SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus contains “forward-looking statements” within the meaning of the federal securities laws, which involve risks and uncertainties. Forward-looking statements include all statements that do not relate solely to historical or current facts, and you can identify forward-looking statements because they contain words such as “believes,” “expects,” “may,” “will,” “should,” “seeks,” “approximately,” “intends,” “plans,” “estimates,” “projects,” “continue,” “initiative” or “anticipates” or similar expressions that concern prospects, objectives, strategies, plans or intentions. All statements made relating to our estimated and projected earnings, margins, costs, expenditures, cash flows, growth rates and financial results or to the impact of existing or proposed laws or regulations described in this prospectus are forward-looking statements. These forward-looking statements are subject to risks and uncertainties that may change at any time and, therefore, our actual results may differ materially from those expected. We derive many of our forward-looking statements from our operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, it is very difficult to predict the impact of known factors and, of course, it is impossible to anticipate all factors that could affect our actual results. Important factors that could cause actual results to differ materially from the forward-looking statements we make in this prospectus include, among others:

- the high level of competition in the vehicle rental industry and the impact such competition may have on pricing and rental volume;
- an increase in our fleet costs as a result of an increase in the cost of new vehicles and/or a decrease in the price at which we dispose of used vehicles either in the used vehicle market or under repurchase or guaranteed depreciation programs;
- the results of operations or financial condition of the manufacturers of our cars, which could impact their ability to perform their payment obligations under repurchase and/or guaranteed depreciation arrangements they have with us, and/or their willingness or ability to make cars available to us or the rental car industry as a whole on commercially reasonable terms or at all;
- travel demand, including airline passenger traffic in the United States and in the other international locations in which we operate;
- the effects of economic conditions and weakness in the housing market and the impact such conditions may have on us, particularly during our peak season or in key market segments;
- our ability to obtain financing for our operations, including the funding of our vehicle fleet via the asset-backed securities and lending market at the same or similar cost, and the financial condition of financial-guaranty firms that have insured a portion of our outstanding vehicle-backed debt;
- an occurrence or threat of terrorism, pandemic disease, natural disasters or military conflict in the locations in which we operate;
- our dependence on third-party distribution channels;
- our ability to control costs through our cost-savings and efficiency improvement initiatives or otherwise and successfully implement our business strategy;
- the impact of our derivative instruments, which can be affected by fluctuations in interest rates and other factors;
- our ability to accurately estimate our future results;
- a major disruption in our communication or centralized information networks;
- our exposure to uninsured claims in excess of historical levels;
- our failure or inability to comply with regulations or contractual obligations or any changes in regulations or contractual obligations, including with respect to personally identifiable information;

Table of Contents

- any impact on us from the actions of our licensees, dealers and independent contractors;
- substantial increases in the cost, or decreases in the supply, of fuel, vehicle parts, energy or other resources on which we depend to operate our business;
- risks related to our indebtedness, including our substantial amount of debt and our ability to incur substantially more debt;
- our ability to meet the financial and other covenants contained in the agreements governing our indebtedness;
- the terms of agreements among us and the former real estate, hospitality and travel distribution businesses following the separation of those businesses from us during third quarter of 2006, when we were known as Cendant Corporation (“Cendant”), particularly with respect to the allocation of assets and liabilities, including contingent liabilities and guarantees, commercial arrangements, the ability of each of the separated companies to perform its obligations, including its indemnification obligations, under these agreements, and the former real estate business’ right to control the process for resolving disputes related to contingent liabilities and assets;
- risks associated with litigation involving Avis Budget Group;
- risks related to a potential proposal to acquire Dollar Thrifty Automotive Group, Inc.;
- our exposure to fluctuations in foreign exchange rates;
- other business, economic, competitive, governmental, regulatory, political or technological factors affecting our operations, pricing or services; and
- other risks referenced in the section of this prospectus titled “Risk factors.”

These factors should not be construed as exhaustive and should be read with the other cautionary statements in this prospectus. Although we base these forward-looking statements on assumptions that we believe are reasonable when made, we caution you that forward-looking statements are not guarantees of future performance and that our actual results of operations, financial condition and liquidity, and the development of the industry in which we operate may differ materially from those made in or suggested by the forward-looking statements contained in this prospectus. In addition, even if our results of operations, financial condition and liquidity, and the development of the industry in which we operate are consistent with the forward-looking statements contained in this prospectus, those results or developments may not be indicative of results or developments in subsequent periods.

Given these risks and uncertainties, you are cautioned not to place undue reliance on these forward-looking statements. Any forward-looking statements, which we make in this prospectus, speak only as of the date of such statement, and except for our ongoing obligations to disclose material information under the federal securities laws, we do not undertake any obligation to update such statements or to publicly announce the results of any revisions to any such statements to reflect future events or developments unless required by law. Comparisons of results for current and any prior periods are not intended to express any future trends or indications of future performance, unless expressed as such, and should only be viewed as historical data. For any forward-looking statements contained in any document, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995.

This is a summary of material information contained elsewhere in this prospectus and incorporated by reference and is not complete and does not contain all of the information that may be important to you. Company Overview

We operate two of the most recognized brands in the global vehicle rental industry through Avis and Budget. Avis is a leading rental car supplier to the premium commercial and leisure segments of the travel industry and Budget is a leading rental car supplier to the value-conscious segments of the industry. We are a leading vehicle rental operator in North America, Australia, New Zealand and certain other regions we serve. We maintain a leading share of airport car rental revenue and operate one of the leading consumer truck rental businesses in the United States.

Our car rental business enjoys significant benefits from operating two distinct brands that target different industry segments but share the same fleet, maintenance facilities, systems, technology and administrative infrastructure. We believe that Avis and Budget both enjoy complementary demand patterns with mid-week commercial demand balanced by weekend leisure demand. In 2009, we generated total revenues of \$5,131 million. The Avis, Budget and Budget Truck brands accounted for approximately 61%, 32% and 7% of our revenue, respectively, in 2009.

Our operations have an extended global reach that includes approximately 6,500 car and truck rental locations in the United States, Canada, Australia, New Zealand, Latin America, the Caribbean and parts of Asia. On average, our global rental fleet totaled more than 350,000 vehicles, and we completed more than 23 million vehicle rental transactions worldwide in 2009. In the United States we derived approximately 81% of our nearly \$4.0 billion in total 2009 car rental revenue from on-airport locations and approximately 19% of our car rental revenue from off-airport locations, which we refer to as our local market business. We rent our fleet of approximately 29,000 Budget trucks through a network of approximately 2,300 dealer-operated and 250 company-operated locations throughout the continental United States. We also license the use of the Avis and Budget trademarks to multiple licensees in areas in which we do not operate. The Avis and/or Budget vehicle rental systems in Europe, Africa, the Middle East and parts of Asia are operated at approximately 3,800 locations by subsidiaries and sub-licensees of an independent third party primarily under royalty-free trademark license agreements.

In 2009, we not only completed more than 23 million rental transactions worldwide, but also made significant progress toward our strategic objectives. We retained approximately 99% of our commercial contracts and maintained or expanded our marketing alliances with key marketing partners. In 2009, Avis was named North America’s Leading Car Hire for the fourth consecutive year and World’s Leading Business Car Rental Company by the World Travel Awards. Budget was named “Car Rental Supplier of the Year” in 2009 by Travel Leaders, one of the world’s largest leisure and corporate managed business travel agency networks. We are an “approved” or “preferred” provider for customers of a majority of the largest auto insurance companies in the United States. In 2009, as a result of our heightened focus on car class upgrades, sales of ancillary products and services, we increased the revenues per rental day that we generate from upgrades, *where2* GPS navigation system units, loss damage waivers and insurance products, and other ancillary services.

[Table of Contents](#)

In 2009, we diversified our fleet purchases, reduced our overall fleet size and implemented strategic price increases to offset lower demand for travel services. We continue to utilize sophisticated yield-management technology to optimize our pricing and fleet planning, and we continue to analyze and streamline our operations to gain efficiencies. In addition, our more than 22,000 employees continue to provide reliable, high-quality vehicle rental services that foster customer satisfaction and customer loyalty.

We categorize our operations in three operating segments: Domestic Car Rental, consisting of our Avis and Budget U.S. car rental operations; International Car Rental, consisting of our international Avis and Budget vehicle rental operations; and Truck Rental, consisting of our Budget truck rental operations in the United States. In 2009:

- *Domestic Car Rental.* Our Domestic Car Rental segment generated approximately 73 million rental days and average time and mileage revenue per day of \$42.22 with an average rental fleet of approximately 270,200 vehicles;
- *International Car Rental.* Our International Car Rental segment generated approximately 13 million rental days and average time and mileage revenue per day of \$42.36 with an average rental fleet of approximately 51,100 vehicles; and
- *Truck Rental.* Our Truck Rental segment generated approximately 4 million rental days and average time and mileage revenue per day of \$73.08 with an average rental fleet of approximately 29,000 trucks.

Business Strategy

For 2010, our objective is to continue to focus on profitability and our position as a leading provider of vehicle rental services as well as to maintain cost savings and efficiencies achieved through process improvement and other actions. We expect to achieve our goals by focusing our efforts on the following core strategic initiatives:

- **Optimizing our two-brand strategy.** We plan to continue to position our two distinct and well-recognized brands to capture different segments of customer demand. With Avis as a premium brand preferred by corporate and upscale leisure travelers, and Budget as a value brand preferred by value-conscious travelers, we believe we are able to target a broad range of demand, particularly since the two brands share the same operational and administrative infrastructure while providing differentiated though consistently high levels of customer service. We aim to provide products, service and pricing, and to maintain marketing affiliations and corporate account contracts, which complement each brand's positioning. In addition, we use various marketing channels appropriate to each of our brands and seek to continue to increase the share of our reservations that we generate through our [avis.com](#) and [budget.com](#) websites, which are our least-expensive sources of advance bookings.
- **Expanding our revenue sources.** We plan to continue to focus on car class upgrades and expand our ancillary revenues by offering additional products and services to on-and off-airport customers and by increasing, where appropriate, our recovery from our customers of costs imposed on us by third parties. Opportunities for ancillary revenue growth include adding sales of additional insurance coverages and insurance-related and other ancillary products and services, such as electronic toll collection services, satellite radio and our *where2* GPS navigation product, to the rental transactions of an increasing percentage of our renters. In addition, we seek to grow off-airport revenue by continuing our efforts to identify and attract local demand and increasing our revenues in the insurance replacement sector.
- **Capturing incremental profit opportunities.** We plan to continue our focus on yield management and pricing optimization and seek to increase the time and mileage rental fees we earn per rental day. We have implemented technology that strengthens our yield management and that enables us to tailor our product/price offerings to specific customer segments. In 2009, we also implemented retail price increases, and we expect to continue to adjust our pricing to match changes in demand and as conditions warrant. In addition, we believe the expansion of our revenue sources (discussed above) should permit us to generate incremental profits from our customer base, while at the same time enhancing our customers' vehicle rental experience.
- **Controlling costs and promoting efficiencies.** We have continued our efforts to rigorously control costs. We developed and implemented our Performance Excellence process improvement initiative to increase efficiencies, reduce operating costs and create sustainable cost savings. This initiative generated substantial savings in 2009 and should continue to provide benefits in 2010. In addition to the Performance Excellence initiative, in 2009 we took aggressive action to reduce expenses throughout the organization, in large part through a five-point strategy for realizing cost savings. We believe such steps will continue to impact our financial performance.
- **Mitigating risks.** We expect to continue to face a challenging operating environment in 2010 as demand for travel services is likely to remain below 2007 and 2008 levels. We seek to mitigate our exposure to these risks in numerous ways, including the actions described above, continued adjustment of fleet levels to reflect changes in demand for vehicle rentals, maintenance of ample liquidity to fund our fleet and our operations, and adjustments in the size, nature and terms of our relationships with vehicle manufacturers.

Company History

ABCR is a Delaware limited liability company and an indirect, wholly-owned subsidiary of Avis Budget Group. Avis Finance is a direct, wholly-owned subsidiary of ABCR and functions solely as the co-issuer of the 2006 Notes (as defined and described in “Description of certain indebtedness”) and the notes.

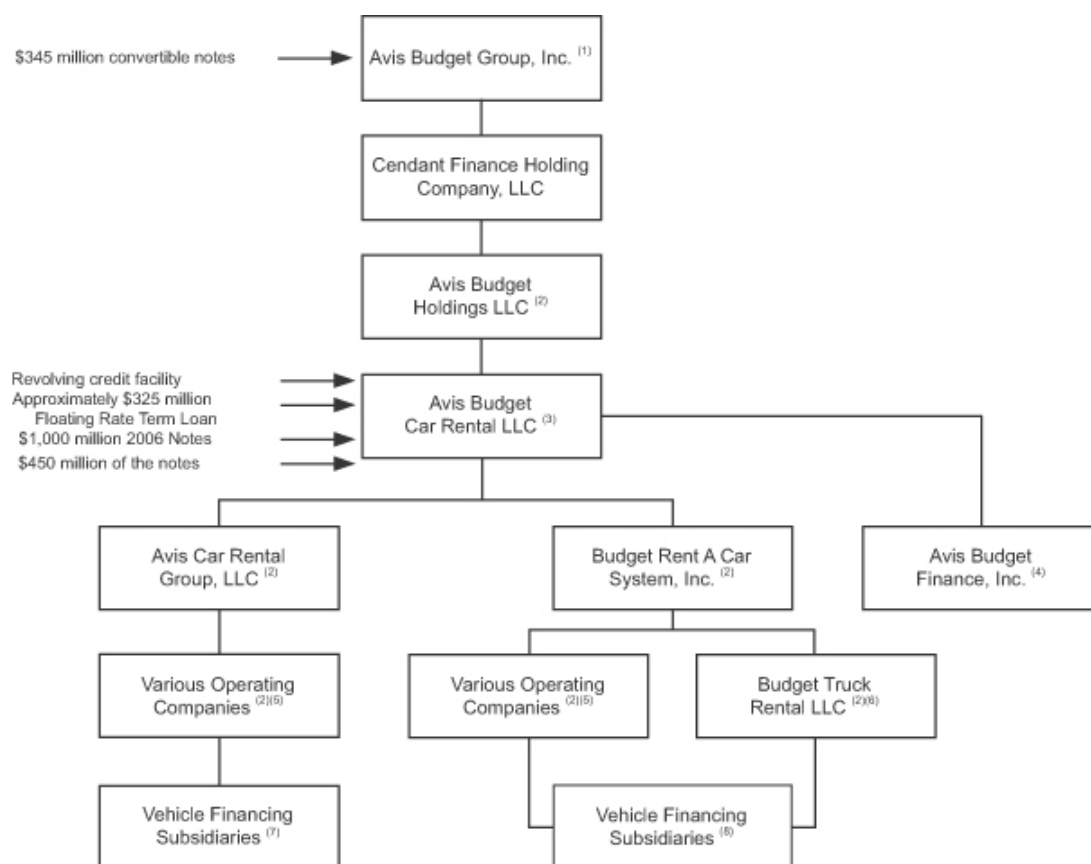

Avis Budget Group was created through a merger with HFS Incorporated in December 1997 with the resultant corporation being renamed Cendant Corporation. On August 23, 2006, Cendant completed a separation into the following four separate companies (the “Cendant Separation”): Realogy Corporation (“Realogy”) for its former Real Estate Services businesses; Wyndham Worldwide Corporation (“Wyndham Worldwide”) for its former Hospitality Services businesses; Travelport Inc. (“Travelport”) for its former Travel Distribution Services businesses; and Cendant (now Avis Budget Group) for its Vehicle Rental businesses. Following completion of the Cendant Separation, Cendant changed its name to “Avis Budget Group, Inc.” and Avis Budget Group’s common stock, par value \$0.01 per share (the “Common Stock”), began to trade on the New York Stock Exchange under the symbol “CAR”. For additional information regarding the Cendant Separation, see “Risk Factors—Risks Related to the Cendant Separation” in the 2009 10-K.

Recent Developments

On May 3, 2010, Avis Budget Group sent a letter to the Board of Directors of Dollar Thrifty Automotive Group, Inc. regarding Dollar Thrifty’s agreement to be acquired by Hertz Global Holdings, Inc. In the letter, Avis Budget Group requested access to legal, financial and business due diligence information relating to Dollar Thrifty, including access to management, so that we can potentially submit a proposal to acquire Dollar Thrifty. On May 6, 2010, we and Dollar Thrifty signed a confidentiality agreement in connection with our consideration of a potential proposal to acquire Dollar Thrifty.

Exchange Offer

On March 10, 2010, we sold, through a private placement exempt from the registration requirements of the Securities Act, \$450,000,000 of our 9 5/8% Senior Notes due 2018, all of which are eligible to be exchanged for Exchange Notes. We refer to these notes as “Old Notes” in this prospectus.

Simultaneously with the private placement, we entered into a registration rights agreement with the initial purchasers of the Old Notes (the “Registration Rights Agreement”). Under the Registration Rights Agreement, we are required to use our reasonable best efforts to cause a registration statement for substantially identical Notes, which will be issued in exchange for the Old Notes, to be filed with the United States Securities and Exchange Commission (the “SEC”) and to complete the exchange offer within 45 days after the date such registration statement is declared effective. We refer to the notes to be registered under this exchange offer registration statement as “Exchange Notes” and collectively with the Old Notes, we refer to them as the “notes” in this prospectus. You may exchange your Old Notes for Exchange Notes in this exchange offer. You should read the discussion under the headings “—Summary of Exchange Offer,” “Exchange Offer” and “Description of Exchange Notes” for further information regarding the Exchange Notes.

Procedures for tendering Old Notes held in the form of book-entry interests

The Old Notes were issued as global securities and were deposited upon issuance with The Bank of Nova Scotia Trust Company of New York which issued uncertificated depository interests in those outstanding Old Notes, which represent a 100% interest in those Old Notes, to The Depository Trust Company (“DTC”).

Beneficial interests in the outstanding Old Notes, which are held by direct or indirect participants in DTC, are shown on, and transfers of the Old Notes can only be made through, records maintained in book-entry form by DTC.

You may tender your outstanding Old Notes by instructing your broker or bank where you keep the Old Notes to tender them for you. In some cases you may be asked to submit the letter of transmittal that may accompany this prospectus. By tendering your Old Notes you will be deemed to have acknowledged and agreed to be bound by the terms set forth under “Exchange Offer.” Your outstanding Old Notes must be tendered in multiples of \$1,000.

In order for your tender to be considered valid, the exchange agent must receive a confirmation of book-entry transfer of your outstanding Old Notes into the exchange agent's account at DTC, under the procedure described in this prospectus under the heading "Exchange Offer," on or before 5:00 p.m., New York City time, on the expiration date of the exchange offer.

United States federal income tax considerations

The exchange offer should not result in any income, gain or loss to the holders of Old Notes or to us for United States federal income tax purposes. See "Certain United States federal income tax considerations."

Use of proceeds

We will not receive any proceeds from the issuance of the Exchange Notes in the exchange offer.

Exchange agent

The Bank of Nova Scotia Trust Company of New York is serving as the exchange agent for the exchange offer.

Shelf registration statement

In limited circumstances, holders of Old Notes may require us to register their Old Notes under a shelf registration statement.

Consequences of Not Exchanging Old Notes

If you do not exchange your Old Notes in the exchange offer, your Old Notes will continue to be subject to the restrictions on transfer currently applicable to the Old Notes. In general, you may offer or sell your Old Notes only:

- if they are registered under the Securities Act and applicable state securities laws;
- if they are offered or sold under an exemption from registration under the Securities Act and applicable state securities laws; or
- if they are offered or sold in a transaction not subject to the Securities Act and applicable state securities laws.

We do not currently intend to register the Old Notes under the Securities Act. Under some circumstances, however, holders of the Old Notes, including holders who are not permitted to participate in the exchange offer or who may not freely resell Exchange Notes received in the exchange offer, may require us to file, and to cause to become effective, a shelf registration statement covering resales of Old Notes by these holders. For more information regarding the consequences of not tendering your Old Notes and our obligation to file a shelf registration statement, see "Exchange Offer—Consequences of exchanging or failing to exchange Old Notes" and "Description of Exchange Notes—Registration rights."

See “Description of Exchange Notes—Certain covenants—Limitation on sales of assets and subsidiary stock.”

Certain Covenants

The indenture governing the notes (including the Exchange Notes), dated as of March 10, 2010 (the “Indenture”), among the issuers, the guarantors and The Bank of Nova Scotia Trust Company of New York, as trustee, contains covenants that, among other things, limit our ability and the ability of our restricted subsidiaries to:

- incur additional indebtedness or issue certain preferred membership interests;
- pay dividends on or make other distributions in respect of equity interests or make other restricted payments;
- create liens on certain assets to secure debt;
- make certain investments;
- sell certain assets;
- agree to certain restrictions on the ability of our restricted subsidiaries to make payments to the issuers;
- consolidate, merge, sell or otherwise dispose of all or substantially all of our assets;
- enter into transactions with our affiliates; and
- designate our subsidiaries as unrestricted subsidiaries

These covenants are subject to a number of important limitations and exceptions. See “Description of Exchange Notes—Certain covenants.”

No prior market

The Exchange Notes will be new securities for which there is currently no market. We cannot assure you that a liquid market for the Exchange Notes will develop or be maintained.

Risk factors

You should consider carefully all of the information set forth in this prospectus and, in particular, should evaluate the specific factors set forth in the section entitled “Risk factors” for an explanation of certain risks of investing in the notes. For a description of risks related to our industry and business, you should also evaluate the specific risk factors set forth in the section entitled “Risk Factors” in the 2009 10-K and the 2010 First Quarter 10-Q.

RISK FACTORS

Participating in the exchange offer is subject to a number of risks. You should carefully consider the following risk factors as well as the other information and data included in, and incorporated by reference in, this prospectus prior to making an investment in the notes. Any of the following risks could materially and adversely affect our business, cash flows, financial condition or results of operations. In such case, you may lose all or part of your original investment in your notes.

