral”). The Trustee shall possess all right, title and interest in and to all funds on deposit from time to time in the Class A/B/C Reserve Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class A/B/C Reserve Account. The Class A/B/C Reserve Account Collateral shall be under the sole dominion and control of the Trustee for the benefit of the Series 2023-1 Noteholders. The Series 2023-1 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class A/B/C Reserve Account; (ii) that its jurisdiction as securities intermediary is New York; (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class A/B/C Reserve Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(e) Class A/B/C Reserve Account Surplus. In the event that the Class A/B/C Reserve Account Surplus on any Distribution Date, after giving effect to all withdrawals from the Class A/B/C Reserve Account, is greater than zero, if no Series 2023-1 Enhancement Deficiency or AESOP I Operating Lease Vehicle Deficiency would result therefrom or exist thereafter, the Trustee, acting in accordance with the written instructions of the Administrator pursuant to the Administration Agreement, shall withdraw from the Class A/B/C Reserve Account an amount equal to the Class A/B/C Reserve Account Surplus and shall (i) transfer an amount equal to the excess, if any, of the Class D Required Liquidity Amount as of such date over the Class D Liquidity Amount as of such date to the Class D Reserve Account and (ii) pay any remaining Class A/B/C Reserve Account Surplus to ABRCF.

(f) Termination of Class A/B/C Reserve Account. Upon the termination of the Indenture pursuant to Section 11.1 of the Base Indenture, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Holders of the Class A Notes, Class B Notes or Class C Notes and payable from the Class A/B/C Reserve Account as provided herein, shall withdraw from the Class A/B/C Reserve Account all amounts on deposit therein for payment to ABRCF.

(g) Establishment of Class D Reserve Account. ABRCF shall establish and maintain in the name of the Series 2023-1 Agent for the benefit of the Class D Noteholders, or cause to be established and maintained, an account (the “Class D Reserve Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class D Noteholders. The Class D Reserve Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Reserve Account; provided that, if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class D Reserve Account with a new Qualified Institution. If the Class D Reserve Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Class D Reserve Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-1 Agent in writing to transfer all cash and investments from the non-qualifying Class

D Reserve Account into the new Class D Reserve Account. Initially, the Class D Reserve Account will be established with The Bank of New York Mellon Trust Company, N.A.

(h) Administration of the Class D Reserve Account. The Administrator may instruct the institution maintaining the Class D Reserve Account to invest funds on deposit in the Class D Reserve Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class D Reserve Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Class D Reserve Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee's security interest in the Permitted Investments credited to the Class D Reserve Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class D Reserve Account shall remain uninvested.

(i) Earnings from Class D Reserve Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Class D Reserve Account shall be deemed to be on deposit therein and available for distribution.

(j) Class D Reserve Account Constitutes Additional Collateral for Class D Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Class D Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Class D Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Class D Reserve Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Class D Reserve Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Class D Reserve Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class D Reserve Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (i) through (vi) are referred to, collectively, as the "Class D Reserve Account Collateral"). The Trustee shall possess all right, title and interest in and to all funds on deposit from time to time in the Class D Reserve Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class D Reserve Account. The Class D Reserve Account Collateral shall be under

the sole dominion and control of the Trustee for the benefit of the Class D Noteholders. The Series 2023-1 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class D Reserve Account; (ii) that its jurisdiction as securities intermediary is New York; (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class D Reserve Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(k) Class D Reserve Account Surplus. In the event that the Class D Reserve Account Surplus on any Distribution Date, after giving effect to all withdrawals from the Class D Reserve Account, is greater than zero, if no Series 2023-1 Enhancement Deficiency or AESOP I Operating Lease Vehicle Deficiency would result therefrom or exist thereafter, the Trustee, acting in accordance with the written instructions of the Administrator pursuant to the Administration Agreement, shall withdraw from the Class D Reserve Account an amount equal to the Class D Reserve Account Surplus and shall pay such amount to ABRCF.

(l) Termination of Class D Reserve Account. Upon the termination of the Indenture pursuant to Section 11.1 of the Base Indenture, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Class D Noteholders and payable from the Class D Reserve Account as provided herein, shall withdraw from the Class D Reserve Account all amounts on deposit therein for payment to ABRCF.

Section 2.8. Multi-Series Letters of Credit and Series 2023-1 Cash Collateral Accounts. (a) Multi-Series Letters of Credit and Series 2023-1 Cash Collateral Account Constitute Additional Collateral for Series 2023-1 Senior Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2023-1 Senior Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the holders of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) each applicable Multi-Series Letter of Credit allocable to the Class A/B/C Notes (except for any right, title and interest in such Multi-Series Letter of Credit related to supporting another Series of Notes); (ii) the Class A/B/C Cash Collateral Account, including any security entitlement thereto; (iii) all funds on deposit in the Class A/B/C Cash Collateral Account from time to time; (iv) all certificates and instruments, if any, representing or evidencing any or all of the Class A/B/C Cash Collateral Account or the funds on deposit therein from time to time; (v) all investments made at any time and from time to time with monies in the Class A/B/C Cash Collateral Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (vi) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class A/B/C Cash Collateral Account, the funds on deposit therein from time to time or the investments made with such funds; and (vii) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (ii) through (vii) are referred to, collectively, as the "Class A/B/C Cash Collateral Account Collateral"). The Trustee shall, for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, possess all right, title and interest in all funds on deposit from time

to time in the Class A/B/C Cash Collateral Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class A/B/C Cash Collateral Account. The Class A/B/C Cash Collateral Account shall be under the sole dominion and control of the Trustee for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders. The Series 2023-1 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class A/B/C Cash Collateral Account; (ii) that its jurisdiction as a securities intermediary is New York, (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class A/B/C Cash Collateral Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(b) Class D Letters of Credit and Class D Cash Collateral Account Constitute Additional Collateral for Class D Notes.

In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Class D Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Class D Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) each applicable Multi-Series Letter of Credit allocable to the Class D Notes (except for any right, title and interest in such Multi-Series Letter of Credit related to supporting another Series of Notes); (ii) the Class D Cash Collateral Account, including any security entitlement thereto; (iii) all funds on deposit in the Class D Cash Collateral Account from time to time; (iv) all certificates and instruments, if any, representing or evidencing any or all of the Class D Cash Collateral Account or the funds on deposit therein from time to time; (v) all investments made at any time and from time to time with monies in the Class D Cash Collateral Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (vi) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class D Cash Collateral Account, the funds on deposit therein from time to time or the investments made with such funds; and (vii) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (ii) through (vii) are referred to, collectively, as the "Class D Cash Collateral Account Collateral"). The Trustee shall, for the benefit of the Class D Noteholders, possess all right, title and interest in all funds on deposit from time to time in the Class D Cash Collateral Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class D Cash Collateral Account. The Class D Cash Collateral Account shall be under the sole dominion and control of the Trustee for the benefit of the Class D Noteholders. The Series 2023-1 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class D Cash Collateral Account; (ii) that its jurisdiction as a securities intermediary is New York, (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class D Cash Collateral Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(c) Class A/B/C Letter of Credit Expiration Date. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class A/B/C Notes and

available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-1 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class A/B/C Enhancement Amount would be equal to or more than the Class A/B/C Required Enhancement Amount and the Class A/B/C Liquidity Amount would be equal to or greater than the Class A/B/C Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of such determination. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class A/B/C Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-1 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class A/B/C Enhancement Amount would be less than the Class A/B/C Required Enhancement Amount or the Class A/B/C Liquidity Amount would be less than the Class A/B/C Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of (x) the greater of (A) the excess, if any, of the Class A/B/C Required Enhancement Amount over the Class A/B/C Enhancement Amount, excluding the amount allocated to the Class A/B/C Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-1 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (B) the excess, if any, of the Class A/B/C Required Liquidity Amount over the Class A/B/C Liquidity Amount, excluding the amount allocated to the Class A/B/C Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-1 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (y) the amount allocated to the Class A/B/C Notes and available to be drawn on such expiring Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw the lesser of the amounts set forth in clauses (x) and (y) above on such expiring Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class A/B/C Cash Collateral Account.

If the Trustee does not receive the notice from the Administrator described in the first paragraph of this Section 2.8(c) on or prior to the date that is two (2) Business Days prior to each Multi-Series Letter of Credit Expiration Date, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw the full amount allocated to the Class A/B/C Notes under such Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class A/B/C Cash Collateral Account.

(d) Class D Letter of Credit Expiration Date. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to

any Multi-Series Letter of Credit, excluding the amount allocated to the Class D Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-1 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class D Enhancement Amount would be equal to or more than the Class D Required Enhancement Amount and the Class D Liquidity Amount would be equal to or greater than the Class D Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of such determination. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class D Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-1 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class D Enhancement Amount would be less than the Class D Required Enhancement Amount or the Class D Liquidity Amount would be less than the Class D Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of (x) the greater of (A) the excess, if any, of the Class D Required Enhancement Amount over the Class D Enhancement Amount, excluding the amount allocated to the Class D Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-1 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (B) the excess, if any, of the Class D Required Liquidity Amount over the Class D Liquidity Amount, excluding the amount allocated to the Class D Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-1 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (y) the amount allocated to the Class D Notes and available to be drawn on such expiring Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw the lesser of the amounts set forth in clauses (x) and (y) above on such expiring Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class D Cash Collateral Account.

If the Trustee does not receive the notice from the Administrator described in the first paragraph of this Section 2.8(d) on or prior to the date that is two (2) Business Days prior to each Multi-Series Letter of Credit Expiration Date, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw the full amount allocated to the Class D Notes under such Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class D Cash Collateral Account.

(e) Multi-Series Letter of Credit Providers. The Administrator shall notify the Trustee in writing within one (1) Business Day of becoming aware that (i) the long-term senior

unsecured debt credit rating of any Multi-Series Letter of Credit Provider has fallen below “A1” as determined by Moody’s or “A+” as determined by Fitch or (ii) the short-term senior unsecured debt credit rating of any Multi-Series Letter of Credit Provider has fallen below “P-1” as determined by Moody’s or “F1” as determined by Fitch. At such time the Administrator shall also notify the Trustee of (I)(i) if such Multi-Series Letter of Credit Provider has issued a Multi-Series Letter of Credit with respect to the Class A/B/C Notes, the greater of (A) the excess, if any, of the Class A/B/C Required Enhancement Amount over the Class A/B/C Enhancement Amount, excluding the available amount allocated to the Class A/B/C Notes under the Multi-Series Letter of Credit issued by such Multi-Series Letter of Credit Provider, on such date, and (B) the excess, if any, of the Class A/B/C Required Liquidity Amount over the Class A/B/C Liquidity Amount, excluding the available amount allocated to the Class A/B/C Notes under such Multi-Series Letter of Credit, on such date, and (ii) the amount allocated to the Class A/B/C Notes and available to be drawn on such Multi-Series Letter of Credit on such date and/or (II)(i) if such Multi-Series Letter of Credit Provider has issued a Multi-Series Letter of Credit with respect to the Class D Notes, the greater of (A) the excess, if any, of the Class D Required Enhancement Amount over the Class D Enhancement Amount, excluding the available amount allocated to the Class D Notes under such Multi-Series Letter of Credit issued by such Multi-Series Letter of Credit Provider, on such date, and (B) the excess, if any, of the Class D Required Liquidity Amount over the Class D Liquidity Amount, excluding the available amount allocated to the Class D Notes under such Multi-Series Letter of Credit, on such date, and (ii) the amount allocated to the Class D Notes and available to be drawn on such Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw on each such Multi-Series Letter of Credit, (i) with respect to the Class A/B/C Notes, in an amount equal to the lesser of the amounts in clause (I)(i) and clause (I) of the immediately preceding sentence and (ii) with respect to the Class D Notes, in an amount equal to the lesser of the amounts in clause (II)(i) and clause (II) of the immediately preceding sentence, in each case, on such Business Day by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement allocated to the Class A/B/C Notes with respect to the Multi-Series Letter of Credit to be deposited in the Class A/B/C Cash Collateral Account and the Termination Disbursement allocated to the Class D Notes with respect to the Multi-Series Letter of Credit to be deposited in the Class D Cash Collateral Account.

(f) Termination Date Demands on the Multi-Series Letters of Credit. Prior to 10:00 a.m. (New York City time) on the Business Day immediately succeeding the Multi-Series Letter of Credit Termination Date, the Administrator shall determine the Series 2023-1 Demand Note Payment Amount, if any, as of the Multi-Series Letter of Credit Termination Date and, if the Series 2023-1 Demand Note Payment Amount is greater than zero, instruct the Trustee in writing to draw on the Multi-Series Letters of Credit as described herein. Upon receipt of any such notice by the Trustee on or prior to 11:00 a.m. (New York City time) on a Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw an amount (I) on each such Multi-Series Letter of Credit allocable to the Class A/B/C Notes equal to the lesser of (i) the Series 2023-1 Demand Note Payment Amount and (ii) the Class A/B/C Letter of Credit Liquidity Amount on the Multi-Series Letters of Credit by presenting to each relevant Multi-Series Letter of Credit Provider a draft for each such Multi-Series Letter of Credit accompanied by a Certificate of

Termination Date Demand and shall cause the Termination Date Disbursement on a Multi-Series Letter of Credit allocable to the Class A/B/C Notes to be deposited in the Class A/B/C Cash Collateral Account; provided, however, that if the Class A/B/C Cash Collateral Account has been established and funded, the Trustee shall draw an amount equal to the product of (a) 100% minus the Class A/B/C Cash Collateral Percentage and (b) the lesser of the amounts referred to in clause (i) and (ii) on such Business Day on the Multi-Series Letters of Credit, as calculated by the Administrator and provided in writing to the Trustee and (II) on each such Multi-Series Letter of Credit allocable to the Class D Notes equal to the lesser of (i) the excess of (x) the Series 2023-1 Demand Note Payment Amount over (y) the amounts drawn on the Multi-Series Letter of Credit pursuant to this Section 2.8(f) that are allocable to the Class D Notes and (ii) the Class D Letter of Credit Liquidity Amount on the Multi-Series Letters of Credit by presenting to each relevant Multi-Series Letter of Credit Provider a draft for each such Multi-Series Letter of Credit accompanied by a Certificate of Termination Date Demand and shall cause the Termination Date Disbursement on a Multi-Series Letter of Credit allocable to the Class D Notes to be deposited in the Class D Cash Collateral Account; provided, however, that if the Class D Cash Collateral Account has been established and funded, the Trustee shall draw an amount equal to the product of (a) 100% minus the Class D Cash Collateral Percentage and (b) the lesser of the amounts referred to in clause (i) and (ii) on such Business Day on the Multi-Series Letters of Credit, as calculated by the Administrator and provided in writing to the Trustee.

(g) Draws on the Multi-Series Letters of Credit. If there is more than one Multi-Series Letter of Credit with respect to the Class A/B/C Notes on the date of any draw on the Multi-Series Letters of Credit with respect to the Class A/B/C Notes pursuant to the terms of this Supplement, the Administrator shall instruct the Trustee, in writing, to draw on each Multi-Series Letter of Credit in an amount equal to the Class A/B/C Pro Rata Share of the Multi-Series Letter of Credit Provider issuing such Multi-Series Letter of Credit of the amount of such draw on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes. If there is more than one Multi-Series Letter of Credit with respect to the Class D Notes on the date of any draw on the Multi-Series Letters of Credit with respect to the Class D Notes pursuant to the terms of this Supplement, the Administrator shall instruct the Trustee, in writing, to draw on each Multi-Series Letter of Credit in an amount equal to the Class D Pro Rata Share of the Multi-Series Letter of Credit Provider issuing such Multi-Series Letter of Credit of the amount of such draw on the Multi-Series Letters of Credit allocable to the Class D Notes.

(h) Establishment of Class A/B/C Cash Collateral Account. On or prior to the date of any drawing under a Multi-Series Letter of Credit allocable to the Class A/B/C Notes pursuant to Section 2.8(c), (e) or (f) above, ABRCF shall establish and maintain in the name of the Trustee for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, or cause to be established and maintained, an account (the "Class A/B/C Cash Collateral Account"), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders. The Class A/B/C Cash Collateral Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Cash Collateral Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below "Baa3" by Moody's or "BBB-"

by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class A/B/C Cash Collateral Account with a new Qualified Institution or a new segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Cash Collateral Account. If a new Class A/B/C Cash Collateral Account is established, ABRCF shall instruct the Trustee in writing to transfer all cash and investments from the non-qualifying Class A/B/C Cash Collateral Account into the new Class A/B/C Cash Collateral Account.

(i) Administration of the Class A/B/C Cash Collateral Account. ABRCF may instruct (by standing instructions or otherwise) the institution maintaining the Class A/B/C Cash Collateral Account to invest funds on deposit in the Class A/B/C Cash Collateral Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class A/B/C Cash Collateral Account is held with the Paying Agent, in which case such investment may mature on such Distribution Date so long as such funds shall be available for withdrawal on or prior to such Distribution Date; provided further, that in the case of Permitted Investments held in the Class A/B/C Cash Collateral Account and so long as any Class A Note, Class B Note or Class C Note is rated by Fitch (x) any Permitted Investment set forth in clauses (ii), (iii), (vi) and (vii) of the definition thereof will have a rating of “AA-” or “F1+” by Fitch and (y) any Permitted Investment set forth in clause (v) of the definition thereof will either have a rating of “AAmmf” by Fitch or, if such fund is not rated by Fitch, the then highest rating from two nationally recognized investment rating agencies (other than Fitch). All such Permitted Investments will be credited to the Class A/B/C Cash Collateral Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class A/B/C Cash Collateral Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class A/B/C Cash Collateral Account shall remain uninvested.

(j) Establishment of Class D Cash Collateral Account. On or prior to the date of any drawing under a Multi-Series Letter of Credit allocable to the Class D Notes pursuant to Section 2.8(d), (e) or (f) above, ABRCF shall establish and maintain in the name of the Trustee for the benefit of the Class D Noteholders, or cause to be established and maintained, an account (the “Class D Cash Collateral Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class D Noteholders. The Class D Cash Collateral Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Cash Collateral Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution

or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class D Cash Collateral Account with a new Qualified Institution or a new segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Cash Collateral Account. If a new Class D Cash Collateral Account is established, ABRCF shall instruct the Trustee in writing to transfer all cash and investments from the non-qualifying Class D Cash Collateral Account into the new Class D Cash Collateral Account.

(k) Administration of the Class D Cash Collateral Account. ABRCF may instruct (by standing instructions or otherwise) the institution maintaining the Class D Cash Collateral Account to invest funds on deposit in the Class D Cash Collateral Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class D Cash Collateral Account is held with the Paying Agent, in which case such investment may mature on such Distribution Date so long as such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Class D Cash Collateral Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class D Cash Collateral Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class D Cash Collateral Account shall remain uninvested.

(l) Earnings from Series 2023-1 Cash Collateral Accounts. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Series 2023-1 Cash Collateral Accounts shall be deemed to be on deposit therein and available for distribution.

In the event that the Class A/B/C Cash Collateral Account Surplus on any Distribution Date (or, after the Multi-Series Letter of Credit Termination Date, on any date) is greater than zero, the Trustee, acting in accordance with the written instructions of the Administrator, shall withdraw from the Class A/B/C Cash Collateral Account an amount equal to the Class A/B/C Cash Collateral Account Surplus and shall pay such amount: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings with respect to any Class A/B/C Letters of Credit under the related Series 2023-1 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-1 Reimbursement Agreement, and, second, to ABRCF any remaining amount. In the event that the Class D Cash Collateral Account Surplus on any Distribution Date (or, after the Multi-Series Letter of Credit Termination Date, on any date) is greater than zero, the Trustee, acting in accordance with the written instructions of the Administrator, shall withdraw from the

Class D Cash Collateral Account an amount equal to the Class D Cash Collateral Account Surplus and shall pay such amount: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings allocable to the Class D Notes with respect to any Multi-Series Letters of Credit under the related Series 2023-1 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-1 Reimbursement Agreement, and, second, to ABRCF any remaining amount.

(n) Termination of Series 2023-1 Cash Collateral Account. Upon the termination of this Supplement in accordance with its terms, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Series 2023-1 Noteholders and payable from any Series 2023-1 Cash Collateral Account as provided herein, shall (i) withdraw from the Class A/B/C Cash Collateral Account all amounts on deposit therein (to the extent not withdrawn pursuant to Section 2.8(m) above) and shall pay such amounts: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings with respect to any Class A/B/C Letters of Credit under the related Series 2023-1 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-1 Reimbursement Agreement, and, second, to ABRCF any remaining amount and (ii) withdraw from the Class D Cash Collateral Account all amounts on deposit therein (to the extent not withdrawn pursuant to Section 2.8(m) above) and shall pay such amounts: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings allocable to the Class D Notes with respect to any Multi-Series Letters of Credit under the related Series 2023-1 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-1 Reimbursement Agreement, and, second, to ABRCF any remaining amount.

Section 2.9. Series 2023-1 Distribution Account. (a) Establishment of Series 2023-1 Distribution Account. ABRCF has established and shall maintain in the name of the Trustee for the benefit of the Series 2023-1 Noteholders, or cause to be established and maintained, an account (the “Series 2023-1 Distribution Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Series 2023-1 Noteholders. The Series 2023-1 Distribution Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Series 2023-1 Distribution Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s or “BBB-” by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Series 2023-1 Distribution Account with a new Qualified Institution. If the Series 2023-1 Distribution Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Series 2023-1 Distribution Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-1 Agent in writing to transfer all cash and investments from the non-qualifying Series 2023-1 Distribution Account into the new Series 2023-1 Distribution Account. The Series 2023-1 Distribution Account has initially been established with The Bank of New York Mellon Trust Company, N.A.

(b) Administration of the Series 2023-1 Distribution Account. The Administrator may instruct the institution maintaining the Series 2023-1 Distribution Account to invest funds on deposit in the Series 2023-1 Distribution Account from time to time in Permitted

Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Series 2023-1 Distribution Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Series 2023-1 Distribution Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee's security interest in the Permitted Investments credited to the Series 2023-1 Distribution Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investment prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investment. In the absence of written investment instructions hereunder, funds on deposit in the Series 2023-1 Distribution Account shall remain uninvested.

(c) Earnings from Series 2023-1 Distribution Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Series 2023-1 Distribution Account shall be deemed to be on deposit and available for distribution.

Section 5.23. Additional Terms of the Series 2023-1 Notes.

(a) Solely with respect to this Supplement and the Series 2023-1 Notes:

(i) The Opinion of Counsel set forth in Section 2.2(f)(i)(x) of the Base Indenture shall not be required with respect to the Class C Notes and the Class R Notes. The Opinion of Counsel set forth in Section 2.2(f)(i)(y) of the Base Indenture shall not be

required with respect to the Class C Notes and the Class R Notes for any Series issued after the date hereof.

(ii) The terms Rating Agency Confirmation Condition and Rating Agency Consent Condition shall be deemed to be satisfied with respect to Fitch if ABRCF notifies Fitch of the applicable action at least ten (10) calendar days prior to such action (or, if Fitch agrees to less than ten (10) calendar days' notice, such lesser period) and Fitch has not notified ABRCF and the Trustee in writing that such action will result in a reduction or withdrawal of the rating given to the Class A Notes, the Class B Notes or the Class C Notes by Fitch within such ten (10) calendar day (or lesser) period.

(b) The transfer by a transferor (a "Transferor") holding a Class D Note or a beneficial interest therein to a subsequent transferee (a "Transferee") who wishes to take delivery thereof in the form of a Class D Note or beneficial interest therein will be made upon receipt by the Trustee, at the office of the Trustee, of (x) a transfer certificate from the Transferee substantially in the form of Exhibit W-1 and (y) a transfer certificate from the Transferor substantially in the form of Exhibit W-2. For the avoidance of doubt, if a Transferor or Transferee is unable to provide an applicable transfer certificate due to the requirements of such certificate not being satisfied, such transfer shall not be permitted (and any such transfer shall be void ab initio and of no force and effect). Delivery of any such certificate to ABRCF shall be required to be delivered to the email address set forth in Exhibits W-1 and W-2. Any such transfer shall also be made in accordance with the requirements set forth in Section 5.24 to the extent applicable.

Section 5.24. Transfer and Exchange of Definitive Class D Notes for Global Class D Notes. Notwithstanding anything to the contrary contained in this Supplement, the Base Indenture or in any Related Document, and solely with respect to this Supplement and the Definitive Class D Notes issued pursuant to this Supplement, following the Class D Notes Closing Date, the holder of any Definitive Class D Note may transfer the same in exchange for a Global Class D Note in accordance with this Section 5.24. Any other transfer of a Class D Note shall be made in accordance with Section 2.9 of the Base Indenture.