Risks related to the exchange offer and holding the Exchange Notes

Our substantial indebtedness could adversely affect our financial flexibility and prevent us from fulfilling our obligations under the notes.

We have, and upon consummation of this exchange offer, we will continue to have a significant amount of indebtedness. As of March 31, 2010, we had approximately \$6.8 billion of total indebtedness and \$772 million of available letter of credit and borrowing capacity, under the Senior Credit Facilities. Our substantial level of indebtedness increases the risk that we may be unable to generate cash sufficient to pay amounts due in respect of our indebtedness. Our substantial indebtedness could have other important consequences to you and significant effects on our business.

For example, it could:

- make it more difficult for us to satisfy our obligations with respect to the notes;
- limit our ability to borrow additional amounts to fund working capital, capital expenditures, debt service requirements, execution of our business strategy, or acquisitions and other purposes;
- require us to dedicate a substantial portion of our cash flow from operations to pay principal and interest on our debt, which would reduce the funds available to us for other purposes;
- make us more vulnerable to adverse changes in general economic, industry and competitive conditions, in government regulation and in our business by limiting our flexibility in planning for, and making it more difficult for us to react quickly to, changing conditions;
- expose us to risks inherent in interest rate fluctuations because some of our borrowings are at variable rates of interest, which could result in higher interest expenses in the event of increases in interest rates; and
- make it more difficult to satisfy our financial obligations, including payments on the notes.

Our ability to make payments on and refinance our debt depends on our ability to generate cash flow. To some extent, this is subject to prevailing economic and competitive conditions and to certain financial, business and other factors, many of which are beyond our control. Our business may not generate cash flow from operations at levels sufficient to permit us to pay principal, premium, if any, and interest on our indebtedness, and our cash needs may increase. If we are unable to generate sufficient cash flow from operations to service our debt and meet our other cash needs, we may be forced to reduce or delay capital expenditures, sell or curtail assets or operations, seek additional capital, or seek to restructure or refinance our indebtedness. If we must sell or curtail our assets or operations, it may negatively affect our ability to generate revenue.

Despite our current indebtedness levels, we may still be able to incur substantially more debt. This could further exacerbate the risks associated with our substantial indebtedness. Subject to the specified limitations referred to above, the indenture governing the 2006 Notes (the "2006 Note Indenture") and the credit agreement by and among ABCR and certain of its subsidiaries (the "Senior Credit Agreement") with a syndicate of lenders, including affiliates of each initial purchaser, consisting of (i) \$325 million in term loans (the "Floating Rate Term

[Table of Contents](#)

Loan”) and (ii) a \$1,175 million in revolving credit facilities (collectively with the Floating Rate Term Loan and as amended to date, the “Senior Credit Facilities”) limit, but do not prohibit, and the Indenture limits, but not prohibit us from incurring additional indebtedness in the future. As noted above, as of March 31, 2010, the Senior Credit Facilities provided us with aggregate capacity of up to \$772 million, all of which is available for borrowings. All of those borrowings would be secured and the lenders under the Senior Credit Facilities would have a prior claim to the assets that secure such indebtedness. If new debt is added to our current debt levels, the risks described above could intensify.

In addition, the Indenture contains, and the agreements evidencing or governing other future indebtedness may contain, restrictive covenants that will limit our ability to engage in activities that may be in our long-term best interests. Our failure to comply with those covenants could result in an event of default which, if not cured or waived, could result in the acceleration of all of our indebtedness.

We may not be able to generate sufficient cash to service all of our indebtedness, including the notes, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations, including the notes, depends on our financial condition and operating performance, which are subject to prevailing economic and competitive conditions and to certain financial, business, legislative, regulatory and other factors beyond our control. We may be unable to maintain a level of cash flows from operating activities sufficient to permit us to fund our day-to-day operations or to pay the principal, premium, if any, and interest on our indebtedness, including the notes.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we could face substantial liquidity problems and could be forced to reduce or delay investments and capital expenditures or to sell assets or operations, seek additional capital or restructure or refinance our indebtedness, including the notes. We may not be able to effect any such alternative measures, if necessary, on commercially reasonable terms or at all and, even if successful, such alternative actions may not allow us to meet our scheduled debt service obligations. The Senior Credit Agreement and the Indenture restrict our ability to dispose of assets and use the proceeds from any such dispositions and may also restrict our ability to raise debt or equity capital to be used to repay other indebtedness when it becomes due. We may not be able to consummate those dispositions or to obtain proceeds in an amount sufficient to meet any debt service obligations then due. See the sections titled “Description of certain indebtedness” and “Description of Exchange Notes.”

In addition, we conduct our operations through our subsidiaries, certain of which will not be guarantors of the notes or our other indebtedness. Accordingly, repayment of our indebtedness, including the notes, is dependent on the generation of cash flow by our subsidiaries and their ability to make such cash available to us, by dividend, debt repayment or otherwise. Unless they are guarantors of the notes, our subsidiaries do not have any obligation to pay amounts due on the notes or to make funds available for that purpose. Our subsidiaries may not be able to, or may not be permitted to, make distributions to enable us to make payments in respect of our indebtedness, including the notes. Each subsidiary is a distinct legal entity and, under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries. Although the Indenture and the agreements governing certain of our other existing indebtedness limit the ability of certain of our subsidiaries to incur consensual restrictions on their ability to pay dividends or make other intercompany payments to us, these limitations are subject to certain qualifications and exceptions. In the event that we do not receive distributions from our subsidiaries, we may be unable to make required principal and interest payments on our indebtedness, including the notes.

Our inability to generate sufficient cash flows to satisfy our debt obligations, or to refinance our indebtedness on commercially reasonable terms or at all, would materially and adversely affect our financial position and results of operations and our ability to satisfy our obligations under the notes.

[Table of Contents](#)

If we cannot make scheduled payments on our debt, we will be in default and, as a result, holders of notes could declare all outstanding principal and interest to be due and payable, the lenders under the Senior Credit Facilities could terminate their commitments to loan money, our secured lenders could foreclose against the assets securing such borrowings and we could be forced into bankruptcy or liquidation, in each case, which could result in you losing your investment in the notes.

Restrictive covenants in the Indenture may limit our current and future operations, particularly our ability to respond to changes in our business or to pursue our business strategies.

The terms of certain of our indebtedness, including the indenture governing the 2006 Notes, the Senior Credit Agreement and the Indenture contain, and any future indebtedness of ours may contain, a number of restrictive covenants that impose significant operating and financial restrictions, including restrictions on our ability to take actions that we believe may be in our interest. The Indenture among other things, limits our ability to:

- incur additional indebtedness and guarantee indebtedness;
- pay dividends on or make distributions in respect of capital stock or make certain other restricted payments or investments;
- enter into agreements that restrict distributions from restricted subsidiaries;
- sell or otherwise dispose of assets, including capital stock of restricted subsidiaries;
- enter into transactions with affiliates;
- create or incur liens;
- enter into sale/leaseback transactions;
- merge, consolidate or sell substantially all of our assets;
- make investments and acquire assets;
- make certain payments on indebtedness;
- amend or otherwise alter debt and other material agreements;
- issue certain preferred membership interests or similar equity securities; and
- conduct certain business operations other than a limited list of activities.

You should read the discussions under the headings “Description of Exchange Notes—Certain covenants” for further information about these covenants. A breach of the covenants or restrictions under the Indenture, could result in a default under the applicable indebtedness. Such default may allow the creditors to accelerate the related debt and may result in the acceleration of any other debt to which a cross-acceleration or cross-default provision applies. In the event our lenders and noteholders accelerate the repayment of our borrowings, we cannot assure that we and our subsidiaries would have sufficient assets to repay such indebtedness.

The restrictions contained in the Indenture and the agreements governing our other indebtedness could adversely affect our ability to:

- finance our operations;
- make needed capital expenditures;
- make strategic acquisitions or investments or enter into alliances;
- withstand a future downturn in our business or the economy in general;
- engage in business activities, including future opportunities, that may be in our interest; and
- plan for or react to market conditions or otherwise execute our business strategies.

[Table of Contents](#)

Our financial results, our substantial indebtedness and our credit ratings could adversely affect the availability and terms of our financing.

Despite restrictions in the Indenture, the 2006 Note Indenture and the Senior Credit Agreement, we may still be able to incur substantial additional indebtedness. This could create substantial leverage and related risks.

We may be able to incur a significant amount of pari passu lien obligations pursuant to the Indenture, the 2006 Note Indenture and the Senior Credit Agreement in the future, including additional secured indebtedness. Although covenants under the Indenture, the 2006 Note Indenture and the Senior Credit Agreement limit our ability and the ability of our present and future subsidiaries to incur additional indebtedness, the terms of the Indenture, the 2006 Note Indenture and the Senior Credit Agreement permit us to incur significant additional indebtedness. In addition, both indentures allow us to issue additional notes under certain circumstances which will also be guaranteed by the guarantors. Under the Indenture, the 2006 Note Indenture and the Senior Credit Agreement any additional debt incurred by our non-guarantor subsidiaries would be structurally senior to the notes. In addition, neither the Indenture nor the Senior Credit Agreement prohibit us from incurring obligations that do not constitute indebtedness as defined therein. See “Description of Exchange Notes”. To the extent that we incur additional indebtedness or such other obligations, the risk associated with substantial additional indebtedness described above, including our possible inability to service our debt, will increase.

Your right to receive payments on the notes is effectively subordinated to the right of lenders who have a security interest in our assets to the extent of the value of those assets.

Our obligations under the notes and the guarantors’ obligations under their guarantees of the notes will be unsecured, but our obligations under the Senior Credit Facilities and each guarantor’s obligations under the Senior Credit Facilities are secured by a security interest in substantially all of ABCR’s and the guarantors’ assets. If we are declared bankrupt or insolvent, or if we default under the Senior Credit Facilities, the funds borrowed thereunder, together with accrued interest, could become immediately due and payable. If we were unable to repay such indebtedness, the lenders under the Senior Credit Facilities could foreclose on the pledged assets to the exclusion of holders of the notes, even if an event of default exists under the Indenture at such time. Furthermore, if the lenders foreclose and sell the pledged equity interests in any guarantor in a transaction permitted under the terms of the Indenture, then such guarantor will be released from its guarantee of the notes automatically and immediately upon such sale. In any such event, because the notes are not secured by any of such assets or by the equity interests in any such guarantor, it is possible that there would be no assets from which your claims could be satisfied or, if any assets existed, they might be insufficient to satisfy your claims in full.

As of March 31, 2010, we had total consolidated indebtedness of approximately \$6.8 billion. Of the foregoing debt, approximately \$4.6 billion was secured as of such date. The subsidiary guarantors had total indebtedness of \$32 million, and we would have been able to incur an additional approximately \$3.0 billion of secured indebtedness under our vehicle debt financing programs as of such date, subject to certain conditions. For further discussion, see “Description of certain indebtedness.”

Not all of our subsidiaries are guarantors and therefore the notes will be structurally subordinated in right of payment to the indebtedness and other liabilities of our existing and future subsidiaries that do not guarantee the notes. Your right to receive payments on the notes could be adversely affected if any of these non-guarantor subsidiaries declare bankruptcy, liquidate or reorganize.

The guarantors will include Avis Budget Group, Avis Budget Holdings and our subsidiaries that guarantee our obligations under the Senior Credit Facilities. None of our foreign subsidiaries will guarantee the notes.

The notes and guarantees will be structurally subordinated to all of the liabilities of any of the issuers’ subsidiaries that do not guarantee the notes and would be required to be paid before the holders of the notes have

[Table of Contents](#)

a claim, if any, against those subsidiaries and their assets. Therefore, if there was a dissolution, bankruptcy, liquidation or reorganization of any such subsidiary, the holders of notes would not receive any amounts with respect to the notes from the assets of such subsidiary until after the payment in full of the claims of creditors, including trade creditors and preferred stockholders, of such subsidiary.

In addition, the equity interests of other equity holders in any non-guarantor subsidiary in any dividend or other distribution made by these entities would need to be satisfied on a proportionate basis with us. These less than wholly-owned subsidiaries may also be subject to restrictions on their ability to distribute cash to us in their financing or other agreements and, as a result, we may not be able to access their cash flow to service our debt obligations, including in respect of the notes.

Our non-guarantor subsidiaries accounted for approximately \$508 million of our total revenues for the three months ended March 31, 2010, excluding certain expenses relating to AESOP Leasing Company and equity in earnings eliminations. As of March 31, 2010, our non-guarantor subsidiaries accounted for approximately \$7,360 million of our total assets excluding certain intercompany balances and equity eliminations, and approximately \$4,863 million of our total liabilities, excluding certain intercompany balances, related taxes and equity eliminations.

Our ability to meet our obligations under our debt, in part, depends on the earnings and cash flows of our subsidiaries and the ability of our subsidiaries to pay dividends or advance or repay funds to us.

We conduct a significant portion of our business operations through our subsidiaries. In servicing payments to be made on the notes, we will rely, in part, on cash flows from these subsidiaries, mainly dividend payments. The ability of these subsidiaries to make dividend payments to us will be affected by, among other factors, the obligations of these entities to their creditors, requirements of corporate and other law, and restrictions contained in agreements entered into by or relating to these entities. In addition, our foreign subsidiaries may be subject to currency controls, repatriation restrictions, withholding obligations on payments to us and other limits.

Avis Finance has no assets or operations and you should not rely upon Avis Finance to make payments on the notes.

Federal and state fraudulent transfer laws may permit a court to void the notes and/or the note guarantees and, if that occurs, you may not receive any payments on the notes.

Federal and state fraudulent transfer and conveyance statutes may apply to the issuance of the notes and the incurrence of the guarantees of such notes. Under federal bankruptcy law and comparable provisions of state fraudulent transfer or conveyance laws, which may vary from state to state, the notes or the note guarantees thereof could be voided as a fraudulent transfer or conveyance if we or any of the guarantors, as applicable, (a) issued the notes or incurred the note guarantees with the intent of hindering, delaying or defrauding creditors, or (b) received less than reasonably equivalent value or fair consideration in return for either issuing the notes or incurring the note guarantees and, in the case of (b) only, one of the following is also true at the time thereof:

- we or any of the guarantors, as applicable, were insolvent or rendered insolvent by reason of the issuance of the notes or the incurrence of the note guarantees;
- the issuance of the notes or the incurrence of the note guarantees left us or any of the guarantors, as applicable, with an unreasonably small amount of capital or assets to carry on the business;
- we or any of the guarantors intended to, or believed that we or such guarantor would, incur debts beyond our or such guarantor's ability to pay as they mature; or
- we or any of the guarantors were a defendant in an action for money damages, or had a judgment for money damages docketed against us or such guarantor if, in either case, after final judgment, the judgment is unsatisfied.

[Table of Contents](#)

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or a valid antecedent debt is secured or satisfied. A court would likely find that a guarantor did not receive reasonably equivalent value or fair consideration for its note guarantee, to the extent such guarantor did not obtain a reasonably equivalent benefit directly or indirectly from the issuance of the notes.

We cannot be certain as to the standards a court would use to determine whether or not we or the guarantors were insolvent at the relevant time or, regardless of the standard that a court uses, whether the notes or the note guarantees would be subordinated to our or any of our guarantors' other debt. In general, however, a court would deem an entity insolvent if:

- the sum of its debts, including contingent and unliquidated liabilities, was greater than the fair saleable value of all of its assets;
- the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
- it could not pay its debts as they became due.

If a court were to find that the issuance of the notes or the incurrence of a note guarantee was a fraudulent transfer or conveyance, the court could void the payment obligations under the notes or such note guarantee or subordinate the notes or such note guarantee to presently existing and future indebtedness of ours or of the related guarantor, or require the holders of notes to repay any amounts received with respect to such note guarantee. In the event of a finding that a fraudulent transfer or conveyance occurred, you may not receive any repayment on the notes. Further, the avoidance of the notes could result in an event of default with respect to our and our subsidiaries' other debt that could result in acceleration of such debt.

Finally, as a court of equity, the bankruptcy court may subordinate the claims in respect of the notes to other claims against us under the principle of equitable subordination, if the court determines that: (i) the holder of notes engaged in some type of inequitable conduct; (ii) such inequitable conduct resulted in injury to our other creditors or conferred an unfair advantage upon the holder of notes; and (iii) equitable subordination is not inconsistent with the provisions of title 11 of the United States Code, as amended.

We may be unable to repurchase the notes upon a change of control or asset sale.

Upon the occurrence of specified kinds of change of control events, the issuers will be required to offer to repurchase all outstanding notes at a price equal to 101% of the principal amount of the notes, together with accrued and unpaid interest, if any, to the date of repurchase. Similarly, under certain circumstances, we may be required to make an offer to repurchase notes if we make certain asset sales.

However, it is possible that we will not have sufficient funds when required under the Indenture to make the required repurchase of the notes. If we fail to repurchase notes in that circumstance, we will be in default under the Indenture. If we are required to repurchase a significant portion of the notes, we may require third-party financing. We cannot be sure that we would be able to obtain third-party financing on acceptable terms, or at all.

One of the circumstances under which a change of control may occur is upon the sale or disposition of all or substantially all of our assets. However, the phrase "all or substantially all" will likely be interpreted under applicable state law and will be dependent upon particular facts and circumstances. As a result, there may be a degree of uncertainty in ascertaining whether a sale or disposition of "all or substantially all" of our capital stock, membership interests or assets has occurred, in which case, the ability of a holder of the notes to obtain the benefit of an offer to repurchase all of a portion of the notes held by such holder may be impaired.

The agreements governing our other indebtedness, including future agreements, contain and may contain prohibitions of certain events, including events that would constitute a change of control or an asset sale and

[Table of Contents](#)

including repurchases of or other prepayments in respect of the notes. The exercise by the holders of notes of their right to require us to repurchase the notes pursuant to a change of control offer or an asset sale offer could cause a default under these other agreements, even if the change of control or asset sale, if applicable, itself does not, due to the financial effect of such repurchases on us. In the event a change of control offer or an asset sale offer is required to be made at a time when we are prohibited from purchasing notes, we could attempt to refinance the borrowings that contain such prohibition. If we do not obtain a consent or repay those borrowings, we will remain prohibited from purchasing notes. In that case, our failure to purchase tendered notes would constitute an event of default under the Indenture which could, in turn, constitute a default under our other indebtedness. Finally, our ability to pay cash to the holders of notes upon a repurchase may be limited by our then existing financial resources.

There is no established trading market for the notes and there is no guarantee that an active trading market for the notes will develop. You may not be able to sell the notes readily or at all or at or above the price that you paid.

The Exchange Notes are a new issue of securities and there is no established trading market for them, or for the Old Notes. We do not intend to apply for the notes to be listed on any securities exchange or to arrange for quotation on any automated dealer quotation system. You may not be able to sell your notes at a particular time or at favorable prices. As a result, we cannot assure you as to the liquidity of any trading market for the Exchange Notes. Accordingly, you may be required to bear the financial risk of your notes indefinitely. If a trading market were to develop, future trading prices of the Exchange Notes may be volatile and will depend on many factors, including:

- the number of holders of Exchange Notes;
- our operating performance and financial condition;
- our ability to complete the offer to exchange the Old Notes for the Exchange Notes;
- the interest of securities dealers in making a market for the Exchange Notes; and
- the market for similar securities.

The market for non-investment grade debt historically has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the Exchange Notes. The market for the Exchange Notes, if any, may be subject to similar disruptions that could adversely affect their value. In addition, subsequent to their initial issuance to tendering holders of the Old Notes in the exchange offer, the Exchange Notes may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar notes, our performance and other factors.

A lowering or withdrawal of the ratings assigned to our debt securities by rating agencies may increase our future borrowing costs and reduce our access to capital.

Our debt currently has a non-investment grade rating, and there can be no assurances that any rating assigned will remain for any given period of time or that a rating will not be lowered or withdrawn entirely by a rating agency if, in that rating agency's judgment, future circumstances relating to the basis of the rating, such as adverse changes in our financial condition or results of operation, so warrant. A lowering or withdrawal of the ratings assigned to our debt securities by rating agencies may increase our future borrowing costs and reduce our access to capital, which could have a material adverse impact on our financial condition and results of operations.

Holders of Old Notes who fail to exchange their Old Notes in the exchange offer will continue to be subject to restrictions on transfer.

If you do not exchange your Old Notes for Exchange Notes in the exchange offer, you will continue to be subject to the restrictions on transfer applicable to the Old Notes. The restrictions on transfer of your Old Notes

[Table of Contents](#)

arise because we issued the Old Notes under exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, you may only offer or sell the Old Notes if they are registered under the Securities Act and applicable state securities laws, or offered and sold under an exemption from these requirements. We do not plan to register the Old Notes under the Securities Act. For further information regarding the consequences of tendering your Old Notes in the exchange offer, see the discussion below under the caption “Exchange Offer—Consequences of failure to exchange.”

You must comply with the exchange offer procedures in order to receive new, freely tradable Exchange Notes.

Delivery of Exchange Notes in exchange for Old Notes tendered and accepted for exchange pursuant to the exchange offer will be made only after timely receipt by the exchange agent of book-entry transfer of Old Notes into the exchange agent’s account at DTC, as depositary, including an agent’s message (as defined herein). We are not required to notify you of defects or irregularities in tenders of Old Notes for exchange. Exchange Notes that are not tendered or that are tendered but we do not accept for exchange will, following consummation of the exchange offer, continue to be subject to the existing transfer restrictions under the Securities Act and, upon consummation of the exchange offer, certain registration and other rights under the Registration Rights Agreement will terminate. See “Exchange Offer—Procedures for tendering Old Notes” and “Exchange Offer—Consequences of failure to exchange.”

Some holders who exchange their Old Notes may be deemed to be underwriters, and these holders will be required to comply with the registration and prospectus delivery requirements in connection with any resale transaction.