(a) When Definitive Class D Notes are presented to the Registrar or a co-registrar with a request to register a transfer or to exchange them for an equal principal amount of Global Class D Notes of other authorized denominations, the Registrar shall register the transfer or make the exchange if its requirements for such transaction are met; provided, however, that the Definitive Class D Notes surrendered for transfer or exchange at the office maintained by the Transfer Agent for such purpose in the Borough of Manhattan, The City of New York (x) shall be duly endorsed or accompanied by a written instrument of transfer in form satisfactory to ABRCF and the Registrar, duly executed by the holder thereof or its attorney, duly authorized in writing and (y) shall only be transferred or exchanged in compliance with this Section 5.24.

(b) If interests in a Definitive Class D Note are being transferred to a Restricted Global Class D Note to a Qualified Institutional Buyer in accordance with Rule 144A, each such transferee shall be deemed to have made the representations and agreements set forth in Section 2.9(c)(ii) of the Base Indenture. In addition, such transferee shall be responsible for providing additional information or certification, as shall be reasonably requested by the Trustee, ABRCF or any Placement Agent for such Global Class D Notes, to support the truth and accuracy of such

acknowledgements, representations and agreements, it being understood that such additional information is not intended to create additional restrictions on the transfer of the Class D Notes.

(c) If a holder of a beneficial interest in a Definitive Class D Note wishes at any time to exchange its interest in such Definitive Class D Note for an interest in a Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note, or to transfer its interest in such Definitive Class D Note to a Person who wishes to take delivery thereof in the form of an interest in a Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note, such holder may, subject to the rules and procedures of Euroclear or Clearstream and DTC, as the case may be, exchange or cause the exchange or transfer of such interest for an equivalent beneficial interest a Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note. Upon receipt by the Transfer Agent of (i) such Definitive Class D Note properly endorsed for cancellation by such holder or for assignment to the transferee, (ii) a written order given in accordance with the applicable procedures of Euroclear or Clearstream or DTC, as the case may be, containing information regarding the agent member's account with DTC (and/or the Euroclear or Clearstream account, as the case may be) to be credited with such increase and (iii) (x) a transfer certificate substantially in the form of Exhibit W-2 hereto, (y) in the case of a transfer to a Restricted Global Class D Note, a certificate in the form of Exhibit X-3 and (z) in the case of a transfer to a Permanent Global Class D Note or Temporary Global Class D Note, a certificate in the form of Exhibit X-1 or Exhibit X-2, as applicable, the Transfer Agent shall (A) cancel such Definitive Class D Note, record the transfer in the Registrar, (B) if applicable (to the extent of any exchange or transfer in part), re-issue a new Definitive Class D Note for the partial amount to be held in definitive form in accordance with the provisions for the issuance of Definitive Class D Notes in the Base Indenture (as modified by this Supplement) and (C) approve the instructions at Euroclear, Clearstream and/or DTC, as applicable, concurrently with such cancellation and re-issuance (if applicable), to credit or cause to be credited the account specified in such instruction a beneficial interest in the Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note equal to the principal amount of the Definitive Class D Note transferred or exchanged.

(d) ABRCF or the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any exchange or registration of transfer of the Class D Notes. No service charge shall be made for any such transaction.

(e) To permit registrations of transfers and exchanges, ABRCF shall execute and the Trustee shall authenticate the Class D Notes, subject to such rules as the Trustee may reasonably require. No service charge to the Class D Noteholder shall be made for any registration of transfer or exchange (except as otherwise expressly permitted herein), but the Registrar may require payment of a sum sufficient to cover any transfer tax or similar government charge payable in connection therewith (other than any such transfer tax or similar governmental charge payable upon exchanges pursuant to Section 2.13 of the Base Indenture in which event the Registrar will be responsible for the payment of any such taxes).

(f) All Class D Notes issued upon any registration of transfer or exchange of Class D Notes shall be the valid obligations of ABRCF, evidencing the same debt, and entitled to

the same benefits under this Indenture, as the Class D Notes surrendered upon such registration of transfer or exchange.

(g) Prior to due presentment for registration of transfer of any Class D Note, the Trustee, any Agent and ABRCF may deem and treat the Person in whose name any Class D Note is registered (as of the day of determination) as the absolute owner of such Class D Note for the purpose of receiving payment of principal of and interest on such Class D Note and for all other purposes whatsoever, whether or not such Class D Note is overdue, and neither the Trustee, any Agent nor ABRCF shall be affected by notice to the contrary.

(h) By its acceptance of a Class D Note, each Class D Noteholder and Class D Note Owner shall be deemed to have represented and warranted that its purchase and holding of the Class D Note will not, throughout the term of its holding an interest therein, constitute a non-exempt “prohibited transaction” under Section 406(a) of ERISA or Section 4975 of the Code.

IN WITNESS WHEREOF, ABRCF and the Trustee have caused this Supplement to be duly executed by their respective officers thereunto duly authorized as of the day and year first above written.

(iii) if, after giving effect to any payments to be made on such Distribution Date, the Class A Notes, the Class B Notes and the Class C Notes will have been paid in full, draw on the Multi-Series Letters of Credit with respect to the Class D Notes, if any, as provided in this clause (iii). Upon receipt of a notice by the Trustee from the Administrator in respect of a Series 2023-4 Lease Principal Payment Deficit on or prior to 3:00 p.m. (New York City time) on the Business Day immediately preceding a Distribution Date, the Trustee shall, by 5:00 p.m. (New York City time) on such Business Day draw an amount as set forth in such notice equal to the least of (x) the excess of (A) such Series 2023-4 Lease Principal Payment Deficit over (B) the amount, if any, to be drawn on the Multi-Series Letters of Credit with respect to the Class D Notes and/or withdrawn from the Class A/B/C Cash Collateral Account on such Distribution Date in accordance with Section 2.5(b)(i) and/or (ii), (y) the Class D Principal Deficit Amount for such Distribution Date

and (z) the Class D Letter of Credit Liquidity Amount on the Multi-Series Letters of Credit that shall be allocable to the Class D Notes by presenting to each Multi-Series Letter of Credit Provider with respect to the Class D Notes a draft accompanied by a Certificate of Lease Deficit Demand and shall cause the Lease Deficit Disbursements to be deposited in the Series 2023-4 Distribution Account on such date; provided, however, that if the Class D Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class D Cash Collateral Account and deposit in the Series 2023-4 Distribution Account an amount equal to the lesser of (x) the Class D Cash Collateral Percentage for such date of the lesser of (A) the excess of (1) the Series 2023-4 Lease Principal Payment Deficit over (2) the amount, if any, to be drawn on the Multi-Series Letters of Credit allocable to the Class D Notes and/or withdrawn from the Class A/B/C Cash Collateral Account on such Distribution Date in accordance with Section 2.5(b)(i) and/or (ii) and (B) the Class D Principal Deficit Amount for such Distribution Date and (y) the Class D Available Cash Collateral Account Amount on such date and draw an amount equal to the remainder of such amount on the Multi-Series Letters of Credit that shall be allocable to the Class D Notes. Notwithstanding any of the preceding to the contrary, during the period after the date of the filing by any of the Lessees of a petition for relief under Chapter 11 of the Bankruptcy Code until the date on which each of the Lessees shall have resumed making all payments of the portion of Monthly Base Rent relating to Loan Interest required to be made under the AESOP I Operating Lease, the Administrator shall only instruct the Trustee to draw on the Multi-Series Letters of Credit with respect to the Class D Notes (or withdraw from the Class D Cash Collateral Account, if applicable) pursuant to this Section 2.5(b)(iii), and if such instruction from the Administrator references this Section 2.5(b)(iii), the Trustee shall only draw (or withdraw), an amount equal to the lesser of (x) the amount determined as provided in the preceding sentence and (y) the excess, if any, of (A) the Class D Liquidity Amount on such date over (B) the Class D Required Liquidity Amount on such date.

(c) Final Distribution Date. Each of the entire Class A Invested Amount, the entire Class B Invested Amount, the entire Class C Invested Amount, the entire Class D Invested Amount and the entire Class R Invested Amount shall be due and payable on the Series 2023-4 Final Distribution Date. In connection therewith:

(i) Demand Note Draw. If the amount to be deposited in the Series 2023-4 Distribution Account in accordance with Section 2.5(a) together with any amounts to be deposited therein in accordance with Section 2.5(b) on the Series 2023-4 Final Distribution Date is less than the Series 2023-4 Senior Invested Amount and there are any Multi-Series Letters of Credit on such date, then, prior to 10:00 a.m. (New York City time) on the second Business Day prior to the Series 2023-4 Final Distribution Date, the Administrator shall instruct the Trustee in writing to make a demand (a “Demand Notice”) substantially in the form attached hereto as Exhibit I on the Demand Note Issuers for payment under the Series 2023-4 Demand Notes in an amount equal to the lesser of (x) such insufficiency and (y) the sum of the Class A/B/C Letter of Credit Amount and the Class D Letter of Credit Amount. The Trustee shall, prior to 12:00 noon (New York City time) on the second Business Day preceding such Series 2023-4 Final Distribution Date deliver such Demand Notice to the Demand Note Issuers; provided, however, that if an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition

thereof, without the lapse of a period of sixty (60) consecutive days) with respect to a Demand Note Issuer shall have occurred and be continuing, the Trustee shall not be required to deliver such Demand Notice to such Demand Note Issuer. The Trustee shall cause the proceeds of any demand on the Series 2023-4 Demand Notes to be deposited into the Series 2023-4 Distribution Account.

(ii) Letter of Credit Draw. In the event that either (x) on or prior to 10:00 a.m. (New York City time) on the Business Day immediately preceding the Series 2023-4 Final Distribution Date a Demand Notice has been transmitted by the Trustee to the Demand Note Issuers pursuant to clause (i) of this Section 2.5(c) and any Demand Note Issuer shall have failed to pay to the Trustee or deposit into the Series 2023-4 Distribution Account the amount specified in such Demand Notice in whole or in part or (y) due to the occurrence of an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of sixty (60) consecutive days) with respect to one or more of the Demand Note Issuers, the Trustee shall not have delivered such Demand Notice to any Demand Note Issuer on the second Business Day preceding the Series 2023-4 Final Distribution Date, then, in the case of (x) or (y) the Trustee shall:

(1) draw on the Multi-Series Letters of Credit by 12:00 noon (New York City time) on such Business Day an amount allocable to the Class A/B/C Notes equal to the lesser of (a) the amount that the Demand Note Issuers so failed to pay under the Series 2023-4 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) and (b) the Class A/B/C Letter of Credit Amount on such Business Day by presenting to each Multi-Series Letter of Credit Provider with respect to the Class A/B/C Notes a draft accompanied by a Certificate of Unpaid Demand Note Demand; provided, however, that if the Class A/B/C Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class A/B/C Cash Collateral Account and deposit in the Series 2023-4 Distribution Account an amount equal to the lesser of (x) the Class A/B/C Cash Collateral Percentage on such Business Day of the amount that the Demand Note Issuers so failed to pay under the Series 2023-4 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) and (y) the Class A/B/C Available Cash Collateral Account Amount on such Business Day and draw an amount equal to the remainder of the amount that the Demand Note Issuers failed to pay under the Series 2023-4 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) on the Multi-Series Letters of Credit with respect to the Class A/B/C Notes. The Trustee shall deposit, or cause the deposit of, the applicable portion of the proceeds of any draw on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes and the proceeds of any withdrawal from the Class A/B/C Cash Collateral Account to be deposited in the Series 2023-4 Distribution Account; and

(2) draw on the Multi-Series Letters of Credit by 12:00 noon (New York City time) on such Business Day an amount allocable to the Class D

Notes equal to the lesser of (a) the excess of (x) the amount that the Demand Note Issuers so failed to pay under the Series 2023-4 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (y) the amount drawn on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes and/or withdrawn from the Class A/B/C Cash Collateral Account on such Business Day in accordance with Section 2.5(c)(ii)(1) and (b) the Class D Letter of Credit Amount on such Business Day by presenting to each Multi-Series Letter of Credit Provider with respect to the Class D Notes a draft accompanied by a Certificate of Unpaid Demand Note Demand; provided, however, that if the Class D Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class D Cash Collateral Account and deposit in the Series 2023-4 Distribution Account an amount equal to the lesser of (x) the Class D Cash Collateral Percentage on such Business Day of the excess of (A) the amount that the Demand Note Issuers so failed to pay under the Series 2023-4 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (B) the amount drawn on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes and/or withdrawn from the Class A/B/C Cash Collateral Account on such Business Day in accordance with Section 2.5(c)(ii)(1) and (y) the Class D Available Cash Collateral Account Amount on such Business Day and draw an amount equal to the remainder of the excess of (A) the amount that the Demand Note Issuers so failed to pay under the Series 2023-4 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (B) the amount drawn on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes and/or withdrawn from the Class A/B/C Cash Collateral Account on such Business Day in accordance with Section 2.5(c)(ii)(1) on the Multi-Series Letters of Credit with respect to the Class D Notes. The Trustee shall deposit, or cause the deposit of, the applicable portion of the proceeds of any draw on the Multi-Series Letters of Credit allocable to the Class D Notes and the proceeds of any withdrawal from the Class D Cash Collateral Account to be deposited in the Series 2023-4 Distribution Account.

(iii) Reserve Account Withdrawal. If, after giving effect to the deposit into the Series 2023-4 Distribution Account of the amount to be deposited in accordance with Section 2.5(a) and the amounts described in clauses (i) and (ii) of this Section 2.5(c), the amount to be deposited in the Series 2023-4 Distribution Account with respect to the Series 2023-4 Final Distribution Date is or will be less than the Series 2023-4 Senior Invested Amount, then, prior to 12:00 noon (New York City time) on the second Business Day prior to such Series 2023-4 Final Distribution Date, the Administrator shall instruct the Trustee in writing to withdraw (x) first, from the Class A/B/C Reserve Account, an amount equal to the lesser of the Class A/B/C Available Reserve Account Amount and such remaining insufficiency and (y) second, from the Class D Reserve Account, an amount equal to the lesser of the Class D Available Reserve Account Amount and such remaining insufficiency (after giving effect to any withdrawal from the Class A/B/C

Reserve Account) and, in each case, deposit it in the Series 2023-4 Distribution Account on such Series 2023-4 Final Distribution Date.

(d) Class A/B/C Principal Deficit Amount. On each Distribution Date, other than the Series 2023-4 Final Distribution Date, on which the Class A/B/C Principal Deficit Amount is greater than zero, amounts shall be transferred to the Series 2023-4 Distribution Account as follows:

(i) Demand Note Draw. If on any Determination Date, the Administrator determines that the Class A/B/C Principal Deficit Amount with respect to the next succeeding Distribution Date will be greater than zero and there are any Multi-Series Letters of Credit with respect to the Class A/B/C Notes on such date, prior to 10:00 a.m. (New York City time) on the second Business Day prior to such Distribution Date, the Administrator shall instruct the Trustee in writing to deliver a Demand Notice to the Demand Note Issuers demanding payment of an amount equal to the lesser of (A) the Class A/B/C Principal Deficit Amount and (B) the Class A/B/C Letter of Credit Amount. The Trustee shall, prior to 12:00 noon (New York City time) on the second Business Day preceding such Distribution Date, deliver such Demand Notice to the Demand Note Issuers; provided, however, that if an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of sixty (60) consecutive days) with respect to a Demand Note Issuer shall have occurred and be continuing, the Trustee shall not be required to deliver such Demand Notice to such Demand Note Issuer. The Trustee shall cause the proceeds of any demand on the Series 2023-4 Demand Note to be deposited into the Series 2023-4 Distribution Account.

(ii) Class A/B/C Letter of Credit Draw. In the event that either (x) on or prior to 10:00 a.m. (New York City time) on the Business Day prior to such Distribution Date, any Demand Note Issuer shall have failed to pay to the Trustee or deposit into the Series 2023-4 Distribution Account the amount specified in such Demand Notice delivered pursuant to Section 2.5(d)(i) in whole or in part or (y) due to the occurrence of an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of sixty (60) consecutive days) with respect to any Demand Note Issuer, the Trustee shall not have delivered such Demand Notice to any Demand Note Issuer on the second Business Day preceding such Distribution Date, then, in the case of (x) or (y) the Trustee shall on such Business Day draw on the Multi-Series Letters of Credit with respect to the Class A/B/C Notes an amount allocable to the Class A/B/C Notes equal to the lesser of (i) Class A/B/C Letter of Credit Amount and (ii) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-4 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) by presenting to each Multi-Series Letter of Credit Provider with respect to the Class A/B/C Notes a draft accompanied by a Certificate of Unpaid Demand Note Demand; provided, however, that if the Class A/B/C Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class A/B/C Cash Collateral Account and deposit in the Series 2023-4 Distribution Account an amount equal to the lesser of (x) the Class A/B/C Cash Collateral Percentage on such Business Day of the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-4 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) and (y) the Class A/B/C Available Cash

Collateral Account Amount on such Business Day and draw an amount equal to the remainder of the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-4 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes. The Trustee shall deposit into, or cause the deposit of, the applicable portion of the proceeds of any draw on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes and the proceeds of any withdrawal from the Class A/B/C Cash Collateral Account to be deposited in the Series 2023-4 Distribution Account.

(iii) Class A/B/C Reserve Account Withdrawal. If the Class A/B/C Letter of Credit Amount will be less than the Class A/B/C Principal Deficit Amount on any Distribution Date, then, prior to 12:00 noon (New York City time) on the second Business Day prior to such Distribution Date, the Administrator shall instruct the Trustee in writing to withdraw from the Class A/B/C Reserve Account, an amount equal to the lesser of (x) the Class A/B/C Available Reserve Account Amount and (y) the amount by which the Class A/B/C Principal Deficit Amount exceeds the amounts to be deposited in the Series 2023-4 Distribution Account in accordance with clauses (i) and (ii) of this Section 2.5(d) and deposit it in the Series 2023-4 Distribution Account on such Distribution Date.

(e) Class D Principal Deficit Amount. On each Distribution Date, other than the Series 2023-4 Final Distribution Date, on which the Class A Notes, Class B Notes and Class C Notes will have been paid in full and the Class D Principal Deficit Amount is greater than zero, amounts shall be transferred to the Series 2023-4 Distribution Account as follows:

(i) Demand Note Draw. If on the Determination Date with respect to any such Distribution Date, the Administrator determines that the Class D Principal Deficit Amount with respect to the next succeeding Distribution Date will be greater than zero and there are any Multi-Series Letters of Credit on such date, prior to 10:00 a.m. (New York City time) on the second Business Day prior to such Distribution Date, the Administrator shall instruct the Trustee in writing to deliver a Demand Notice to the Demand Note Issuers demanding payment of an amount equal to the lesser of (A) the Class D Principal Deficit Amount and (B) the sum of (x) the Class A/B/C Letter of Credit Amount and (y) the Class D Letter of Credit Amount. The Trustee shall cause the proceeds of any demand on the Series 2023-4 Demand Note to be deposited into the Series 2023-4 Distribution Account.

(ii) Class A/B/C Letter of Credit Draw. In the event that either (x) on or prior to 10:00 a.m. (New York City time) on the Business Day prior to such Distribution Date, any Demand Note Issuer shall have failed to pay to the Trustee or deposit into the Series 2023-4 Distribution Account the amount specified in such Demand Notice delivered pursuant to Section 2.51(i) in whole or in part or (y) due to the occurrence of an Event of

(b) Administration of the Class A/B/C Reserve Account. The Administrator may instruct the institution maintaining the Class A/B/C Reserve Account to invest funds on deposit in the Class A/B/C Reserve Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class A/B/C Reserve Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date; provided further, that in the case of Permitted Investments

held in the Series 2023-4 Reserve Account and so long as any Series 2023-4 Note is rated by Fitch (x) any Permitted Investment set forth in clauses (ii), (iii), (vi) and (vii) of the definition thereof will have a rating of “AA-” or “F1+” by Fitch and (y) any Permitted Investment set forth in clause (v) of the definition thereof will either have a rating of “AAAmmf” by Fitch or, if such fund is not rated by Fitch, the then highest rating from two nationally recognized investment rating agencies (other than Fitch). All such Permitted Investments will be credited to the Class A/B/C Reserve Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class A/B/C Reserve Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investment prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investment. In the absence of written investment instructions hereunder, funds on deposit in the Class A/B/C Reserve Account shall remain uninvested.

(c) Earnings from Class A/B/C Reserve Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Class A/B/C Reserve Account shall be deemed to be on deposit therein and available for distribution.

(d) Class A/B/C Reserve Account Constitutes Additional Collateral for Series 2023-4 Senior Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2023-4 Senior Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Series 2023-4 Noteholders, all of ABRCF’s right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Class A/B/C Reserve Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Class A/B/C Reserve Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Class A/B/C Reserve Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class A/B/C Reserve Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (i) through (vi) are referred to, collectively, as the “Class A/B/C Reserve Account Collateral”). The Trustee shall possess all right, title and interest in and to all funds on deposit from time to time in the Class A/B/C Reserve Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class A/B/C Reserve Account. The Class A/B/C Reserve Account Collateral shall be under the sole dominion and control of the Trustee for the benefit of the Series 2023-4 Noteholders. The Series 2023-4 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class A/B/C Reserve Account; (ii) that its jurisdiction as

securities intermediary is New York; (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class A/B/C Reserve Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(e) Class A/B/C Reserve Account Surplus. In the event that the Class A/B/C Reserve Account Surplus on any Distribution Date, after giving effect to all withdrawals from the Class A/B/C Reserve Account, is greater than zero, if no Series 2023-4 Enhancement Deficiency or AESOP I Operating Lease Vehicle Deficiency would result therefrom or exist thereafter, the Trustee, acting in accordance with the written instructions of the Administrator pursuant to the Administration Agreement, shall withdraw from the Class A/B/C Reserve Account an amount equal to the Class A/B/C Reserve Account Surplus and shall (i) transfer an amount equal to the excess, if any, of the Class D Required Liquidity Amount as of such date over the Class D Liquidity Amount as of such date to the Class D Reserve Account and (ii) pay any remaining Class A/B/C Reserve Account Surplus to ABRCF.

(f) Termination of Class A/B/C Reserve Account. Upon the termination of the Indenture pursuant to Section 11.1 of the Base Indenture, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Holders of the Class A Notes, Class B Notes or Class C Notes and payable from the Class A/B/C Reserve Account as provided herein, shall withdraw from the Class A/B/C Reserve Account all amounts on deposit therein for payment to ABRCF.

(g) Establishment of Class D Reserve Account. ABRCF shall establish and maintain in the name of the Series 2023-4 Agent for the benefit of the Class D Noteholders, or cause to be established and maintained, an account (the “Class D Reserve Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class D Noteholders. The Class D Reserve Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Reserve Account; provided that, if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class D Reserve Account with a new Qualified Institution. If the Class D Reserve Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Class D Reserve Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-4 Agent in writing to transfer all cash and investments from the non-qualifying Class D Reserve Account into the new Class D Reserve Account. Initially, the Class D Reserve Account will be established with The Bank of New York Mellon Trust Company, N.A.

(h) Administration of the Class D Reserve Account. The Administrator may instruct the institution maintaining the Class D Reserve Account to invest funds on deposit in the Class D Reserve Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in

the Class D Reserve Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Class D Reserve Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee's security interest in the Permitted Investments credited to the Class D Reserve Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class D Reserve Account shall remain uninvested.

(i) Earnings from Class D Reserve Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Class D Reserve Account shall be deemed to be on deposit therein and available for distribution.

(j) Class D Reserve Account Constitutes Additional Collateral for Class D Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Class D Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Class D Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Class D Reserve Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Class D Reserve Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Class D Reserve Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class D Reserve Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (i) through (vi) are referred to, collectively, as the "Class D Reserve Account Collateral"). The Trustee shall possess all right, title and interest in and to all funds on deposit from time to time in the Class D Reserve Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class D Reserve Account. The Class D Reserve Account Collateral shall be under the sole dominion and control of the Trustee for the benefit of the Class D Noteholders. The Series 2023-4 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class D Reserve Account; (ii) that its jurisdiction as securities intermediary is New York; (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class D Reserve Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(k) Class D Reserve Account Surplus. In the event that the Class D Reserve Account Surplus on any Distribution Date, after giving effect to all withdrawals from the Class D Reserve Account, is greater than zero, if no Series 2023-4 Enhancement Deficiency or AESOP I Operating Lease Vehicle Deficiency would result therefrom or exist thereafter, the Trustee, acting in accordance with the written instructions of the Administrator pursuant to the Administration Agreement, shall withdraw from the Class D Reserve Account an amount equal to the Class D Reserve Account Surplus and shall pay such amount to ABRCF.

(l) Termination of Class D Reserve Account. Upon the termination of the Indenture pursuant to Section 11.1 of the Base Indenture, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Class D Noteholders and payable from the Class D Reserve Account as provided herein, shall withdraw from the Class D Reserve Account all amounts on deposit therein for payment to ABRCF.