If you exchange your Old Notes in the exchange offer for the purpose of participating in a distribution of the Exchange Notes, you may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

USE OF PROCEEDS

This exchange offer is intended to satisfy our obligations under the Registration Rights Agreement. We will not receive any cash proceeds from the issuance of the Exchange Notes. The Old Notes properly tendered and exchanged for Exchange Notes will be retired and cancelled. Accordingly, no additional debt will result from the exchange. We have agreed to bear the expense of the exchange offer.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets for our ratio of earnings to fixed charges on a historical basis for the periods indicated ⁽¹⁾:

Year ended December 31,					Quarter ended March 31,	
2009	2008	2007	2006	2005	2010	2009
—	—	—	—	—	—	—

(1) Dashes in the following table represent a ratio of earnings to fixed charges less than 1.0.

For the purposes of computing the ratio of earnings to fixed charges, earnings consist of income (loss) before provision for income taxes plus fixed charges. Fixed charges consist of interest expense on all indebtedness including amortization of deferred financing costs) and the portion of operating lease rental expense that is representative of the interest factor. For the years ended December 31, 2009, 2008, 2007, 2006 and 2005, respectively, earnings were less than fixed charges by \$77 million, \$1,343 million, \$992 million, \$677 million and \$62 million, respectively. For the quarters ended March 31, 2010 and March 31, 2009, earnings were less than fixed charges by \$66 million and \$70 million, respectively.

In presenting the financial data above in conformity with GAAP, we are required to make estimates and assumptions that affect the amounts reported. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Accounting Policies—Critical Accounting Policies” in the 2009 10-K and the 2010 First Quarter 10-Q for a detailed discussion of the accounting policies that we believe require subjective and complex judgments that could potentially affect reported results.

Income (loss) from discontinued operations, net of tax, includes the after tax results of the following disposed businesses for all periods presented (through their dates of disposition): (i) Travelport, which we sold in August 2006; (ii) Realogy and Wyndham Worldwide, which were spun-off on July 31, 2006; (iii) our former Marketing Services division, which we sold in October 2005; (iv) Wright Express Corporation, which we sold in February 2005; and (v) our former mortgage, fleet leasing and appraisal businesses, which were included in the spin-off of PHH Corporation on January 31, 2005. Income (loss) from discontinued operations, net of tax, also includes a tax benefit realized as a result of certain elections made in connection with the disposition of Travelport on income tax returns filed during 2007, the after tax losses on the sale of Travelport and the spin-offs of Realogy and Wyndham Worldwide in 2006, the after tax gains on the sale of our Marketing Services division and Wright Express Corporation in 2005, and the after tax loss on the spin-off of PHH Corporation in 2005.

During the first quarter of 2010, we recorded a \$40 million expense related to the extinguishment of a portion of our corporate debt and associated interest rate swaps.

In 2009, we recorded an approximately \$33 million (\$20 million, net of tax) non-cash charge primarily for the impairment of our investment in Carey, to reflect the other-than-temporary decline of the investments’ fair value below its carrying value. In 2008, we recorded a \$1,262 million (\$1,053 million, net of tax) non-cash charge to reflect (i) the impairment of goodwill, (ii) the impairment of Avis Budget Group’s tradenames assets and (iii) the impairment of our investment in Carey. These charges reflect the decline in their fair value below their carrying value, primarily as a result of reduced market valuations for vehicle services and other companies, as well as reduced profit forecasts due to soft economic conditions and increased financing costs. In 2007, we recorded a \$1,195 million (\$1,073 million, net of tax) non-cash charge for the impairment of goodwill at each of our reporting units to reflect the decline in their fair value as evidenced by a decline in the market value of the Common Stock. See Note 2 in our audited consolidated financial statements included in the 2009 10-K, which are incorporated by reference in this prospectus. In 2006, we recorded a non-cash impairment charge of approximately \$1.3 billion within discontinued operations to reflect the difference between Travelport’s carrying value and its estimated fair value, less costs to dispose. In 2005, we recorded a non-cash impairment charge of \$425 million within discontinued operations as a result of a decline in future anticipated cash flows of one of Travelport’s businesses.

In 2009 and 2008, we recorded \$20 million and \$28 million, respectively, of charges related to restructuring initiatives within each of our segments. In 2006, we recorded \$10 million of restructuring charges related to restructuring initiatives within our Truck Rental and Domestic Car Rental segments. In 2005, we recorded \$26 million of restructuring and transaction-related charges as a result of restructuring activities undertaken following the spin-off of PHH Corporation and the initial public offering of Wright Express Corporation. See Note 5 to our audited consolidated financial statements included in the 2009 10-K, which are incorporated by reference in this prospectus.

In 2009, 2008 and 2007, separation-related costs incurred in connection with the spin-offs of Realogy and Wyndham and the sale of Travelport were insignificant. In 2006 and 2005, we incurred separation-related costs of \$574 million and \$15 million, respectively. These costs consisted primarily of legal, accounting, other professional and consulting fees and various employee costs, and for 2006 included costs associated with the retirement of corporate debt.

[Table of Contents](#)

In 2006 and 2005, we incurred \$40 million and \$35 million, respectively, of litigation and related costs primarily in connection with the 1998 discovery of accounting irregularities in the former business units of CUC International, Inc. In 2009, 2008 and 2007, these costs were immaterial.

In 2006, we recorded a \$103 million (\$64 million, net of tax) non-cash charge to reflect the cumulative effect of accounting charges related to (i) real estate time-share transactions at our former Hospitality Services and Timeshare Resorts segment and (ii) stock-based compensation awards. In 2005, we recorded a \$14 million (\$8 million, net of tax) non-cash charge to reflect the cumulative effect of accounting change relating to our asset retirement obligation to remove assets at certain leased properties.

DESCRIPTION OF CERTAIN INDEBTEDNESS

The following is a summary of certain of our indebtedness that is currently outstanding. The following descriptions do not purport to be complete and are qualified in their entirety by reference to the agreements and related documents referred to herein, copies of which, are filed as exhibits to the registration statement of which this prospectus forms a part.

Senior Credit Facilities

Concurrently with the closing of the offering of the Old Notes and ABCR's prepayment of approximately \$450 million of the Floating Rate Term Loan with the proceeds of the Old Notes, together with cash on hand, ABCR, as borrower, and Avis Budget Holdings entered into the second amendment to the Senior Credit Agreement (the "Second Amendment"), which amendment amends the Senior Credit Agreement and the Senior Credit Facilities. The following is a summary description of certain terms of the Senior Credit Facilities, as amended by the Second Amendment.

The Senior Credit Facilities provide the borrower with the ability to request term loans and revolving credit extensions in the aggregate amount, together with the Floating Rate Term Loan and revolving credit facility then outstanding, not to exceed \$1,500 million, from lenders under the Senior Credit Facilities. As of March 31, 2010, we had \$325 million outstanding under the Floating Rate Term Loan and \$403 million of letters of credit (but no loans) under the revolving credit facilities. As of the same date, the Senior Credit Facilities provided us with aggregate capacity of up to \$772 million, all of which was available for borrowings. The revolving credit facilities are available to finance the working capital needs and general corporate purposes of ABCR and its subsidiaries. The \$52 million outstanding under the Floating Rate Term Loan due 2012 bears interest at three month LIBOR plus 375 basis points, for a rate of 4.01% at March 31, 2010, and the \$273 million outstanding under the Floating Rate Term Loan due 2014 bears interest at the greater of three month LIBOR or 1.50%, plus 425 basis points, for a rate of 5.75% at March 31, 2010.

Maturity; prepayments

The Senior Credit Facilities are comprised of \$983 million of revolving credit commitments expiring in 2013, \$192 million of revolving credit commitments expiring in 2011, \$273 million of Floating Rate Term Loan debt maturing in 2014 and \$52 million of Floating Rate Term Loan debt maturing in 2012.

Subject to certain exceptions, the Senior Credit Facilities are subject to mandatory prepayments in amounts equal to:

- 100% of the net proceeds of any sale or other disposition by the holding company parent of the borrower, the borrower or any of its subsidiaries of any assets, with certain exceptions, including sales or other dispositions in connection with securitizations and vehicle-related financings, sales of inventory or obsolete or worn-out property (including vehicles) in the ordinary course of business, and certain other dispositions and with customary reinvestment provisions; and
- 75% of the net proceeds of any incurrence of debt after the closing date by the holding company parent of the borrower, the borrower or any of its domestic subsidiaries, with certain exceptions including securitizations and vehicle-related financings, certain subordinated debt and refinancing of existing debt, including the notes.

Mandatory prepayment provisions are suspended at any time when the borrower's corporate credit rating assigned by Moody's Investors Service, Inc. ("Moody's") is at least Baa3 and its corporate issuer rating assigned by Standard & Poor's Ratings Group, a division of The McGraw-Hill Companies, Inc. ("S&P") is at least BBB-, in each case with stable or positive outlook.

[Table of Contents](#)

Voluntary prepayments and commitment reductions are permitted, with respect to term and revolving loans, in minimum principal amounts equal to \$1,000,000 or whole multiples thereof, and with respect to swingline loans, in minimum principal amounts equal to \$100,000 or whole multiples thereof.

Security; guarantees

The obligations of ABCR under the Senior Credit Facilities are guaranteed by Avis Budget Holdings, the direct parent company of ABCR, and each direct and indirect existing and future domestic subsidiary of the borrower, subject to certain exceptions, including an exception for securitization subsidiaries.

The Senior Credit Facilities and any swap agreements and cash management arrangements provided by any lender party to the Senior Credit Facilities are secured on a first priority basis by (i) pledges of all of the capital stock of all direct or indirect domestic subsidiaries (excluding securitization and certain other subsidiaries) of the borrower and up to 66% of the capital stock of each direct foreign subsidiary of ABCR, subject to certain exceptions and (ii) liens on substantially all of the personal property and certain real property of ABCR and each of the guarantors, subject to certain exceptions.

Interest

At ABCR's election, the interest rate per annum applicable to the loans under the Senior Credit Facilities is based on a fluctuating rate of interest determined by reference to either (i) the eurodollar rate plus an applicable margin, which ranges from 3.75% to 4.25% based on whether the loan is a revolving or term loan and whether it was extended pursuant the Second Amendment, or (ii) the base rate plus an applicable margin, which ranges from 2.75% to 3.25% based on whether the loan is a revolving or term loan and whether it was extended pursuant the Second Amendment; provided that revolving loans that were extended pursuant to the Second Amendment bear an applicable margin set according to a specified pricing schedule, and all swingline loans bear interest at a rate per annum equal to the base rate plus the applicable margin.

Fees

We pay certain fees with respect to the Senior Credit Facilities, including (i) fees on the unused commitments of the lenders under the revolving facility, (ii) letter of credit fees on the aggregate face amount of outstanding letters of credit plus a fronting fee to the issuing bank, and (iii) administration fees.

Covenants

The Senior Credit Facilities contain a number of covenants that, subject to certain exceptions, among other things, limit or restrict the ability of the holding company parent of ABCR, ABCR and ABCR's subsidiaries to dispose of assets, incur additional indebtedness, incur guarantee obligations, pay or modify material debt instruments (adverse to the lenders) and modify agreements relating to the Separation Transactions, pay dividends, create liens, make acquisitions, investments, loans and advances, engage in mergers or make capital expenditures, or engage in certain transactions with affiliates. In addition, under the Senior Credit Facilities, the borrower is required to comply with specified financial ratios.

Events of default

The Senior Credit Facilities contain customary events of default including non-payment of principal, interest or fees, failure to comply with covenants, material inaccuracy of representation or warranties, cross-default to material indebtedness, material judgments, change of control, actual or asserted invalidity of any guaranty or security document, and certain bankruptcy events. Our ability to borrow under the Senior Credit Facilities depends on, among other things, our compliance with the above-described financial ratios. Failure to comply

[Table of Contents](#)

with these ratios or the other provisions of the credit agreement for the Senior Credit Facilities (subject to certain grace periods) could, absent a waiver or an amendment from the lenders under such agreement, restrict the availability of the revolving credit facility and permit the acceleration of all outstanding borrowings under such credit agreement.

2006 Notes

On April 19, 2006, ABCR and Avis Finance completed a private offering of \$250 million aggregate principal amount of Floating Rate Senior Notes due 2014 (the "Floating Rate 2006 Notes"), \$375 million aggregate principal amount of 7.625% Senior Notes due 2014 (the "7^{5/8}% 2006 Notes") and \$375 million aggregate principal amount of 7.75% Senior Notes due 2016 (the "7^{3/4}% 2006 Notes" and collectively with the Floating Rate 2006 Notes and the 7^{5/8}% 2006 Notes, the "2006 Notes") pursuant to the 2006 Indenture dated April 19, 2006, as supplemented, among ABCR, Avis Finance, the guarantors named therein and The Bank of Nova Scotia Trust Company of New York, as trustee. The 2006 Notes are senior unsecured obligations and rank equally in right of payment with all of ABCR's and Avis Finance's existing and future senior indebtedness.

The 2006 Indenture contains various provisions that limit our ability to, subject to certain exceptions, among other things, incur additional debt, provide guarantees in respect of obligations of other persons, issue redeemable stock and preferred stock, pay dividends or distributions or redeem or repurchase capital stock, prepay, redeem or repurchase debt, make loans, investments and capital expenditures, incur liens, make distributions from our subsidiaries, sell assets and capital stock of our subsidiaries, make acquisitions and consolidate or merge with or into, or sell substantially all of our assets to, another person. In addition, upon the occurrence of specific kinds of change of control events, we are required to offer to repurchase all outstanding 2006 Notes at 101% of their principal amount, plus any accrued and unpaid interest.

As of March 31, 2010, \$250 million principal amount of Floating Rate 2006 Notes, \$375 million principal amount of 7^{5/8}% 2006 Notes and \$375 million principal amount of 7^{3/4}% 2006 Notes were outstanding.

Floating Rate 2006 Notes

The interest rate on the Floating Rate 2006 Notes is equal to three month LIBOR plus 250 basis points, for a rate of 2.75% at March 31, 2010. We have the right to redeem the Floating Rate 2006 Notes in whole or in part at any time after May 15, 2008, at the applicable scheduled redemption price, plus in each case, accrued and unpaid interest through the redemption date.

7^{5/8}% 2006 Notes and 7^{3/4}% 2006 Notes

We have the right to redeem the 7^{5/8}% 2006 Notes and 7^{3/4}% 2006 Notes in whole or in part at any time prior to May 15, 2010 and May 15, 2011, respectively, at the applicable make-whole redemption price and, in whole or in part, at any time on or after May 15, 2010 and May 15, 2011, respectively, at the applicable scheduled redemption price, plus in each case, accrued and unpaid interest through the redemption date.

Convertible Notes

On October 13, 2009, Avis Budget Group issued \$345 million of the Convertible Notes pursuant to the indenture, dated as of such date (the "Convertible Note Indenture"), by and between Avis Budget Group and The Bank of Nova Scotia Trust Company of New York. The Convertible Notes are unsecured obligations of Avis Budget Group and bear interest at a rate of 3.50% per year, payable semiannually in arrears in cash on April 1st and October 1st of each year, beginning on April 1, 2010. Holders of the Convertible Notes may convert the Convertible Notes at their option on any day prior to the close of business on the second "scheduled trading day" (as defined in the Convertible Note Indenture) immediately preceding October 1, 2014. The conversion rate will

[Table of Contents](#)

initially be 61.5385 shares of common stock per \$1,000 principal amount of Convertible Notes (equivalent to an initial conversion price of approximately \$16.25 per share of Common Stock). Subject to certain exceptions, holders may require Avis Budget Group to repurchase, for cash, all or part of the Convertible Notes upon a “fundamental change” (as defined in the Convertible Note Indenture) at a price equal to 100% of the principal amount of the Convertible Notes being repurchased plus any accrued and unpaid interest. In addition, upon a “make-whole fundamental change” (as defined in the Convertible Note Indenture) prior to the maturity date of the Convertible Notes, we will, in some cases, increase the conversion rate for a holder that elects to convert its Convertible Notes in connection with such make-whole fundamental change.

In connection with the sale of the Convertible Notes, Avis Budget Group entered into convertible note hedge transactions with respect to the Common Stock (the “Call Options”) with affiliates of certain of the initial purchasers (the “Hedge Dealers”) and separate warrant transactions with affiliates of certain of the initial purchasers (collectively, the “Warrant Dealers”), whereby Avis Budget Group sold to the Warrant Dealers warrants (the “Warrants”) to purchase in the aggregate 21,230,782 shares of Common Stock, subject to adjustments, at an exercise price of \$22.50 per share of Common Stock.

We used approximately \$33.5 million of the net proceeds of the Convertible Notes offering for the cost of the Call Options after such cost was partially offset by the proceeds of the Warrants. The Call Options and the Warrants are separate contracts entered into by Avis Budget Group with the Hedge Dealers and Warrant Dealers, respectively, are not part of the terms of the Convertible Notes and do not affect the holders’ rights under the Convertible Notes. The Call Options are intended to offset the economic effect of, and reduce the net number of shares required to be issued upon, conversion of the Convertible Notes. The exercise price of the Call Options is equal to the initial conversion price of the Convertible Notes and is subject to adjustments. If, at the maturity date of the Warrants, the price per share of the Common Stock applicable to exercise of the Warrants is greater than the exercise price of the Warrants, Avis Budget Group will be required to issue, without further consideration, a number of shares equal to the aggregate value of such difference.

Rental car ABS facility

Avis Budget Rental Car Funding, an indirect limited purpose and bankruptcy-remote subsidiary of ABCR, issues private placement notes (the “ABS Notes”) to investors as well as to bank conduit facilities. Avis Budget Rental Car Funding then uses the proceeds from its issuances of ABS Notes to make loans to AESOP Leasing, L.P. (“AESOP Leasing”) on a continuing basis. AESOP Leasing is required to use these proceeds to acquire or finance the acquisition of vehicles used in our rental car operations (collectively, the “AESOP ABS Facility”).

The AESOP ABS Facility, a domestic integrated financing program, is our principal domestic financing facility for our rental car and light truck fleet with \$4,029 million of indebtedness outstanding and total indebtedness capacity of up to \$6,754 million as of March 31, 2010. The AESOP ABS Facility indebtedness includes ordinary term ABS Notes and ABS Notes with varying principal amounts that may be increased or decreased as needed. No other company currently owned by Avis Budget Group, including the issuers, is obligated to make any payments on, or guarantee the payment of, the indebtedness issued pursuant to the AESOP ABS Facility. None of the assets purchased with the proceeds of the AESOP ABS Facility are available to make payment on the notes.

Basic structure—indenture, leases and loans

Avis Budget Rental Car Funding currently has outstanding thirteen series of ABS Notes, issued under the Second Amended and Restated Base Indenture, dated as of June 3, 2004 (the “ABS Indenture”), and a separate series supplement for each series of ABS Notes. Avis Budget Rental Car Funding pledges substantially all of its assets as security for the repayment of those ABS Notes.

[Table of Contents](#)

Covenants

Avis Budget Rental Car Funding agrees to provide information to the holders of the ABS Notes, maintain its business and properties, comply with laws and assign manufacturer repurchase programs and guaranteed depreciation programs to the trustee. The ABS Indenture limits the ability of Avis Budget Rental Car Funding to create liens, incur indebtedness, merge, dispose of and acquire assets, pay dividends following an amortization event, make investments and enter into agreements and limits the types of business it conducts.

Credit enhancement

Each series of ABS Notes (and each class thereof) has the benefit of credit enhancement in the form and amount specified for the series of ABS Notes. Credit enhancement may consist of over-collateralization, which is the estimated value of vehicles pledged above the amount of Avis Budget Rental Car Funding's indebtedness, cash or demand notes supported by letters of credit. Prior to the issuance of a series of ABS Notes, Avis Budget Rental Car Funding determines the amount of credit enhancement desired to achieve a targeted credit rating for the series of ABS Notes from selected credit rating agencies, usually Moody's and/or S&P. For the ABS Notes currently outstanding, credit enhancement includes over-collateralization, demand notes supported by letters of credit and cash reserves. The demand notes are obligations of ABCR to fund up to a maximum amount upon a demand by the trustee. Generally, the demand notes are supported by a letter of credit from a highly rated bank. The letters of credit may be called upon if the obligor on the demand note fails to fund in a timely manner. If the trustee draws on a letter of credit, ABCR will be obligated to reimburse the provider of the letter of credit.

Financial guaranty

Avis Budget Rental Car Funding has traditionally paid for each outstanding series of ABS Notes that are medium term notes (which excludes variable funding notes) to have the benefit of a financial guaranty insurance policy issued by a highly rated monoline insurance company. The insurance policy guarantees timely payment of interest and ultimate payment of principal on the ABS Notes. The monoline insurance companies each have a separate contract with Avis Budget Rental Car Funding governing the terms of issuance of the policy and receive all voting rights of the holders of the ABS Notes for the series covered by the policy. Avis Budget Rental Car Funding has not obtained financial guaranty insurance policies in connection with its most recent issuances of series of medium term notes and does not anticipate obtaining financial guaranty insurance with respect to future medium term ABS Notes.

Amortization events

The ABS Indenture and the supplements for each series of ABS Notes specify events that could cause a series of ABS Notes or all series of ABS Notes to amortize earlier than expected. Early amortization events include:

- non-payment of interest, principal or premium amounts beyond the applicable grace period;
- default in the performance by us of our obligations as the administrator of the AESOP ABS Facility (which do not constitute a financial guaranty of principal or interest of any series of notes);
- deficiency in the amount of Avis Budget Rental Car Funding's assets compared to the outstanding amount of Avis Budget Rental Car Funding's notes beyond the grace period;
- cross defaults to the leases and the loan agreements (each described below), including failure to pay rent or to comply with obligations under the AESOP transaction documents;
- violation of any covenants that materially and adversely affect the noteholders of any series of ABS Notes beyond the grace period;
- material inaccuracy of representations or warranties beyond the grace period;

Table of Contents

- events involving bankruptcy or insolvency of Avis Budget Rental Car Funding, ABCR, Avis or Budget;
- failure to maintain adequate credit enhancement or adequate liquid credit enhancement beyond the grace period;
- failure to maintain sufficient assets allocable to the series of ABS Notes beyond the grace period; and
- failure to pay principal and interest by the expected final maturity for each class of ABS Notes issued under the series supplement.