Section 2.8. Multi-Series Letters of Credit and Series 2023-4 Cash Collateral Accounts. (a) Multi-Series Letters of Credit and Series 2023-4 Cash Collateral Account Constitute Additional Collateral for Series 2023-4 Senior Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2023-4 Senior Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the holders of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) each applicable Multi-Series Letter of Credit allocable to the Class A/B/C Notes (except for any right, title and interest in such Multi-Series Letter of Credit related to supporting another Series of Notes); (ii) the Class A/B/C Cash Collateral Account, including any security entitlement thereto; (iii) all funds on deposit in the Class A/B/C Cash Collateral Account from time to time; (iv) all certificates and instruments, if any, representing or evidencing any or all of the Class A/B/C Cash Collateral Account or the funds on deposit therein from time to time; (v) all investments made at any time and from time to time with monies in the Class A/B/C Cash Collateral Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (vi) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class A/B/C Cash Collateral Account, the funds on deposit therein from time to time or the investments made with such funds; and (vii) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (ii) through (vii) are referred to, collectively, as the "Class A/B/C Cash Collateral Account Collateral"). The Trustee shall, for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, possess all right, title and interest in all funds on deposit from time to time in the Class A/B/C Cash Collateral Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class A/B/C Cash Collateral Account. The Class A/B/C Cash Collateral Account shall be under the sole dominion and control of the Trustee for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders. The Series 2023-4 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class A/B/C Cash Collateral Account; (ii) that its jurisdiction as a securities intermediary is New York, (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class A/B/C Cash Collateral Account shall be treated as a financial asset

(as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(b) Class D Letters of Credit and Class D Cash Collateral Account Constitute Additional Collateral for Class D Notes.

In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Class D Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Class D Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) each applicable Multi-Series Letter of Credit allocable to the Class D Notes (except for any right, title and interest in such Multi-Series Letter of Credit related to supporting another Series of Notes); (ii) the Class D Cash Collateral Account, including any security entitlement thereto; (iii) all funds on deposit in the Class D Cash Collateral Account from time to time; (iv) all certificates and instruments, if any, representing or evidencing any or all of the Class D Cash Collateral Account or the funds on deposit therein from time to time; (v) all investments made at any time and from time to time with monies in the Class D Cash Collateral Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (vi) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class D Cash Collateral Account, the funds on deposit therein from time to time or the investments made with such funds; and (vii) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (ii) through (vii) are referred to, collectively, as the "Class D Cash Collateral Account Collateral"). The Trustee shall, for the benefit of the Class D Noteholders, possess all right, title and interest in all funds on deposit from time to time in the Class D Cash Collateral Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class D Cash Collateral Account. The Class D Cash Collateral Account shall be under the sole dominion and control of the Trustee for the benefit of the Class D Noteholders. The Series 2023-4 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class D Cash Collateral Account; (ii) that its jurisdiction as a securities intermediary is New York, (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class D Cash Collateral Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(c) Class A/B/C Letter of Credit Expiration Date. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class A/B/C Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-4 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class A/B/C Enhancement Amount would be equal to or more than the Class A/B/C Required Enhancement Amount and the Class A/B/C Liquidity Amount would be equal to or greater than the Class A/B/C Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of such determination. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series

Letter of Credit, excluding the amount allocated to the Class A/B/C Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-4 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class A/B/C Enhancement Amount would be less than the Class A/B/C Required Enhancement Amount or the Class A/B/C Liquidity Amount would be less than the Class A/B/C Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of (x) the greater of (A) the excess, if any, of the Class A/B/C Required Enhancement Amount over the Class A/B/C Enhancement Amount, excluding the amount allocated to the Class A/B/C Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-4 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (B) the excess, if any, of the Class A/B/C Required Liquidity Amount over the Class A/B/C Liquidity Amount, excluding the amount allocated to the Class A/B/C Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-4 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (y) the amount allocated to the Class A/B/C Notes and available to be drawn on such expiring Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw the lesser of the amounts set forth in clauses (x) and (y) above on such expiring Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class A/B/C Cash Collateral Account.

If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class D Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-4 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class D Enhancement Amount would be equal to or more than the Class D Required Enhancement Amount and the Class D Liquidity Amount would be equal to or greater than the Class D Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of such determination. If prior to the date which is ten (10) days prior to the then-scheduled Multi-

Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class D Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-4 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class D Enhancement Amount would be less than the Class D Required Enhancement Amount or the Class D Liquidity Amount would be less than the Class D Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of (x) the greater of (A) the excess, if any, of the Class D Required Enhancement Amount over the Class D Enhancement Amount, excluding the amount allocated to the Class D Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-4 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (B) the excess, if any, of the Class D Required Liquidity Amount over the Class D Liquidity Amount, excluding the amount allocated to the Class D Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-4 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (y) the amount allocated to the Class D Notes and available to be drawn on such expiring Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw the lesser of the amounts set forth in clauses (x) and (y) above on such expiring Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class D Cash Collateral Account.

If the Trustee does not receive the notice from the Administrator described in the first paragraph of this Section 2.8(d) on or prior to the date that is two (2) Business Days prior to each Multi-Series Letter of Credit Expiration Date, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw the full amount allocated to the Class D Notes under such Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class D Cash Collateral Account.

(e) Multi-Series Letter of Credit Providers. The Administrator shall notify the Trustee in writing within one (1) Business Day of becoming aware that (i) the long-term senior unsecured debt credit rating of any Multi-Series Letter of Credit Provider has fallen below “A1” as determined by Moody’s or “A+” as determined by Fitch or (ii) the short-term senior unsecured debt credit rating of any Multi-Series Letter of Credit Provider has fallen below “P-1” as determined by Moody’s or “F1” as determined by Fitch. At such time the Administrator shall also notify the Trustee of (I)(i) if such Multi-Series Letter of Credit Provider has issued a Multi-Series Letter of Credit with respect to the Class A/B/C Notes, the greater of (A) the excess, if any, of the Class A/B/C Required Enhancement Amount over the Class A/B/C Enhancement Amount, excluding the available amount allocated to the Class A/B/C Notes under the Multi-Series Letter of Credit issued by such Multi-Series Letter of Credit Provider, on such date, and (B) the excess,

if any, of the Class A/B/C Required Liquidity Amount over the Class A/B/C Liquidity Amount, excluding the available amount allocated to the Class A/B/C Notes under such Multi-Series Letter of Credit, on such date, and (ii) the amount allocated to the Class A/B/C Notes and available to be drawn on such Multi-Series Letter of Credit on such date and/or (II)(i) if such Multi-Series Letter of Credit Provider has issued a Multi-Series Letter of Credit with respect to the Class D Notes, the greater of (A) the excess, if any, of the Class D Required Enhancement Amount over the Class D Enhancement Amount, excluding the available amount allocated to the Class D Notes under such Multi-Series Letter of Credit issued by such Multi-Series Letter of Credit Provider, on such date, and (B) the excess, if any, of the Class D Required Liquidity Amount over the Class D Liquidity Amount, excluding the available amount allocated to the Class D Notes under such Multi-Series Letter of Credit, on such date, and (ii) the amount allocated to the Class D Notes and available to be drawn on such Multi-Series Letter of Credit on such date. If there is more than one Multi-Series Letter of Credit with respect to the Class D Notes on the date of any draw on the Multi-Series Letters of Credit with respect to the Class D Notes pursuant to the terms of this Supplement, the Administrator shall instruct the Trustee, in writing, to draw on each Multi-Series Letter of Credit in an amount equal to the Class D Pro Rata Share of the Multi-Series Letter of Credit Provider issuing such Multi-Series Letter of Credit of the amount of such draw on the Multi-Series Letters of Credit allocable to the Class D Notes.

(h) Establishment of Class A/B/C Cash Collateral Account. On or prior to the date of any drawing under a Multi-Series Letter of Credit allocable to the Class A/B/C Notes pursuant to Section 2.8(c), (e) or (f) above, ABRCF shall establish and maintain in the name of the Trustee for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, or cause to be established and maintained, an account (the "Class A/B/C Cash Collateral Account"), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders. The Class A/B/C Cash Collateral Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Cash Collateral Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below "Baa3" by Moody's or "BBB-" by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class A/B/C Cash Collateral Account with a new Qualified Institution or a new segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Cash Collateral Account. If a new Class A/B/C Cash Collateral Account is established, ABRCF shall instruct the Trustee in writing to transfer all cash and investments from the non-qualifying Class A/B/C Cash Collateral Account into the new Class A/B/C Cash Collateral Account.

(i) Administration of the Class A/B/C Cash Collateral Account. ABRCF may instruct (by standing instructions or otherwise) the institution maintaining the Class A/B/C Cash Collateral Account to invest funds on deposit in the Class A/B/C Cash Collateral Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class A/B/C Cash Collateral Account is held with the Paying Agent, in which case such investment may mature on such Distribution Date so long as such funds shall be available for withdrawal on or prior to such Distribution Date; provided further, that in the case of Permitted Investments held in the Class A/B/C Cash Collateral Account and so long as any Class A Note, Class B Note or Class C Note is rated by Fitch (x) any Permitted Investment set forth in clauses (ii), (iii), (vi) and (vii) of the definition thereof will have a rating of “AA-” or “F1+” by Fitch and (y) any Permitted Investment set forth in clause (v) of the definition thereof will either have a rating of “AAmmf” by Fitch or, if such fund is not rated by Fitch, the then highest rating from two nationally recognized investment rating agencies (other than Fitch). All such Permitted Investments will be credited to the Class A/B/C Cash Collateral Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class A/B/C Cash Collateral Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class A/B/C Cash Collateral Account shall remain uninvested.

(j) Establishment of Class D Cash Collateral Account. On or prior to the date of any drawing under a Multi-Series Letter of Credit allocable to the Class D Notes pursuant to Section 2.8(d), (e) or (f) above, ABRCF shall establish and maintain in the name of the Trustee for the benefit of the Class D Noteholders, or cause to be established and maintained, an account (the “Class D Cash Collateral Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class D Noteholders. The Class D Cash Collateral Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Cash Collateral Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class D Cash Collateral Account with a new Qualified Institution or a new segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Cash Collateral Account. If a new Class D Cash Collateral Account is established, ABRCF shall

instruct the Trustee in writing to transfer all cash and investments from the non-qualifying Class D Cash Collateral Account into the new Class D Cash Collateral Account.

(k) Administration of the Class D Cash Collateral Account. ABRCF may instruct (by standing instructions or otherwise) the institution maintaining the Class D Cash Collateral Account to invest funds on deposit in the Class D Cash Collateral Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class D Cash Collateral Account is held with the Paying Agent, in which case such investment may mature on such Distribution Date so long as such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Class D Cash Collateral Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee's security interest in the Permitted Investments credited to the Class D Cash Collateral Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class D Cash Collateral Account shall remain uninvested.

(l) Earnings from Series 2023-4 Cash Collateral Accounts. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Series 2023-4 Cash Collateral Accounts shall be deemed to be on deposit therein and available for distribution.

The Series 2023-4 Distribution Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Series 2023-4 Distribution Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s or “BBB-” by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Series 2023-4 Distribution Account with a new Qualified Institution. If the Series 2023-4 Distribution Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Series 2023-4 Distribution Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-4 Agent in writing to transfer all cash and investments from the non-qualifying Series 2023-4 Distribution Account into the new Series 2023-4 Distribution Account. The Series 2023-4 Distribution Account has initially been established with The Bank of New York Mellon Trust Company, N.A.

(b) Administration of the Series 2023-4 Distribution Account. The Administrator may instruct the institution maintaining the Series 2023-4 Distribution Account to invest funds on deposit in the Series 2023-4 Distribution Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Series 2023-4 Distribution Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date. Section 2.6. Administrator's Failure to Instruct the Trustee to Make a Deposit, Draw or Payment. If the Administrator fails to give notice or instructions to make (i) any payment from or deposit into the Collection Account, (ii) any draw on the Series 2023-6 Demand Notes or the Multi-Series Letters of Credit or (iii) any withdrawals from any Account, in each case required to be given by the Administrator, at the time specified in the Administration Agreement or any other Related Document (including applicable grace periods), the Trustee shall make such payment or deposit into or from the Collection Account, such draw on the Series 2023-6 Demand Notes or the Multi-Series Letters of Credit, or such withdrawal from such Account, in each case without such notice or instruction from the Administrator; provided, however, that the Administrator, upon request of the Trustee, promptly provides the Trustee with all information necessary to allow the Trustee to make such a payment, deposit, draw or withdrawal. When any payment, deposit, draw or withdrawal hereunder or under any other Related Document is required to be made by the Trustee or the Paying Agent at or prior to a specified time, the Administrator shall deliver any applicable written instructions with respect thereto reasonably in advance of such specified time.

Section 2.7. Series 2023-6 Reserve Accounts. (a) Establishment of Class A/B/C Reserve Account. ABRCF has established and shall maintain in the name of the Series 2023-6 Agent for the benefit of the Class A Noteholders, the Class B Noteholders, the Class C Noteholders and the Class D Noteholders, or cause to be established and maintained, an account (the "Class A/B/C Reserve Account"), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Series 2023-6 Noteholders. The Class A/B/C Reserve Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Reserve Account; provided, however, that, if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below "Baa3" by Moody's or "BBB-" by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class A/B/C Reserve Account with a new Qualified Institution. If the Class A/B/C Reserve Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Class A/B/C Reserve Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-6 Agent in writing to transfer all cash and investments from the non-qualifying Class A/B/C Reserve Account into the new Class A/B/C Reserve Account. The Class A/B/C Reserve Account has initially been established with The Bank of New York Mellon Trust Company, N.A.

(b) Administration of the Class A/B/C Reserve Account. The Administrator may instruct the institution maintaining the Class A/B/C Reserve Account to invest funds on deposit in the Class A/B/C Reserve Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class A/B/C Reserve Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date; provided further, that in the case of Permitted Investments held in the Series 2023-6 Reserve Account and so long as any Series 2023-6 Note is rated by Fitch (x) any Permitted Investment set forth in clauses (ii), (iii), (vi) and (vii) of the definition thereof will have a rating of “AA-” or “F1+” by Fitch and (y) any Permitted Investment set forth in clause (v) of the definition thereof will either have a rating of “AAmmf” by Fitch or, if such fund is not rated by Fitch, the then highest rating from two nationally recognized investment rating agencies (other than Fitch). All such Permitted Investments will be credited to the Class A/B/C Reserve Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class A/B/C Reserve Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investment prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investment. In the absence of written investment instructions hereunder, funds on deposit in the Class A/B/C Reserve Account shall remain uninvested.

(c) Earnings from Class A/B/C Reserve Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Class A/B/C Reserve Account shall be deemed to be on deposit therein and available for distribution.

(d) Class A/B/C Reserve Account Constitutes Additional Collateral for Series 2023-6 Senior Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2023-6 Senior Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Series 2023-6 Noteholders, all of ABRCF’s right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Class A/B/C Reserve Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Class A/B/C Reserve Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Class A/B/C Reserve Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class A/B/C Reserve Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing

clauses (i) through (vi) are referred to, collectively, as the “Class A/B/C Reserve Account Collateral”). The Trustee shall possess all right, title and interest in and to all funds on deposit from time to time in the Class A/B/C Reserve Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class A/B/C Reserve Account. The Class A/B/C Reserve Account Collateral shall be under the sole dominion and control of the Trustee for the benefit of the Series 2023-6 Noteholders. The Series 2023-6 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class A/B/C Reserve Account; (ii) that its jurisdiction as securities intermediary is New York; (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class A/B/C Reserve Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(e) Class A/B/C Reserve Account Surplus. In the event that the Class A/B/C Reserve Account Surplus on any Distribution Date, after giving effect to all withdrawals from the Class A/B/C Reserve Account, is greater than zero, if no Series 2023-6 Enhancement Deficiency or AESOP I Operating Lease Vehicle Deficiency would result therefrom or exist thereafter, the Trustee, acting in accordance with the written instructions of the Administrator pursuant to the Administration Agreement, shall withdraw from the Class A/B/C Reserve Account an amount equal to the Class A/B/C Reserve Account Surplus and shall (i) transfer an amount equal to the excess, if any, of the Class D Required Liquidity Amount as of such date over the Class D Liquidity Amount as of such date to the Class D Reserve Account and (ii) pay any remaining Class A/B/C Reserve Account Surplus to ABRCF.

(f) Termination of Class A/B/C Reserve Account. Upon the termination of the Indenture pursuant to Section 11.1 of the Base Indenture, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Holders of the Class A Notes, Class B Notes or Class C Notes and payable from the Class A/B/C Reserve Account as provided herein, shall withdraw from the Class A/B/C Reserve Account all amounts on deposit therein for payment to ABRCF.

(g) Establishment of Class D Reserve Account. ABRCF shall establish and maintain in the name of the Series 2023-6 Agent for the benefit of the Class D Noteholders, or cause to be established and maintained, an account (the “Class D Reserve Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class D Noteholders. The Class D Reserve Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Reserve Account; provided that, if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class D Reserve Account with a new Qualified Institution. If the Class D Reserve Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Class D Reserve Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-6 Agent in writing to transfer all cash and investments from the non-qualifying Class

D Reserve Account into the new Class D Reserve Account. Initially, the Class D Reserve Account will be established with The Bank of New York Mellon Trust Company, N.A.

(h) Administration of the Class D Reserve Account. The Administrator may instruct the institution maintaining the Class D Reserve Account to invest funds on deposit in the Class D Reserve Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class D Reserve Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Class D Reserve Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee's security interest in the Permitted Investments credited to the Class D Reserve Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class D Reserve Account shall remain uninvested.

(i) Earnings from Class D Reserve Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Class D Reserve Account shall be deemed to be on deposit therein and available for distribution.

(j) Class D Reserve Account Constitutes Additional Collateral for Class D Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Class D Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Class D Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Class D Reserve Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Class D Reserve Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Class D Reserve Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class D Reserve Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (i) through (vi) are referred to, collectively, as the "Class D Reserve Account Collateral"). The Trustee shall possess all right, title and interest in and to all funds on deposit from time to time in the Class D Reserve Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class D Reserve Account. The Class D Reserve Account Collateral shall be under

the sole dominion and control of the Trustee for the benefit of the Class D Noteholders. The Series 2023-6 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class D Reserve Account; (ii) that its jurisdiction as securities intermediary is New York; (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class D Reserve Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(k) Class D Reserve Account Surplus. In the event that the Class D Reserve Account Surplus on any Distribution Date, after giving effect to all withdrawals from the Class D Reserve Account, is greater than zero, if no Series 2023-6 Enhancement Deficiency or AESOP I Operating Lease Vehicle Deficiency would result therefrom or exist thereafter, the Trustee, acting in accordance with the written instructions of the Administrator pursuant to the Administration Agreement, shall withdraw from the Class D Reserve Account an amount equal to the Class D Reserve Account Surplus and shall pay such amount to ABRCF.

(l) Termination of Class D Reserve Account. Upon the termination of the Indenture pursuant to Section 11.1 of the Base Indenture, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Class D Noteholders and payable from the Class D Reserve Account as provided herein, shall withdraw from the Class D Reserve Account all amounts on deposit therein for payment to ABRCF.

Section 2.8. Multi-Series Letters of Credit and Series 2023-6 Cash Collateral Accounts. (a) Multi-Series Letters of Credit and Series 2023-6 Cash Collateral Account Constitute Additional Collateral for Series 2023-6 Senior Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2023-6 Senior Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the holders of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) each applicable Multi-Series Letter of Credit allocable to the Class A/B/C Notes (except for any right, title and interest in such Multi-Series Letter of Credit related to supporting another Series of Notes); (ii) the Class A/B/C Cash Collateral Account, including any security entitlement thereto; (iii) all funds on deposit in the Class A/B/C Cash Collateral Account from time to time; (iv) all certificates and instruments, if any, representing or evidencing any or all of the Class A/B/C Cash Collateral Account or the funds on deposit therein from time to time; (v) all investments made at any time and from time to time with monies in the Class A/B/C Cash Collateral Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (vi) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class A/B/C Cash Collateral Account, the funds on deposit therein from time to time or the investments made with such funds; and (vii) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (ii) through (vii) are referred to, collectively, as the "Class A/B/C Cash Collateral Account Collateral"). The Trustee shall, for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, possess all right, title and interest in all funds on deposit from time

to time in the Class A/B/C Cash Collateral Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class A/B/C Cash Collateral Account. The Class A/B/C Cash Collateral Account shall be under the sole dominion and control of the Trustee for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders. The Series 2023-6 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class A/B/C Cash Collateral Account; (ii) that its jurisdiction as a securities intermediary is New York, (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class A/B/C Cash Collateral Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(b) Class D Letters of Credit and Class D Cash Collateral Account Constitute Additional Collateral for Class D Notes.

In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Class D Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Class D Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) each applicable Multi-Series Letter of Credit allocable to the Class D Notes (except for any right, title and interest in such Multi-Series Letter of Credit related to supporting another Series of Notes); (ii) the Class D Cash Collateral Account, including any security entitlement thereto; (iii) all funds on deposit in the Class D Cash Collateral Account from time to time; (iv) all certificates and instruments, if any, representing or evidencing any or all of the Class D Cash Collateral Account or the funds on deposit therein from time to time; (v) all investments made at any time and from time to time with monies in the Class D Cash Collateral Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (vi) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class D Cash Collateral Account, the funds on deposit therein from time to time or the investments made with such funds; and (vii) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (ii) through (vii) are referred to, collectively, as the "Class D Cash Collateral Account Collateral"). The Trustee shall, for the benefit of the Class D Noteholders, possess all right, title and interest in all funds on deposit from time to time in the Class D Cash Collateral Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class D Cash Collateral Account. The Class D Cash Collateral Account shall be under the sole dominion and control of the Trustee for the benefit of the Class D Noteholders. The Series 2023-6 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class D Cash Collateral Account; (ii) that its jurisdiction as a securities intermediary is New York, (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class D Cash Collateral Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(c) Class A/B/C Letter of Credit Expiration Date. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class A/B/C Notes and

available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-6 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class A/B/C Enhancement Amount would be equal to or more than the Class A/B/C Required Enhancement Amount and the Class A/B/C Liquidity Amount would be equal to or greater than the Class A/B/C Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of such determination. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class A/B/C Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-6 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class A/B/C Enhancement Amount would be less than the Class A/B/C Required Enhancement Amount or the Class A/B/C Liquidity Amount would be less than the Class A/B/C Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of (x) the greater of (A) the excess, if any, of the Class A/B/C Required Enhancement Amount over the Class A/B/C Enhancement Amount, excluding the amount allocated to the Class A/B/C Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-6 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (B) the excess, if any, of the Class A/B/C Required Liquidity Amount over the Class A/B/C Liquidity Amount, excluding the amount allocated to the Class A/B/C Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-6 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (y) the amount allocated to the Class A/B/C Notes and available to be drawn on such expiring Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw the lesser of the amounts set forth in clauses (x) and (y) above on such expiring Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class A/B/C Cash Collateral Account.

If the Trustee does not receive the notice from the Administrator described in the first paragraph of this Section 2.8(c) on or prior to the date that is two (2) Business Days prior to each Multi-Series Letter of Credit Expiration Date, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw the full amount allocated to the Class A/B/C Notes under such Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class A/B/C Cash Collateral Account.

(d) Class D Letter of Credit Expiration Date. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to

any Multi-Series Letter of Credit, excluding the amount allocated to the Class D Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-6 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class D Enhancement Amount would be equal to or more than the Class D Required Enhancement Amount and the Class D Liquidity Amount would be equal to or greater than the Class D Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of such determination. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class D Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-6 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class D Enhancement Amount would be less than the Class D Required Enhancement Amount or the Class D Liquidity Amount would be less than the Class D Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of (x) the greater of (A) the excess, if any, of the Class D Required Enhancement Amount over the Class D Enhancement Amount, excluding the amount allocated to the Class D Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-6 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (B) the excess, if any, of the Class D Required Liquidity Amount over the Class D Liquidity Amount, excluding the amount allocated to the Class D Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-6 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (y) the amount allocated to the Class D Notes and available to be drawn on such expiring Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw the lesser of the amounts set forth in clauses (x) and (y) above on such expiring Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class D Cash Collateral Account.

If the Trustee does not receive the notice from the Administrator described in the first paragraph of this Section 2.8(d) on or prior to the date that is two (2) Business Days prior to each Multi-Series Letter of Credit Expiration Date, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw the full amount allocated to the Class D Notes under such Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class D Cash Collateral Account.