An early amortization event would prevent Avis Budget Rental Car Funding from making loans under the loan agreements until each series of notes amortizing has been paid in full. Without the loans under the loan agreements, neither AESOP Leasing (a parent company of Avis Budget Rental Car Funding) nor AESOP Leasing Corp. II would be able to borrow funds to purchase cars or light trucks for use in the Avis or Budget rental car businesses. Unless waived by the holders of the ABS Notes (or the monoline insurance company providing financial guaranty insurance for any particular series of ABS Notes), an uncured early amortization event will usually lead to a forced sale of all or a portion of the cars and light trucks used in the Avis and Budget businesses by the trustee under the AESOP ABS Facility.

Loan agreements

Avis Budget Rental Car Funding uses proceeds from the ABS Notes to make secured loans to AESOP Leasing, an indirect limited purpose subsidiary of ABCR. Proceeds from the ABS Notes may also be used to make loans to AESOP Leasing Corp. II under a loan agreement, although no amount is currently outstanding by AESOP Leasing Corp. II. Proceeds from the loans are used to purchase cars and light trucks. AESOP Leasing and AESOP Leasing Corp. II each pledge substantially all of their assets to secure their obligations under the loan agreements.

AESOP Leasing and AESOP Leasing Corp. II each agree to maintain insurance for the vehicles leased under the leases, provide for the timely return of vehicles to the respective vehicle manufacturers, keep accurate records, provide notices, provide for maintenance of the vehicles, ensure that payments from manufacturers are deposited into the correct accounts, verify and maintain good and marketable title for the vehicles, arrange for any necessary sale of vehicles and maintain its business and properties. The loan agreements require that AESOP Leasing and AESOP Leasing Corp. II refrain from creating liens, limit their indebtedness, refrain from merging, limit their disposition and acquisition of assets, limit payment of dividends, limit their investments, limit the acquisition and redesignation of vehicles, restrict the maximum hold period for vehicles and limit the agreements they enter into and the types of business they conduct.

Leases

AESOP Leasing leases its cars and light trucks to us under an operating lease and a finance lease. ABCR guarantees the obligations of Budget and Avis under the finance lease. Under the operating lease, AESOP Leasing titles vehicles in its name or in the name of a person appointed on AESOP Leasing's behalf to hold title to the vehicles. Under the finance lease, AESOP Leasing allows each lessee to title vehicles in the lessee's name. Each lessee under the finance lease grants a security interest to the trustee in the vehicles leased under the finance lease. The finance lease also requires that the lessees pay additional rent to cover any difference between the depreciated value of leased vehicles and the amount received for the leased vehicles from a manufacturer under a manufacturer program or as sales proceeds from a sale at auction. Approximately 4.3% of our vehicles financed under the AESOP ABS Facility are leased under the finance lease.

In the leases, the lessees, ABCR, Avis and Budget, agree to maintain insurance for the vehicles leased under the leases, provide for the timely return of vehicles to the respective vehicle manufacturers, keep accurate

[Table of Contents](#)

records, provide notices, pay taxes and remove liens, provide for maintenance of the vehicles, ensure that payments from manufacturers are deposited into the correct accounts, arrange for any necessary disposition of vehicles, preserve security interests and maintain their businesses. The leases require that ABCR, Avis and Budget refrain from creating liens, refrain from merging, prevent unauthorized use of the vehicles, limit subleasing and limit the agreements they enter into.

Master Exchange Agreement

We and several of our subsidiaries purchase and dispose of vehicles used in our rental car business through a like-kind-exchange program, which is designed to comply with Section 1031 of the Code and the U.S. Treasury Regulations promulgated thereunder. The like-kind-exchange program allows the vehicle owner to defer realization of taxable gains and losses that would otherwise arise upon the disposition of a vehicle used in the rental car business.

Pursuant to a Master Agreement, dated as of June 3, 2004 (the "Master Exchange Agreement"), among AESOP Leasing, ABCR, Avis, Budget and AESOP Exchange Corporation, the vehicle owner can dispose of used vehicles and acquire new vehicles through an intermediary qualified under the U.S. tax code, rather than through a direct relationship with vehicle manufacturers. The Master Exchange Agreement also governs the terms of ownership of the vehicles, the use of cash within the like-kind-exchange program and the purchase of new vehicles with loan proceeds or amounts received from the sale of used vehicles.

When disposing of a vehicle through the like-kind-exchange program, the vehicle owner transfers one or more used vehicles to the qualified intermediary, who, in turn, either returns the vehicles to the manufacturer pursuant to a repurchase arrangement or sells the vehicles at a public auction. The qualified intermediary immediately transfers all proceeds received from vehicle sales to Avis Budget Rental Car Funding, which proceeds are automatically credited to us or reduce the outstanding principal amount of loans under a loan agreement between Avis Budget Rental Car Funding and AESOP Leasing.

In order to purchase a vehicle through the like-kind-exchange program, the qualified intermediary uses the proceeds of a loan made under a loan agreement between AESOP Leasing and Avis Budget Rental Car Funding to finance the acquisition of new vehicles. Using the loan proceeds, the qualified intermediary will purchase vehicles from a manufacturer. The qualified intermediary delivers all replacement vehicles to the subsidiary requesting the vehicle acquisition on the same day it receives the vehicles from the manufacturers.

Budget truck funding co-purchase facility

The "Budget Truck ABS Facility" is a domestic financing program consisting of debt facilities which we established to finance the Budget truck rental fleet. As of March 31, 2010, the Budget Truck ABS Facility had approximately \$247 million indebtedness outstanding. We use this facility primarily to finance rental vehicles of our Budget truck rental business. Indebtedness under this facility is currently evidenced by two series of notes (the "CPF Notes") issued by Centre Point Funding LLC ("CPF"), an indirect limited purpose bankruptcy-remote subsidiary of ABCR. No other company currently owned by Avis Budget Group, including the Issuers, is obligated to make any payments on, or guarantee the Budget Truck ABS Facility.

As of December 31, 2009, CPF had one series of CPF Notes (the "Series 2006-1 CPF Notes") outstanding which was issued under the Base Indenture, dated as of May 11, 2006 (the "CPF Indenture"). In March, 2010, CPF issued \$200 million aggregate principal amount of its Series 2010-1 CPF Notes to finance our domestic truck rental fleet. The Series 2010-1 CPF Notes have a final payment date in 2016. At the time of closing of the Series 2010-1 CPF Notes, the CPF Indenture and the series supplement to the CPF Indenture for the Series 2006-1 CPF Notes were amended and restated to make certain technical amendments in connection with the issuance of the Series 2010-1 CPF Notes, which amendments provide for multiple operating leases and allow separate groups of trucks to serve as collateral for the CPF Notes supported by payments under the related lease.

Table of Contents

Trucks pledged as collateral to secure the Series 2006-1 CPF Notes or the Series 2010-1 CPF Notes can be sold at market value to pay down amounts outstanding. CPF pledges substantially all of its assets as security for the repayment of the CPF Notes.

Each series of CPF Notes has or will have the benefit of credit enhancement in the form and amount specified for the series of CPF Notes. Credit enhancement may consist of over-collateralization, which is the estimated value of trucks pledged above the amount of CPF's indebtedness, cash or demand notes supported by letters of credit. The demand notes issued to provide credit enhancement are obligations of Budget Rent A Car System, Inc. to fund up to a maximum amount upon a demand by the trustee. Generally, the demand notes are supported by a letter of credit from a highly rated bank. The letters of credit may be called upon if the obligor on the demand note fails to fund in a timely manner. If the trustee draws on a letter of credit, ABCR will be obligated to reimburse the provider of the letter of credit.

In the CPF Indenture, CPF agrees to provide information and notices for the holders of the CPF Notes, maintain its business and properties, maintain its existence separate and apart from ABCR, Budget Rent A Car System, Inc. and Budget Truck Rental LLC ("BTR"), comply with laws, discharge and pay its obligations, maintain insurance for the trucks and provide for commercially reasonable disposition of the trucks. The CPF Indenture requires that CPF refrain from creating certain liens, limit its indebtedness, refrain from merging, refrain from paying distributions during an amortization event, limit the disposition of assets, limit its acquisition of assets, limit its investments and limit the agreements it enters into and the types of business it conducts.

Amortization events

The CPF Indenture specifies events that could cause the CPF Notes to amortize earlier than expected. Early amortization events that would cause all CPF Notes to amortize earlier than expected are set forth in the CPF Indenture and include:

- non-payment of interest, principal or premium amounts beyond the applicable grace period;
- default in the performance by BTR, a wholly-owned subsidiary of Budget Rent A Car System, Inc., of its obligations as the administrator of the Budget Truck ABS Facility (which do not constitute a financial guaranty of principal or interest of the CPF Notes) or of its obligations as lessee under the lease;
- the premature termination of the lease;
- deficiency in the amount of CPF's assets compared to the outstanding amount of the CPF Notes beyond the grace period;
- violation of covenants that materially and adversely affect the noteholders beyond the grace period;
- material inaccuracy of representations or warranties beyond the grace period;
- events involving bankruptcy or insolvency of CPF, BTR, Budget Rent A Car System, Inc. or ABCR;
- failure to maintain adequate credit enhancement or adequate liquid credit enhancement beyond the grace period; and
- failure to maintain sufficient assets allocable to each series of CPF Notes beyond the grace period.

An uncured early amortization event will usually lead to a forced sale of all or a portion of the trucks used in the Budget truck rental business by the trustee under the Budget Truck ABS Facility.

The commitment termination date for the Series 2006-1 CPF Notes was May 8, 2010. All interest and principal on the Series 2006-1 CPF Notes is due and payable on May 8, 2011. The interest rate of the Series 2006-1 CPF Notes varies each month, depending on the monthly funding costs with respect to each holder of the notes, the average outstanding amount during the given interest period and the number of days in the interest period.

[Table of Contents](#)

CPF leases its trucks to BTR under operating leases for use in its truck rental fleet operations and ABCR guarantees BTR's obligation under such leases. Under the operating leases, CPF titles trucks in its name or in the name of a person appointed on CPF's behalf to hold title to the trucks. CPF currently leases trucks, and BTR has obligations as lessee under, two leases (each corresponding with a series of CPF Notes) on substantially similar terms.

In the leases, each of BTR, as lessee, and ABCR, as guarantor, agrees to maintain insurance for the trucks leased under the leases, keep accurate records, provide notices, pay taxes and remove liens, provide for maintenance of the trucks, arrange for any necessary disposition of trucks and maintain its business. The leases requires that BTR (and that ABCR cause BTR to) refrain from creating liens with respect to leased trucks, refrain from merging, prevent unauthorized use of the trucks and limit the agreements it enters into.

Certain other indebtedness and lease financing transactions

In addition, as of March 31, 2010, we had:

- an aggregate of approximately \$6 million outstanding under various secured and unsecured foreign credit facilities (for those foreign credit facilities are denominated in currencies other than U.S. dollars, the approximate value of such outstanding amounts is based upon applicable currency exchange rates as of March 31, 2010);
- an aggregate of approximately \$28 million of truck lease financing; and
- an aggregate of approximately \$37 million outstanding under an Australian securitization financing.

WTH Funding

WTH Funding Limited Partnership ("WTH Funding") is an Ontario limited partnership formed among Aviscar Inc., a subsidiary of Avis, and Budgetcar Inc., a subsidiary of Budget as general partners and 1708437 Ontario Inc., an unrelated entity, as standby general partner, and BNY Trust Company of Canada, in its capacity as trustee of STARS Trust, and Montreal Trust Company of Canada, in its capacity as trustee of Bay Street Funding Trust, as limited partners.

The terms of WTH Funding are set out in the Fourth Amended and Restated Limited Partnership Agreement dated as of April 20, 2005, as amended.

WTH Funding purchases, owns, rents and sells prescribed classes of vehicles throughout Canada. In general, the purchase of vehicles by WTH Funding is funded by capital contributions from each of the partners, with the general partners obligated to contribute an applicable percentage of the amount of the contributions made by the limited partners on a go-forward basis. The termination date of the partnership agreement is December 31, 2010 unless extended.

The current capacity of the program is Cdn.\$390 million. As of March 31, 2010, \$288 million of U.S. borrowings were included as debt on our consolidated balance sheet in connection with this structure.

The partnership agreement contains standard representations, warranties and covenants from the general partners, including restrictive covenants on transfers of assets, mergers and the incurrence of debt by the general partners on behalf of WTH Funding, subject to certain exceptions. Certain performance obligations of the general partners under the partnership agreement are guaranteed pursuant to a guarantee provided by ABCR, which is not a financial guarantee of WTH Funding's obligations to the limited partners.

The partnership agreement also contains certain customary trigger events, including the occurrence of an event of default pursuant to the guarantee provided by ABCR. Upon the occurrence of a trigger event, if not

waived by the limited partners, the obligation of the limited partners to make additional capital contributions to WTH Funding shall cease.

The limited partners and their respective affiliates have performed, and may in the future perform, various commercial banking, investment banking and other financial advisory services for Avis Budget Group and its subsidiaries for which they have received, and will receive, customary fees and expenses.

New Canadian securitization structure

We are currently in the process of implementing a new securitization structure in Canada. The structure is still under review but at this time it is generally expected that WTH Funding will continue as an Ontario limited partnership with Aviscar Inc., a subsidiary of Avis, and Budgetcar Inc., a subsidiary of Budget, continuing as general partners and a new wholly-owned special purpose subsidiary of Aviscar Inc. or Budgetcar Inc. becoming a limited partner. There can be no assurance that such new structure will be implemented, however, it is expected that the current limited partners, being BNY Trust Company of Canada, in its capacity as trustee of STARS Trust, and Montreal Trust Company of Canada, in its capacity as trustee of Bay Street Funding Trust, will have their limited partnership interests redeemed as described in more detail below.

Under the new structure WTH Funding is expected to transfer its vehicle rental fleet and related assets to a new Canadian unlimited liability corporation (“WTH Car Rental”). Financing will be obtained through the issuance of notes by WTH Car Rental to the existing limited partners of WTH Funding or to others (the “WTH Notes”). The proceeds of the initial WTH Notes will be used in part to enable WTH Funding to redeem the limited partnership interests of the existing limited partners referenced above.

The Aviscar and Budgetcar fleets will continue to be managed and administered by Aviscar Inc. and Budgetcar Inc., respectively through WTH Funding and it will be those operating companies that will service the fleets through WTH Funding. WTH Car Rental will own the fleets but is expected to lease the fleets to WTH Funding, pursuant to a master lease and WTH Funding will in turn lease the vehicles to customers. The terms of this new structure will be set out in various transaction documents including an amended and restated partnership agreement, a servicing or master lease agreement, a trust indenture and one or more supplemental indentures and note purchase agreements.

WTH Car Rental will purchase, own, lease and sell prescribed classes of vehicles throughout Canada. In general, the purchase of vehicles by WTH Car Rental from dealers and manufacturers will be funded directly or indirectly by the issuance of WTH Notes by WTH Car Rental or by equity contributions from WTH Funding.

The transaction documents are expected to contain standard representations, warranties and covenants which should be similar to those contained in the existing WTH Funding structure. Certain performance obligations of WTH Funding, WTH Car Rental or of the operating companies will be guaranteed pursuant to a guarantee provided by ABCR, which is expected to be similar to the terms of the existing guarantee and should not be a financial guarantee of any obligations to the holders of the WTH Notes (the “WTH Noteholders”).

The transaction documents will also contain certain customary trigger or amortization events, including the occurrence of an event of default pursuant to the guarantee provided by ABCR. Upon the occurrence of certain events, if not waived by the requisite WTH Noteholders, the obligation of the WTH Noteholders to purchase additional WTH Notes or to make additional loans shall cease.

EXCHANGE OFFER

Purpose of the exchange offer

The exchange offer is designed to provide holders of Old Notes with an opportunity to acquire Exchange Notes which, unlike the Old Notes, will be freely transferable at all times, subject to any restrictions on transfer imposed by state “blue sky” laws and provided that the holder is not our affiliate within the meaning of the Securities Act and represents that the Exchange Notes are being acquired in the ordinary course of the holder’s business and the holder is not engaged in, and does not intend to engage in, a distribution of the Exchange Notes.

The Old Notes were originally issued and sold on March 10, 2010, to the initial purchasers, pursuant to the purchase agreement dated March 5, 2010. The Old Notes were issued and sold in a transaction not registered under the Securities Act in reliance upon the exemption provided by Section 4(2) of the Securities Act. The concurrent resale of the Old Notes by the initial purchasers to investors was done in reliance upon the exemptions provided by Rule 144A and Regulation S promulgated under the Securities Act. The Old Notes may not be reoffered, resold or transferred other than (i) to us or our subsidiaries, (ii) to a qualified institutional buyer in compliance with Rule 144A promulgated under the Securities Act, (iii) outside the United States to a non-U.S. person within the meaning of Regulation S under the Securities Act, (iv) pursuant to the exemption from registration provided by Rule 144 promulgated under the Securities Act (if available) or (v) pursuant to an effective registration statement under the Securities Act.

In connection with the original issuance and sale of the Old Notes, we entered into the Registration Rights Agreement, pursuant to which we agreed to file with the SEC a registration statement covering the exchange by us of the Exchange Notes for the Old Notes, pursuant to the exchange offer. The Registration Rights Agreement provides that we will file with the SEC an exchange offer registration statement on an appropriate form under the Securities Act and offer to holders of Old Notes who are able to make certain representations the opportunity to exchange their Old Notes for Exchange Notes.

Under existing interpretations by the Staff of the SEC as set forth in no-action letters issued to third parties in other transactions, the Exchange Notes would, in general, be freely transferable after the exchange offer without further registration under the Securities Act; provided, however, that in the case of broker-dealers participating in the exchange offer, a prospectus meeting the requirements of the Securities Act must be delivered by such broker-dealers in connection with resales of the Exchange Notes. We have agreed to furnish a prospectus meeting the requirements of the Securities Act to any such broker-dealer for use in connection with any resale of any Exchange Notes acquired in the exchange offer. A broker-dealer that delivers such a prospectus to purchasers in connection with such resales will be subject to certain of the civil liability provisions under the Securities Act and will be bound by the provisions of the Registration Rights Agreement (including certain indemnification rights and obligations).

We do not intend to seek our own interpretation regarding the exchange offer, and we cannot assure you that the staff of the SEC would make a similar determination with respect to the Exchange Notes as it has in other interpretations to third parties.

Each holder of Old Notes that exchanges such Old Notes for Exchange Notes in the exchange offer will be deemed to have made certain representations, including representations that (i) any Exchange Notes to be received by it will be acquired in the ordinary course of its business, (ii) it has no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of Exchange Notes and (iii) it is not our affiliate as defined in Rule 405 under the Securities Act, or if it is an affiliate, it will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable.

If the holder is not a broker-dealer, it will be required to represent that it is not engaged in, and does not intend to engage in, the distribution of Old Notes or Exchange Notes. If the holder is a broker-dealer that will

[Table of Contents](#)

receive Exchange Notes for its own account in exchange for Old Notes that were acquired as a result of market-making activities or other trading activities, it will be required to acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes.

Terms of the exchange offer; period for tendering outstanding Old Notes

Upon the terms and subject to the conditions set forth in this prospectus, we will accept any and all Old Notes that were acquired pursuant to Rule 144A or Regulation S validly tendered and not withdrawn prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer. We will issue \$1,000 principal amount of Exchange Notes in exchange for each \$1,000 principal amount of Old Notes accepted in the exchange offer. Holders may tender some or all of their Old Notes pursuant to the exchange offer. However, Old Notes may be tendered only in integral multiples of \$1,000.

The form and terms of the Exchange Notes are the same as the form and terms of the outstanding Old Notes except that:

- (1) the Exchange Notes will be registered under the Securities Act and will not have legends restricting their transfer;
- (2) the Exchange Notes will not contain the registration rights and liquidated damages provisions contained in the outstanding Old Notes; and
- (3) interest on the Exchange Notes will accrue from the last interest date on which interest was paid on your Old Notes.

The Exchange Notes will evidence the same debt as the Old Notes and will be entitled to the benefits of the Indenture.

We intend to conduct the exchange offer in accordance with the applicable requirements of the Securities Exchange Act of 1934, as amended, referred to herein as the Exchange Act, and the rules and regulations of the SEC.

We will be deemed to have accepted validly tendered Old Notes when, as and if we have given oral or written notice of our acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders for the purpose of receiving the Exchange Notes from us.

If any tendered Old Notes are not accepted for exchange because of an invalid tender or the occurrence of specified other events set forth in this prospectus, the certificates for any unaccepted Old Notes will be promptly returned, without expense, to the tendering holder.

Holders who tender Old Notes in the exchange offer will not be required to pay brokerage commissions or fees or transfer taxes with respect to the exchange of Old Notes pursuant to the exchange offer. We will pay all charges and expenses, other than transfer taxes in certain circumstances, in connection with the exchange offer. See “Fees and expenses” and “Transfer taxes” below.

The exchange offer will remain open for at least 20 full business days. The term “expiration date” will mean 5:00 p.m., New York City time, on August 12, 2010, unless we, in our sole discretion, extend the exchange offer, in which case the term “expiration date” will mean the latest date and time to which the exchange offer is extended.

To extend the exchange offer, prior to 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date, we will:

- (1) notify the exchange agent of any extension by oral notice (promptly confirmed in writing) or written notice, and

[Table of Contents](#)

(2) mail to the registered holders an announcement of any extension, and issue a notice by press release or other public announcement before such expiration date.

We reserve the right, in our sole discretion:

(1) if any of the conditions below under the heading “Conditions to the exchange offer” shall have not been satisfied,

(a) to delay accepting any Old Notes,

(b) to extend the exchange offer, or

(c) to terminate the exchange offer, or

(2) to amend the terms of the exchange offer in any manner, provided however, that if we amend the exchange offer to make a material change, including the waiver of a material condition, we will extend the exchange offer, if necessary, to keep the exchange offer open for at least five business days after such amendment or waiver; provided further, that if we amend the exchange offer to change the percentage of Notes being exchanged or the consideration being offered, we will extend the exchange offer, if necessary, to keep the exchange offer open for at least ten business days after such amendment or waiver.