(e) Multi-Series Letter of Credit Providers. The Administrator shall notify the Trustee in writing within one (1) Business Day of becoming aware that (i) the long-term senior

unsecured debt credit rating of any Multi-Series Letter of Credit Provider has fallen below “A1” as determined by Moody’s or “A+” as determined by Fitch or (ii) the short-term senior unsecured debt credit rating of any Multi-Series Letter of Credit Provider has fallen below “P-1” as determined by Moody’s or “F1” as determined by Fitch. At such time the Administrator shall also notify the Trustee of (I)(i) if such Multi-Series Letter of Credit Provider has issued a Multi-Series Letter of Credit with respect to the Class A/B/C Notes, the greater of (A) the excess, if any, of the Class A/B/C Required Enhancement Amount over the Class A/B/C Enhancement Amount, excluding the available amount allocated to the Class A/B/C Notes under the Multi-Series Letter of Credit issued by such Multi-Series Letter of Credit Provider, on such date, and (B) the excess, if any, of the Class A/B/C Required Liquidity Amount over the Class A/B/C Liquidity Amount, excluding the available amount allocated to the Class A/B/C Notes under such Multi-Series Letter of Credit, on such date, and (ii) the amount allocated to the Class A/B/C Notes and available to be drawn on such Multi-Series Letter of Credit on such date and/or (II)(i) if such Multi-Series Letter of Credit Provider has issued a Multi-Series Letter of Credit with respect to the Class D Notes, the greater of (A) the excess, if any, of the Class D Required Enhancement Amount over the Class D Enhancement Amount, excluding the available amount allocated to the Class D Notes under such Multi-Series Letter of Credit issued by such Multi-Series Letter of Credit Provider, on such date, and (B) the excess, if any, of the Class D Required Liquidity Amount over the Class D Liquidity Amount, excluding the available amount allocated to the Class D Notes under such Multi-Series Letter of Credit, on such date, and (ii) the amount allocated to the Class D Notes and available to be drawn on such Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw on each such Multi-Series Letter of Credit, (i) with respect to the Class A/B/C Notes, in an amount equal to the lesser of the amounts in clause (I)(i) and clause (I) of the immediately preceding sentence and (ii) with respect to the Class D Notes, in an amount equal to the lesser of the amounts in clause (II)(i) and clause (II)(ii) of the immediately preceding sentence, in each case, on such Business Day by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement allocated to the Class A/B/C Notes with respect to the Multi-Series Letter of Credit to be deposited in the Class A/B/C Cash Collateral Account and the Termination Disbursement allocated to the Class D Notes with respect to the Multi-Series Letter of Credit to be deposited in the Class D Cash Collateral Account.

(f) Termination Date Demands on the Multi-Series Letters of Credit. Prior to 10:00 a.m. (New York City time) on the Business Day immediately succeeding the Multi-Series Letter of Credit Termination Date, the Administrator shall determine the Series 2023-6 Demand Note Payment Amount, if any, as of the Multi-Series Letter of Credit Termination Date and, if the Series 2023-6 Demand Note Payment Amount is greater than zero, instruct the Trustee in writing to draw on the Multi-Series Letters of Credit as described herein. Upon receipt of any such notice by the Trustee on or prior to 11:00 a.m. (New York City time) on a Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw an amount (I) on each such Multi-Series Letter of Credit allocable to the Class A/B/C Notes equal to the lesser of (i) the Series 2023-6 Demand Note Payment Amount and (ii) the Class A/B/C Letter of Credit Liquidity Amount on the Multi-Series Letters of Credit by presenting to each relevant Multi-Series Letter of Credit Provider a draft for each such Multi-Series Letter of Credit accompanied by a Certificate of

Termination Date Demand and shall cause the Termination Date Disbursement on a Multi-Series Letter of Credit allocable to the Class A/B/C Notes to be deposited in the Class A/B/C Cash Collateral Account; provided, however, that if the Class A/B/C Cash Collateral Account has been established and funded, the Trustee shall draw an amount equal to the product of (a) 100% minus the Class A/B/C Cash Collateral Percentage and (b) the lesser of the amounts referred to in clause (i) and (ii) on such Business Day on the Multi-Series Letters of Credit, as calculated by the Administrator and provided in writing to the Trustee and (II) on each such Multi-Series Letter of Credit allocable to the Class D Notes equal to the lesser of (i) the excess of (x) the Series 2023-6 Demand Note Payment Amount over (y) the amounts drawn on the Multi-Series Letter of Credit pursuant to this Section 2.8(f) that are allocable to the Class D Notes and (ii) the Class D Letter of Credit Liquidity Amount on the Multi-Series Letters of Credit by presenting to each relevant Multi-Series Letter of Credit Provider a draft for each such Multi-Series Letter of Credit accompanied by a Certificate of Termination Date Demand and shall cause the Termination Date Disbursement on a Multi-Series Letter of Credit allocable to the Class D Notes to be deposited in the Class D Cash Collateral Account; provided, however, that if the Class D Cash Collateral Account has been established and funded, the Trustee shall draw an amount equal to the product of (a) 100% minus the Class D Cash Collateral Percentage and (b) the lesser of the amounts referred to in clause (i) and (ii) on such Business Day on the Multi-Series Letters of Credit, as calculated by the Administrator and provided in writing to the Trustee.

(g) Draws on the Multi-Series Letters of Credit. If there is more than one Multi-Series Letter of Credit with respect to the Class A/B/C Notes on the date of any draw on the Multi-Series Letters of Credit with respect to the Class A/B/C Notes pursuant to the terms of this Supplement, the Administrator shall instruct the Trustee, in writing, to draw on each Multi-Series Letter of Credit in an amount equal to the Class A/B/C Pro Rata Share of the Multi-Series Letter of Credit Provider issuing such Multi-Series Letter of Credit of the amount of such draw on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes. If there is more than one Multi-Series Letter of Credit with respect to the Class D Notes on the date of any draw on the Multi-Series Letters of Credit with respect to the Class D Notes pursuant to the terms of this Supplement, the Administrator shall instruct the Trustee, in writing, to draw on each Multi-Series Letter of Credit in an amount equal to the Class D Pro Rata Share of the Multi-Series Letter of Credit Provider issuing such Multi-Series Letter of Credit of the amount of such draw on the Multi-Series Letters of Credit allocable to the Class D Notes.

(h) Establishment of Class A/B/C Cash Collateral Account. On or prior to the date of any drawing under a Multi-Series Letter of Credit allocable to the Class A/B/C Notes pursuant to Section 2.8(c), (e) or (f) above, ABRCF shall establish and maintain in the name of the Trustee for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, or cause to be established and maintained, an account (the "Class A/B/C Cash Collateral Account"), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders. The Class A/B/C Cash Collateral Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Cash Collateral Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below "Baa3" by Moody's or "BBB-"

by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class A/B/C Cash Collateral Account with a new Qualified Institution or a new segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Cash Collateral Account. If a new Class A/B/C Cash Collateral Account is established, ABRCF shall instruct the Trustee in writing to transfer all cash and investments from the non-qualifying Class A/B/C Cash Collateral Account into the new Class A/B/C Cash Collateral Account.

(i) Administration of the Class A/B/C Cash Collateral Account. ABRCF may instruct (by standing instructions or otherwise) the institution maintaining the Class A/B/C Cash Collateral Account to invest funds on deposit in the Class A/B/C Cash Collateral Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class A/B/C Cash Collateral Account is held with the Paying Agent, in which case such investment may mature on such Distribution Date so long as such funds shall be available for withdrawal on or prior to such Distribution Date; provided further, that in the case of Permitted Investments held in the Class A/B/C Cash Collateral Account and so long as any Class A Note, Class B Note or Class C Note is rated by Fitch (x) any Permitted Investment set forth in clauses (ii), (iii), (vi) and (vii) of the definition thereof will have a rating of “AA-” or “F1+” by Fitch and (y) any Permitted Investment set forth in clause (v) of the definition thereof will either have a rating of “AAmmf” by Fitch or, if such fund is not rated by Fitch, the then highest rating from two nationally recognized investment rating agencies (other than Fitch). All such Permitted Investments will be credited to the Class A/B/C Cash Collateral Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class A/B/C Cash Collateral Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class A/B/C Cash Collateral Account shall remain uninvested.

(j) Establishment of Class D Cash Collateral Account. On or prior to the date of any drawing under a Multi-Series Letter of Credit allocable to the Class D Notes pursuant to Section 2.8(d), (e) or (f) above, ABRCF shall establish and maintain in the name of the Trustee for the benefit of the Class D Noteholders, or cause to be established and maintained, an account (the “Class D Cash Collateral Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class D Noteholders. The Class D Cash Collateral Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Cash Collateral Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution

or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class D Cash Collateral Account with a new Qualified Institution or a new segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Cash Collateral Account. If a new Class D Cash Collateral Account is established, ABRCF shall instruct the Trustee in writing to transfer all cash and investments from the non-qualifying Class D Cash Collateral Account into the new Class D Cash Collateral Account.

(k) Administration of the Class D Cash Collateral Account. ABRCF may instruct (by standing instructions or otherwise) the institution maintaining the Class D Cash Collateral Account to invest funds on deposit in the Class D Cash Collateral Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class D Cash Collateral Account is held with the Paying Agent, in which case such investment may mature on such Distribution Date so long as such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Class D Cash Collateral Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class D Cash Collateral Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class D Cash Collateral Account shall remain uninvested.

(l) Earnings from Series 2023-6 Cash Collateral Accounts. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Series 2023-6 Cash Collateral Accounts shall be deemed to be on deposit therein and available for distribution.

(m) Series 2023-6 Cash Collateral Account Surplus. In the event that the Class A/B/C Cash Collateral Account Surplus on any Distribution Date (or, after the Multi-Series Letter of Credit Termination Date, on any date) is greater than zero, the Trustee, acting in accordance with the written instructions of the Administrator, shall withdraw from the Class A/B/C Cash Collateral Account an amount equal to the Class A/B/C Cash Collateral Account Surplus and shall pay such amount: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings with respect to any Class A/B/C Letters of Credit under the related Series 2023-6 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-6 Reimbursement Agreement, and, second, to ABRCF any remaining amount. In the event that the Class D Cash Collateral Account Surplus on any Distribution Date (or, after the Multi-Series Letter of Credit Termination Date, on any date) is greater than zero, the Trustee, acting in accordance with the written instructions of the Administrator, shall withdraw from the

Class D Cash Collateral Account an amount equal to the Class D Cash Collateral Account Surplus and shall pay such amount: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings allocable to the Class D Notes with respect to any Multi-Series Letters of Credit under the related Series 2023-6 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-6 Reimbursement Agreement, and, second, to ABRCF any remaining amount.

(n) Termination of Series 2023-6 Cash Collateral Account. Upon the termination of this Supplement in accordance with its terms, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Series 2023-6 Noteholders and payable from any Series 2023-6 Cash Collateral Account as provided herein, shall (i) withdraw from the Class A/B/C Cash Collateral Account all amounts on deposit therein (to the extent not withdrawn pursuant to Section 2.8(m) above) and shall pay such amounts: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings with respect to any Class A/B/C Letters of Credit under the related Series 2023-6 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-6 Reimbursement Agreement, and, second, to ABRCF any remaining amount and (ii) withdraw from the Class D Cash Collateral Account all amounts on deposit therein (to the extent not withdrawn pursuant to Section 2.8(m) above) and shall pay such amounts: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings allocable to the Class D Notes with respect to any Multi-Series Letters of Credit under the related Series 2023-6 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-6 Reimbursement Agreement, and, second, to ABRCF any remaining amount.

Section 2.9. Series 2023-6 Distribution Account. (a) Establishment of Series 2023-6 Distribution Account. ABRCF has established and shall maintain in the name of the Trustee for the benefit of the Series 2023-6 Noteholders, or cause to be established and maintained, an account (the “Series 2023-6 Distribution Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Series 2023-6 Noteholders. The Series 2023-6 Distribution Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Series 2023-6 Distribution Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s or “BBB-” by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Series 2023-6 Distribution Account with a new Qualified Institution. If the Series 2023-6 Distribution Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Series 2023-6 Distribution Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-6 Agent in writing to transfer all cash and investments from the non-qualifying Series 2023-6 Distribution Account into the new Series 2023-6 Distribution Account. The Series 2023-6 Distribution Account has initially been established with The Bank of New York Mellon Trust Company, N.A.

(b) Administration of the Series 2023-6 Distribution Account. The Administrator may instruct the institution maintaining the Series 2023-6 Distribution Account to invest funds on deposit in the Series 2023-6 Distribution Account from time to time in Permitted

Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Series 2023-6 Distribution Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Series 2023-6 Distribution Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee's security interest in the Permitted Investments credited to the Series 2023-6 Distribution Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investment prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investment. In the absence of written investment instructions hereunder, funds on deposit in the Series 2023-6 Distribution Account shall remain uninvested.

(c) Earnings from Series 2023-6 Distribution Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Series 2023-6 Distribution Account shall be deemed to be on deposit and available for distribution.

(d) Series 2023-6 Distribution Account Constitutes Additional Collateral for Series 2023-6 Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2023-6 Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Series 2023-6 Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Series 2023-6 Distribution Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Series 2023-6 Distribution Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Series 2023-6 Distribution Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Series 2023-6 Distribution Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (i) through (vi) are referred to, collectively, as the "Series 2023-6 Distribution Account Collateral"). The Trustee shall possess all right, title and interest in all funds on deposit from time to time in the Series 2023-6 Distribution Account and in and to all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Series 2023-6 Distribution Account. The Series 2023-6 Distribution Account Collateral shall be under the sole dominion and control of the Trustee for the benefit of the Series 2023-6 Noteholders. The Series 2023-6 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Series 2023-6 Distribution Account; (ii) that its jurisdiction as securities intermediary is New York, (iii) that each item of

(e) To permit registrations of transfers and exchanges, ABRCF shall execute and the Trustee shall authenticate the Class D Notes, subject to such rules as the Trustee may reasonably require. No service charge to the Class D Noteholder shall be made for any registration of transfer or exchange (except as otherwise expressly permitted herein), but the Registrar may require payment of a sum sufficient to cover any transfer tax or similar government charge payable in connection therewith (other than any such transfer tax or similar governmental charge payable upon exchanges pursuant to Section 2.13 of the Base Indenture in which event the Registrar will be responsible for the payment of any such taxes).

(f) All Class D Notes issued upon any registration of transfer or exchange of Class D Notes shall be the valid obligations of ABRCF, evidencing the same debt, and entitled to the same benefits under this Indenture, as the Class D Notes surrendered upon such registration of transfer or exchange.

(h) By its acceptance of a Class D Note, each Class D Noteholder and Class D Note Owner shall be deemed to have represented and warranted that its purchase and holding of the Class D Note will not, throughout the term of its holding an interest therein, constitute a non-exempt "prohibited transaction" under Section 406(a) of ERISA or Section 4975 of the Code.

(iv) Class D Letter of Credit Draw. In the event that either (x) on or prior to 10:00 a.m. (New York City time) on the Business Day prior to such Distribution Date, any Demand Note Issuer shall have failed to pay to the Trustee or deposit into the Series 2023-7 Distribution Account the amount specified in such Demand Notice in whole or in part or (y) due to the occurrence of an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of 60 consecutive days) with respect to any Demand Note Issuer, the Trustee shall not have delivered such Demand Notice to any Demand Note Issuer on the second Business Day preceding such Distribution Date, then, in the case of (x) or (y) the Trustee shall on such Business Day draw on the Multi-Series Letters of Credit with respect to the Class D Notes,

if any, an amount allocable to the Class D Notes equal to the lesser of (i) Class D Letter of Credit Amount and (ii) the excess of (A) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-7 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (B) the amount deposited into the Series 2023-7 Distribution Account in accordance with Section 2.5(e)(ii) and (iii) above, by presenting to each Multi-Series Letter of Credit Provider with respect to the Class D Notes a draft accompanied by a Certificate of Unpaid Demand Note Demand; provided, however, that if the Class D Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class D Cash Collateral Account and deposit in the Series 2023-7 Distribution Account an amount equal to the lesser of (x) the Class D Cash Collateral Percentage on such Business Day of the excess of (A) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-7 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (B) the amount deposited into the Series 2023-7 Distribution Account in accordance with Section 2.5(e)(ii) and (iii) above and (y) the Class D Available Cash Collateral Account Amount on such Business Day and draw an amount equal to the remainder of such excess on the Multi-Series Letters of Credit allocable to the Class D Notes. When any payment, deposit, draw or withdrawal hereunder or under any other Related Document is required to be made by the Trustee or the Paying Agent at or prior to a specified time, the Administrator shall deliver any applicable written instructions with respect thereto reasonably in advance of such specified time.

Section 2.7. Series 2023-7 Reserve Accounts. (a) Establishment of Class A/B/C Reserve Account. ABRCF has established and shall maintain in the name of the Series 2023-7 Agent for the benefit of the Class A Noteholders, the Class B Noteholders, the Class C Noteholders and the Class D Noteholders, or cause to be established and maintained, an account (the "Class A/B/C Reserve Account"), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Series 2023-7 Noteholders. The Class A/B/C Reserve Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Reserve Account; provided, however, that, if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below "Baa3" by Moody's or "BBB-" by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class A/B/C Reserve Account with a new Qualified Institution. If the Class A/B/C Reserve Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Class A/B/C Reserve Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-7 Agent in writing to transfer all cash and investments from the non-qualifying Class A/B/C Reserve Account into the new Class A/B/C Reserve Account. The Class A/B/C Reserve Account has initially been established with The Bank of New York Mellon Trust Company, N.A.

(b) Administration of the Class A/B/C Reserve Account. The Administrator may instruct the institution maintaining the Class A/B/C Reserve Account to invest funds on deposit in the Class A/B/C Reserve Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class A/B/C Reserve Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date; provided further, that in the case of Permitted Investments

held in the Series 2023-7 Reserve Account and so long as any Series 2023-7 Note is rated by Fitch (x) any Permitted Investment set forth in clauses (ii), (iii), (vi) and (vii) of the definition thereof will have a rating of “AA-” or “F1+” by Fitch and (y) any Permitted Investment set forth in clause (v) of the definition thereof will either have a rating of “AAAmmf” by Fitch or, if such fund is not rated by Fitch, the then highest rating from two nationally recognized investment rating agencies (other than Fitch). All such Permitted Investments will be credited to the Class A/B/C Reserve Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class A/B/C Reserve Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investment prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investment. In the absence of written investment instructions hereunder, funds on deposit in the Class A/B/C Reserve Account shall remain uninvested.

(c) Earnings from Class A/B/C Reserve Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Class A/B/C Reserve Account shall be deemed to be on deposit therein and available for distribution.

(d) Class A/B/C Reserve Account Constitutes Additional Collateral for Series 2023-7 Senior Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2023-7 Senior Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Series 2023-7 Noteholders, all of ABRCF’s right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Class A/B/C Reserve Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Class A/B/C Reserve Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Class A/B/C Reserve Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class A/B/C Reserve Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (i) through (vi) are referred to, collectively, as the “Class A/B/C Reserve Account Collateral”). The Trustee shall possess all right, title and interest in and to all funds on deposit from time to time in the Class A/B/C Reserve Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class A/B/C Reserve Account. The Class A/B/C Reserve Account Collateral shall be under the sole dominion and control of the Trustee for the benefit of the Series 2023-7 Noteholders. The Series 2023-7 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class A/B/C Reserve Account; (ii) that its jurisdiction as

securities intermediary is New York; (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class A/B/C Reserve Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(e) Class A/B/C Reserve Account Surplus. In the event that the Class A/B/C Reserve Account Surplus on any Distribution Date, after giving effect to all withdrawals from the Class A/B/C Reserve Account, is greater than zero, if no Series 2023-7 Enhancement Deficiency or AESOP I Operating Lease Vehicle Deficiency would result therefrom or exist thereafter, the Trustee, acting in accordance with the written instructions of the Administrator pursuant to the Administration Agreement, shall withdraw from the Class A/B/C Reserve Account an amount equal to the Class A/B/C Reserve Account Surplus and shall (i) transfer an amount equal to the excess, if any, of the Class D Required Liquidity Amount as of such date over the Class D Liquidity Amount as of such date to the Class D Reserve Account and (ii) pay any remaining Class A/B/C Reserve Account Surplus to ABRCF.

(f) Termination of Class A/B/C Reserve Account. Upon the termination of the Indenture pursuant to Section 11.1 of the Base Indenture, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Holders of the Class A Notes, Class B Notes or Class C Notes and payable from the Class A/B/C Reserve Account as provided herein, shall withdraw from the Class A/B/C Reserve Account all amounts on deposit therein for payment to ABRCF.

(g) Establishment of Class D Reserve Account. ABRCF shall establish and maintain in the name of the Series 2023-7 Agent for the benefit of the Class D Noteholders, or cause to be established and maintained, an account (the “Class D Reserve Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class D Noteholders. The Class D Reserve Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Reserve Account; provided that, if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class D Reserve Account with a new Qualified Institution. If the Class D Reserve Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Class D Reserve Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-7 Agent in writing to transfer all cash and investments from the non-qualifying Class D Reserve Account into the new Class D Reserve Account. Initially, the Class D Reserve Account will be established with The Bank of New York Mellon Trust Company, N.A.

(h) Administration of the Class D Reserve Account. The Administrator may instruct the institution maintaining the Class D Reserve Account to invest funds on deposit in the Class D Reserve Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in

the Class D Reserve Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Class D Reserve Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee's security interest in the Permitted Investments credited to the Class D Reserve Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class D Reserve Account shall remain uninvested.

(i) Earnings from Class D Reserve Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Class D Reserve Account shall be deemed to be on deposit therein and available for distribution.

(j) Class D Reserve Account Constitutes Additional Collateral for Class D Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Class D Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Class D Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Class D Reserve Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Class D Reserve Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Class D Reserve Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class D Reserve Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (i) through (vi) are referred to, collectively, as the "Class D Reserve Account Collateral"). The Trustee shall possess all right, title and interest in and to all funds on deposit from time to time in the Class D Reserve Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class D Reserve Account. The Class D Reserve Account Collateral shall be under the sole dominion and control of the Trustee for the benefit of the Class D Noteholders. The Series 2023-7 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class D Reserve Account; (ii) that its jurisdiction as securities intermediary is New York; (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class D Reserve Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(k) Class D Reserve Account Surplus. In the event that the Class D Reserve Account Surplus on any Distribution Date, after giving effect to all withdrawals from the Class D Reserve Account, is greater than zero, if no Series 2023-7 Enhancement Deficiency or AESOP I Operating Lease Vehicle Deficiency would result therefrom or exist thereafter, the Trustee, acting in accordance with the written instructions of the Administrator pursuant to the Administration Agreement, shall withdraw from the Class D Reserve Account an amount equal to the Class D Reserve Account Surplus and shall pay such amount to ABRCF.

(l) Termination of Class D Reserve Account. Upon the termination of the Indenture pursuant to Section 11.1 of the Base Indenture, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Class D Noteholders and payable from the Class D Reserve Account as provided herein, shall withdraw from the Class D Reserve Account all amounts on deposit therein for payment to ABRCF.

(f) Termination Date Demands on the Multi-Series Letters of Credit. Prior to 10:00 a.m. (New York City time) on the Business Day immediately succeeding the Multi-Series Letter of Credit Termination Date, the Administrator shall determine the Series 2023-7 Demand Note Payment Amount, if any, as of the Multi-Series Letter of Credit Termination Date and, if the Series 2023-7 Demand Note Payment Amount is greater than zero, instruct the Trustee in writing to draw on the Multi-Series Letters of Credit as described herein. Upon receipt of any such notice by the Trustee on or prior to 11:00 a.m. (New York City time) on a Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw an amount (I) on each such Multi-Series Letter of Credit allocable to the Class A/B/C Notes equal to the lesser of (i) the Series 2023-7 Demand Note Payment Amount and (ii) the Class A/B/C Letter of Credit Liquidity Amount on the Multi-Series Letters of Credit by presenting to each relevant Multi-Series Letter of Credit Provider a draft for each such Multi-Series Letter of Credit accompanied by a Certificate of Termination Date Demand and shall cause the Termination Date Disbursement on a Multi-Series Letter of Credit allocable to the Class A/B/C Notes to be deposited in the Class A/B/C Cash Collateral Account; provided, however, that if the Class A/B/C Cash Collateral Account has been established and funded, the Trustee shall draw an amount equal to the product of (a) 100% minus the Class A/B/C Cash Collateral Percentage and (b) the lesser of the amounts referred to in clause (i) and (ii) on such Business Day on the Multi-Series Letters of Credit, as calculated by the Administrator and provided in writing to the Trustee and (II) on each such Multi-Series Letter of Credit allocable to the Class D Notes equal to the lesser of (i) the excess of (x) the Series 2023-7 Demand Note Payment Amount over (y) the amounts drawn on the Multi-Series Letter of Credit

pursuant to this Section 2.8(f) that are allocable to the Class D Notes and (ii) the Class D Letter of Credit Liquidity Amount on the Multi-Series Letters of Credit by presenting to each relevant Multi-Series Letter of Credit Provider a draft for each such Multi-Series Letter of Credit accompanied by a Certificate of Termination Date Demand and shall cause the Termination Date Disbursement on a Multi-Series Letter of Credit allocable to the Class D Notes to be deposited in the Class D Cash Collateral Account; provided, however, that if the Class D Cash Collateral Account has been established and funded, the Trustee shall draw an amount equal to the product of (a) 100% minus the Class D Cash Collateral Percentage and (b) the lesser of the amounts referred to in clause (i) and (ii) on such Business Day on the Multi-Series Letters of Credit, as calculated by the Administrator and provided in writing to the Trustee.

(g) Draws on the Multi-Series Letters of Credit. If there is more than one Multi-Series Letter of Credit with respect to the Class A/B/C Notes on the date of any draw on the Multi-Series Letters of Credit with respect to the Class A/B/C Notes pursuant to the terms of this Supplement, the Administrator shall instruct the Trustee, in writing, to draw on each Multi-Series Letter of Credit in an amount equal to the Class A/B/C Pro Rata Share of the Multi-Series Letter of Credit Provider issuing such Multi-Series Letter of Credit of the amount of such draw on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes. If there is more than one Multi-Series Letter of Credit with respect to the Class D Notes on the date of any draw on the Multi-Series Letters of Credit with respect to the Class D Notes pursuant to the terms of this Supplement, the Administrator shall instruct the Trustee, in writing, to draw on each Multi-Series Letter of Credit in an amount equal to the Class D Pro Rata Share of the Multi-Series Letter of Credit Provider issuing such Multi-Series Letter of Credit of the amount of such draw on the Multi-Series Letters of Credit allocable to the Class D Notes.

(h) Establishment of Class A/B/C Cash Collateral Account. On or prior to the date of any drawing under a Multi-Series Letter of Credit allocable to the Class A/B/C Notes pursuant to Section 2.8(c), (e) or (f) above, ABRCF shall establish and maintain in the name of the Trustee for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, or cause to be established and maintained, an account (the “Class A/B/C Cash Collateral Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders. The Class A/B/C Cash Collateral Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Cash Collateral Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s or “BBB-” by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class A/B/C Cash Collateral Account with a new Qualified Institution or a new segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Cash Collateral Account. If a new Class A/B/C Cash Collateral Account is established, ABRCF shall instruct the Trustee in writing to transfer all cash and investments from the non-qualifying Class A/B/C Cash Collateral Account into the new Class A/B/C Cash Collateral Account.

(i) Administration of the Class A/B/C Cash Collateral Account. ABRCF may instruct (by standing instructions or otherwise) the institution maintaining the Class A/B/C Cash Collateral Account to invest funds on deposit in the Class A/B/C Cash Collateral Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class A/B/C Cash Collateral Account is held with the Paying Agent, in which case such investment may mature on such Distribution Date so long as such funds shall be available for withdrawal on or prior to such Distribution Date; provided further, that in the case of Permitted Investments held in the Class A/B/C Cash Collateral Account and so long as any Class A Note, Class B Note or Class C Note is rated by Fitch (x) any Permitted Investment set forth in clauses (ii), (iii), (vi) and (vii) of the definition thereof will have a rating of “AA-” or “F1+” by Fitch and (y) any Permitted Investment set forth in clause (v) of the definition thereof will either have a rating of “AAAmf” by Fitch or, if such fund is not rated by Fitch, the then highest rating from two nationally recognized investment rating agencies (other than Fitch). All such Permitted Investments will be credited to the Class A/B/C Cash Collateral Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class A/B/C Cash Collateral Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class A/B/C Cash Collateral Account shall remain uninvested.

(j) Establishment of Class D Cash Collateral Account. On or prior to the date of any drawing under a Multi-Series Letter of Credit allocable to the Class D Notes pursuant to Section 2.8(d), (e) or (f) above, ABRCF shall establish and maintain in the name of the Trustee for the benefit of the Class D Noteholders, or cause to be established and maintained, an account (the “Class D Cash Collateral Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class D Noteholders. The Class D Cash Collateral Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Cash Collateral Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class D Cash Collateral Account with a new Qualified Institution or a new segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Cash Collateral Account. If a new Class D Cash Collateral Account is established, ABRCF shall

instruct the Trustee in writing to transfer all cash and investments from the non-qualifying Class D Cash Collateral Account into the new Class D Cash Collateral Account.

(k) Administration of the Class D Cash Collateral Account. ABRCF may instruct (by standing instructions or otherwise) the institution maintaining the Class D Cash Collateral Account to invest funds on deposit in the Class D Cash Collateral Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class D Cash Collateral Account is held with the Paying Agent, in which case such investment may mature on such Distribution Date so long as such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Class D Cash Collateral Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee's security interest in the Permitted Investments credited to the Class D Cash Collateral Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class D Cash Collateral Account shall remain uninvested.

(l) Earnings from Series 2023-7 Cash Collateral Accounts. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Series 2023-7 Cash Collateral Accounts shall be deemed to be on deposit therein and available for distribution.

(m) Series 2023-7 Cash Collateral Account Surplus. In the event that the Class A/B/C Cash Collateral Account Surplus on any Distribution Date (or, after the Multi-Series Letter of Credit Termination Date, on any date) is greater than zero, the Trustee, acting in accordance with the written instructions of the Administrator, shall withdraw from the Class A/B/C Cash Collateral Account an amount equal to the Class A/B/C Cash Collateral Account Surplus and shall pay such amount: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings with respect to any Class A/B/C Letters of Credit under the related Series 2023-7 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-7 Reimbursement Agreement, and, second, to ABRCF any remaining amount. In the event that the Class D Cash Collateral Account Surplus on any Distribution Date (or, after the Multi-Series Letter of Credit Termination Date, on any date) is greater than zero, the Trustee, acting in accordance with the written instructions of the Administrator, shall withdraw from the Class D Cash Collateral Account an amount equal to the Class D Cash Collateral Account Surplus and shall pay such amount: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings allocable to the Class D Notes with respect to any Multi-Series Letters of Credit under the related Series 2023-7 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-7 Reimbursement Agreement, and, second, to ABRCF any remaining amount.

(n) Termination of Series 2023-7 Cash Collateral Account. Upon the termination of this Supplement in accordance with its terms, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Series 2023-7 Noteholders and payable from any Series 2023-7 Cash Collateral Account as provided herein, shall (i) withdraw from the Class A/B/C Cash Collateral Account all amounts on deposit therein (to the extent not withdrawn pursuant to Section 2.8(m) above) and shall pay such amounts: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings with respect to any Class A/B/C Letters of Credit under the related Series 2023-7 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-7 Reimbursement Agreement, and, second, to ABRCF any remaining amount and (ii) withdraw from the Class D Cash Collateral Account all amounts on deposit therein (to the extent not withdrawn pursuant to Section 2.8(m) above) and shall pay such amounts: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings allocable to the Class D Notes with respect to any Multi-Series Letters of Credit under the related Series 2023-7 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-7 Reimbursement Agreement, and, second, to ABRCF any remaining amount.

Section 2.9. Series 2023-7 Distribution Account. (a) Establishment of Series 2023-7 Distribution Account. ABRCF has established and shall maintain in the name of the Trustee for the benefit of the Series 2023-7 Noteholders, or cause to be established and maintained, an account (the “Series 2023-7 Distribution Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Series 2023-7 Noteholders. The Series 2023-7 Distribution Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Series 2023-7 Distribution Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s or “BBB-” by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Series 2023-7 Distribution Account with a new Qualified Institution. If the Series 2023-7 Distribution Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Series 2023-7 Distribution Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-7 Agent in writing to transfer all cash and investments from the non-qualifying Series 2023-7 Distribution Account into the new Series 2023-7 Distribution Account. The Series 2023-7 Distribution Account has initially been established with The Bank of New York Mellon Trust Company, N.A.

(b) Administration of the Series 2023-7 Distribution Account. The Administrator may instruct the institution maintaining the Series 2023-7 Distribution Account to invest funds on deposit in the Series 2023-7 Distribution Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Series 2023-7 Distribution Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Series 2023-7 Distribution Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a

security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee's security interest in the Permitted Investments credited to the Series 2023-7 Distribution Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investment prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investment. In the absence of written investment instructions hereunder, funds on deposit in the Series 2023-7 Distribution Account shall remain uninvested.

(c) Earnings from Series 2023-7 Distribution Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Series 2023-7 Distribution Account shall be deemed to be on deposit and available for distribution.

(d) Series 2023-7 Distribution Account Constitutes Additional Collateral for Series 2023-7 Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2023-7 Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Series 2023-7 Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Series 2023-7 Distribution Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Series 2023-7 Distribution Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Series 2023-7 Distribution Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Series 2023-7 Distribution Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (i) through (vi) are referred to, collectively, as the "Series 2023-7 Distribution Account Collateral"). The Trustee shall possess all right, title and interest in all funds on deposit from time to time in the Series 2023-7 Distribution Account and in and to all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Series 2023-7 Distribution Account. The Series 2023-7 Distribution Account Collateral shall be under the sole dominion and control of the Trustee for the benefit of the Series 2023-7 Noteholders. The Series 2023-7 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Series 2023-7 Distribution Account; (ii) that its jurisdiction as securities intermediary is New York, (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Series 2023-7 Distribution Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(ii) The terms Rating Agency Confirmation Condition and Rating Agency Consent Condition shall be deemed to be satisfied with respect to Fitch if ABRCF notifies Fitch of the applicable action at least ten (10) calendar days prior to such action (or, if Fitch agrees to less than ten (10) calendar days' notice, such lesser period) and Fitch has not notified ABRCF and the Trustee in writing that such action will result in a reduction or withdrawal of the rating given to the Class A Notes, the Class B Notes or the Class C Notes by Fitch within such ten (10) calendar day (or lesser) period.

(b) The transfer by a transferor (a "Transferor") holding a Class D Note or a beneficial interest therein to a subsequent transferee (a "Transferee") who wishes to take delivery thereof in the form of a Class D Note or beneficial interest therein will be made upon receipt by the Trustee, at the office of the Trustee, of (x) a transfer certificate from the Transferee substantially in the form of Exhibit W-1 and (y) a transfer certificate from the Transferor substantially in the form of Exhibit W-2. For the avoidance of doubt, if a Transferor or Transferee is unable to provide an applicable transfer certificate due to the requirements of such certificate not being satisfied, such transfer shall not be permitted (and any such transfer shall be void ab initio and of no force and effect). Delivery of any such certificate to ABRCF shall be required to be delivered to the email address set forth in Exhibits W-1 and W-2. Any such transfer shall also be made in accordance with the requirements set forth in Section 5.24 to the extent applicable.

Section 5.24. Transfer and Exchange of Definitive Class D Notes for Global Class D Notes. Notwithstanding anything to the contrary contained in this Supplement, the Base Indenture or in any Related Document, and solely with respect to this Supplement and the Definitive Class D Notes issued pursuant to this Supplement, following the Class D Notes Closing Date, the holder of any Definitive Class D Note may transfer the same in exchange for a Global Class D Note in accordance with this Section 5.24. Any other transfer of a Class D Note shall be made in accordance with Section 2.9 of the Base Indenture.

(a) When Definitive Class D Notes are presented to the Registrar or a co-registrar with a request to register a transfer or to exchange them for an equal principal amount of Global Class D Notes of other authorized denominations, the Registrar shall register the transfer or make the exchange if its requirements for such transaction are met; provided, however, that the Definitive Class D Notes surrendered for transfer or exchange at the office maintained by the Transfer Agent for such purpose in the Borough of Manhattan, The City of New York (x) shall be

duly endorsed or accompanied by a written instrument of transfer in form satisfactory to ABRCF and the Registrar, duly executed by the holder thereof or its attorney, duly authorized in writing and (y) shall only be transferred or exchanged in compliance with this Section 5.24.

(b) If interests in a Definitive Class D Note are being transferred to a Restricted Global Class D Note to a Qualified Institutional Buyer in accordance with Rule 144A, each such transferee shall be deemed to have made the representations and agreements set forth in Section 2.9(c)(ii) of the Base Indenture. In addition, such transferee shall be responsible for providing additional information or certification, as shall be reasonably requested by the Trustee, ABRCF or any Placement Agent for such Global Class D Notes, to support the truth and accuracy of such acknowledgements, representations and agreements, it being understood that such additional information is not intended to create additional restrictions on the transfer of the Class D Notes.

(c) If a holder of a beneficial interest in a Definitive Class D Note wishes at any time to exchange its interest in such Definitive Class D Note for an interest in a Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note, or to transfer its interest in such Definitive Class D Note to a Person who wishes to take delivery thereof in the form of an interest in a Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note, such holder may, subject to the rules and procedures of Euroclear or Clearstream and DTC, as the case may be, exchange or cause the exchange or transfer of such interest for an equivalent beneficial interest a Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note. Upon receipt by the Transfer Agent of (i) such Definitive Class D Note properly endorsed for cancellation by such holder or for assignment to the transferee, (ii) a written order given in accordance with the applicable procedures of Euroclear or Clearstream or DTC, as the case may be, containing information regarding the agent member's account with DTC (and/or the Euroclear or Clearstream account, as the case may be) to be credited with such increase and (iii) (x) a transfer certificate substantially in the form of Exhibit W-2 hereto, (y) in the case of a transfer to a Restricted Global Class D Note, a certificate in the form of Exhibit X-3 and (z) in the case of a transfer to a Permanent Global Class D Note or Temporary Global Class D Note, a certificate in the form of Exhibit X-1 or Exhibit X-2, as applicable, the Transfer Agent shall (A) cancel such Definitive Class D Note, record the transfer in the Registrar, (B) if applicable (to the extent of any exchange or transfer in part), re-issue a new Definitive Class D Note for the partial amount to be held in definitive form in accordance with the provisions for the issuance of Definitive Class D Notes in the Base Indenture (as modified by this Supplement) and (C) approve the instructions at Euroclear, Clearstream and/or DTC, as applicable, concurrently with such cancellation and re-issuance (if applicable), to credit or cause to be credited the account specified in such instruction a beneficial interest in the Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note equal to the principal amount of the Definitive Class D Note transferred or exchanged.

(d) ABRCF or the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any exchange or registration of transfer of the Class D Notes. No service charge shall be made for any such transaction.

(e) To permit registrations of transfers and exchanges, ABRCF shall execute and the Trustee shall authenticate the Class D Notes, subject to such rules as the Trustee may

reasonably require. No service charge to the Class D Noteholder shall be made for any registration of transfer or exchange (except as otherwise expressly permitted herein), but the Registrar may require payment of a sum sufficient to cover any transfer tax or similar government charge payable in connection therewith (other than any such transfer tax or similar governmental charge payable upon exchanges pursuant to Section 2.13 of the Base Indenture in which event the Registrar will be responsible for the payment of any such taxes).

(f) All Class D Notes issued upon any registration of transfer or exchange of Class D Notes shall be the valid obligations of ABRCF, evidencing the same debt, and entitled to the same benefits under this Indenture, as the Class D Notes surrendered upon such registration of transfer or exchange.

(g) Prior to due presentment for registration of transfer of any Class D Note, the Trustee, any Agent and ABRCF may deem and treat the Person in whose name any Class D Note is registered (as of the day of determination) as the absolute owner of such Class D Note for the purpose of receiving payment of principal of and interest on such Class D Note and for all other purposes whatsoever, whether or not such Class D Note is overdue, and neither the Trustee, any Agent nor ABRCF shall be affected by notice to the contrary.

(h) By its acceptance of a Class D Note, each Class D Noteholder and Class D Note Owner shall be deemed to have represented and warranted that its purchase and holding of the Class D Note will not, throughout the term of its holding an interest therein, constitute a non-exempt “prohibited transaction” under Section 406(a) of ERISA or Section 4975 of the Code.

IN WITNESS WHEREOF, ABRCF and the Trustee have caused this Supplement to be duly executed by their respective officers thereunto duly authorized as of the day and year first above written.

The Trustee shall cause the proceeds of any demand on the Series 2023-8 Demand Note to be deposited into the Series 2023-8 Distribution Account.

(ii) Class A/B/C Letter of Credit Draw. In the event that either (x) on or prior to 10:00 a.m. (New York City time) on the Business Day prior to such Distribution Date, any Demand Note Issuer shall have failed to pay to the Trustee or deposit into the Series 2023-8 Distribution Account the amount specified in such Demand Notice delivered pursuant to Section 2.5(d)(i) in whole or in part or (y) due to the occurrence of an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of sixty (60) consecutive days) with respect to any Demand Note Issuer, the Trustee shall not have delivered such Demand Notice to any Demand Note Issuer on the second Business Day preceding such Distribution Date, then, in the case of (x) or (y) the Trustee shall on such Business Day draw on the Multi-Series Letters of Credit with respect to the Class A/B/C Notes an amount allocable to the Class A/B/C Notes equal to the lesser of (i) Class A/B/C Letter of Credit Amount and (ii) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-8 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) by presenting to each

(e) Class D Principal Deficit Amount. On each Distribution Date, other than the Series 2023-8 Final Distribution Date, on which the Class A Notes, Class B Notes and Class C Notes will have been paid in full and the Class D Principal Deficit Amount is greater than zero, amounts shall be transferred to the Series 2023-8 Distribution Account as follows:

(i) Demand Note Draw. If on the Determination Date with respect to any such Distribution Date, the Administrator determines that the Class D Principal Deficit Amount with respect to the next succeeding Distribution Date will be greater than zero and there are any Multi-Series Letters of Credit on such date, prior to 10:00 a.m. (New York City time) on the second Business Day prior to such Distribution Date, the Administrator shall instruct the Trustee in writing to deliver a Demand Notice to the Demand Note Issuers demanding payment of an amount equal to the lesser of (A) the Class D Principal Deficit Amount and (B) the sum of (x) the Class A/B/C Letter of Credit Amount and (y) the Class D Letter of Credit Amount. The Trustee shall, prior to 12:00 noon (New York City time) on the second Business Day preceding such Distribution Date, deliver such Demand Notice to the Demand Note Issuers; provided, however, that if an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of 60 consecutive days) with respect to a Demand Note Issuer shall have occurred and be continuing, the Trustee shall not be required to deliver such Demand Notice to such Demand Note Issuer. The Trustee shall cause the proceeds of any demand

on the Series 2023-8 Demand Note to be deposited into the Series 2023-8 Distribution Account.

(ii) Class A/B/C Letter of Credit Draw. In the event that either (x) on or prior to 10:00 a.m. (New York City time) on the Business Day prior to such Distribution Date, any Demand Note Issuer shall have failed to pay to the Trustee or deposit into the Series 2023-8 Distribution Account the amount specified in such Demand Notice delivered pursuant to Section 2.5I(i) in whole or in part or (y) due to the occurrence of an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of 60 consecutive days) with respect to any Demand Note Issuer, the Trustee shall not have delivered such Demand Notice to any Demand Note Issuer on the second Business Day preceding such Distribution Date, then, in the case of (x) or (y) the Trustee shall on such Business Day draw on the Multi-Series Letters of Credit with respect to the Class A/B/C Notes, if any, an amount allocable to the Class A/B/C Notes equal to the lesser of (i) Class A/B/C Letter of Credit Amount and (ii) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-8 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) by presenting to each Multi-Series Letter of Credit Provider with respect to the Class A/B/C Notes a draft accompanied by a Certificate of Unpaid Demand Note Demand; provided, however, that if the Class A/B/C Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class A/B/C Cash Collateral Account and deposit in the Series 2023-8 Distribution Account an amount equal to the lesser of (x) the Class A/B/C Cash Collateral Percentage on such Business Day of the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-8 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) and (y) the Class A/B/C Available Cash Collateral Account Amount on such Business Day and draw an amount equal to the remainder of the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-8 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes. The Trustee shall deposit into, or cause the deposit of, the applicable portion of the proceeds of any draw on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes and the proceeds of any withdrawal from the Class A/B/C Cash Collateral Account to be deposited in the Series 2023-8 Distribution Account.

(iii) Class A/B/C Reserve Account Withdrawal. If the amounts to be deposited in the Series 2023-8 Distribution Account in accordance with Section 2.5(c)(i) and (ii) will be less than the Class D Principal Deficit Amount on any Distribution Date, then, prior to 12:00 noon (New York City time) on the second Business Day prior to such Distribution Date, the Administrator shall instruct the Trustee in writing to withdraw from the Class A/B/C Reserve Account, an amount equal to the lesser of (x) the Class A/B/C Available Reserve Account Amount and (y) the amount by which the Class D Principal Deficit Amount exceeds the amounts to be deposited in the Series 2023-8 Distribution Account in accordance with clauses (i) and (ii) of this Section 2.5(e) and deposit it in the Series 2023-8 Distribution Account on such Distribution Date.

(iv) Class D Letter of Credit Draw. In the event that either (x) on or prior to 10:00 a.m. (New York City time) on the Business Day prior to such Distribution

Date, any Demand Note Issuer shall have failed to pay to the Trustee or deposit into the Series 2023-8 Distribution Account the amount specified in such Demand Notice in whole or in part or (y) due to the occurrence of an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of 60 consecutive days) with respect to any Demand Note Issuer, the Trustee shall not have delivered such Demand Notice to any Demand Note Issuer on the second Business Day preceding such Distribution Date, then, in the case of (x) or (y) the Trustee shall on such Business Day draw on the Multi-Series Letters of Credit with respect to the Class D Notes, if any, an amount allocable to the Class D Notes equal to the lesser of (i) Class D Letter of Credit Amount and (ii) the excess of (A) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-8 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (B) the amount deposited into the Series 2023-8 Distribution Account in accordance with Section 2.5(e)(ii) and (iii) above, by presenting to each Multi-Series Letter of Credit Provider with respect to the Class D Notes a draft accompanied by a Certificate of Unpaid Demand Note Demand; provided, however, that if the Class D Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class D Cash Collateral Account and deposit in the Series 2023-8 Distribution Account an amount equal to the lesser of (x) the Class D Cash Collateral Percentage on such Business Day of the excess of (A) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2023-8 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (B) the amount deposited into the Series 2023-8 Distribution Account in accordance with Section 2.5(e)(ii) and (iii) above and (y) the Class D Available Cash Collateral Account Amount on such Business Day and draw an amount equal to the remainder of such excess on the Multi-Series Letters of Credit allocable to the Class D Notes. The Trustee shall deposit into, or cause the deposit of, the applicable portion of the proceeds of any draw on the Multi-Series Letters of Credit allocable to the Class D Notes and the proceeds of any withdrawal from the Class D Cash Collateral Account to be deposited in the Series 2023-8 Distribution Account.

(v) Class D Reserve Account Withdrawal. If the amounts to be deposited in the Series 2023-8 Distribution Account in accordance with Section 2.5(e)(i) through (iv) will be less than the Class D Principal Deficit Amount on any Distribution Date, then, prior to 12:00 noon (New York City time) on the second Business Day prior to such Distribution Date, the Administrator shall instruct the Trustee in writing to withdraw from the Class D Reserve Account, an amount equal to the lesser of (x) the Class D Available Reserve Account Amount and (y) the amount by which the Class D Principal Deficit Amount exceeds the amounts to be deposited in the Series 2023-8 Distribution Account in accordance with clauses (i) through (iv) of this Section 2.5(e) and deposit it in the Series 2023-8 Distribution Account on such Distribution Date.

Section 2.6. Administrator's Failure to Instruct the Trustee to Make a Deposit, Draw or Payment. If the Administrator fails to give notice or instructions to make (i) any payment from or deposit into the Collection Account, (ii) any draw on the Series 2023-8 Demand Notes or the Multi-Series Letters of Credit or (iii) any withdrawals from any Account, in each case required to be given by the Administrator, at the time specified in the Administration Agreement or any other Related Document (including applicable grace periods), the Trustee shall make such payment or deposit into or from the Collection Account, such draw on the Series 2023-8 Demand Notes or the Multi-Series Letters of Credit, or such withdrawal from such Account, in each case without such notice or instruction from the Administrator; provided, however, that the Administrator, upon request of the Trustee, promptly provides the Trustee with all information necessary to allow the Trustee to make such a payment, deposit, draw or withdrawal. When any payment, deposit, draw or withdrawal hereunder or under any other Related Document is required to be made by the Trustee or the Paying Agent at or prior to a specified time, the Administrator shall deliver any applicable written instructions with respect thereto reasonably in advance of such specified time.

Section 2.7. Series 2023-8 Reserve Accounts. (a) Establishment of Class A/B/C Reserve Account. ABRCF has established and shall maintain in the name of the Series 2023-8 Agent for the benefit of the Class A Noteholders, the Class B Noteholders, the Class C Noteholders and the Class D Noteholders, or cause to be established and maintained, an account (the "Class A/B/C Reserve Account"), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Series 2023-8 Noteholders. The Class A/B/C Reserve Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Reserve Account; provided, however, that, if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below "Baa3" by Moody's or "BBB-" by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class A/B/C Reserve Account with a new Qualified Institution. If the Class A/B/C Reserve Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Class A/B/C Reserve Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-8 Agent in writing to transfer all cash and investments from the non-qualifying Class A/B/C Reserve Account into the new Class A/B/C Reserve Account. The Class A/B/C Reserve Account has initially been established with The Bank of New York Mellon Trust Company, N.A.