Any delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by oral or written notice to the registered holders.

Procedures for tendering Old Notes through brokers and banks

BY TENDERING YOUR OLD NOTES YOU ARE DEEMED TO HAVE MADE THESE REPRESENTATIONS.

Broker-dealers who cannot make the representations in item (5) of the paragraph above cannot use this exchange offer prospectus in connection with resales of the Exchange Notes issued in the exchange offer.

If you are our “affiliate,” as defined under Rule 405 of the Securities Act, if you are a broker-dealer who acquired your Old Notes in the initial offering and not as a result of market-making or trading activities, or if you are engaged in or intend to engage in or have an arrangement or understanding with any person to participate in a distribution of Exchange Notes acquired in the exchange offer, you or that person:

- (1) may not rely on the applicable interpretations of the Staff of the SEC and therefore may not participate in the exchange offer; and
- (2) must comply with the registration and prospectus delivery requirements of the Securities Act or an exemption therefrom when reselling the Old Notes.

You may tender some or all of your Old Notes in this exchange offer. However, your Old Notes may be tendered only in integral multiples of \$1,000.

When you tender your outstanding Old Notes and we accept them, the tender will be a binding agreement between you and us as described in this prospectus.

The method of delivery of outstanding Old Notes and all other required documents to the exchange agent is at your election and risk.

We will decide all questions about the validity, form, eligibility, acceptance and withdrawal of tendered Old Notes, and our reasonable determination will be final and binding on you. We reserve the absolute right to:

- (1) reject any and all tenders of any particular Old Note not properly tendered;
- (2) refuse to accept any Old Note if, in our reasonable judgment or the judgment of our counsel, the acceptance would be unlawful; and
- (3) waive any defects or irregularities or conditions of the exchange offer as to any particular Old Notes before the expiration of the offer.

Our interpretation of the terms and conditions of the exchange offer will be final and binding on all parties. You must cure any defects or irregularities in connection with tenders of Old Notes as we will reasonably determine. Neither us, the exchange agent nor any other person will incur any liability for failure to notify you or any defect or irregularity with respect to your tender of Old Notes. If we waive any terms or conditions pursuant to (3) above with respect to a noteholder, we will extend the same waiver to all noteholders with respect to that term or condition being waived.

Procedures for brokers and custodian banks; DTC ATOP Account

In order to accept this exchange offer on behalf of a holder of Old Notes you must submit or cause your DTC participant to submit an Agent's Message as described below.

The exchange agent, on our behalf will seek to establish an Automated Tender Offer Program ("ATOP") account with respect to the outstanding Old Notes at DTC promptly after the delivery of this prospectus. Any financial institution that is a DTC participant, including your broker or bank, may make book-entry tender of outstanding Old Notes by causing the book-entry transfer of such Old Notes into our ATOP account in accordance with DTC's procedures for such transfers. Concurrently with the delivery of Old Notes, an Agent's Message in connection with such book-entry transfer must be transmitted by DTC to, and received by, the exchange agent on or prior to 5:00 pm, New York City Time on the expiration date. The confirmation of a book entry transfer into the ATOP account as described above is referred to herein as a "Book-Entry Confirmation."

The term "Agent's Message" means a message transmitted by the DTC participants to DTC, and thereafter transmitted by DTC to the exchange agent, forming a part of the Book-Entry Confirmation which states that DTC has received an express acknowledgment from the participant in DTC described in such Agent's Message stating that such participant and beneficial holder agree to be bound by the terms of this exchange offer.

Each Agent's Message must include the following information:

BY SENDING AN AGENT'S MESSAGE THE DTC PARTICIPANT IS DEEMED TO HAVE CERTIFIED THAT THE BENEFICIAL HOLDER FOR WHOM NOTE ARE BEING TENDERED HAS BEEN PROVIDED WITH A COPY OF THIS PROSPECTUS.

The delivery of Old Notes through DTC, and any transmission of an Agent's Message through ATOP, is at the election and risk of the person tendering Old Notes. We will ask the exchange agent to instruct DTC to promptly return those Old Notes, if any, that were tendered through ATOP but were not accepted by us, to the DTC participant that tendered such Old Notes on behalf of holders of the Old Notes.

We will accept validly tendered Old Notes when the conditions to the exchange offer have been satisfied or we have waived them. We will have accepted your validly tendered Old Notes when we have given oral or written notice to the exchange agent. The exchange agent will act as agent for the tendering holders for the purpose of receiving the Exchange Notes from us. If we do not accept any tendered Old Notes for exchange by book-entry transfer because of an invalid tender or other valid reason, we will credit the Notes to an account maintained with DTC promptly after the exchange offer terminates or expires.

THE AGENT'S MESSAGE MUST BE TRANSMITTED TO EXCHANGE AGENT ON OR BEFORE 5:00 PM, NEW YORK CITY TIME, ON THE EXPIRATION DATE.

Withdrawal rights

You may withdraw your tender of outstanding notes at any time before 5:00 p.m., New York City time, on the expiration date.

[Table of Contents](#)

For a withdrawal to be effective, you should contact your bank or broker where your Old Notes are held and have them send an ATOP notice of withdrawal so that it is received by the exchange agent before 5:00 p.m., New York City time, on the expiration date. Such notice of withdrawal must:

- (1) specify the name of the person that tendered the Old Notes to be withdrawn;
- (2) identify the Old Notes to be withdrawn, including the CUSIP number and principal amount at maturity of the Old Notes; specify the name and number of an account at the DTC to which your withdrawn Old Notes can be credited.

We will decide all questions as to the validity, form and eligibility of the notices and our determination will be final and binding on all parties. Any tendered Old Notes that you withdraw will not be considered to have been validly tendered. We will promptly return any outstanding Old Notes that have been tendered but not exchanged, or credit them to the DTC account. You may re-tender properly withdrawn Old Notes by following one of the procedures described above before the expiration date.

Conditions on the exchange offer

Notwithstanding any other provision of the exchange offer, or any extension of the exchange offer, we will not be required to accept for exchange, or to issue Exchange Notes in exchange for, any outstanding Old Notes and may terminate the exchange offer (whether or not any Old Notes have been accepted for exchange) or amend the exchange offer, if any of the following conditions has occurred or exists or has not been satisfied, or has not been waived by us in our sole reasonable discretion, prior to the expiration date:

- there is threatened, instituted or pending any action or proceeding before, or any injunction, order or decree issued by, any court or governmental agency or other governmental regulatory or administrative agency or commission:
 - (1) seeking to restrain or prohibit the making or completion of the exchange offer or any other transaction contemplated by the exchange offer, or assessing or seeking any damages as a result of this transaction; or
 - (2) resulting in a material delay in our ability to accept for exchange or exchange some or all of the Old Notes in the exchange offer; or
 - (3) any statute, rule, regulation, order or injunction has been sought, proposed, introduced, enacted, promulgated or deemed applicable to the exchange offer or any of the transactions contemplated by the exchange offer by any governmental authority, domestic or foreign; or
- any action has been taken, proposed or threatened, by any governmental authority, domestic or foreign, that, in our sole reasonable judgment, would directly or indirectly result in any of the consequences referred to in clauses (1), (2) or (3) above or, in our sole reasonable judgment, would result in the holders of Exchange Notes having obligations with respect to resales and transfers of Exchange Notes which are greater than those described in the interpretation of the SEC referred to above, or would otherwise make it inadvisable to proceed with the exchange offer; or the following has occurred:
 - (1) any general suspension of or general limitation on prices for, or trading in, securities on any national securities exchange or in the over-the-counter market; or
 - (2) any limitation by a governmental authority which adversely affects our ability to complete the transactions contemplated by the exchange offer; or
 - (3) a declaration of a banking moratorium or any suspension of payments in respect of banks in the United States or any limitation by any governmental agency or authority which adversely affects the extension of credit; or

Table of Contents

- (4) a commencement of a war, armed hostilities or other similar international calamity directly or indirectly involving the United States, or, in the case of any of the preceding events existing at the time of the commencement of the exchange offer, a material acceleration or worsening of these calamities; or
- any change, or any development involving a prospective change, has occurred or been threatened in our business, financial condition, operations or prospects and those of our subsidiaries taken as a whole that is or may be adverse to us, or we have become aware of facts that have or may have an adverse impact on the value of the Old Notes or the Exchange Notes, which in our sole reasonable judgment in any case makes it inadvisable to proceed with the exchange offer and/or with such acceptance for exchange or with such exchange; or
 - there shall occur a change in the current interpretation by the Staff of the SEC which permits the Exchange Notes issued pursuant to the exchange offer in exchange for Old Notes to be offered for resale, resold and otherwise transferred by holders thereof (other than broker-dealers and any such holder which is our affiliate within the meaning of Rule 405 promulgated under the Securities Act) without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such Exchange Notes are acquired in the ordinary course of such holders' business and such holders have no arrangement or understanding with any person to participate in the distribution of such Exchange Notes; or
 - any law, statute, rule or regulation shall have been adopted or enacted which, in our reasonable judgment, would impair our ability to proceed with the exchange offer; or
 - a stop order shall have been issued by the SEC or any state securities authority suspending the effectiveness of the registration statement, or proceedings shall have been initiated or, to our knowledge, threatened for that purpose, or any governmental approval has not been obtained, which approval we shall, in our sole reasonable discretion, deem necessary for the consummation of the exchange offer as contemplated hereby; or
 - we have received an opinion of counsel experienced in such matters to the effect that there exists any actual or threatened legal impediment (including a default or prospective default under an agreement, indenture or other instrument or obligation to which we are a party or by which we are bound) to the consummation of the transactions contemplated by the exchange offer.

If we determine in our sole reasonable discretion that any of the foregoing events or conditions has occurred or exists or has not been satisfied, we may, subject to applicable law, terminate the exchange offer (whether or not any Old Notes have been accepted for exchange) or may waive any such condition or otherwise amend the terms of the exchange offer in any respect. If such waiver or amendment constitutes a material change to the exchange offer, we will promptly disclose such waiver or amendment by means of a prospectus supplement that will be distributed to the registered holders of the Old Notes and will extend the exchange offer to the extent required by Rule 14e-1 promulgated under the Exchange Act.

These conditions are for our sole benefit and we may assert them regardless of the circumstances giving rise to any of these conditions, or we may waive them, in whole or in part, in our sole reasonable discretion, provided that we will not waive any condition with respect to an individual holder of Old Notes unless we waive that condition for all such holders. Any reasonable determination made by us concerning an event, development or circumstance described or referred to above will be final and binding on all parties. Our failure at any time to exercise any of the foregoing rights will not be a waiver of our rights and each such right will be deemed an ongoing right which may be asserted at any time before the expiration of the exchange offer.

Fees and expenses

The principal solicitation is being made through DTC by The Bank of Nova Scotia Trust Company of New York, as exchange agent. We will pay the exchange agent customary fees for its services, reimburse the exchange agent for its reasonable out-of-pocket expenses incurred in connection with the provisions of these services and pay other registration expenses, including registration and filing fees, fees and expenses of compliance with federal securities and state blue sky securities laws, printing expenses, messenger and delivery services and telephone, fees and disbursements to our counsel, application and filing fees and any fees and disbursements to our independent certified public accountants. The Exchange Notes will be recorded at the same carrying value as the existing Old Notes, as reflected in our accounting records on the date of exchange. Accordingly, we will recognize no gain or loss for accounting purposes. The expenses of the exchange offer will be capitalized and expensed over the term of the Exchange Notes.

Transfer taxes

If you tender outstanding Old Notes for exchange you will not be obligated to pay any transfer taxes. However, if you instruct us to register Exchange Notes in the name of, or request that your Old Notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder, you will be responsible for paying any transfer tax owed.

YOU MAY SUFFER ADVERSE CONSEQUENCES IF YOU FAIL TO EXCHANGE OUTSTANDING OLD NOTES.

If you do not tender your outstanding Old Notes, you will not have any further registration rights, except for the rights described in the Registration Rights Agreement and described above, and your Old Notes will continue to be subject to the provisions of the indenture governing the Old Notes regarding transfer and exchange of the Old Notes and the restrictions on transfer of the Old Notes imposed by the Securities Act and states securities law when we complete the exchange offer. These transfer restrictions are required because the Old Notes were issued under an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. Accordingly, if you do not tender your Old Notes in the exchange offer, your ability to sell your Old Notes could be adversely affected. Once we have completed the exchange offer, holders who have not tendered notes will not continue to be entitled to any increase in interest rate that the indenture governing the Old Notes provides for if we do not complete the exchange offer.

Consequences of failure to exchange

The Old Notes that are not exchanged for Exchange Notes pursuant to the exchange offer will remain restricted securities. Accordingly, the Old Notes may be resold only:

- (1) to us upon redemption thereof or otherwise;
- (2) so long as the outstanding securities are eligible for resale pursuant to Rule 144A, to a person inside the United States who is a qualified institutional buyer within the meaning of Rule 144A under the Securities Act in a transaction meeting the requirements of Rule 144A, in accordance with Rule 144 under the Securities Act, or pursuant to another exemption from the registration requirements of the Securities Act, which other exemption is based upon an opinion of counsel reasonably acceptable to us;
- (3) outside the United States to a foreign person in a transaction meeting the requirements of Rule 904 under the Securities Act; or
- (4) pursuant to an effective registration statement under the Securities Act, in each case in accordance with any applicable securities laws of any state of the United States.

Shelf registration

The Registration Rights Agreement also requires that we file a shelf registration statement if:

- (1) we cannot file a registration statement for the exchange offer because the exchange offer is not permitted by law or SEC policy;
- (2) a law or SEC policy prohibits a holder from participating in the exchange offer;
- (3) a holder cannot resell the Exchange Notes it acquires in the exchange offer without delivering a prospectus and this prospectus is not appropriate or available for resales by the holder; or
- (4) a holder is a broker-dealer and holds notes acquired directly from us or one of our affiliates.

[Table of Contents](#)

We will also register the Exchange Notes under the securities laws of jurisdictions that holders may request before offering or selling notes in a public offering. We do not intend to register Exchange Notes in any jurisdiction unless a holder requests that we do so.

Old Notes may be subject to restrictions on transfer until:

- (1) a person other than a broker-dealer has exchanged the Old Notes in the exchange offer;
- (2) a broker-dealer has exchanged the Old Notes in the exchange offer and sells them to a purchaser that receives a prospectus from the broker, dealer on or before the sale;
- (3) the Old Notes are sold under an effective shelf registration statement that we have filed; or
- (4) the Old Notes are sold to the public under Rule 144 of the Securities Act.

DESCRIPTION OF EXCHANGE NOTES

The Exchange Notes are to be issued under the Indenture. The Indenture under which the Exchange Notes are to be issued is the same indenture under which the Old Notes were issued. Any Old Note that remains outstanding after the completion with the exchange offer, together with the Exchange Notes issued in connection with the exchange offer, will be treated as a single class of securities under the Indenture.

The Indenture contains provisions that define your rights and govern the obligations of the Company under the notes. Copies of the form of the Indenture and the notes will be made available to prospective purchasers of the notes upon request, when available.

The following is a summary of certain provisions of the Indenture and the notes. It does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the Indenture, including the definitions of certain terms therein and those terms to be made a part thereof by the TIA. The capitalized terms defined in “—Certain definitions” below are used in this “Description of Exchange Notes” as so defined. In this “Description of Exchange Notes,” any reference to a “Holder” or a “noteholder” refers to the holders of the notes; and reference to “the Company” is to ABCR and not any of its subsidiaries. Any reference to the “Issuers” is to ABCR and Avis Finance, as co-issuers and not to any of their subsidiaries.

Brief description of the notes

The notes will:

- be general, unsubordinated obligations of the Issuers;
- be unsecured;
- be structurally subordinated to all existing and future Indebtedness and other liabilities (including trade payables) of the Company’s Subsidiaries (other than Subsidiaries that are or become Subsidiary Guarantors pursuant to the provisions described below under “—Guarantees”);
- be limited to an aggregate principal amount of \$450 million, subject to our ability to issue Additional Notes;
- mature on March 15, 2018;
- bear interest at the applicable rate per annum shown on the front cover of this prospectus from March 10, 2010, or from the most recent date to which interest has been paid or provided for;
- be issued in denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof;
- be represented by one or more registered notes in global form, but in certain circumstances may be represented by notes in definitive form. See “Book entry, delivery and form”;
- be *pari passu* in right of payment with all existing and future unsubordinated indebtedness of the Issuers; and
- be unconditionally guaranteed on an unsubordinated basis by Avis Budget Group, Avis Budget Holdings, and each of the Company’s current and future Domestic Subsidiaries that guarantees payment by the Company of any Indebtedness of the Company under the Senior Credit Facilities.

Because the notes are unsecured, in the event of bankruptcy, liquidation, reorganization or other winding up of the Company or the Guarantors or upon default in payment with respect to, or the acceleration of, any Indebtedness under the Senior Credit Facilities or other senior secured indebtedness, the assets of our company and the guarantors that secure other senior secured indebtedness will be available to pay obligations on the notes and the guarantees only after all Indebtedness under such other secured indebtedness has been repaid in full from such assets.

Principal, maturity and interest

The notes will be issued initially in an aggregate principal amount of \$450 million. The notes will mature on March 15, 2018. Each note will bear interest at the applicable rate per annum shown on the front cover of this prospectus from March 10, 2010, or from the most recent date to which interest has been paid or provided for.

Interest on the notes will be payable semiannually in cash to Holders of record at the close of business on March 1 and September 1 immediately preceding the interest payment date, on March 15 and September 15 of each year, commencing September 15, 2010. Interest will be paid on the basis of a 360-day year consisting of twelve 30-day months and accrue from the date of original issuance.

Additional securities may be issued under the Indenture in one or more series from time to time (“Additional Notes”), subject to the limitations set forth under “—Certain covenants—Limitation on indebtedness,” which will vote as a class with the notes and will be treated as a single class with the notes for all purposes under the Indenture.

Other terms

Principal of, premium, if any, and interest on, the notes will be payable, and the notes may be exchanged or transferred, at the office or agency of the Company maintained for such purposes (which initially shall be the corporate trust office of the Trustee), except that, at the option of the Company, payment of interest may be made by check mailed to the address of the registered holders of the notes as such address appears in the Note register.

The notes will be issued only in fully registered form, without coupons. The notes will be issued only in minimum denominations of \$2,000 (the “Minimum Denomination”) and integral multiples of \$1,000 in excess of \$2,000.

Optional redemption

The notes will be redeemable, at the Company’s option, at any time prior to maturity at varying redemption prices in accordance with the applicable provisions set forth below.

The notes will be redeemable, at the Company’s option, in whole or in part, at any time and from time to time on or after March 15, 2014, and prior to maturity at the applicable redemption price set forth below. Such redemption may be made upon notice mailed by first-class mail to each Holder’s registered address, not less than 30 nor more than 60 days prior to the redemption date. The Company may provide in such notice that payment of the redemption price and the performance of the Company’s obligations with respect to such redemption may be performed by another Person. Any such redemption and notice may, in the Company’s discretion, be subject to the satisfaction of one or more conditions precedent, including but not limited to the occurrence of a Change of Control. The notes will be so redeemable at the following redemption prices (expressed as a percentage of principal amount), plus accrued and unpaid interest, if any, to, but not including, the relevant redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the 12-month period commencing on March 15 of each of the years set forth below:

<u>Redemption Period</u>	<u>Price</u>
2014	104.813%
2015	102.406%
2016 and thereafter	100.000%

In addition, the Indenture provides that at any time and from time to time on or prior to March 15, 2013, the Company at its option may redeem notes in an aggregate principal amount equal to up to 35% of the original

[Table of Contents](#)

aggregate principal amount of the notes (including the principal amount of any Additional Notes), with funds in an aggregate amount (the “Redemption Amount”) not exceeding the aggregate proceeds of one or more Equity Offerings (as defined below), at a redemption price (expressed as a percentage of principal amount thereof) of 109.625% for the notes plus accrued and unpaid interest, if any, to, but not including, the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date); *provided, however*, that if notes are redeemed, an aggregate principal amount of notes equal to at least 65% of the original aggregate principal amount of notes must remain outstanding after each such redemption of notes.

“Equity Offering” means a sale of Capital Stock (x) that is a sale of Capital Stock of the Company (other than Disqualified Stock), or (y) proceeds of which in an amount equal to or exceeding the Redemption Amount are contributed to the equity capital of the Company or any of its Restricted Subsidiaries. Such redemption may be made upon notice mailed by first-class mail to each Holder’s registered address, not less than 30 nor more than 60 days prior to the redemption date (but in no event more than 180 days after the completion of the related Equity Offering). The Company may provide in such notice that payment of the redemption price and performance of the Company’s obligations with respect to such redemption may be performed by another Person. Any such notice may be given prior to the completion of the related Equity Offering, and any such redemption or notice may, at the Company’s discretion, be subject to the satisfaction of one or more conditions precedent, including but not limited to the completion of the related Equity Offering.

At any time prior to March 15, 2014, the notes may also be redeemed or purchased (by the Company or any other Person) in whole or in part, at the Company’s option, at a price (the “Redemption Price”) equal to 100% of the principal amount thereof plus the Applicable Premium as of, and accrued but unpaid interest, if any, to, the date of redemption or purchase (the “Redemption Date”) (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date). Such redemption or purchase may be made upon notice mailed by first-class mail to each Holder’s registered address, not less than 30 nor more than 60 days prior to the Redemption Date. The Company may provide in such notice that payment of the Redemption Price and performance of the Company’s obligations with respect to such redemption or purchase may be performed by another Person. Any such redemption, purchase or notice may, at the Company’s discretion, be subject to the satisfaction of one or more conditions precedent, including but not limited to the occurrence of a Change of Control.

“Applicable Premium” means, with respect to a note at any Redemption Date, the greater of (i) 1.0% of the principal amount of such note and (ii) the excess of (A) the present value at such Redemption Date of (1) the redemption price of such note on March 15, 2014, such redemption price being that described in the second paragraph of this “Optional redemption” section plus (2) all required remaining scheduled interest payments due on such note through such date, computed using a discount rate equal to the Treasury Rate plus 50 basis points, over (B) the principal amount of such note on such Redemption Date; as calculated by the Company or on behalf of the Company by such Person as the Company shall designate; *provided* that such calculation shall not be a duty or obligation of the Trustee.

“Treasury Rate” means, with respect to a Redemption Date, the yield to maturity at the time of computation of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15(519) that has become publicly available at least two Business Days prior to such Redemption Date (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from such Redemption Date to March 15, 2014; *provided, however*, that if the period from the Redemption Date to such date is not equal to the constant maturity of a United States Treasury security for which a weekly average yield is given, the Treasury Rate shall be obtained by linear interpolation (calculated to the nearest one-twelfth of a year) from the weekly average yields of United States Treasury securities for which such yields are given, except that if the period from the Redemption Date to such date is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year shall be used.

Selection

In the case of any partial redemption, selection of the notes for redemption will be made by the Trustee on a pro rata basis, or, to the extent a pro rata basis is not permitted, by such other method as such Trustee shall deem to be fair and appropriate, although no note of the Minimum Denomination in original principal amount or less will be redeemed in part. If any note is to be redeemed in part only, the notice of redemption relating to such note shall state the portion of the principal amount thereof to be redeemed. A new note in principal amount equal to the unredeemed portion thereof will be issued in the name of the Holder thereof upon cancellation of the original note.

Guarantees

The notes will be guaranteed by Avis Budget Group, our indirect parent company, Avis Budget Holdings, our direct parent company (collectively with Avis Budget Group, the “Parent Guarantors”), and each Domestic Subsidiary that guarantees payment by the Company of any Indebtedness of the Company under the Senior Credit Facilities (collectively, the “Subsidiary Guarantors”). In addition, the Company will cause each Domestic Subsidiary that guarantees payment by the Company of any Indebtedness of the Company under the Senior Credit Facilities to execute and deliver to the Trustee a supplemental indenture or other instrument pursuant to which such Domestic Subsidiary will guarantee payment of the notes, whereupon such Domestic Subsidiary will become a Subsidiary Guarantor for all purposes under the Indenture. In addition, the Company may cause any Subsidiary or other Person that is not a Subsidiary Guarantor to guarantee payment of the notes and become a Guarantor.

Each Guarantor, as primary obligor and not merely as surety, will jointly and severally, irrevocably, fully and unconditionally Guarantee, on an unsecured unsubordinated basis the punctual payment when due, whether at Stated Maturity, by acceleration or otherwise, of all monetary obligations of the Company under the Indenture and the notes, whether for principal of or interest on the notes, expenses, indemnification or otherwise (all such obligations guaranteed by the Subsidiary Guarantors being herein called the “Subsidiary Guaranteed Obligations”). Each Guarantor will agree to pay, in addition to the amount stated above, any and all reasonable out-of-pocket expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the applicable Holders in enforcing any rights under a Guarantee.

The obligations of each Subsidiary Guarantor will be limited to the maximum amount, as will, after giving effect to all other contingent and fixed liabilities of such Subsidiary Guarantor (including but not limited to any Guarantee by it of any Bank Indebtedness), result in the obligations of such Subsidiary Guarantor under the Subsidiary Guarantee not constituting a fraudulent conveyance or fraudulent transfer under applicable law, or being void or unenforceable under any law relating to insolvency of debtors.

Each Guarantee shall be a continuing Guarantee and shall (i) remain in full force and effect until payment in full of the principal amount of all outstanding notes (whether by payment at maturity, purchase, redemption, defeasance, retirement or other acquisition) and all other applicable obligations then due and owing unless earlier terminated as described below, (ii) be binding upon such Guarantor and (iii) inure to the benefit of and be enforceable by the Trustee, the Holders and their permitted successors, transferees and assigns.

Notwithstanding the preceding paragraph, the Parent Guarantors and each Subsidiary Guarantor will automatically and unconditionally be released from all obligations under their Guarantees, and such Guarantees shall thereupon terminate and be discharged and of no further force or effect, (i) in the case of a Subsidiary Guarantor, concurrently with any direct or indirect sale or disposition (by merger or otherwise) of any Subsidiary Guarantor or any interest therein not prohibited by the terms of the Indenture (including the covenant described under “—Certain covenants—Limitation on sales of assets and subsidiary stock” and “—Merger and consolidation”) by the Company or a Restricted Subsidiary or any other transaction, following which such Subsidiary Guarantor is no longer a Restricted Subsidiary of the Company, (ii) at any time that such Guarantor is

Table of Contents

released from all of its obligations under all of its Guarantees of payment by the Company of any Indebtedness of the Company under the Senior Credit Facilities (it being understood that a release subject to contingent reinstatement is still a release, and that if any such Guarantee is so reinstated, such Guarantee shall also be reinstated), provided that the release of obligations described in this clause (ii) shall not apply to Avis Budget Group, Inc., (iii) upon the merger or consolidation of any Guarantor with and into the Company or another Guarantor that is the surviving Person in such merger or consolidation, or upon the liquidation of such Guarantor following or contemporaneously with the transfer of all of its assets to the Company or another Guarantor, provided that the release of obligations described in this clause (iii) shall not apply to Avis Budget Group, Inc., (iv) concurrently with a Subsidiary Guarantor becoming an Unrestricted Subsidiary, (v) upon legal or covenant defeasance of the Company's obligations, or satisfaction and discharge of the Indenture, or (vi) subject to customary contingent reinstatement provisions, upon payment in full of the aggregate principal amount of all notes then outstanding. In addition, the Company will have the right, upon 5 days' notice to the Trustee, to cause any Subsidiary Guarantor that has not guaranteed payment by the Company of any Indebtedness of the Company under the Senior Credit Facilities to be unconditionally released from all obligations under its Subsidiary Guarantee, and such Subsidiary Guarantee shall thereupon terminate and be discharged and of no further force or effect. Upon any such occurrence specified in this paragraph, the Trustee shall execute any documents reasonably required in order to evidence such release, discharge and termination in respect of such Subsidiary Guarantee.

Neither the Company nor any such Guarantor shall be required to make a notation on the notes to reflect any such Guarantee or any such release, termination or discharge.

Ranking

The indebtedness evidenced by the notes (a) will be unsecured unsubordinated indebtedness of the Issuers, (b) will rank *pari passu* in right of payment with all existing and future unsubordinated indebtedness of the Issuers and (c) will be senior in right of payment to all existing and future Subordinated Obligations of the Issuers to the extent set forth in the instrument containing the applicable subordination agreement. The notes are unsecured. In the event of a bankruptcy or insolvency, the Company's secured lenders will have a prior secured claim to any collateral securing the debt owed to them.

Each Subsidiary Guarantee will (a) be unsecured unsubordinated indebtedness of the applicable Subsidiary Guarantor, (b) will rank *pari passu* in right of payment with all existing and future unsubordinated indebtedness of such Person and (c) will be senior in right of payment to all existing and future Guarantor Subordinated Obligations of such Person to the extent set forth in the instrument containing the applicable subordination agreement. Each Subsidiary Guarantee is unsecured. In the event of a bankruptcy or insolvency, the secured lenders of each Subsidiary Guarantor will have a prior secured claim to any collateral securing the debt owed to them.

A substantial part of the operations of the Company are conducted through its Subsidiaries. Claims of creditors of such Subsidiaries, including trade creditors, and claims of preferred shareholders (if any) of such Subsidiaries will have priority with respect to the assets and earnings of such Subsidiaries over the claims of creditors of the Company, including holders of the notes, unless such Subsidiary is a Subsidiary Guarantor with respect to the notes. The notes, therefore, will be "structurally" subordinated to creditors (including trade creditors) and preferred shareholders (if any) of other Subsidiaries of the Company (other than Subsidiaries that become Subsidiary Guarantors). Certain of the operations of a Subsidiary Guarantor may be conducted through Subsidiaries thereof that are not also Subsidiary Guarantors. Claims of creditors of such Subsidiaries, including trade creditors, and claims of preferred shareholders (if any) of such Subsidiaries will have priority with respect to the assets and earnings of such Subsidiaries over the claims of creditors of such Subsidiary Guarantor, including claims under its Subsidiary Guarantee. Such Subsidiary Guarantee, if any, therefore, will be "structurally" subordinated to creditors (including trade creditors) and preferred shareholders (if any) of such Subsidiaries. Although the Indenture limits the incurrence of Indebtedness (including preferred stock) by certain of the Company's Subsidiaries, such limitation is subject to a number of significant qualifications.

Change of control

Upon the occurrence after the Issue Date of a Change of Control (as defined below), each Holder of notes will have the right to require the Company to repurchase all or any part of such notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to, but not including, the date of repurchase (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date); *provided, however*, that the Company shall not be obligated to repurchase notes pursuant to this covenant in the event that it has exercised its right to redeem all of the notes as described under “—Optional redemption.”

The term “Change of Control” means:

- (i) any “person” (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), other than one or more Permitted Holders or a Parent, becomes the “beneficial owner” (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the total voting power of the Voting Stock of the Company, provided that (x) so long as the Company is a Subsidiary of any Parent, no “person” shall be deemed to be or become a “beneficial owner” of more than 50% of the total voting power of the Voting Stock of the Company unless such “person” shall be or become a “beneficial owner” of more than 50% of the total voting power of the Voting Stock of such Parent and (y) any Voting Stock of which any Permitted Holder is the “beneficial owner” shall not in any case be included in any Voting Stock of which any such “person” is the “beneficial owner”;
- (ii) the Company or the Parent merges or consolidates with or into, or sells or transfers (in one or a series of related transactions) all or substantially all of the assets of the Company and its Restricted Subsidiaries, taken as a whole, to, another Person (other than one or more Permitted Holders) and any “person” (as defined in clause (i) above), other than one or more Permitted Holders or any Parent, is or becomes the “beneficial owner” (as so defined), directly or indirectly, of more than 50% of the total voting power of the Voting Stock of the surviving Person in such merger or consolidation, or the transferee Person in such sale or transfer of assets, as the case may be, provided that (x) so long as such surviving or transferee Person is a Subsidiary of a parent Person, no “person” shall be deemed to be or become a “beneficial owner” of more than 50% of the total voting power of the Voting Stock of such surviving or transferee Person unless such “person” shall be or become a “beneficial owner” of more than 50% of the total voting power of the Voting Stock of such parent Person and (y) any Voting Stock of which any Permitted Holder is the “beneficial owner” shall not in any case be included in any Voting Stock of which any such “person” is the beneficial owner; or
- (iii) during any period of two consecutive years (during which period the Company has been a party to the Indenture), individuals who at the beginning of such period were members of the Board (together with any new members thereof whose election by such Board of Directors or whose nomination for election by holders of Capital Stock of the Company was approved by one or more Permitted Holders or by a vote of a majority of the members of such board of directors then still in office who were either members thereof at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of such board of directors then in office.

In the event that, at the time of such Change of Control, the terms of any Bank Indebtedness restrict or prohibit the repurchase of the notes pursuant to this covenant, then prior to the mailing of the notice to applicable Holders provided for in the immediately following paragraph but in any event not later than 30 days following the date the Company obtains actual knowledge of any Change of Control (unless the Company has exercised its right to redeem all the notes as described under “—Optional redemption”), the Company shall, or shall cause one or more of its Subsidiaries to, (i) repay in full all such Bank Indebtedness subject to such terms or offer to repay in full all such Bank Indebtedness and repay the Bank Indebtedness of each lender who has accepted such offer or (ii) obtain the requisite consent under the agreements governing such Bank Indebtedness to permit the repurchase of the notes as provided for in the immediately following paragraph. The Company shall first comply with the provisions of the immediately preceding sentence before it shall be required to repurchase notes

[Table of Contents](#)

pursuant to the provisions described below. The Company's failure to comply with such provisions or the provisions of the immediately following paragraph shall constitute an Event of Default described in clause (iv) and not in clause (ii) under "—Defaults" below.

Unless the Company has exercised its right to redeem all the notes as described under "—Optional redemption," the Company shall, not later than 30 days following the date the Company obtains actual knowledge of any Change of Control having occurred, mail a notice (a "Change of Control Offer") to each Holder with a copy to the Trustee stating: (1) that a Change of Control has occurred or may occur and that such Holder has, or upon such occurrence will have, the right to require the Company to purchase such Holder's notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to, but not including, the date of purchase (subject to the right of Holders of record on a record date to receive interest on the relevant interest payment date); (2) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed); (3) the instructions determined by the Company, consistent with this covenant, that a Holder must follow in order to have its notes purchased; and (4) if such notice is mailed prior to the occurrence of a Change of Control, that such offer is conditioned on the occurrence of such Change of Control. No note will be repurchased in part if less than the Minimum Denomination in original principal amount of such note would be left outstanding.

The Company will not be required to make a Change of Control Offer upon a Change of Control if (i) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all notes validly tendered and not withdrawn under such Change of Control Offer, or (ii) notice of redemption has been given pursuant to the Indenture as described under the caption "—Optional redemption," unless and until there is a default of the applicable redemption price.

To the extent that the provisions of any securities laws or regulations conflict with provisions of this "Change of Control" covenant, the Company may comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations hereunder by virtue thereof.

The Change of Control purchase feature is a result of negotiations between the Company and the Initial Purchasers. The Company has no present plans to engage in a transaction involving a Change of Control, although it is possible that the Company could decide to do so in the future. Subject to the limitations discussed below, the Company could, in the future, enter into certain transactions, including acquisitions, refinancings or recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of Indebtedness outstanding at such time or otherwise affect the Company's capital structure or credit ratings. Restrictions on the ability of the Company to Incur additional Indebtedness are contained in the covenants described under "—Certain covenants—Limitation on indebtedness" and "—Certain covenants—Limitation on liens." Such restrictions can only be waived with the consent of the Holders of a majority in principal amount of the notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture does not contain any covenants or provisions that may afford Holders protection in the event of a highly leveraged transaction.

The occurrence of a Change of Control would constitute a default under the Senior Credit Agreement. Agreements governing future Indebtedness of the Company may contain prohibitions of certain events that would constitute a Change of Control or require such Indebtedness to be repurchased or repaid upon a Change of Control. The Senior Credit Agreement is expected to, and the agreements governing future Indebtedness of the Company may, prohibit the Company from repurchasing the notes upon a Change of Control unless the Indebtedness governed by such Senior Credit Agreement or the agreements governing such future Indebtedness, as the case may be, has been repurchased or repaid (or an offer made to effect such repurchase or repayment has been made and the Indebtedness of those creditors accepting such offer has been repurchased or repaid) and/or other specified requirements have been met. Moreover, the exercise by the Holders of their right to require the Company to repurchase the notes could cause a default under such agreements, even if the Change of Control

[Table of Contents](#)

itself does not, due to the financial effect of such repurchase on the Company and its Subsidiaries. Finally, the Company's ability to pay cash to the Holders upon a repurchase may be limited by the Company's then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases. The provisions under the Indenture relating to the Company's obligation to make an offer to purchase the notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the notes. As described above under "—Optional redemption," the Company also has the right to redeem the notes at specified prices, in whole or in part, upon a Change of Control or otherwise.

The definition of Change of Control includes a phrase relating to the sale or other transfer of "all or substantially all" of the Company's assets. Although there is a developing body of case law interpreting the phrase "substantially all," there is no precise definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty in ascertaining whether a particular transaction would involve a disposition of "all or substantially all" of the assets of the Company, and therefore it may be unclear as to whether a Change of Control has occurred and whether the holders of the notes have the right to require the Company to repurchase such notes.

Certain covenants

The Indenture contains covenants including, among others, the covenants as described below.

Limitation on indebtedness

The Indenture provides as follows:

- (a) The Company will not, and will not permit any Restricted Subsidiary to, Incur any Indebtedness; *provided, however*, that the Company or any Restricted Subsidiary may Incur Indebtedness if on the date of the Incurrence of such Indebtedness, after giving effect to the Incurrence thereof, the Consolidated Coverage Ratio would be greater than 2.00 to 1.00.

 - (i) Indebtedness Incurred pursuant to any Credit Facility (including, but not limited to, in respect of letters of credit or bankers' acceptances issued or created thereunder) and Indebtedness Incurred other than under any Credit Facility, and (without limiting the foregoing), in each case, any Refinancing Indebtedness in respect thereof, in a maximum principal amount at anytime outstanding not exceeding in the aggregate the amount equal to \$2,675 million;
 - (ii) Indebtedness (A) of any Restricted Subsidiary to the Company or (B) of the Company or any Restricted Subsidiary to any Restricted Subsidiary; provided, that any subsequent issuance or transfer of any Capital Stock of such Restricted Subsidiary to which such Indebtedness is owed, or other event, that results in such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any other subsequent transfer of such Indebtedness (except to the Company or a Restricted Subsidiary) will be deemed, in each case, an Incurrence of such Indebtedness by the issuer thereof not permitted by this clause (ii);
 - (iii) Indebtedness represented by the notes, the Subsidiary Guarantees and the related exchange notes and exchange guarantees issued in an exchange transaction pursuant to the Registration Rights Agreement, any Indebtedness (other than the Indebtedness described in clause (ii) above) outstanding on the Issue Date and any Refinancing Indebtedness Incurred in respect of any Indebtedness described in this clause (iii), clause (b) (x) of this covenant, or paragraph (a) above;

- (vii) Indebtedness of the Company or any Restricted Subsidiary (A) arising from the honoring of a check, draft or similar instrument of such Person drawn against insufficient funds, *provided* that such Indebtedness is extinguished within five Business Days of its Incurrence, or (B) consisting of guarantees, indemnities, obligations in respect of earnouts or other purchase price adjustments, or similar obligations, Incurred in connection with the acquisition or disposition of any business, assets or Person;
- (viii) Indebtedness of the Company or any Restricted Subsidiary in respect of (A) deductible obligations, self-insurance obligations, re-insurance obligations, completion guarantees, surety, judgment, appeal or performance bonds, or other similar bonds, instruments or obligations, provided, or relating to liabilities or obligations incurred, in the ordinary course of business, or (B) Hedging Obligations entered into for bona fide hedging purposes that are incurred in the ordinary course of business, or (C) the financing of insurance premiums in the ordinary course of business, or (D) netting, overdraft protection and other arrangements arising under standard business terms of any bank at which the Company or any Restricted Subsidiary maintains an overdraft, cash pooling or other similar facility or arrangement;
- (ix) Indebtedness (A) of a Special Purpose Subsidiary secured by a Lien on all or part of the assets disposed of in, or otherwise Incurred in connection with, a Financing Disposition or (B) otherwise Incurred in connection with a Special Purpose Financing; *provided* that (1) such Indebtedness is not recourse to the Company or any Restricted Subsidiary that is not a Special Purpose Subsidiary (other than with respect to Special Purpose Financing Undertakings or with respect to potential liability of Aviscar Inc. or Budgetcar Inc., or their respective successors, in their capacity as partners in a Canadian Securitization Entity), (2) in the event such Indebtedness shall become recourse to the Company or any Restricted Subsidiary that is not a Special Purpose Subsidiary (other than with respect to Special Purpose Financing Undertakings), such Indebtedness will be deemed to be, and must be classified by the Company as, Incurred at such time (or at the time initially Incurred) under one or more of the other provisions of this covenant for so long as such Indebtedness shall be so recourse, and (3) in the event that at anytime thereafter such Indebtedness shall comply with the provisions of the preceding subclause (1), the Company may classify such Indebtedness in whole or in part as Incurred under this clause (b)(ix) of this covenant;
- (x) Indebtedness of any Person that is assumed by the Company or any Restricted Subsidiary in connection with its acquisition of assets from such Person or any Affiliate thereof or is issued and outstanding on or prior to the date on which such Person was acquired by the Company or any Restricted Subsidiary or merged or consolidated with or into any Restricted Subsidiary (other than Indebtedness Incurred to finance, or otherwise Incurred in connection with, such acquisition), *provided* that on the date of such acquisition, merger or consolidation, after giving effect thereto, the Company could incur at least \$1.00 of additional Indebtedness pursuant to paragraph (a) above; and any Refinancing Indebtedness with respect to any such Indebtedness;

Table of Contents

- (xi) Indebtedness of the Company or any Restricted Subsidiary that (A) is in the form of a demand note or other promissory note, (B) is in favor of, or for the benefit of, any Unrestricted Subsidiary, and (C) serves as credit enhancement for any vehicle-related financing; and
 - (xii) in addition to the items referred to in clauses (i) through (xi) above, Indebtedness of the Company or any Restricted Subsidiary in an aggregate outstanding principal amount at anytime not exceeding an amount equal to 3.25% of Consolidated Tangible Assets.
- (c) For purposes of determining compliance with, and the outstanding principal amount of any particular Indebtedness Incurred pursuant to and in compliance with, this covenant, (i) any other obligation of the obligor on such Indebtedness (or of any other Person who could have Incurred such Indebtedness under this covenant) arising under any Guarantee, Lien or letter of credit, bankers' acceptance or other similar instrument or obligation supporting such Indebtedness shall be disregarded to the extent that such Guarantee, Lien or letter of credit, bankers' acceptance or other similar instrument or obligation secures the principal amount of such Indebtedness; (ii) in the event that Indebtedness meets the criteria of more than one of the types of Indebtedness described in paragraphs (a) or (b) above, the Company, in its sole discretion, shall classify such item of Indebtedness and may include the amount and type of such Indebtedness in one or more of such clauses (including in part under one such clause and in part under another such clause), and may reclassify such item of Indebtedness in any manner that complies with this covenant and only be required to include the amount and type of such Indebtedness in one of such clauses; (iii) if obligations in respect of letters of credit are Incurred pursuant to a Credit Facility and are being treated as Incurred pursuant to clause (i) of paragraph (b) above and the letters of credit relate to other Indebtedness, then such other Indebtedness shall not be included; and (iv) the amount of Indebtedness issued at a price that is less than the principal amount thereof shall be equal to the amount of the liability in respect thereof determined in accordance with GAAP.
- (d) For purposes of determining compliance with any dollar-denominated restriction on the Incurrence of Indebtedness denominated in a foreign currency, the dollar-equivalent principal amount of such Indebtedness Incurred pursuant thereto shall be calculated based on the relevant currency exchange rate in effect on the date that such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness, provided that (x) the dollar-equivalent principal amount of any such Indebtedness outstanding on the Issue Date shall be calculated based on the relevant currency exchange rate in effect on the Issue Date, (y) if such Indebtedness is Incurred to refinance other Indebtedness denominated in a foreign currency (or in a different currency from such Indebtedness so being Incurred), and such refinancing would cause the applicable dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed (i) the outstanding or committed principal amount (whichever is higher) of such Indebtedness being refinanced plus (ii) the aggregate amount of fees, underwriting discounts, premiums and other costs and expenses incurred in connection with such refinancing, and (z) the dollar-equivalent principal amount of Indebtedness denominated in a foreign currency and Incurred pursuant to a Senior Credit Facility shall be calculated based on the relevant currency exchange rate in effect on, at the Company's option, (i) the Issue Date, (ii) any date on which any of the respective commitments under such Senior Credit Facility shall be reallocated between or among facilities or subfacilities thereunder, or on which such rate is otherwise calculated for any purpose thereunder, or (iii) the date of such Incurrence. The principal amount of any Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