(b) Administration of the Class A/B/C Reserve Account. The Administrator may instruct the institution maintaining the Class A/B/C Reserve Account to invest funds on deposit in the Class A/B/C Reserve Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class A/B/C Reserve Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date; provided further, that in the case of Permitted Investments held in the Series 2023-8 Reserve Account and so long as any Series 2023-8 Note is rated by Fitch (x) any Permitted Investment set forth in clauses (ii), (iii), (vi) and (vii) of the definition thereof will have a rating of “AA-” or “F1+” by Fitch and (y) any Permitted Investment set forth in clause (v) of the definition thereof will either have a rating of “AAmmf” by Fitch or, if such fund is not rated by Fitch, the then highest rating from two nationally recognized investment rating agencies (other than Fitch). All such Permitted Investments will be credited to the Class A/B/C Reserve Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class A/B/C Reserve Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investment prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investment. In the absence of written investment instructions hereunder, funds on deposit in the Class A/B/C Reserve Account shall remain uninvested.

(c) Earnings from Class A/B/C Reserve Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Class A/B/C Reserve Account shall be deemed to be on deposit therein and available for distribution.

(d) Class A/B/C Reserve Account Constitutes Additional Collateral for Series 2023-8 Senior Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2023-8 Senior Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Series 2023-8 Noteholders, all of ABRCF’s right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Class A/B/C Reserve Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Class A/B/C Reserve Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Class A/B/C Reserve Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class A/B/C Reserve Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing

clauses (i) through (vi) are referred to, collectively, as the “Class A/B/C Reserve Account Collateral”). The Trustee shall possess all right, title and interest in and to all funds on deposit from time to time in the Class A/B/C Reserve Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class A/B/C Reserve Account. The Class A/B/C Reserve Account Collateral shall be under the sole dominion and control of the Trustee for the benefit of the Series 2023-8 Noteholders. The Series 2023-8 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class A/B/C Reserve Account; (ii) that its jurisdiction as securities intermediary is New York; (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class A/B/C Reserve Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(e) Class A/B/C Reserve Account Surplus. In the event that the Class A/B/C Reserve Account Surplus on any Distribution Date, after giving effect to all withdrawals from the Class A/B/C Reserve Account, is greater than zero, if no Series 2023-8 Enhancement Deficiency or AESOP I Operating Lease Vehicle Deficiency would result therefrom or exist thereafter, the Trustee, acting in accordance with the written instructions of the Administrator pursuant to the Administration Agreement, shall withdraw from the Class A/B/C Reserve Account an amount equal to the Class A/B/C Reserve Account Surplus and shall (i) transfer an amount equal to the excess, if any, of the Class D Required Liquidity Amount as of such date over the Class D Liquidity Amount as of such date to the Class D Reserve Account and (ii) pay any remaining Class A/B/C Reserve Account Surplus to ABRCF.

(f) Termination of Class A/B/C Reserve Account. Upon the termination of the Indenture pursuant to Section 11.1 of the Base Indenture, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Holders of the Class A Notes, Class B Notes or Class C Notes and payable from the Class A/B/C Reserve Account as provided herein, shall withdraw from the Class A/B/C Reserve Account all amounts on deposit therein for payment to ABRCF.

(g) Establishment of Class D Reserve Account. ABRCF shall establish and maintain in the name of the Series 2023-8 Agent for the benefit of the Class D Noteholders, or cause to be established and maintained, an account (the “Class D Reserve Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class D Noteholders. The Class D Reserve Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Reserve Account; provided that, if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class D Reserve Account with a new Qualified Institution. If the Class D Reserve Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Class D Reserve Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-8 Agent in writing to transfer all cash and investments from the non-qualifying Class

D Reserve Account into the new Class D Reserve Account. Initially, the Class D Reserve Account will be established with The Bank of New York Mellon Trust Company, N.A.

(h) Administration of the Class D Reserve Account. The Administrator may instruct the institution maintaining the Class D Reserve Account to invest funds on deposit in the Class D Reserve Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class D Reserve Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Class D Reserve Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee's security interest in the Permitted Investments credited to the Class D Reserve Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class D Reserve Account shall remain uninvested.

(i) Earnings from Class D Reserve Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Class D Reserve Account shall be deemed to be on deposit therein and available for distribution.

(j) Class D Reserve Account Constitutes Additional Collateral for Class D Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Class D Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Class D Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Class D Reserve Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Class D Reserve Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Class D Reserve Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class D Reserve Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (i) through (vi) are referred to, collectively, as the "Class D Reserve Account Collateral"). The Trustee shall possess all right, title and interest in and to all funds on deposit from time to time in the Class D Reserve Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class D Reserve Account. The Class D Reserve Account Collateral shall be under

the sole dominion and control of the Trustee for the benefit of the Class D Noteholders. The Series 2023-8 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class D Reserve Account; (ii) that its jurisdiction as securities intermediary is New York; (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class D Reserve Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(k) Class D Reserve Account Surplus. In the event that the Class D Reserve Account Surplus on any Distribution Date, after giving effect to all withdrawals from the Class D Reserve Account, is greater than zero, if no Series 2023-8 Enhancement Deficiency or AESOP I Operating Lease Vehicle Deficiency would result therefrom or exist thereafter, the Trustee, acting in accordance with the written instructions of the Administrator pursuant to the Administration Agreement, shall withdraw from the Class D Reserve Account an amount equal to the Class D Reserve Account Surplus and shall pay such amount to ABRCF.

(l) Termination of Class D Reserve Account. Upon the termination of the Indenture pursuant to Section 11.1 of the Base Indenture, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Class D Noteholders and payable from the Class D Reserve Account as provided herein, shall withdraw from the Class D Reserve Account all amounts on deposit therein for payment to ABRCF.

Section 2.8. Multi-Series Letters of Credit and Series 2023-8 Cash Collateral Accounts. (a) Multi-Series Letters of Credit and Series 2023-8 Cash Collateral Account Constitute Additional Collateral for Series 2023-8 Senior Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2023-8 Senior Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the holders of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) each applicable Multi-Series Letter of Credit allocable to the Class A/B/C Notes (except for any right, title and interest in such Multi-Series Letter of Credit related to supporting another Series of Notes); (ii) the Class A/B/C Cash Collateral Account, including any security entitlement thereto; (iii) all funds on deposit in the Class A/B/C Cash Collateral Account from time to time; (iv) all certificates and instruments, if any, representing or evidencing any or all of the Class A/B/C Cash Collateral Account or the funds on deposit therein from time to time; (v) all investments made at any time and from time to time with monies in the Class A/B/C Cash Collateral Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (vi) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class A/B/C Cash Collateral Account, the funds on deposit therein from time to time or the investments made with such funds; and (vii) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (ii) through (vii) are referred to, collectively, as the "Class A/B/C Cash Collateral Account Collateral"). The Trustee shall, for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, possess all right, title and interest in all funds on deposit from time

to time in the Class A/B/C Cash Collateral Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class A/B/C Cash Collateral Account. The Class A/B/C Cash Collateral Account shall be under the sole dominion and control of the Trustee for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders. (b) Class D Letters of Credit and Class D Cash Collateral Account Constitute Additional Collateral for Class D Notes.

In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Class D Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Class D Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) each applicable Multi-Series Letter of Credit allocable to the Class D Notes (except for any right, title and interest in such Multi-Series Letter of Credit related to supporting another Series of Notes); (ii) the Class D Cash Collateral Account, including any security entitlement thereto; (iii) all funds on deposit in the Class D Cash Collateral Account from time to time; (iv) all certificates and instruments, if any, representing or evidencing any or all of the Class D Cash Collateral Account or the funds on deposit therein from time to time; (v) all investments made at any time and from time to time with monies in the Class D Cash Collateral Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (vi) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class D Cash Collateral Account, the funds on deposit therein from time to time or the investments made with such funds; and (vii) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (ii) through (vii) are referred to, collectively, as the "Class D Cash Collateral Account Collateral"). The Trustee shall, for the benefit of the Class D Noteholders, possess all right, title and interest in all funds on deposit from time to time in the Class D Cash Collateral Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class D Cash Collateral Account. The Class D Cash Collateral Account shall be under the sole dominion and control of the Trustee for the benefit of the Class D Noteholders. The Series 2023-8 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class D Cash Collateral Account; (ii) that its jurisdiction as a securities intermediary is New York, (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class D Cash Collateral Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(c) Class A/B/C Letter of Credit Expiration Date. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class A/B/C Notes and

available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-8 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class A/B/C Enhancement Amount would be equal to or more than the Class A/B/C Required Enhancement Amount and the Class A/B/C Liquidity Amount would be equal to or greater than the Class A/B/C Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of such determination. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class A/B/C Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-8 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class A/B/C Enhancement Amount would be less than the Class A/B/C Required Enhancement Amount or the Class A/B/C Liquidity Amount would be less than the Class A/B/C Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of (x) the greater of (A) the excess, if any, of the Class A/B/C Required Enhancement Amount over the Class A/B/C Enhancement Amount, excluding the amount allocated to the Class A/B/C Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-8 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (B) the excess, if any, of the Class A/B/C Required Liquidity Amount over the Class A/B/C Liquidity Amount, excluding the amount allocated to the Class A/B/C Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-8 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (y) the amount allocated to the Class A/B/C Notes and available to be drawn on such expiring Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw the lesser of the amounts set forth in clauses (x) and (y) above on such expiring Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class A/B/C Cash Collateral Account.

If the Trustee does not receive the notice from the Administrator described in the first paragraph of this Section 2.8(c) on or prior to the date that is two (2) Business Days prior to each Multi-Series Letter of Credit Expiration Date, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw the full amount allocated to the Class A/B/C Notes under such Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class A/B/C Cash Collateral Account.

(d) Class D Letter of Credit Expiration Date. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to

any Multi-Series Letter of Credit, excluding the amount allocated to the Class D Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-8 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class D Enhancement Amount would be equal to or more than the Class D Required Enhancement Amount and the Class D Liquidity Amount would be equal to or greater than the Class D Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of such determination. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class D Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-8 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class D Enhancement Amount would be less than the Class D Required Enhancement Amount or the Class D Liquidity Amount would be less than the Class D Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of (x) the greater of (A) the excess, if any, of the Class D Required Enhancement Amount over the Class D Enhancement Amount, excluding the amount allocated to the Class D Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-8 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (B) the excess, if any, of the Class D Required Liquidity Amount over the Class D Liquidity Amount, excluding the amount allocated to the Class D Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2023-8 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (y) the amount allocated to the Class D Notes and available to be drawn on such expiring Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw the lesser of the amounts set forth in clauses (x) and (y) above on such expiring Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class D Cash Collateral Account.

If the Trustee does not receive the notice from the Administrator described in the first paragraph of this Section 2.8(d) on or prior to the date that is two (2) Business Days prior to each Multi-Series Letter of Credit Expiration Date, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw the full amount allocated to the Class D Notes under such Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class D Cash Collateral Account.

(e) Multi-Series Letter of Credit Providers. The Administrator shall notify the Trustee in writing within one (1) Business Day of becoming aware that (i) the long-term senior

unsecured debt credit rating of any Multi-Series Letter of Credit Provider has fallen below “A1” as determined by Moody’s or “A+” as determined by Fitch or (ii) the short-term senior unsecured debt credit rating of any Multi-Series Letter of Credit Provider has fallen below “P-1” as determined by Moody’s or “F1” as determined by Fitch. At such time the Administrator shall also notify the Trustee of (I)(i) if such Multi-Series Letter of Credit Provider has issued a Multi-Series Letter of Credit with respect to the Class A/B/C Notes, the greater of (A) the excess, if any, of the Class A/B/C Required Enhancement Amount over the Class A/B/C Enhancement Amount, excluding the available amount allocated to the Class A/B/C Notes under the Multi-Series Letter of Credit issued by such Multi-Series Letter of Credit Provider, on such date, and (B) the excess, if any, of the Class A/B/C Required Liquidity Amount over the Class A/B/C Liquidity Amount, excluding the available amount allocated to the Class A/B/C Notes under such Multi-Series Letter of Credit, on such date, and (ii) the amount allocated to the Class A/B/C Notes and available to be drawn on such Multi-Series Letter of Credit on such date and/or (II)(i) if such Multi-Series Letter of Credit Provider has issued a Multi-Series Letter of Credit with respect to the Class D Notes, the greater of (A) the excess, if any, of the Class D Required Enhancement Amount over the Class D Enhancement Amount, excluding the available amount allocated to the Class D Notes under such Multi-Series Letter of Credit issued by such Multi-Series Letter of Credit Provider, on such date, and (B) the excess, if any, of the Class D Required Liquidity Amount over the Class D Liquidity Amount, excluding the available amount allocated to the Class D Notes under such Multi-Series Letter of Credit, on such date, and (ii) the amount allocated to the Class D Notes and available to be drawn on such Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw on each such Multi-Series Letter of Credit, (i) with respect to the Class A/B/C Notes, in an amount equal to the lesser of the amounts in clause (I)(i) and clause (I) of the immediately preceding sentence and (ii) with respect to the Class D Notes, in an amount equal to the lesser of the amounts in clause (II)(i) and clause (II) of the immediately preceding sentence, in each case, on such Business Day by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement allocated to the Class A/B/C Notes with respect to the Multi-Series Letter of Credit to be deposited in the Class A/B/C Cash Collateral Account and the Termination Disbursement allocated to the Class D Notes with respect to the Multi-Series Letter of Credit to be deposited in the Class D Cash Collateral Account.

(f) Termination Date Demands on the Multi-Series Letters of Credit. Prior to 10:00 a.m. (New York City time) on the Business Day immediately succeeding the Multi-Series Letter of Credit Termination Date, the Administrator shall determine the Series 2023-8 Demand Note Payment Amount, if any, as of the Multi-Series Letter of Credit Termination Date and, if the Series 2023-8 Demand Note Payment Amount is greater than zero, instruct the Trustee in writing to draw on the Multi-Series Letters of Credit as described herein. Upon receipt of any such notice by the Trustee on or prior to 11:00 a.m. (New York City time) on a Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw an amount (I) on each such Multi-Series Letter of Credit allocable to the Class A/B/C Notes equal to the lesser of (i) the Series 2023-8 Demand Note Payment Amount and (ii) the Class A/B/C Letter of Credit Liquidity Amount on the Multi-Series Letters of Credit by presenting to each relevant Multi-Series Letter of Credit Provider a draft for each such Multi-Series Letter of Credit accompanied by a Certificate of

Termination Date Demand and shall cause the Termination Date Disbursement on a Multi-Series Letter of Credit allocable to the Class A/B/C Notes to be deposited in the Class A/B/C Cash Collateral Account; provided, however, that if the Class A/B/C Cash Collateral Account has been established and funded, the Trustee shall draw an amount equal to the product of (a) 100% minus the Class A/B/C Cash Collateral Percentage and (b) the lesser of the amounts referred to in clause (i) and (ii) on such Business Day on the Multi-Series Letters of Credit, as calculated by the Administrator and provided in writing to the Trustee and (II) on each such Multi-Series Letter of Credit allocable to the Class D Notes equal to the lesser of (i) the excess of (x) the Series 2023-8 Demand Note Payment Amount over (y) the amounts drawn on the Multi-Series Letter of Credit pursuant to this Section 2.8(f) that are allocable to the Class D Notes and (ii) the Class D Letter of Credit Liquidity Amount on the Multi-Series Letters of Credit by presenting to each relevant Multi-Series Letter of Credit Provider a draft for each such Multi-Series Letter of Credit accompanied by a Certificate of Termination Date Demand and shall cause the Termination Date Disbursement on a Multi-Series Letter of Credit allocable to the Class D Notes to be deposited in the Class D Cash Collateral Account; provided, however, that if the Class D Cash Collateral Account has been established and funded, the Trustee shall draw an amount equal to the product of (a) 100% minus the Class D Cash Collateral Percentage and (b) the lesser of the amounts referred to in clause (i) and (ii) on such Business Day on the Multi-Series Letters of Credit, as calculated by the Administrator and provided in writing to the Trustee.

(g) Draws on the Multi-Series Letters of Credit. If there is more than one Multi-Series Letter of Credit with respect to the Class A/B/C Notes on the date of any draw on the Multi-Series Letters of Credit with respect to the Class A/B/C Notes pursuant to the terms of this Supplement, the Administrator shall instruct the Trustee, in writing, to draw on each Multi-Series Letter of Credit in an amount equal to the Class A/B/C Pro Rata Share of the Multi-Series Letter of Credit Provider issuing such Multi-Series Letter of Credit of the amount of such draw on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes. If there is more than one Multi-Series Letter of Credit with respect to the Class D Notes on the date of any draw on the Multi-Series Letters of Credit with respect to the Class D Notes pursuant to the terms of this Supplement, the Administrator shall instruct the Trustee, in writing, to draw on each Multi-Series Letter of Credit in an amount equal to the Class D Pro Rata Share of the Multi-Series Letter of Credit Provider issuing such Multi-Series Letter of Credit of the amount of such draw on the Multi-Series Letters of Credit allocable to the Class D Notes.

(h) Establishment of Class A/B/C Cash Collateral Account. On or prior to the date of any drawing under a Multi-Series Letter of Credit allocable to the Class A/B/C Notes pursuant to Section 2.8(c), (e) or (f) above, ABRCF shall establish and maintain in the name of the Trustee for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, or cause to be established and maintained, an account (the "Class A/B/C Cash Collateral Account"), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders. The Class A/B/C Cash Collateral Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Cash Collateral Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below "Baa3" by Moody's or "BBB-"

by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class A/B/C Cash Collateral Account with a new Qualified Institution or a new segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Cash Collateral Account. If a new Class A/B/C Cash Collateral Account is established, ABRCF shall instruct the Trustee in writing to transfer all cash and investments from the non-qualifying Class A/B/C Cash Collateral Account into the new Class A/B/C Cash Collateral Account.

(i) Administration of the Class A/B/C Cash Collateral Account. ABRCF may instruct (by standing instructions or otherwise) the institution maintaining the Class A/B/C Cash Collateral Account to invest funds on deposit in the Class A/B/C Cash Collateral Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class A/B/C Cash Collateral Account is held with the Paying Agent, in which case such investment may mature on such Distribution Date so long as such funds shall be available for withdrawal on or prior to such Distribution Date; provided further, that in the case of Permitted Investments held in the Class A/B/C Cash Collateral Account and so long as any Class A Note, Class B Note or Class C Note is rated by Fitch (x) any Permitted Investment set forth in clauses (ii), (iii), (vi) and (vii) of the definition thereof will have a rating of “AA-” or “F1+” by Fitch and (y) any Permitted Investment set forth in clause (v) of the definition thereof will either have a rating of “AAmmf” by Fitch or, if such fund is not rated by Fitch, the then highest rating from two nationally recognized investment rating agencies (other than Fitch). All such Permitted Investments will be credited to the Class A/B/C Cash Collateral Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class A/B/C Cash Collateral Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class A/B/C Cash Collateral Account shall remain uninvested.

(j) Establishment of Class D Cash Collateral Account. On or prior to the date of any drawing under a Multi-Series Letter of Credit allocable to the Class D Notes pursuant to Section 2.8(d), (e) or (f) above, ABRCF shall establish and maintain in the name of the Trustee for the benefit of the Class D Noteholders, or cause to be established and maintained, an account (the “Class D Cash Collateral Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class D Noteholders. The Class D Cash Collateral Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Cash Collateral Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution

or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class D Cash Collateral Account with a new Qualified Institution or a new segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Cash Collateral Account. If a new Class D Cash Collateral Account is established, ABRCF shall instruct the Trustee in writing to transfer all cash and investments from the non-qualifying Class D Cash Collateral Account into the new Class D Cash Collateral Account.

(k) Administration of the Class D Cash Collateral Account. ABRCF may instruct (by standing instructions or otherwise) the institution maintaining the Class D Cash Collateral Account to invest funds on deposit in the Class D Cash Collateral Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class D Cash Collateral Account is held with the Paying Agent, in which case such investment may mature on such Distribution Date so long as such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Class D Cash Collateral Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class D Cash Collateral Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class D Cash Collateral Account shall remain uninvested.

(l) Earnings from Series 2023-8 Cash Collateral Accounts. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Series 2023-8 Cash Collateral Accounts shall be deemed to be on deposit therein and available for distribution.

(m) Series 2023-8 Cash Collateral Account Surplus. In the event that the Class A/B/C Cash Collateral Account Surplus on any Distribution Date (or, after the Multi-Series Letter of Credit Termination Date, on any date) is greater than zero, the Trustee, acting in accordance with the written instructions of the Administrator, shall withdraw from the Class A/B/C Cash Collateral Account an amount equal to the Class A/B/C Cash Collateral Account Surplus and shall pay such amount: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings with respect to any Class A/B/C Letters of Credit under the related Series 2023-8 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-8 Reimbursement Agreement, and, second, to ABRCF any remaining amount. In the event that the Class D Cash Collateral Account Surplus on any Distribution Date (or, after the Multi-Series Letter of Credit Termination Date, on any date) is greater than zero, the Trustee, acting in accordance with the written instructions of the Administrator, shall withdraw from the

Class D Cash Collateral Account an amount equal to the Class D Cash Collateral Account Surplus and shall pay such amount: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings allocable to the Class D Notes with respect to any Multi-Series Letters of Credit under the related Series 2023-8 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-8 Reimbursement Agreement, and, second, to ABRCF any remaining amount.

(n) Termination of Series 2023-8 Cash Collateral Account. Upon the termination of this Supplement in accordance with its terms, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Series 2023-8 Noteholders and payable from any Series 2023-8 Cash Collateral Account as provided herein, shall (i) withdraw from the Class A/B/C Cash Collateral Account all amounts on deposit therein (to the extent not withdrawn pursuant to Section 2.8(m) above) and shall pay such amounts: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings with respect to any Class A/B/C Letters of Credit under the related Series 2023-8 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-8 Reimbursement Agreement, and, second, to ABRCF any remaining amount and (ii) withdraw from the Class D Cash Collateral Account all amounts on deposit therein (to the extent not withdrawn pursuant to Section 2.8(m) above) and shall pay such amounts: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings allocable to the Class D Notes with respect to any Multi-Series Letters of Credit under the related Series 2023-8 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2023-8 Reimbursement Agreement, and, second, to ABRCF any remaining amount.

Section 2.9. Series 2023-8 Distribution Account. (a) Establishment of Series 2023-8 Distribution Account. ABRCF has established and shall maintain in the name of the Trustee for the benefit of the Series 2023-8 Noteholders, or cause to be established and maintained, an account (the “Series 2023-8 Distribution Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Series 2023-8 Noteholders. The Series 2023-8 Distribution Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Series 2023-8 Distribution Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s or “BBB-” by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Series 2023-8 Distribution Account with a new Qualified Institution. If the Series 2023-8 Distribution Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Series 2023-8 Distribution Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2023-8 Agent in writing to transfer all cash and investments from the non-qualifying Series 2023-8 Distribution Account into the new Series 2023-8 Distribution Account. The Series 2023-8 Distribution Account has initially been established with The Bank of New York Mellon Trust Company, N.A.

(b) Administration of the Series 2023-8 Distribution Account. The Administrator may instruct the institution maintaining the Series 2023-8 Distribution Account to invest funds on deposit in the Series 2023-8 Distribution Account from time to time in Permitted

Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Series 2023-8 Distribution Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Series 2023-8 Distribution Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee's security interest in the Permitted Investments credited to the Series 2023-8 Distribution Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investment prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investment. In the absence of written investment instructions hereunder, funds on deposit in the Series 2023-8 Distribution Account shall remain uninvested.

(c) Earnings from Series 2023-8 Distribution Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Series 2023-8 Distribution Account shall be deemed to be on deposit and available for distribution.

(d) Series 2023-8 Distribution Account Constitutes Additional Collateral for Series 2023-8 Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2023-8 Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Series 2023-8 Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Series 2023-8 Distribution Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Series 2023-8 Distribution Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Series 2023-8 Distribution Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Series 2023-8 Distribution Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (i) through (vi) are referred to, collectively, as the "Series 2023-8 Distribution Account Collateral"). Section 5.23. Additional Terms of the Series 2023-8 Notes.

(a) Solely with respect to this Supplement and the Series 2023-8 Notes:

(i) The Opinion of Counsel set forth in Section 2.2(f)(i)(x) of the Base Indenture shall not be required with respect to the Class C Notes and the Class R Notes. The Opinion of Counsel set forth in Section 2.2(f)(i)(y) of the Base Indenture shall not be required with respect to the Class C Notes and the Class R Notes for any Series issued after the date hereof.

(ii) The terms Rating Agency Confirmation Condition and Rating Agency Consent Condition shall be deemed to be satisfied with respect to Fitch if ABRCF notifies Fitch of the applicable action at least ten (10) calendar days prior to such action (or, if Fitch agrees to less than ten (10) calendar days' notice, such lesser period) and Fitch has not notified ABRCF and the Trustee in writing that such action will result in a reduction or withdrawal of the rating given to the Class A Notes, the Class B Notes or the Class C Notes by Fitch within such ten (10) calendar day (or lesser) period.

(b) The transfer by a transferor (a "Transferor") holding a Class D Note or a beneficial interest therein to a subsequent transferee (a "Transferee") who wishes to take delivery thereof in the form of a Class D Note or beneficial interest therein will be made upon receipt by the Trustee, at the office of the Trustee, of (x) a transfer certificate from the Transferee substantially in the form of Exhibit W-1 and (y) a transfer certificate from the Transferor substantially in the form of Exhibit W-2. For the avoidance of doubt, if a Transferor or Transferee is unable to provide an applicable transfer certificate due to the requirements of such certificate not being satisfied, such transfer shall not be permitted (and any such transfer shall be void ab initio and of no force and effect). Delivery of any such certificate to ABRCF shall be required to be delivered to the email address set forth in Exhibits W-1 and W-2. Any such transfer shall also be made in accordance with the requirements set forth in Section 5.24 to the extent applicable.

Section 5.24. Transfer and Exchange of Definitive Class D Notes for Global Class D Notes. Notwithstanding anything to the contrary contained in this Supplement, the Base Indenture or in any Related Document, and solely with respect to this Supplement and the Definitive Class D Notes issued pursuant to this Supplement, following the Class D Notes Closing Date, the holder of any Definitive Class D Note may transfer the same in exchange for a Global Class D Note in accordance with this Section 5.24. Any other transfer of a Class D Note shall be made in accordance with Section 2.9 of the Base Indenture.

(a) When Definitive Class D Notes are presented to the Registrar or a co-registrar with a request to register a transfer or to exchange them for an equal principal amount of Global Class D Notes of other authorized denominations, the Registrar shall register the transfer or make the exchange if its requirements for such transaction are met; provided, however, that the

Definitive Class D Notes surrendered for transfer or exchange at the office maintained by the Transfer Agent for such purpose in the Borough of Manhattan, The City of New York (x) shall be duly endorsed or accompanied by a written instrument of transfer in form satisfactory to ABRCF and the Registrar, duly executed by the holder thereof or its attorney, duly authorized in writing and (y) shall only be transferred or exchanged in compliance with this Section 5.24.

(b) If interests in a Definitive Class D Note are being transferred to a Restricted Global Class D Note to a Qualified Institutional Buyer in accordance with Rule 144A, each such transferee shall be deemed to have made the representations and agreements set forth in Section 2.9(c)(ii) of the Base Indenture. In addition, such transferee shall be responsible for providing additional information or certification, as shall be reasonably requested by the Trustee, ABRCF or any Placement Agent for such Global Class D Notes, to support the truth and accuracy of such acknowledgements, representations and agreements, it being understood that such additional information is not intended to create additional restrictions on the transfer of the Class D Notes.

(c) If a holder of a beneficial interest in a Definitive Class D Note wishes at any time to exchange its interest in such Definitive Class D Note for an interest in a Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note, or to transfer its interest in such Definitive Class D Note to a Person who wishes to take delivery thereof in the form of an interest in a Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note, such holder may, subject to the rules and procedures of Euroclear or Clearstream and DTC, as the case may be, exchange or cause the exchange or transfer of such interest for an equivalent beneficial interest a Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note. Upon receipt by the Transfer Agent of (i) such Definitive Class D Note properly endorsed for cancellation by such holder or for assignment to the transferee, (ii) a written order given in accordance with the applicable procedures of Euroclear or Clearstream or DTC, as the case may be, containing information regarding the agent member's account with DTC (and/or the Euroclear or Clearstream account, as the case may be) to be credited with such increase and (iii) (x) a transfer certificate substantially in the form of Exhibit W-2 hereto, (y) in the case of a transfer to a Restricted Global Class D Note, a certificate in the form of Exhibit X-3 and (z) in the case of a transfer to a Permanent Global Class D Note or Temporary Global Class D Note, a certificate in the form of Exhibit X-1 or Exhibit X-2, as applicable, the Transfer Agent shall (A) cancel such Definitive Class D Note, record the transfer in the Registrar, (B) if applicable (to the extent of any exchange or transfer in part), re-issue a new Definitive Class D Note for the partial amount to be held in definitive form in accordance with the provisions for the issuance of Definitive Class D Notes in the Base Indenture (as modified by this Supplement) and (C) approve the instructions at Euroclear, Clearstream and/or DTC, as applicable, concurrently with such cancellation and re-issuance (if applicable), to credit or cause to be credited the account specified in such instruction a beneficial interest in the Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note equal to the principal amount of the Definitive Class D Note transferred or exchanged.

(d) ABRCF or the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any exchange or registration of transfer of the Class D Notes. No service charge shall be made for any such transaction.

(e) To permit registrations of transfers and exchanges, ABRCF shall execute and the Trustee shall authenticate the Class D Notes, subject to such rules as the Trustee may reasonably require. No service charge to the Class D Noteholder shall be made for any registration of transfer or exchange (except as otherwise expressly permitted herein), but the Registrar may require payment of a sum sufficient to cover any transfer tax or similar government charge payable in connection therewith (other than any such transfer tax or similar governmental charge payable upon exchanges pursuant to Section 2.13 of the Base Indenture in which event the Registrar will be responsible for the payment of any such taxes).

(f) All Class D Notes issued upon any registration of transfer or exchange of Class D Notes shall be the valid obligations of ABRCF, evidencing the same debt, and entitled to the same benefits under this Indenture, as the Class D Notes surrendered upon such registration of transfer or exchange.

(g) Prior to due presentment for registration of transfer of any Class D Note, the Trustee, any Agent and ABRCF may deem and treat the Person in whose name any Class D Note is registered (as of the day of determination) as the absolute owner of such Class D Note for the purpose of receiving payment of principal of and interest on such Class D Note and for all other purposes whatsoever, whether or not such Class D Note is overdue, and neither the Trustee, any Agent nor ABRCF shall be affected by notice to the contrary.

(h) By its acceptance of a Class D Note, each Class D Noteholder and Class D Note Owner shall be deemed to have represented and warranted that its purchase and holding of the Class D Note will not, throughout the term of its holding an interest therein, constitute a non-exempt "prohibited transaction" under Section 406(a) of ERISA or Section 4975 of the Code.

IN WITNESS WHEREOF, ABRCF and the Trustee have caused this Supplement to be duly executed by their respective officers thereunto duly authorized as of the day and year first above written.

In the event that either (x) on or prior to 10:00 a.m. (New York City time) on the Business Day prior to such Distribution Date, any Demand Note Issuer shall have failed to pay to the Trustee or deposit into the Series 2024-1 Distribution Account the amount specified in such Demand Notice delivered pursuant to Section 2.5I(i) in whole or in part or (y) due to the occurrence of an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of 60 consecutive days) with respect to any Demand Note Issuer, the Trustee shall not have delivered such Demand Notice to any Demand Note Issuer on the second Business Day preceding such Distribution Date, then, in the case of (x) or (y) the Trustee shall on such Business Day draw on the Multi-Series Letters of Credit with respect to the Class A/B/C Notes, if any, an amount allocable to the Class A/B/C Notes equal to the lesser of (i) Class A/B/C Letter of Credit Amount and (ii) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2024-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) by presenting to each Multi-Series Letter of Credit Provider with respect to the Class A/B/C Notes a draft accompanied by a Certificate of Unpaid Demand Note Demand; provided, however, that if the Class A/B/C Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class A/B/C Cash Collateral Account and deposit in the Series 2024-1 Distribution Account an amount equal to the lesser of (x) the Class A/B/C Cash Collateral Percentage on such Business Day of the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2024-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) and (y) the Class A/B/C Available Cash Collateral Account Amount on such Business Day and draw an amount equal to the remainder of the aggregate amount that the Demand Note Issuers so failed to pay under the

Series 2024-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes. The Trustee shall deposit into, or cause the deposit of, the applicable portion of the proceeds of any draw on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes and the proceeds of any withdrawal from the Class A/B/C Cash Collateral Account to be deposited in the Series 2024-1 Distribution Account.

(iii) Class A/B/C Reserve Account Withdrawal. If the amounts to be deposited in the Series 2024-1 Distribution Account in accordance with Section 2.5(c)(i) and (ii) will be less than the Class D Principal Deficit Amount on any Distribution Date, then, prior to 12:00 noon (New York City time) on the second Business Day prior to such Distribution Date, the Administrator shall instruct the Trustee in writing to withdraw from the Class A/B/C Reserve Account, an amount equal to the lesser of (x) the Class A/B/C Available Reserve Account Amount and (y) the amount by which the Class D Principal Deficit Amount exceeds the amounts to be deposited in the Series 2024-1 Distribution Account in accordance with clauses (i) and (ii) of this Section 2.5(e) and deposit it in the Series 2024-1 Distribution Account on such Distribution Date.

(iv) Class D Letter of Credit Draw. In the event that either (x) on or prior to 10:00 a.m. (New York City time) on the Business Day prior to such Distribution Date, any Demand Note Issuer shall have failed to pay to the Trustee or deposit into the Series 2024-1 Distribution Account the amount specified in such Demand Notice in whole or in part or (y) due to the occurrence of an Event of Bankruptcy (or the occurrence of an event described in clause (a) of the definition thereof, without the lapse of a period of 60 consecutive days) with respect to any Demand Note Issuer, the Trustee shall not have delivered such Demand Notice to any Demand Note Issuer on the second Business Day preceding such Distribution Date, then, in the case of (x) or (y) the Trustee shall on such Business Day draw on the Multi-Series Letters of Credit with respect to the Class D Notes, if any, an amount allocable to the Class D Notes equal to the lesser of (i) Class D Letter of Credit Amount and (ii) the excess of (A) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2024-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (B) the amount deposited into the Series 2024-1 Distribution Account in accordance with Section 2.5(e)(ii) and (iii) above, by presenting to each Multi-Series Letter of Credit Provider with respect to the Class D Notes a draft accompanied by a Certificate of Unpaid Demand Note Demand; provided, however, that if the Class D Cash Collateral Account has been established and funded, the Trustee shall withdraw from the Class D Cash Collateral Account and deposit in the Series 2024-1 Distribution Account an amount equal to the lesser of (x) the Class D Cash Collateral Percentage on such Business Day of the excess of (A) the aggregate amount that the Demand Note Issuers so failed to pay under the Series 2024-1 Demand Notes (or, the amount that the Trustee failed to demand for payment thereunder) over (B) the amount deposited into the Series 2024-1 Distribution Account in accordance with Section 2.5(e)(ii) and (iii) above and (y) the Class D Available Cash Collateral Account Amount on such Business Day and draw an amount equal to the remainder of such excess on the Multi-Series Letters of Credit allocable to the Class D Notes. The Trustee shall deposit into, or cause the deposit of, the applicable portion of the proceeds of any draw on the Multi-Series Letters of Credit allocable to the Class D Notes and the proceeds of any withdrawal from

the Class D Cash Collateral Account to be deposited in the Series 2024-1 Distribution Account.

(v) Class D Reserve Account Withdrawal. If the amounts to be deposited in the Series 2024-1 Distribution Account in accordance with Section 2.5(e)(i) through (iv) will be less than the Class D Principal Deficit Amount on any Distribution Date, then, prior to 12:00 noon (New York City time) on the second Business Day prior to such Distribution Date, the Administrator shall instruct the Trustee in writing to withdraw from the Class D Reserve Account, an amount equal to the lesser of (x) the Class D Available Reserve Account Amount and (y) the amount by which the Class D Principal Deficit Amount exceeds the amounts to be deposited in the Series 2024-1 Distribution Account in accordance with clauses (i) through (iv) of this Section 2.5(e) and deposit it in the Series 2024-1 Distribution Account on such Distribution Date.

Section 2.6. Administrator's Failure to Instruct the Trustee to Make a Deposit, Draw or Payment. If the Administrator fails to give notice or instructions to make (i) any payment from or deposit into the Collection Account, (ii) any draw on the Series 2024-1 Demand Notes or the Multi-Series Letters of Credit or (iii) any withdrawals from any Account, in each case required to be given by the Administrator, at the time specified in the Administration Agreement or any other Related Document (including applicable grace periods), the Trustee shall make such payment or deposit into or from the Collection Account, such draw on the Series 2024-1 Demand Notes or the Multi-Series Letters of Credit, or such withdrawal from such Account, in each case without such notice or instruction from the Administrator; provided, however, that the Administrator, upon request of the Trustee, promptly provides the Trustee with all information necessary to allow the Trustee to make such a payment, deposit, draw or withdrawal. When any payment, deposit, draw or withdrawal hereunder or under any other Related Document is required to be made by the Trustee or the Paying Agent at or prior to a specified time, the Administrator shall deliver any applicable written instructions with respect thereto reasonably in advance of such specified time.

Section 2.7. Series 2024-1 Reserve Accounts. (a) Establishment of Class A/B/C Reserve Account. ABRCF has established and shall maintain in the name of the Series 2024-1 Agent for the benefit of the Class A Noteholders, the Class B Noteholders, the Class C Noteholders and the Class D Noteholders, or cause to be established and maintained, an account (the "Class A/B/C Reserve Account"), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Series 2024-1 Noteholders. The Class A/B/C Reserve Account shall

be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Reserve Account; provided, however, that, if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s or “BBB-” by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class A/B/C Reserve Account with a new Qualified Institution. If the Class A/B/C Reserve Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Class A/B/C Reserve Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2024-1 Agent in writing to transfer all cash and investments from the non-qualifying Class A/B/C Reserve Account into the new Class A/B/C Reserve Account. The Class A/B/C Reserve Account has initially been established with The Bank of New York Mellon Trust Company, N.A.

(b) Administration of the Class A/B/C Reserve Account. The Administrator may instruct the institution maintaining the Class A/B/C Reserve Account to invest funds on deposit in the Class A/B/C Reserve Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class A/B/C Reserve Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date; provided further, that in the case of Permitted Investments held in the Series 2024-1 Reserve Account and so long as any Series 2024-1 Note is rated by Fitch (x) any Permitted Investment set forth in clauses (ii), (iii), (vi) and (vii) of the definition thereof will have a rating of “AA-” or “F1+” by Fitch and (y) any Permitted Investment set forth in clause (v) of the definition thereof will either have a rating of “AAmmf” by Fitch or, if such fund is not rated by Fitch, the then highest rating from two nationally recognized investment rating agencies (other than Fitch). All such Permitted Investments will be credited to the Class A/B/C Reserve Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class A/B/C Reserve Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investment prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investment. In the absence of written investment instructions hereunder, funds on deposit in the Class A/B/C Reserve Account shall remain uninvested.

(c) Earnings from Class A/B/C Reserve Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Class A/B/C Reserve Account shall be deemed to be on deposit therein and available for distribution.

(d) Class A/B/C Reserve Account Constitutes Additional Collateral for Series 2024-1 Senior Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2024-1 Senior Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Series 2024-1 Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Class A/B/C Reserve Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Class A/B/C Reserve Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Class A/B/C Reserve Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class A/B/C Reserve Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (i) through (vi) are referred to, collectively, as the "Class A/B/C Reserve Account Collateral"). The Trustee shall possess all right, title and interest in and to all funds on deposit from time to time in the Class A/B/C Reserve Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class A/B/C Reserve Account. The Class A/B/C Reserve Account Collateral shall be under the sole dominion and control of the Trustee for the benefit of the Series 2024-1 Noteholders. The Series 2024-1 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class A/B/C Reserve Account; (ii) that its jurisdiction as securities intermediary is New York; (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class A/B/C Reserve Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(e) Class A/B/C Reserve Account Surplus. In the event that the Class A/B/C Reserve Account Surplus on any Distribution Date, after giving effect to all withdrawals from the Class A/B/C Reserve Account, is greater than zero, if no Series 2024-1 Enhancement Deficiency or AESOP I Operating Lease Vehicle Deficiency would result therefrom or exist thereafter, the Trustee, acting in accordance with the written instructions of the Administrator pursuant to the Administration Agreement, shall withdraw from the Class A/B/C Reserve Account an amount equal to the Class A/B/C Reserve Account Surplus and shall (i) transfer an amount equal to the excess, if any, of the Class D Required Liquidity Amount as of such date over the Class D Liquidity Amount as of such date to the Class D Reserve Account and (ii) pay any remaining Class A/B/C Reserve Account Surplus to ABRCF.

(f) Termination of Class A/B/C Reserve Account. Upon the termination of the Indenture pursuant to Section 11.1 of the Base Indenture, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Holders of the Class A Notes, Class B Notes or Class C Notes and payable from the Class A/B/C Reserve Account as provided herein, shall withdraw from the Class A/B/C Reserve Account all amounts on deposit therein for payment to ABRCF.

(g) Establishment of Class D Reserve Account. ABRCF shall establish and maintain in the name of the Series 2024-1 Agent for the benefit of the Class D Noteholders, or cause to be established and maintained, an account (the “Class D Reserve Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class D Noteholders. The Class D Reserve Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Reserve Account; provided that, if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class D Reserve Account with a new Qualified Institution. If the Class D Reserve Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Class D Reserve Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2024-1 Agent in writing to transfer all cash and investments from the non-qualifying Class D Reserve Account into the new Class D Reserve Account. Initially, the Class D Reserve Account will be established with The Bank of New York Mellon Trust Company, N.A.

(h) Administration of the Class D Reserve Account. The Administrator may instruct the institution maintaining the Class D Reserve Account to invest funds on deposit in the Class D Reserve Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class D Reserve Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Class D Reserve Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class D Reserve Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class D Reserve Account shall remain uninvested.

(i) Earnings from Class D Reserve Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Class D Reserve Account shall be deemed to be on deposit therein and available for distribution.

(j) Class D Reserve Account Constitutes Additional Collateral for Class D Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Class D Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Class D Noteholders, all of

ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Class D Reserve Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Class D Reserve Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Class D Reserve Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class D Reserve Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (i) through (vi) are referred to, collectively, as the "Class D Reserve Account Collateral"). The Trustee shall possess all right, title and interest in and to all funds on deposit from time to time in the Class D Reserve Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class D Reserve Account. The Class D Reserve Account Collateral shall be under the sole dominion and control of the Trustee for the benefit of the Class D Noteholders. The Series 2024-1 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class D Reserve Account; (ii) that its jurisdiction as securities intermediary is New York; (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class D Reserve Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(k) Class D Reserve Account Surplus. In the event that the Class D Reserve Account Surplus on any Distribution Date, after giving effect to all withdrawals from the Class D Reserve Account, is greater than zero, if no Series 2024-1 Enhancement Deficiency or AESOP I Operating Lease Vehicle Deficiency would result therefrom or exist thereafter, the Trustee, acting in accordance with the written instructions of the Administrator pursuant to the Administration Agreement, shall withdraw from the Class D Reserve Account an amount equal to the Class D Reserve Account Surplus and shall pay such amount to ABRCF.

(l) Termination of Class D Reserve Account. Upon the termination of the Indenture pursuant to Section 11.1 of the Base Indenture, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Class D Noteholders and payable from the Class D Reserve Account as provided herein, shall withdraw from the Class D Reserve Account all amounts on deposit therein for payment to ABRCF.

Section 2.8. Multi-Series Letters of Credit and Series 2024-1 Cash Collateral Accounts. (a) Multi-Series Letters of Credit and Series 2024-1 Cash Collateral Account Constitute Additional Collateral for Series 2024-1 Senior Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2024-1 Senior Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the holders of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) each applicable Multi-Series Letter of Credit allocable

to the Class A/B/C Notes (except for any right, title and interest in such Multi-Series Letter of Credit related to supporting another Series of Notes); (ii) the Class A/B/C Cash Collateral Account, including any security entitlement thereto; (iii) all funds on deposit in the Class A/B/C Cash Collateral Account from time to time; (iv) all certificates and instruments, if any, representing or evidencing any or all of the Class A/B/C Cash Collateral Account or the funds on deposit therein from time to time; (v) all investments made at any time and from time to time with monies in the Class A/B/C Cash Collateral Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (vi) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class A/B/C Cash Collateral Account, the funds on deposit therein from time to time or the investments made with such funds; and (vii) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (ii) through (vii) are referred to, collectively, as the “Class A/B/C Cash Collateral Account Collateral”). The Trustee shall, for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, possess all right, title and interest in all funds on deposit from time to time in the Class A/B/C Cash Collateral Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class A/B/C Cash Collateral Account. The Class A/B/C Cash Collateral Account shall be under the sole dominion and control of the Trustee for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders. The Series 2024-1 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class A/B/C Cash Collateral Account; (ii) that its jurisdiction as a securities intermediary is New York, (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class A/B/C Cash Collateral Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(b) Class D Letters of Credit and Class D Cash Collateral Account Constitute Additional Collateral for Class D Notes.

In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Class D Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Class D Noteholders, all of ABRCF's right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) each applicable Multi-Series Letter of Credit allocable to the Class D Notes (except for any right, title and interest in such Multi-Series Letter of Credit related to supporting another Series of Notes); (ii) the Class D Cash Collateral Account, including any security entitlement thereto; (iii) all funds on deposit in the Class D Cash Collateral Account from time to time; (iv) all certificates and instruments, if any, representing or evidencing any or all of the Class D Cash Collateral Account or the funds on deposit therein from time to time; (v) all investments made at any time and from time to time with monies in the Class D Cash Collateral Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (vi) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Class D Cash Collateral Account, the funds on deposit therein from time to time or the investments made with such funds; and (vii) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (ii) through (vii) are referred to, collectively, as the “Class D Cash Collateral Account Collateral”). The Trustee shall, for the

benefit of the Class D Noteholders, possess all right, title and interest in all funds on deposit from time to time in the Class D Cash Collateral Account and in all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Class D Cash Collateral Account. The Class D Cash Collateral Account shall be under the sole dominion and control of the Trustee for the benefit of the Class D Noteholders. The Series 2024-1 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Class D Cash Collateral Account; (ii) that its jurisdiction as a securities intermediary is New York, (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Class D Cash Collateral Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

(c) Class A/B/C Letter of Credit Expiration Date. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class A/B/C Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2024-1 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class A/B/C Enhancement Amount would be equal to or more than the Class A/B/C Required Enhancement Amount and the Class A/B/C Liquidity Amount would be equal to or greater than the Class A/B/C Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of such determination. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class A/B/C Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2024-1 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class A/B/C Enhancement Amount would be less than the Class A/B/C Required Enhancement Amount or the Class A/B/C Liquidity Amount would be less than the Class A/B/C Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of (x) the greater of (A) the excess, if any, of the Class A/B/C Required Enhancement Amount over the Class A/B/C Enhancement Amount, excluding the amount allocated to the Class A/B/C Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2024-1 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (B) the excess, if any, of the Class A/B/C Required Liquidity Amount over the Class A/B/C Liquidity Amount, excluding the amount allocated to the Class A/B/C Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class A/B/C Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2024-1 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (y) the amount allocated to the Class A/B/C Notes and available to be drawn on such expiring Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New

York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw the lesser of the amounts set forth in clauses (x) and (y) above on such expiring Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class A/B/C Cash Collateral Account.

If the Trustee does not receive the notice from the Administrator described in the first paragraph of this Section 2.8(c) on or prior to the date that is two (2) Business Days prior to each Multi-Series Letter of Credit Expiration Date, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw the full amount allocated to the Class A/B/C Notes under such Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class A/B/C Cash Collateral Account.

(d) Class D Letter of Credit Expiration Date. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class D Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2024-1 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class D Enhancement Amount would be equal to or more than the Class D Required Enhancement Amount and the Class D Liquidity Amount would be equal to or greater than the Class D Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of such determination. If prior to the date which is ten (10) days prior to the then-scheduled Multi-Series Letter of Credit Expiration Date with respect to any Multi-Series Letter of Credit, excluding the amount allocated to the Class D Notes and available to be drawn under such Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under each substitute Multi-Series Letter of Credit which has been obtained from a Series 2024-1 Eligible Letter of Credit Provider and is in full force and effect on such date, the Class D Enhancement Amount would be less than the Class D Required Enhancement Amount or the Class D Liquidity Amount would be less than the Class D Required Liquidity Amount, then the Administrator shall notify the Trustee in writing no later than two (2) Business Days prior to such Multi-Series Letter of Credit Expiration Date of (x) the greater of (A) the excess, if any, of the Class D Required Enhancement Amount over the Class D Enhancement Amount, excluding the amount allocated to the Class D Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2024-1 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (B) the excess, if any, of the Class D Required Liquidity Amount over the Class D Liquidity Amount, excluding the amount allocated to the Class D Notes and available under such expiring Multi-Series Letter of Credit but taking into account the amount allocated to the Class D Notes under any substitute Multi-Series Letter of Credit which has been obtained from a Series 2024-1 Eligible Letter of Credit Provider and is in full force and effect, on such date, and (y) the amount allocated to the Class D Notes and available to be drawn on such expiring Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New

York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw the lesser of the amounts set forth in clauses (x) and (y) above on such expiring Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class D Cash Collateral Account.