Limitation on restricted payments

The Indenture provides as follows:

- (a) The Company shall not, and shall not permit any Restricted Subsidiary, directly or indirectly, to (i) declare or pay any dividend or make any distribution on or in respect of its Capital Stock (including any such payment in connection with any merger or consolidation to which the Company is a party) except (x) dividends or distributions payable solely in its Capital Stock (other than Disqualified Stock) and (y) dividends or distributions payable to the Company or any Restricted Subsidiary (and, in the case of any such Restricted Subsidiary making such dividend or distribution, to other holders of its Capital Stock on no more than a pro rata basis), (ii) purchase, redeem, retire or otherwise acquire for value any Capital Stock of the Company held by Persons other than the Company or a Restricted Subsidiary, (iii) voluntarily purchase, repurchase, redeem, defease or otherwise voluntarily acquire or retire for value, prior to scheduled maturity, scheduled repayment or scheduled sinking fund payment, any Subordinated Obligations (other than a purchase, repurchase, redemption, defeasance or other acquisition or retirement for value in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of such acquisition or retirement) or (iv) make any Investment (other than a Permitted Investment) in any Person (any such dividend, distribution, purchase, repurchase, redemption, defeasance, other acquisition or retirement or Investment being herein referred to as a “Restricted Payment”), if at the time the Company or such Restricted Subsidiary makes such Restricted Payment and after giving effect thereto:
- (i) a Default shall have occurred and be continuing (or would result therefrom);
 - (ii) the Company could not Incur at least an additional \$1.00 of Indebtedness pursuant to paragraph (a) of the covenant described under “—Limitation on indebtedness”; or
 - (iii) the aggregate amount of such Restricted Payment and all other Restricted Payments (the amount so expended, if other than in cash, as determined in good faith by the Board, whose determination shall be conclusive and evidenced by a resolution of the Board) declared or made subsequent to the Issue Date and then outstanding would exceed, without duplication, the sum of:
 - (A) 50% of the Consolidated Net Income accrued during the period (treated as one accounting period) beginning on April 1, 2006 to the end of the most recent fiscal quarter ending prior to the date of such Restricted Payment for which Consolidated Financial Statements of the Company are available (or, in case such Consolidated Net Income shall be a negative number, 100% of such negative number);
 - (B) 100% of the aggregate Net Cash Proceeds and the fair value (as determined in good faith by the Board) of property or assets received (x) by the Company as capital contributions to the Company after the Issue Date or from the issuance or sale (other than to a Restricted Subsidiary) of its Capital Stock (other than Disqualified Stock) after the Issue Date or (y) by the Company or any Restricted Subsidiary from the issuance and sale by the Company or any Restricted Subsidiary of Indebtedness that shall have been converted into or exchanged after the Issue Date for Capital Stock of the Company or any Parent (other than Disqualified Stock), plus the amount of any cash and the fair value (as determined in good faith by the Board) of any property or assets, received by the Company or any Restricted Subsidiary upon such conversion or exchange;
 - (C) the aggregate amount equal to the net reduction in Investments in Unrestricted Subsidiaries resulting from (i) dividends, distributions, cancellation of indebtedness for borrowed money owed by the Company or any Restricted Subsidiary to an Unrestricted Subsidiary, interest payments, return of capital, repayments of Investments or other transfers of assets to the Company or any Restricted Subsidiary from any Unrestricted Subsidiary, including dividends

(D) in the case of any disposition or repayment of any Investment constituting a Restricted Payment (without duplication of any amount deducted in calculating the amount of Investments at anytime outstanding included in the amount of Restricted Payments), an amount in the aggregate equal to the lesser of the return of capital, repayment or other proceeds with respect to all such Investments received by the Company or a Restricted Subsidiary and the initial amount of all such Investments constituting Restricted Payments.

(b) The provisions of the foregoing paragraph (a) do not prohibit any of the following, so long as a Default shall not have occurred and be continuing (or would result therefrom) (each, a “Permitted Payment”):

- (i) any purchase, redemption, repurchase, defeasance or other acquisition or retirement of Capital Stock of the Company or Subordinated Obligations made by exchange (including any such exchange pursuant to the exercise of a conversion right or privilege in connection with which cash is paid in lieu of the issuance of fractional shares) for, or out of the proceeds of the substantially concurrent issuance or sale of, Capital Stock of the Company (other than Disqualified Stock and other than Capital Stock issued or sold to a Restricted Subsidiary) or a substantially concurrent capital contribution to the Company; *provided*, that the Net Cash Proceeds from such issuance, sale or capital contribution shall be excluded in subsequent calculations under clause (iii)(B) of the preceding paragraph (a);

classes of Capital Stock, or subordination of any obligation (including the application of any remedy bars thereto) to any other obligation, will not be deemed to constitute such an encumbrance or restriction), except any encumbrance or restriction:

- (2) pursuant to any agreement or instrument of a Person, or relating to Indebtedness or Capital Stock of a Person, which Person is acquired by or merged or consolidated with or into the Company or any Restricted Subsidiary, or which agreement or instrument is assumed by the Company or any Restricted Subsidiary in connection with an acquisition of assets from such Person, as in effect at the time of such acquisition, merger or consolidation (except to the extent that such Indebtedness was incurred to finance, or otherwise in connection with, such acquisition, merger or consolidation); provided that for purposes of this clause (2), if a Person other than the Company is the Successor Company with respect thereto, any Subsidiary thereof or agreement or instrument of such Person or any such Subsidiary shall be deemed acquired or assumed, as the case may be, by the Company or a Restricted Subsidiary, as the case may be, when such Person becomes such Successor Company;

(i) if the encumbrances and restrictions contained in any such agreement or instrument taken as a whole are not less favorable to the Holders of the notes than the encumbrances and restrictions contained in the Initial Agreements (as determined in good faith by the Company), or (ii) if such encumbrance or restriction is not materially more disadvantageous to the Holders of the notes than is customary in comparable financings (as determined in good faith by the Company) and either (x) the Company determines in good faith that such encumbrance or restriction will not materially affect the Company's ability to make principal or interest payments on the notes or (y) such encumbrance or restriction applies only if a default occurs in respect of a payment or financial covenant relating to such Indebtedness, (B) relating to any sale of receivables by a Foreign Subsidiary (C) of, or relating to Indebtedness of or a Financing Disposition by or to or in favor of, any Special Purpose Entity or (D) of a financing arrangement of a Special Purpose Entity organized outside the United States.

Limitation on sales of assets and subsidiary stock

The Indenture provides as follows:

- (a) The Company will not, and will not permit any Restricted Subsidiary to, make any Asset Disposition unless
- (i) the Company or such Restricted Subsidiary receives consideration (including by way of relief from, or by any other Person assuming responsibility for, any liabilities, contingent or otherwise) at the time of such Asset Disposition at least equal to the fair market value of the shares and assets subject to such Asset Disposition, as such fair market value may be determined (and shall be determined, to the extent such Asset Disposition or any series of related Asset Dispositions involves aggregate consideration in excess of \$25.0 million) in good faith by the Board, whose determination shall be conclusive (including as to the value of all non cash consideration);
 - (ii) in the case of any Asset Disposition (or series of related Asset Dispositions) having a fair market value of \$25.0 million or more other than in a sale of the Budget Truck Division for fair market value, at least 75% of the consideration therefor (excluding, in the case of an Asset Disposition (or series of related Asset Dispositions), any consideration by way of relief from, or by any other Person assuming responsibility for, any liabilities, contingent or otherwise, that are not Indebtedness) received by the Company or such Restricted Subsidiary is in the form of cash; and
 - (iii) an amount equal to 100% of the Net Available Cash from such Asset Disposition is applied by the Company (or any Restricted Subsidiary, as the case may be) as follows:
 - (A) *first*, either (x) to the extent the Company elects (or is required by the terms of any Bank Indebtedness, any senior indebtedness of the Company or any Subsidiary Guarantor or any Indebtedness of a Restricted Subsidiary that is not a Subsidiary Guarantor), to prepay, repay or purchase any such Indebtedness or (in the case of letters of credit, bankers' acceptances or other similar instruments) cash collateralize any such Indebtedness (in each case other than Indebtedness owed to the Company or a Restricted Subsidiary) within 365 days after the later of the date of such Asset Disposition and the date of receipt of such Net Available Cash, or (y) to the extent the Company or such Restricted Subsidiary elects, to invest in Additional Assets (including by means of an investment in Additional Assets by a Restricted Subsidiary with an amount equal to Net Available Cash received by the Company or another Restricted Subsidiary) within 365 days from the later of the date of such Asset Disposition and the date of receipt of such Net Available Cash, or, if such investment in Additional Assets is a project authorized by the Board that will take longer than such 365 days to complete, the period of time necessary to complete such project;
 - (B) *second*, if the balance of such Net Available Cash after application in accordance with clause (A) above exceeds \$25.0 million, (such balance, the "Excess Proceeds"), to the extent of such Excess Proceeds, to make an offer to purchase notes and (to the extent the Company or such Restricted Subsidiary elects, or is required by the terms thereof) to purchase, redeem or repay

any other unsubordinated indebtedness of the Company or a Restricted Subsidiary, pursuant and subject to the conditions of the Indenture and the agreements governing such other Indebtedness; and

- (C) *third*, to the extent of the balance of such Net Available Cash after application in accordance with clauses (A) and (B) above, to fund (to the extent consistent with any other applicable provision of the Indenture) any general corporate purpose (including but not limited to the repurchase, repayment or other acquisition or retirement of any Subordinated Obligations);

provided, however, that in connection with any prepayment, repayment or purchase of Indebtedness pursuant to clause (A)(x) or (B) above, the Company or such Restricted Subsidiary will retire such Indebtedness and will cause the related loan commitment (if any) to be permanently reduced in an amount equal to the principal amount so prepaid, repaid or purchased.

Notwithstanding the foregoing provisions of this covenant, the Company and the Restricted Subsidiaries shall not be required to apply any Net Available Cash or equivalent amount in accordance with this covenant except to the extent that the aggregate Net Available Cash from all Asset Dispositions or equivalent amount that is not applied in accordance with this covenant exceeds \$50.0 million. If the aggregate principal amount of notes or other Indebtedness of the Company or a Restricted Subsidiary validly tendered and not withdrawn (or otherwise subject to purchase, redemption or repayment) in connection with an offer pursuant to clause (B) above exceeds the Excess Proceeds, the Excess Proceeds will be apportioned between such notes and such other Indebtedness of the Company or a Restricted Subsidiary, with the portion of the Excess Proceeds payable in respect of such notes to equal the lesser of (x) the Excess Proceeds amount multiplied by a fraction, the numerator of which is the outstanding principal amount of such notes and the denominator of which is the sum of the outstanding principal amount of the notes and the outstanding principal amount of the relevant other Indebtedness of the Company or a Restricted Subsidiary, and (y) the aggregate principal amount of notes validly tendered and not withdrawn.

For the purposes of clause (ii) of paragraph (a) above, the following are deemed to be cash: (1) Temporary Cash Investments and Cash Equivalents, (2) the assumption of Indebtedness of the Company (other than Disqualified Stock of the Company) or any Restricted Subsidiary and the release of the Company or such Restricted Subsidiary from all liability on payment of the principal amount of such Indebtedness in connection with such Asset Disposition, (3) Indebtedness of any Restricted Subsidiary that is no longer a Restricted Subsidiary as a result of such Asset Disposition, to the extent that the Company and each other Restricted Subsidiary are released from any Guarantee of payment of the principal amount of such Indebtedness in connection with such Asset Disposition, (4) securities received by the Company or any Restricted Subsidiary from the transferee that are converted by the Company or such Restricted Subsidiary into cash within 180 days, and (5) consideration consisting of Indebtedness of the Company or any Restricted Subsidiary.

- (b) In the event of an Asset Disposition that requires the purchase of notes pursuant to clause (iii)(B) of paragraph (a) above, the Company will be required to purchase notes tendered pursuant to an offer by the Company for the notes (the "Offer") at a purchase price of 100% of their principal amount plus accrued and unpaid interest to the Purchase Date in accordance with the procedures (including prorating in the event of oversubscription) set forth in the Indenture. If the aggregate purchase price of the notes tendered pursuant to the Offer is less than the Net Available Cash allotted to the purchase of notes, the remaining Net Available Cash will be available to the Company for use in accordance with clause (iii)(B) of paragraph (a) above (to repay other Indebtedness of the Company or a Restricted Subsidiary) or clause (iii)(C) of paragraph (a) above. The Company shall not be required to make an Offer for notes pursuant to this covenant if the Net Available Cash available therefor (after application of the proceeds as provided in clause (iii)(A) of paragraph (a) above) is less than \$50.0 million for any particular Asset Disposition (which lesser amounts shall be carried forward for purposes of determining whether an Offer is required with respect to the Net Available Cash from any subsequent Asset Disposition). No note will be repurchased in part if less than the Minimum Denomination in original principal amount.

- (c) To the extent that the provisions of any securities laws or regulations conflict with provisions of this “Limitation on sales of assets and subsidiary stock” covenant, the Company may comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations hereunder by virtue thereof.

Limitation on transactions with affiliates

The Indenture provides as follows:

- (a) The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into or conduct any transaction or series of related transactions (including the purchase, sale, lease or exchange of any property or the rendering of any service) with any Affiliate of the Company (an “Affiliate Transaction”) unless:
- (i) such Affiliate transaction is entered into in good faith and the terms of such Affiliate Transaction are, taken as a whole, fair and reasonable to the Company or such Restricted Subsidiary; and
 - (ii) if such Affiliate Transaction involves aggregate consideration in excess of \$25.0 million, the terms of such Affiliate Transaction have been approved by a majority of the Disinterested Directors.

For purposes of this paragraph, any Affiliate Transaction shall be deemed to have satisfied the requirements set forth in this paragraph if (x) such Affiliate Transaction is approved by a majority of the Disinterested Directors or (y) in the event there are no Disinterested Directors, the Company or such Restricted Subsidiary receives an opinion in customary form from a nationally recognized appraisal or investment banking firm to the effect that such Affiliate Transaction is fair to the Company or such Restricted Subsidiary from a financial point of view.

- (b) The provisions of the preceding paragraph (a) will not apply to:
- (i) any Restricted Payment Transaction;
 - (ii) (1) the entering into, maintaining or performance of any employment contract, collective bargaining agreement, benefit plan, program or arrangement, related trust agreement or any other similar arrangement for or with any employee, officer or director heretofore or hereafter entered into in the ordinary course of business, including vacation, health, insurance, deferred compensation, severance, retirement, savings or other similar plans, programs or arrangements, (2) the payment of compensation, performance of indemnification or contribution obligations, or any issuance, grant or award of stock, options, other equity-related interests or other securities, to employees, officers or directors in the ordinary course of business, (3) the payment of reasonable fees to directors of the Company or any of its Subsidiaries (as determined in good faith by the Company or such Subsidiary) or (4) Management Advances and payments in respect thereof (or in reimbursement of any expenses referred to in the definition of such term);
 - (iii) any transaction with, including an investment in, the Company, any Restricted Subsidiary, or any Special Purpose Entity;
 - (iv) any transaction arising out of agreements or instruments in existence on the Issue Date and identified under “Certain relationships and related transactions” (other than any Tax Sharing Agreement referred to in clause (b)(vi) of this covenant), and any payments made pursuant thereto;
 - (v) any transaction in the ordinary course of business, or approved by a majority of the Board, between the Company or any Restricted Subsidiary and any Affiliate of the Company controlled by the Company that is a joint venture or similar entity;
 - (vi) the execution, delivery and performance of any Tax Sharing Agreement;

Table of Contents

- (vii) any issuance or sale of Capital Stock (other than Disqualified Stock) of the Company or capital contribution to the Company;
- (viii) transactions with Affiliates solely in their capacity as holders of Indebtedness or Capital Stock of the Company or any of its Subsidiaries, where such Affiliates hold less Indebtedness or Capital Stock than non-Affiliates and such Affiliates receive the same consideration as non-Affiliates in such transactions;
- (ix) any transaction with any Person who is not an Affiliate immediately before the consummation of such transaction that becomes an Affiliate as a result of such transaction; and
- (x) transactions exclusively between or among the Company and any of its Restricted Subsidiaries, provided such transactions are not otherwise prohibited by the Indenture.

Limitation on liens

The Indenture provides that the Company shall not, and shall not permit any Restricted Subsidiary to, directly or indirectly, create or permit to exist any Lien (other than Permitted Liens) on any of its property or assets (including Capital Stock of any other Person), whether owned on the date of the Indenture or thereafter acquired, securing any Indebtedness (the "Initial Lien"), unless contemporaneously therewith effective provision is made to secure the Indebtedness due under the Indenture and the notes or, in respect of Liens on any Restricted Subsidiary's property or assets, any Subsidiary Guarantee of such Restricted Subsidiary, equally and ratably with (or on a senior basis to, in the case of Subordinated Obligations or Guarantor Subordinated Obligations) such obligation for so long as such obligation is so secured by such Initial Lien. Any such Lien thereby created in favor of the notes or any such Subsidiary Guarantee will be automatically and unconditionally released and discharged upon (i) the release and discharge of the Initial Lien to which it relates, (ii) in the case of any such Lien in favor of any such Subsidiary Guarantee, upon the termination and discharge of such Subsidiary Guarantee in accordance with the terms of the Indenture or (iii) any sale, exchange or transfer (other than a transfer constituting a transfer of all or substantially all of the assets of the Company that is governed by the provisions of the covenant described under "—Merger and consolidation" below) to any Person not an Affiliate of the Company of the property or assets secured by such Initial Lien, or of all of the Capital Stock held by the Company or any Restricted Subsidiary in, or all or substantially all the assets of, any Restricted Subsidiary creating such Initial Lien.

Future subsidiary guarantors

As set forth more particularly under "—Subsidiary guarantees," the Indenture provides that the Company will cause each Domestic Subsidiary that guarantees payment by the Company of any Indebtedness of the Company under the Senior Credit Facilities to execute and deliver to the Trustee a supplemental indenture or other instrument pursuant to which such Domestic Subsidiary will guarantee payment of the notes, whereupon such Domestic Subsidiary will become a Subsidiary Guarantor for all purposes under the Indenture. The Company also has the right to cause any other Subsidiary to guarantee payment of the notes. Subsidiary Guarantees will be subject to release and discharge under certain circumstances prior to payment in full of the notes. See "—Subsidiary guarantees."

SEC reports

Prior to consummation of the exchange offer and when any notes under the Indenture are outstanding, the Company will provide to the Trustee and the holders of notes:

- (a) within 90 days after the end of the Company's fiscal year, financial statements and management's discussion and analysis of financial condition and results of operations substantially equivalent to that which would be required to be included in an Annual Report on Form 10-K of the Company were the Company subject to an obligation to file such a report under the Exchange Act;

[Table of Contents](#)

- (b) within 45 days after the end of each of the first three fiscal quarters in each fiscal year of the Company, financial statements and management’s discussion and analysis of financial condition and results of operations substantially equivalent to that which would be required to be included in a Quarterly Report on Form 10-Q of the Company were the Company subject to an obligation to file such a report under the Exchange Act

provided, however, that the reports set forth in clauses (a) and (b) above shall not be required to: (x) contain any certification required by any such form or the Sarbanes-Oxley Act of 2002, (y) include separate financial statements of any Guarantor or the Co-Issuer or (z) include any exhibit.

The Indenture provides that, following consummation of the exchange offer, notwithstanding that the Company may not be required to be or remain subject to the reporting requirements of Section 13(a) or 15(d) of the Exchange Act, the Company will file with the SEC (unless such filing is not permitted under the Exchange Act or by the SEC), so long as any notes are outstanding, the annual reports, information, documents and other reports that the Company is required to file with the SEC pursuant to such Section 13(a) or 15(d) or would be so required to file if the Company were so subject. The Company will also, within 15 days after the date on which the Company was so required to file or would be so required to file if the Company were so subject, transmit by mail to all applicable Holders, as their names and addresses appear in the Note register, and to the Trustee (or make available on a Company website) copies of any such information, documents and reports (without exhibits) so required to be filed.

The Company will be deemed to have satisfied the requirements of this paragraph if any Parent files with the SEC and provides reports, documents and information of the types otherwise so required, in each case within the applicable time periods specified by the applicable rules and regulations of the SEC, and the Company is not required to file such reports, documents and information separately under the applicable rules and regulations of the SEC (after giving effect to any exemptive relief) because of the filings by such Parent. The Company will comply with the other provisions of TIA § 314(a).