If the Trustee does not receive the notice from the Administrator described in the first paragraph of this Section 2.8(d) on or prior to the date that is two (2) Business Days prior to each Multi-Series Letter of Credit Expiration Date, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw the full amount allocated to the Class D Notes under such Multi-Series Letter of Credit by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement to be deposited in the Class D Cash Collateral Account.

(e) Multi-Series Letter of Credit Providers. The Administrator shall notify the Trustee in writing within one (1) Business Day of becoming aware that (i) the long-term senior unsecured debt credit rating of any Multi-Series Letter of Credit Provider has fallen below “A1” as determined by Moody’s or “A+” as determined by Fitch or (ii) the short-term senior unsecured debt credit rating of any Multi-Series Letter of Credit Provider has fallen below “P-1” as determined by Moody’s or “F1” as determined by Fitch. At such time the Administrator shall also notify the Trustee of (I)(i) if such Multi-Series Letter of Credit Provider has issued a Multi-Series Letter of Credit with respect to the Class A/B/C Notes, the greater of (A) the excess, if any, of the Class A/B/C Required Enhancement Amount over the Class A/B/C Enhancement Amount, excluding the available amount allocated to the Class A/B/C Notes under the Multi-Series Letter of Credit issued by such Multi-Series Letter of Credit Provider, on such date, and (B) the excess, if any, of the Class A/B/C Required Liquidity Amount over the Class A/B/C Liquidity Amount, excluding the available amount allocated to the Class A/B/C Notes under such Multi-Series Letter of Credit, on such date, and (ii) the amount allocated to the Class A/B/C Notes and available to be drawn on such Multi-Series Letter of Credit on such date and/or (II)(i) if such Multi-Series Letter of Credit Provider has issued a Multi-Series Letter of Credit with respect to the Class D Notes, the greater of (A) the excess, if any, of the Class D Required Enhancement Amount over the Class D Enhancement Amount, excluding the available amount allocated to the Class D Notes under such Multi-Series Letter of Credit issued by such Multi-Series Letter of Credit Provider, on such date, and (B) the excess, if any, of the Class D Required Liquidity Amount over the Class D Liquidity Amount, excluding the available amount allocated to the Class D Notes under such Multi-Series Letter of Credit, on such date, and (ii) the amount allocated to the Class D Notes and available to be drawn on such Multi-Series Letter of Credit on such date. Upon receipt of such notice by the Trustee on or prior to 10:00 a.m. (New York City time) on any Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day (or, in the case of any notice given to the Trustee after 10:00 a.m. (New York City time), by 12:00 noon (New York City time) on the next following Business Day), draw on each such Multi-Series Letter of Credit, (i) with respect to the Class A/B/C Notes, in an amount equal to the lesser of the amounts in clause (I)(i) and clause (I) of the immediately preceding sentence and (ii) with respect to the Class D Notes, in an amount equal to the lesser of the amounts in clause (II)(i) and clause (II)(ii) of the immediately preceding sentence, in each case, on such Business Day by presenting a draft accompanied by a Certificate of Termination Demand and shall cause the Termination Disbursement allocated to the Class

A/B/C Notes with respect to the Multi-Series Letter of Credit to be deposited in the Class A/B/C Cash Collateral Account and the Termination Disbursement allocated to the Class D Notes with respect to the Multi-Series Letter of Credit to be deposited in the Class D Cash Collateral Account.

(f) Termination Date Demands on the Multi-Series Letters of Credit. Prior to 10:00 a.m. (New York City time) on the Business Day immediately succeeding the Multi-Series Letter of Credit Termination Date, the Administrator shall determine the Series 2024-1 Demand Note Payment Amount, if any, as of the Multi-Series Letter of Credit Termination Date and, if the Series 2024-1 Demand Note Payment Amount is greater than zero, instruct the Trustee in writing to draw on the Multi-Series Letters of Credit as described herein. Upon receipt of any such notice by the Trustee on or prior to 11:00 a.m. (New York City time) on a Business Day, the Trustee shall, by 12:00 noon (New York City time) on such Business Day draw an amount (I) on each such Multi-Series Letter of Credit allocable to the Class A/B/C Notes equal to the lesser of (i) the Series 2024-1 Demand Note Payment Amount and (ii) the Class A/B/C Letter of Credit Liquidity Amount on the Multi-Series Letters of Credit by presenting to each relevant Multi-Series Letter of Credit Provider a draft for each such Multi-Series Letter of Credit accompanied by a Certificate of Termination Date Demand and shall cause the Termination Date Disbursement on a Multi-Series Letter of Credit allocable to the Class A/B/C Notes to be deposited in the Class A/B/C Cash Collateral Account; provided, however, that if the Class A/B/C Cash Collateral Account has been established and funded, the Trustee shall draw an amount equal to the product of (a) 100% minus the Class A/B/C Cash Collateral Percentage and (b) the lesser of the amounts referred to in clause (i) and (ii) on such Business Day on the Multi-Series Letters of Credit, as calculated by the Administrator and provided in writing to the Trustee and (II) on each such Multi-Series Letter of Credit allocable to the Class D Notes equal to the lesser of (i) the excess of (x) the Series 2024-1 Demand Note Payment Amount over (y) the amounts drawn on the Multi-Series Letter of Credit pursuant to this Section 2.8(f) that are allocable to the Class D Notes and (ii) the Class D Letter of Credit Liquidity Amount on the Multi-Series Letters of Credit by presenting to each relevant Multi-Series Letter of Credit Provider a draft for each such Multi-Series Letter of Credit accompanied by a Certificate of Termination Date Demand and shall cause the Termination Date Disbursement on a Multi-Series Letter of Credit allocable to the Class D Notes to be deposited in the Class D Cash Collateral Account; provided, however, that if the Class D Cash Collateral Account has been established and funded, the Trustee shall draw an amount equal to the product of (a) 100% minus the Class D Cash Collateral Percentage and (b) the lesser of the amounts referred to in clause (i) and (ii) on such Business Day on the Multi-Series Letters of Credit, as calculated by the Administrator and provided in writing to the Trustee.

(g) Draws on the Multi-Series Letters of Credit. If there is more than one Multi-Series Letter of Credit with respect to the Class A/B/C Notes on the date of any draw on the Multi-Series Letters of Credit with respect to the Class A/B/C Notes pursuant to the terms of this Supplement, the Administrator shall instruct the Trustee, in writing, to draw on each Multi-Series Letter of Credit in an amount equal to the Class A/B/C Pro Rata Share of the Multi-Series Letter of Credit Provider issuing such Multi-Series Letter of Credit of the amount of such draw on the Multi-Series Letters of Credit allocable to the Class A/B/C Notes. If there is more than one Multi-Series Letter of Credit with respect to the Class D Notes on the date of any draw on the Multi-Series Letters of Credit with respect to the Class D Notes pursuant to the terms of this Supplement, the Administrator shall instruct the Trustee, in writing, to draw on each Multi-Series Letter of Credit in an amount equal to the Class D Pro Rata Share of the Multi-Series Letter of Credit

Provider issuing such Multi-Series Letter of Credit of the amount of such draw on the Multi-Series Letters of Credit allocable to the Class D Notes.

(h) Establishment of Class A/B/C Cash Collateral Account. On or prior to the date of any drawing under a Multi-Series Letter of Credit allocable to the Class A/B/C Notes pursuant to Section 2.8(c), (e) or (f) above, ABRCF shall establish and maintain in the name of the Trustee for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, or cause to be established and maintained, an account (the “Class A/B/C Cash Collateral Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders. The Class A/B/C Cash Collateral Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Cash Collateral Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s or “BBB-” by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class A/B/C Cash Collateral Account with a new Qualified Institution or a new segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class A/B/C Cash Collateral Account. If a new Class A/B/C Cash Collateral Account is established, ABRCF shall instruct the Trustee in writing to transfer all cash and investments from the non-qualifying Class A/B/C Cash Collateral Account into the new Class A/B/C Cash Collateral Account.

(i) Administration of the Class A/B/C Cash Collateral Account. ABRCF may instruct (by standing instructions or otherwise) the institution maintaining the Class A/B/C Cash Collateral Account to invest funds on deposit in the Class A/B/C Cash Collateral Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class A/B/C Cash Collateral Account is held with the Paying Agent, in which case such investment may mature on such Distribution Date so long as such funds shall be available for withdrawal on or prior to such Distribution Date; provided further, that in the case of Permitted Investments held in the Class A/B/C Cash Collateral Account and so long as any Class A Note, Class B Note or Class C Note is rated by Fitch (x) any Permitted Investment set forth in clauses (ii), (iii), (vi) and (vii) of the definition thereof will have a rating of “AA-” or “F1+” by Fitch and (y) any Permitted Investment set forth in clause (v) of the definition thereof will either have a rating of “AAAmmf” by Fitch or, if such fund is not rated by Fitch, the then highest rating from two nationally recognized investment rating agencies (other than Fitch). All such Permitted Investments will be credited to the Class A/B/C Cash Collateral Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the

Class A/B/C Cash Collateral Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class A/B/C Cash Collateral Account shall remain uninvested.

(j) Establishment of Class D Cash Collateral Account. On or prior to the date of any drawing under a Multi-Series Letter of Credit allocable to the Class D Notes pursuant to Section 2.8(d), (e) or (f) above, ABRCF shall establish and maintain in the name of the Trustee for the benefit of the Class D Noteholders, or cause to be established and maintained, an account (the “Class D Cash Collateral Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Class D Noteholders. The Class D Cash Collateral Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Cash Collateral Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s, then ABRCF shall, within thirty (30) days of such reduction, establish a new Class D Cash Collateral Account with a new Qualified Institution or a new segregated trust account with the corporate trust department of a depository institution or trust company having corporate trust powers and acting as trustee for funds deposited in the Class D Cash Collateral Account. If a new Class D Cash Collateral Account is established, ABRCF shall instruct the Trustee in writing to transfer all cash and investments from the non-qualifying Class D Cash Collateral Account into the new Class D Cash Collateral Account.

(k) Administration of the Class D Cash Collateral Account. ABRCF may instruct (by standing instructions or otherwise) the institution maintaining the Class D Cash Collateral Account to invest funds on deposit in the Class D Cash Collateral Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Class D Cash Collateral Account is held with the Paying Agent, in which case such investment may mature on such Distribution Date so long as such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Class D Cash Collateral Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Class D Cash Collateral Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investments prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investments. In the absence of written investment instructions hereunder, funds on deposit in the Class D Cash Collateral Account shall remain uninvested.

(l) Earnings from Series 2024-1 Cash Collateral Accounts. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Series 2024-1 Cash Collateral Accounts shall be deemed to be on deposit therein and available for distribution.

(m) Series 2024-1 Cash Collateral Account Surplus. In the event that the Class A/B/C Cash Collateral Account Surplus on any Distribution Date (or, after the Multi-Series Letter of Credit Termination Date, on any date) is greater than zero, the Trustee, acting in accordance with the written instructions of the Administrator, shall withdraw from the Class A/B/C Cash Collateral Account an amount equal to the Class A/B/C Cash Collateral Account Surplus and shall pay such amount: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings with respect to any Class A/B/C Letters of Credit under the related Series 2024-1 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2024-1 Reimbursement Agreement, and, second, to ABRCF any remaining amount. In the event that the Class D Cash Collateral Account Surplus on any Distribution Date (or, after the Multi-Series Letter of Credit Termination Date, on any date) is greater than zero, the Trustee, acting in accordance with the written instructions of the Administrator, shall withdraw from the Class D Cash Collateral Account an amount equal to the Class D Cash Collateral Account Surplus and shall pay such amount: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings allocable to the Class D Notes with respect to any Multi-Series Letters of Credit under the related Series 2024-1 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2024-1 Reimbursement Agreement, and, second, to ABRCF any remaining amount.

(n) Termination of Series 2024-1 Cash Collateral Account. Upon the termination of this Supplement in accordance with its terms, the Trustee, acting in accordance with the written instructions of the Administrator, after the prior payment of all amounts owing to the Series 2024-1 Noteholders and payable from any Series 2024-1 Cash Collateral Account as provided herein, shall (i) withdraw from the Class A/B/C Cash Collateral Account all amounts on deposit therein (to the extent not withdrawn pursuant to Section 2.8(m) above) and shall pay such amounts: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings with respect to any Class A/B/C Letters of Credit under the related Series 2024-1 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2024-1 Reimbursement Agreement, and, second, to ABRCF any remaining amount and (ii) withdraw from the Class D Cash Collateral Account all amounts on deposit therein (to the extent not withdrawn pursuant to Section 2.8(m) above) and shall pay such amounts: first, to the Multi-Series Letter of Credit Providers to the extent of any unreimbursed drawings allocable to the Class D Notes with respect to any Multi-Series Letters of Credit under the related Series 2024-1 Reimbursement Agreement, for application in accordance with the provisions of the related Series 2024-1 Reimbursement Agreement, and, second, to ABRCF any remaining amount.

Section 2.9. Series 2024-1 Distribution Account. (a) Establishment of Series 2024-1 Distribution Account. ABRCF has established and shall maintain in the name of the Trustee for the benefit of the Series 2024-1 Noteholders, or cause to be established and maintained, an account (the “Series 2024-1 Distribution Account”), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Series 2024-1 Noteholders. The Series 2024-1 Distribution Account shall be maintained (i) with a Qualified Institution, or (ii) as a segregated trust account with the corporate trust department of a depository institution or trust

company having corporate trust powers and acting as trustee for funds deposited in the Series 2024-1 Distribution Account; provided, however, that if at any time such Qualified Institution is no longer a Qualified Institution or the credit rating of any securities issued by such depository institution or trust company shall be reduced to below “Baa3” by Moody’s or “BBB-” by Fitch, then ABRCF shall, within thirty (30) days of such reduction, establish a new Series 2024-1 Distribution Account with a new Qualified Institution. If the Series 2024-1 Distribution Account is not maintained in accordance with the previous sentence, ABRCF shall establish a new Series 2024-1 Distribution Account, within ten (10) Business Days after obtaining knowledge of such fact, which complies with such sentence, and shall instruct the Series 2024-1 Agent in writing to transfer all cash and investments from the non-qualifying Series 2024-1 Distribution Account into the new Series 2024-1 Distribution Account. The Series 2024-1 Distribution Account has initially been established with The Bank of New York Mellon Trust Company, N.A.

(b) Administration of the Series 2024-1 Distribution Account. The Administrator may instruct the institution maintaining the Series 2024-1 Distribution Account to invest funds on deposit in the Series 2024-1 Distribution Account from time to time in Permitted Investments; provided, however, that any such investment shall mature not later than the Business Day prior to the Distribution Date following the date on which such funds were received, unless any Permitted Investment held in the Series 2024-1 Distribution Account is held with the Paying Agent, then such investment may mature on such Distribution Date and such funds shall be available for withdrawal on or prior to such Distribution Date. All such Permitted Investments will be credited to the Series 2024-1 Distribution Account and any such Permitted Investments that constitute (i) physical property (and that is not either a United States security entitlement or a security entitlement) shall be physically delivered to the Trustee; (ii) United States security entitlements or security entitlements shall be controlled (as defined in Section 8-106 of the New York UCC) by the Trustee pending maturity or disposition, and (iii) uncertificated securities (and not United States security entitlements) shall be delivered to the Trustee by causing the Trustee to become the registered holder of such securities. The Trustee shall, at the expense of ABRCF, take such action as is required to maintain the Trustee’s security interest in the Permitted Investments credited to the Series 2024-1 Distribution Account. ABRCF shall not direct the Trustee to dispose of (or permit the disposal of) any Permitted Investment prior to the maturity thereof to the extent such disposal would result in a loss of the purchase price of such Permitted Investment. In the absence of written investment instructions hereunder, funds on deposit in the Series 2024-1 Distribution Account shall remain uninvested.

(c) Earnings from Series 2024-1 Distribution Account. All interest and earnings (net of losses and investment expenses) paid on funds on deposit in the Series 2024-1 Distribution Account shall be deemed to be on deposit and available for distribution.

(d) Series 2024-1 Distribution Account Constitutes Additional Collateral for Series 2024-1 Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2024-1 Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Series 2024-1 Noteholders, all of ABRCF’s right, title and interest in and to the following (whether now or hereafter existing or acquired): (i) the Series 2024-1 Distribution Account, including any security entitlement thereto; (ii) all funds on deposit therein from time to time; (iii) all certificates and instruments, if any, representing or evidencing any or all of the Series 2024-1 Distribution

Account or the funds on deposit therein from time to time; (iv) all investments made at any time and from time to time with monies in the Series 2024-1 Distribution Account, whether constituting securities, instruments, general intangibles, investment property, financial assets or other property; (v) all interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of or in exchange for the Series 2024-1 Distribution Account, the funds on deposit therein from time to time or the investments made with such funds; and (vi) all proceeds of any and all of the foregoing, including, without limitation, cash (the items in the foregoing clauses (i) through (vi) are referred to, collectively, as the “Series 2024-1 Distribution Account Collateral”). The Trustee shall possess all right, title and interest in all funds on deposit from time to time in the Series 2024-1 Distribution Account and in and to all proceeds thereof, and shall be the only person authorized to originate entitlement orders in respect of the Series 2024-1 Distribution Account. The Series 2024-1 Distribution Account Collateral shall be under the sole dominion and control of the Trustee for the benefit of the Series 2024-1 Noteholders. The Series 2024-1 Agent hereby agrees (i) to act as the securities intermediary (as defined in Section 8-102(a)(14) of the New York UCC) with respect to the Series 2024-1 Distribution Account; (ii) that its jurisdiction as securities intermediary is New York, (iii) that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Series 2024-1 Distribution Account shall be treated as a financial asset (as defined in Section 8-102(a)(9) of the New York UCC) and (iv) to comply with any entitlement order (as defined in Section 8-102(a)(8) of the New York UCC) issued by the Trustee.

Section 2.10. Series 2024-1 Accounts Permitted Investments. ABRCF shall not, and shall not permit, funds on deposit in the Series 2024-1 Accounts to be invested in:

- (vi) any investment, instrument or security not otherwise listed in clause (i) through (vi) of the definition of “Permitted Investments” in the Base Indenture.

Section 2.11. Series 2024-1 Demand Notes Constitute Additional Collateral for Series 2024-1 Senior Notes. In order to secure and provide for the repayment and payment of the ABRCF Obligations with respect to the Series 2024-1 Senior Notes, ABRCF hereby grants a security interest in and assigns, pledges, grants, transfers and sets over to the Trustee, for the benefit of the Class A Noteholders, the Class B Noteholders, the Class C Noteholders and the Class D Noteholders, all of ABRCF’s right, title and interest in and to the following (whether now or

hereafter existing or acquired): (i) the Series 2024-1 Demand Notes; (ii) all certificates and instruments, if any, representing or evidencing the Series 2024-1 Demand Notes; and (iii) all proceeds of any and all of the foregoing, including, without limitation, cash. (b) The transfer by a transferor (a “Transferor”) holding a Class D Note or a beneficial interest therein to a subsequent transferee (a “Transferee”) who wishes to take delivery thereof in the form of a Class D Note or beneficial interest therein will be made upon receipt by the Trustee, at the office of the Trustee, of (x) a transfer certificate from the Transferee substantially in the form of Exhibit W-1 and (y) a transfer certificate from the Transferor substantially in the form of Exhibit W-2. Delivery of any such certificate to ABRCF shall be required to be delivered to the email address set forth in Exhibits W-1 and W-2. Any other transfer of a Note shall be made in accordance with Section 2.9 of the Base Indenture.

Section 5.24. Transfer and Exchange of Definitive Class D Notes for Global Class D Notes. Notwithstanding anything to the contrary contained in this Supplement, the Base Indenture or in any Related Document, and solely with respect to this Supplement and the Definitive Class D Notes issued pursuant to this Supplement, following the Class D Notes Closing Date, the holder of any Definitive Class D Note may transfer the same in exchange for a Global Class D Note in accordance with this Section 5.24. Any other transfer of a Class D Note shall be made in accordance with Section 2.9 of the Base Indenture.

(a) When Definitive Class D Notes are presented to the Registrar or a co-registrar with a request to register a transfer or to exchange them for an equal principal amount of Global Class D Notes of other authorized denominations, the Registrar shall register the transfer or make the exchange if its requirements for such transaction are met; provided, however, that the Definitive Class D Notes surrendered for transfer or exchange at the office maintained by the Transfer Agent for such purpose in the Borough of Manhattan, The City of New York (x) shall be duly endorsed or accompanied by a written instrument of transfer in form satisfactory to ABRCF and the Registrar, duly executed by the holder thereof or its attorney, duly authorized in writing and (y) shall only be transferred or exchanged in compliance with this Section 5.24.

In addition, such transferee shall be responsible for providing additional information or certification, as shall be reasonably requested by the Trustee, ABRCF or any Placement Agent for such Global Class D Notes, to support the truth and accuracy of such acknowledgements, representations and agreements, it being understood that such additional information is not intended to create additional restrictions on the transfer of the Class D Notes.

(c) If a holder of a beneficial interest in a Definitive Class D Note wishes at any time to exchange its interest in such Definitive Class D Note for an interest in a Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note, or to transfer its interest in such Definitive Class D Note to a Person who wishes to take delivery thereof in the form of an interest in a Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note, such holder may, subject to the rules and procedures of Euroclear or Clearstream and DTC, as the case may be, exchange or cause the exchange or transfer of such interest for an equivalent beneficial interest a Restricted Global Class D Note, Permanent Global

Class D Note or Temporary Global Class D Note. Upon receipt by the Transfer Agent of (i) such Definitive Class D Note properly endorsed for cancellation by such holder or for assignment to the transferee, (ii) a written order given in accordance with the applicable procedures of Euroclear or Clearstream or DTC, as the case may be, containing information regarding the agent member's account with DTC (and/or the Euroclear or Clearstream account, as the case may be) to be credited with such increase and (iii) (x) a transfer certificate substantially in the form of Exhibit W-2 hereto, (y) in the case of a transfer to a Restricted Global Class D Note, a certificate in the form of Exhibit X-3 and (z) in the case of a transfer to a Permanent Global Class D Note or Temporary Global Class D Note, a certificate in the form of Exhibit X-1 or Exhibit X-2, as applicable, the Transfer Agent shall (A) cancel such Definitive Class D Note, record the transfer in the Registrar, (B) if applicable (to the extent of any exchange or transfer in part), re-issue a new Definitive Class D Note for the partial amount to be held in definitive form in accordance with the provisions for the issuance of Definitive Class D Notes in the Base Indenture (as modified by this Supplement) and (C) approve the instructions at Euroclear, Clearstream and/or DTC, as applicable, concurrently with such cancellation and re-issuance (if applicable), to credit or cause to be credited the account specified in such instruction a beneficial interest in the Restricted Global Class D Note, Permanent Global Class D Note or Temporary Global Class D Note equal to the principal amount of the Definitive Class D Note transferred or exchanged.

(d) ABRCF or the Trustee may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any exchange or registration of transfer of the Class D Notes. No service charge shall be made for any such transaction.

(e) To permit registrations of transfers and exchanges, ABRCF shall execute and the Trustee shall authenticate the Class D Notes, subject to such rules as the Trustee may reasonably require. No service charge to the Class D Noteholder shall be made for any registration of transfer or exchange (except as otherwise expressly permitted herein), but the Registrar may require payment of a sum sufficient to cover any transfer tax or similar government charge payable in connection therewith (other than any such transfer tax or similar governmental charge payable upon exchanges pursuant to Section 2.13 of the Base Indenture in which event the Registrar will be responsible for the payment of any such taxes).

(f) All Class D Notes issued upon any registration of transfer or exchange of Class D Notes shall be the valid obligations of ABRCF, evidencing the same debt, and entitled to the same benefits under this Indenture, as the Class D Notes surrendered upon such registration of transfer or exchange.

(g) Prior to due presentment for registration of transfer of any Class D Note, the Trustee, any Agent and ABRCF may deem and treat the Person in whose name any Class D Note is registered (as of the day of determination) as the absolute owner of such Class D Note for the purpose of receiving payment of principal of and interest on such Class D Note and for all other purposes whatsoever, whether or not such Class D Note is overdue, and neither the Trustee, any Agent nor ABRCF shall be affected by notice to the contrary.

(h) By its acceptance of a Class D Note, each Class D Noteholder and Class D Note Owner shall be deemed to have represented and warranted that its purchase and holding of

the Class D Note will not, throughout the term of its holding an interest therein, constitute a non-exempt “prohibited transaction” under Section 406(a) of ERISA or Section 4975 of the Code.

IN WITNESS WHEREOF, ABRCF and the Trustee have caused this Supplement to be duly executed by their respective officers thereunto duly authorized as of the day and year first above written.