Merger and consolidation

The Indenture provides that the Company will not consolidate with or merge with or into, or convey, transfer or lease all or substantially all its assets to, any Person, unless:

- (i) the resulting, surviving or transferee Person (the “Successor Company”) will be a Person organized and existing under the laws of the United States of America, any State thereof or the District of Columbia and the Successor Company (if not the Company) will expressly assume all the obligations of the Company under the notes and the Indenture by executing and delivering to the Trustee a supplemental indenture or one or more other documents or instruments;
- (ii) immediately after giving effect to such transaction (and treating any Indebtedness that becomes an obligation of the Successor Company or any Restricted Subsidiary as a result of such transaction as having been Incurred by the Successor Company or such Restricted Subsidiary at the time of such transaction), no Default will have occurred and be continuing;
- (iii) immediately after giving effect to such transaction, either (A) the Successor Company could Incur at least \$1.00 of additional Indebtedness pursuant to paragraph (a) of the covenant described under “—Certain covenants—Limitation on indebtedness,” or (B) the Consolidated Coverage Ratio of the Company (or, if applicable, the Successor Company with respect thereto) would equal or exceed the Consolidated Coverage Ratio of the Company immediately prior to giving effect to such transaction;
- (iv) each applicable Subsidiary Guarantor (other than (x) any Subsidiary Guarantor that will be released from its obligations under its Subsidiary Guarantee in connection with such transaction and (y) any party to any such consolidation or merger) shall have delivered a supplemental indenture or other

Table of Contents

document or instrument, confirming its Subsidiary Guarantee (other than any Subsidiary Guarantee that will be discharged or terminated in connection with such transaction); and

- (v) the Company will have delivered to such Trustee an Officer's Certificate and an Opinion of Counsel, each to the effect that such consolidation, merger or transfer complies with the provisions described in this paragraph, provided that (x) in giving such opinion such counsel may assume compliance with the foregoing clauses (ii) and (iii) to the extent such opinion would otherwise be required to address financial matters or tests and, as to any matters of fact may rely on an Officer's Certificate, and (y) no Opinion of Counsel will be required for a consolidation, merger or transfer described in the last paragraph of this covenant.

Any Indebtedness that becomes an obligation of the Company or any Restricted Subsidiary (or that is deemed to be Incurred by any Person that becomes a Restricted Subsidiary) as a result of any such transaction undertaken in compliance with this covenant, and any Refinancing Indebtedness with respect thereto, shall be deemed to have been Incurred in compliance with the covenant described under "—Certain covenants—Limitation on indebtedness."

The Successor Company will succeed to, and be substituted for, and may exercise every right and power of, the Company under the Indenture, and thereafter the predecessor Company shall be relieved of all obligations and covenants under the Indenture, except that the predecessor Company in the case of a lease of all or substantially all its assets will not be released from the obligation to pay the principal of and interest on the notes.

Clauses (ii) and (iii) of the first paragraph of this "Merger and consolidation" covenant will not apply to any transaction in which (1) any Restricted Subsidiary consolidates with, merges with or into or conveys or transfers all or part of its assets to the Company or (2) the Company consolidates with or merges with or into or conveys or transfers all or substantially all its properties and assets to (x) an Affiliate incorporated or organized for the purpose of reincorporating or reorganizing the Company in another jurisdiction or changing its legal structure to a corporation or other entity or (y) a Restricted Subsidiary of the Company so long as all assets of the Company and the Restricted Subsidiaries immediately prior to such transaction (other than Capital Stock of such Restricted Subsidiary) are owned by such Restricted Subsidiary and its Restricted Subsidiaries immediately after the consummation thereof.

Defaults

An Event of Default is defined in the Indenture as:

- (i) a default in any payment of interest on any note when due, continued for 30 days;
- (ii) a default in the payment of principal of any note when due, whether at its Stated Maturity, upon optional redemption, upon required repurchase, upon declaration of acceleration or otherwise;
- (iii) the failure by the Company to comply with its obligations under the first paragraph of the covenant described under "—Merger and consolidation" above;
- (iv) the failure by the Company to comply for 30 days after notice with any of its obligations under the covenant described under "—Change of control" above (other than a failure to purchase notes);
- (v) the failure by the Company to comply for 60 days after notice with its other agreements contained in the notes or the Indenture;
- (vi) the failure by any applicable Subsidiary Guarantor to comply for 45 days after notice with its obligations under its applicable Subsidiary Guarantee;
- (vii) the failure by the Company or any Restricted Subsidiary to pay any Indebtedness within any applicable grace period after final maturity or the acceleration of any such Indebtedness by the holders thereof because of a default, if the total amount of such Indebtedness so unpaid or

Table of Contents

- accelerated exceeds \$50.0 million or its foreign currency equivalent; *provided*, that no Default or Event of Default will be deemed to occur with respect to any such accelerated Indebtedness that is paid or otherwise acquired or retired within 30 days after such acceleration (the “cross acceleration provision”);
- (viii) certain events of bankruptcy, insolvency or reorganization of the Company or a Significant Subsidiary, or of other Restricted Subsidiaries that are not Significant Subsidiaries but would in the aggregate constitute a Significant Subsidiary if considered as a single Person (the “bankruptcy provisions”);
 - (ix) the rendering of any judgment or decree for the payment of money in an amount (net of any insurance or indemnity payments actually received in respect thereof prior to or within 90 days from the entry thereof, or to be received in respect thereof in the event any appeal thereof shall be unsuccessful) in excess of \$50.0 million or its foreign currency equivalent against the Company or a Significant Subsidiary, or jointly and severally against other Restricted Subsidiaries that are not Significant Subsidiaries but would in the aggregate constitute a Significant Subsidiary if considered as a single Person, that is not discharged, or bonded or insured by a third Person, if such judgment or decree remains outstanding for a period of 90 days following such judgment or decree and is not discharged, waived or stayed (the “judgment default provision”); or
 - (x) the failure of any applicable Subsidiary Guarantee by a Subsidiary Guarantor that is a Significant Subsidiary to be in full force and effect (except as contemplated by the terms thereof or of the Indenture) or the denial or disaffirmation in writing by any applicable Subsidiary Guarantor that is a Significant Subsidiary of its obligations under the Indenture or any applicable Subsidiary Guarantee, if such Default continues for 10 days.

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

However, a Default under clause (iv), (v) or (vi) will not constitute an Event of Default until the Trustee or the Holders of at least 30% in principal amount of the outstanding notes notify the Company of the Default and the Company does not cure such Default within the time specified in such clause after receipt of such notice.

If an Event of Default (other than a Default relating to certain events of bankruptcy, insolvency or reorganization of the Company) occurs and is continuing the Trustee by notice to the Company, or the Holders of at least 30% in principal amount of the outstanding notes by notice to the Company and the Trustee, may declare the principal of and accrued but unpaid interest on all the notes to be due and payable. Upon the effectiveness of such a declaration, such principal and interest will be due and payable immediately.

Notwithstanding the foregoing, if an Event of Default relating to certain events of bankruptcy, insolvency or reorganization of the Company occurs and is continuing, the principal of and accrued but unpaid interest on all the notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any applicable Holders. Under certain circumstances, the Holders of a majority in principal amount of the outstanding notes may rescind any such acceleration with respect to the notes and its consequences.

Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, such Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the Holders unless such Holders have offered to the Trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no Holder may pursue any remedy with respect to the Indenture or the notes unless (i) such Holder has previously given the Trustee written notice that an Event of Default is continuing, (ii) Holders of at least 30% in principal amount of the outstanding notes of the applicable

[Table of Contents](#)

class have requested the Trustee in writing to pursue the remedy, (iii) such Holders have offered the Trustee reasonable security or indemnity against any loss, liability or expense, (iv) such Trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity and (v) the Holders of a majority in principal amount of the outstanding notes of the applicable class have not given the Trustee a direction inconsistent with such request within such 60-day period. Subject to certain restrictions, the Holders of a majority in principal amount of the outstanding notes of the applicable class are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on such Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that such Trustee determines is unduly prejudicial to the rights of any other Holder or that would involve such Trustee in personal liability. Prior to taking any action under the Indenture, the Trustee will be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

The Indenture provides that if a Default occurs and is continuing and is known to the Trustee, such Trustee must mail to each Holder notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of, or premium (if any) or interest on, any note, the Trustee may withhold notice if and so long as a committee of its Trust Officers in good faith determines that withholding notice is in the interests of the noteholders. In addition, the Company is required to deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default occurring during the previous year. The Company also is required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any event that would constitute certain Defaults, their status and what action the Company is taking or proposes to take in respect thereof.

Amendments and waivers

Subject to certain exceptions, the Indenture may be amended with the consent of the Holders of a majority in principal amount of the notes then outstanding and any past default or compliance with any provisions may be waived with the consent of the Holders of a majority in principal amount of the notes of the applicable class then outstanding (including in each case, consents obtained in connection with a tender offer or exchange offer for notes). However, without the consent of each Holder of an outstanding note affected, no amendment or waiver may (i) reduce the principal amount of notes of the applicable class whose Holders must consent to an amendment or waiver, (ii) reduce the rate of or extend the time for payment of interest on any note of the applicable class, (iii) reduce the principal of or extend the Stated Maturity of any note of the applicable class, (iv) reduce the premium payable upon the redemption of any note of the applicable class, or change the date on which any note of the applicable class may be redeemed as described under “—Optional redemption” above, (v) make any note of the applicable class payable in money other than that stated in such note, (vi) impair the right of any Holder to receive payment of principal of and interest on such Holder’s notes of the applicable class on or after the due dates therefor or to institute suit for the enforcement of any such payment on or with respect to such Holder’s notes of the applicable class, or (vii) make any change in the amendment or waiver provisions described in this sentence.

Without the consent of any applicable Holder, the Company, the Trustee and (as applicable) any Subsidiary Guarantor may amend the Indenture to cure any ambiguity, manifest error, omission, defect or inconsistency, to provide for the assumption by a successor of the obligations of the Company or a Subsidiary Guarantor under such Indenture, to provide for uncertificated notes in addition to or in place of certificated notes, to add Guarantees with respect to the notes, to secure the notes, to confirm and evidence the release, termination or discharge of any Guarantee or Lien with respect to or securing the notes when such release, termination or discharge is provided for under the Indenture, to add to the covenants of the Company for the benefit of the noteholders or to surrender any right or power conferred upon the Company, to provide for or confirm the issuance of Additional Notes, to conform the text of the Indenture, the notes or any Subsidiary Guarantee to any provision of this “Description of Exchange Notes,” to provide additional rights or benefits to the Holders or make any change that does not materially adversely affect the rights of any Holder, to release a Subsidiary Guarantor

[Table of Contents](#)

from its obligations under its Subsidiary Guarantee or the Indenture in accordance with the applicable provisions of the Indenture, to provide for the appointment of a successor trustee, *provided* that the successor trustee is otherwise qualified and eligible to act as such under the terms of the Indenture, or to comply with any requirement of the SEC in connection with the qualification of the Indenture under the TIA or otherwise.

The consent of the noteholders is not necessary under the Indenture to approve the particular form of any proposed amendment or waiver. It is sufficient if such consent approves the substance of the proposed amendment or waiver. Until an amendment or waiver becomes effective, a consent to it by a noteholder is a continuing consent by such noteholder and every subsequent Holder of all or part of the related note. Any such noteholder or subsequent holder may revoke such consent as to its note by written notice to the Trustee or the Company, received thereby before the date on which the Company certifies to such Trustee that the Holders of the requisite principal amount of notes have consented to such amendment or waiver. After an amendment or waiver under the Indenture becomes effective, the Company is required to mail to noteholders a notice briefly describing such amendment or waiver. However, the failure to give such notice to all noteholders, or any defect therein, will not impair or affect the validity of the amendment or waiver.

Defeasance

The Company at any time may terminate all its obligations under the notes and the Indenture (“legal defeasance”), except for certain obligations, including those relating to the defeasance trust and obligations to register the transfer or exchange of the notes, to replace mutilated, destroyed, lost or stolen notes and to maintain a registrar and paying agent in respect of the notes. The Company at any time may terminate its obligations under certain covenants under the Indenture, including the covenants described under “—Certain covenants” and “—Change of control,” the operation of the default provisions relating to such covenants described under “—Defaults” above, the operation of the cross acceleration provision, the bankruptcy provisions with respect to Subsidiaries and the judgment default provision described under “—Defaults” above, and the limitations contained in clauses (iii), (iv) and (v) under “—Merger and consolidation” above (“covenant defeasance”). If the Company exercises its legal defeasance option or its covenant defeasance option, each Subsidiary Guarantor will be released from all of its obligations with respect to its applicable Subsidiary Guarantee.

The Company may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option. If the Company exercises its legal defeasance option, payment of the notes may not be accelerated because of an Event of Default with respect thereto. If the Company exercises its covenant defeasance option, payment of the notes may not be accelerated because of an Event of Default specified in clause (iv), (v) (as it relates to the covenants described under “—Certain covenants” above), (vi), (vii), (viii) (but only with respect to events of bankruptcy, insolvency or reorganization of a Subsidiary), (ix) or (x) under “—Defaults” above or because of the failure of the Company to comply with clause (iii), (iv) or (v) under “—Merger and consolidation” above.

Either defeasance option may be exercised to any redemption date or to the maturity date for the notes. In order to exercise either defeasance option, the Company must irrevocably deposit in trust (the “defeasance trust”) with the Trustee money or U.S. Government Obligations, or a combination thereof, sufficient (without reinvestment) to pay principal of, and premium (if any) and interest on, the notes to redemption or maturity, as the case may be, and must comply with certain other conditions, including delivery to the Trustee of an Opinion of Counsel (subject to customary exceptions and exclusions) to the effect that holders of the notes will not recognize income, gain or loss for Federal income tax purposes as a result of such deposit and defeasance and will be subject to Federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such Opinion of Counsel (x) must be based on a ruling of the Internal Revenue Service or other change in applicable Federal income tax law since the Issue Date and (y) need not be delivered if all notes not theretofore delivered to the Trustee for cancellation have become due and payable, will become due and payable at its Stated Maturity within one year, or are to be called for redemption within one year, under arrangements reasonably satisfactory to the Trustee in the name, and at the expense, of the Company).

Satisfaction and discharge

The Indenture will be discharged and cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the notes, as expressly provided for in such Indenture) as to all outstanding notes of the applicable class when (i) either (a) all notes of the applicable class previously authenticated and delivered (other than certain lost, stolen or destroyed notes, and certain notes for which provision for payment was previously made and thereafter the funds have been released to the Company) have been delivered to the Trustee for cancellation or (b) all notes of the applicable class not previously delivered to the Trustee for cancellation (x) have become due and payable, (y) will become due and payable at their Stated Maturity within one year or (z) have been or are to be called for redemption within one year under arrangements reasonably satisfactory to the Trustee for the giving of notice of redemption by such Trustee in the name, and at the expense, of the Company; (ii) the Company has irrevocably deposited or caused to be deposited with the Trustee money, U.S. Government Obligations, or a combination thereof, sufficient (without reinvestment) to pay and discharge the entire indebtedness on the notes of the applicable class not previously delivered to the Trustee for cancellation, for principal, premium, if any, and interest to, but not including, the date of redemption or their Stated Maturity, as the case may be; (iii) the Company has paid or caused to be paid all other sums payable under the Indenture by the Company; and (iv) the Company has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel each to the effect that all conditions precedent under the "Satisfaction and Discharge" section of the Indenture relating to the satisfaction and discharge of such Indenture have been complied with, *provided* that any such counsel may rely on any Officer's Certificate as to matters of fact (including as to compliance with the foregoing clauses (i), (ii) and (iii)).

No personal liability of directors, officers, employees, incorporators and stockholders

No director, officer, employee, incorporator, equity holder, member or stockholder of any Issuer, any Subsidiary Guarantor or any Subsidiary of any thereof shall have any liability for any obligation of the Company or any Subsidiary Guarantor under the Indenture, the notes or any Subsidiary Guarantee, or for any claim based on, in respect of, or by reason of, any such obligation or its creation. Each noteholder, by accepting the notes, waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes.

Concerning the Trustee

The Bank of Nova Scotia Trust Company of New York is the Trustee under the Indenture and is appointed by the Company as Registrar and Paying Agent with regard to the notes.

The Indenture provides that, except during the continuance of an Event of Default, the Trustee will perform only such duties as are set forth specifically in such Indenture. During the existence of an Event of Default, the Trustee will exercise such of the rights and powers vested in it under the Indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The Indenture and the TIA impose certain limitations on the rights of the Trustee, should it become a creditor of the Company, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The Trustee is permitted to engage in other transactions; *provided*, that if it acquires any conflicting interest as described in the TIA, it must eliminate such conflict, apply to the SEC for permission to continue as Trustee with such conflict, or resign.

Transfer and exchange

A noteholder may transfer or exchange notes in accordance with the Indenture. Upon any transfer or exchange, the registrar and the Trustee may require such noteholder, among other things, to furnish appropriate

[Table of Contents](#)

endorsements and transfer documents and the Company may require such noteholder to pay any taxes or other governmental charges required by law or permitted by the Indenture. The Company is not required to transfer or exchange any note selected for redemption or purchase or to transfer or exchange any note for a period of 15 Business Days prior to the day of the mailing of the notice of redemption or purchase. No service charge will be made for any registration of transfer or exchange of the notes, but the Company may require payment of a sum sufficient to cover any transfer tax or other governmental charge payable in connection with the transfer or exchange. The notes will be issued in registered form and the registered holder of a note will be treated as the owner of such note for all purposes.

Governing law

The Indenture provides that it and the notes are and will be governed by, and construed in accordance with, the laws of the State of New York.

Certain definitions

“*Acquired Indebtedness*” means Indebtedness of a Person (i) existing at the time such Person becomes a Subsidiary or (ii) assumed in connection with the acquisition of assets from such Person, in each case other than Indebtedness Incurred in connection with, or in contemplation of, such Person becoming a Subsidiary or such acquisition. Acquired Indebtedness shall be deemed to be Incurred on the date of the related acquisition of assets from any Person or the date the acquired Person becomes a Subsidiary.

“*Additional Assets*” means (i) any property or assets that replace the property or assets that are the subject of an Asset Disposition; (ii) any property or assets (other than Indebtedness and Capital Stock) used or to be used by the Company or a Restricted Subsidiary or otherwise useful in a Related Business (including any capital expenditures on any property or assets already so used); (iii) the Capital Stock of a Person that is engaged in a Related Business and becomes a Restricted Subsidiary as a result of the acquisition of such Capital Stock by the Company or another Restricted Subsidiary; or (iv) Capital Stock of any Person that at such time is a Restricted Subsidiary acquired from a third party.

“*Affiliate*” of any specified Person means any other Person, directly or indirectly, controlling or controlled by or under direct or indirect common control with such specified Person. For the purposes of this definition, “control” when used with respect to any Person means the power to direct the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise; and the terms “controlling” and “controlled” have meanings correlative to the foregoing.

Book-entry delivery and form

Except as described below, the Exchange Notes will be initially represented by one or more global bonds (“Global Bonds”) in fully registered form without interest coupons. The Global Bonds will be deposited with the Trustee, as custodian for DTC, and DTC or its nominee will initially be the sole registered holder of the Exchange Notes for all purposes under the Indenture. We expect that, pursuant to procedures established by DTC, (i) upon the issuance of Global Bonds, DTC or its custodian will credit, on its internal system, the principal amount at maturity of the individual beneficial interests represented by such Global Bonds to the respective accounts of persons who have accounts with such depositary, and (ii) ownership of beneficial interests in the Global Bonds will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants). Ownership of beneficial interests in the Global Bonds will be limited to persons who have accounts with DTC (“participants”) or persons who hold interests through participants. Holders of Exchange Notes may hold their interests in the Global Bonds directly through DTC if they are participants in such system, or indirectly through organizations that are participants in such system.

[Table of Contents](#)

So long as DTC, or its nominee, is the registered owner or holder of the Global Bonds, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Exchange Notes represented by such Global Bonds for all purposes under the Indenture. No beneficial owner of an interest in the Global Bonds will be able to transfer that interest except in accordance with DTC's procedures, in addition to those provided for under the Indenture with respect to the Exchange Notes.

Payments of the principal of, premium (if any) and interest on the Global Bonds will be made to DTC or its nominee, as the case may be, as the registered owner thereof. None of the Company, the Trustee, nor any paying agent will have any responsibility or liability for any aspect of the records relating to such beneficial ownership interest.

We expect that DTC or its nominee, upon receipt of any payment of principal, premium (if any), or interest on the Global Bonds, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the Global Bonds as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the Global Bonds held through such participants will be governed by standing instructions and customary practice, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such participants.

Transfers between participants in DTC will be effected in the ordinary way through DTC's same-day funds system in accordance with DTC rules and will be settled in same-day funds.

So long as DTC or its nominee is the registered owner or holder of such Global Bonds, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Exchange Notes represented by such Global Bonds for the purposes of receiving payment on the Exchange Notes, receiving notices and for all other purposes under the Indenture and the Exchange Notes. Beneficial interests in the Global Bonds will be evidenced only by, and transfers thereof will be effected only through, records maintained by DTC and its participants. Except as provided below, owners of beneficial interests in a Global Bond will not be entitled to receive physical delivery of certificated Exchange Notes in definitive form and will not be considered the holders of such Global Bond for any purposes under the Indenture. Accordingly, each person owning a beneficial interest in a Global Bond must rely on the procedures of DTC and, if such person is not a participant, on the procedures of the participant through which such person owns its interests, to exercise any rights of a holder of Exchange Notes under the Indenture. We understand that under existing industry practices, in the event that we request any action of holders of Exchange Notes or that an owner of a beneficial interest in a Global Bond desires to give or take any action that a holder of Exchange Notes is entitled to give or take under the Indenture, DTC would authorize the participants holding the relevant beneficial interest to give or take such action, and such participants would authorize beneficial owners owning through such participants to give or take such action or would otherwise act upon the instructions of the beneficial owners owning through them.

DTC has advised us that it will take any action permitted to be taken by a holder of Exchange Notes only at the direction of one or more participants to whose account the DTC interests in the Global Bonds are credited and only in respect of such portion of the aggregate principal amounts of Exchange Notes as to which such participant or participants has or have been given such direction.

DTC has advised us as follows: DTC is a limited purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the Uniform Commercial Code and a "Clearing Agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Participants include securities brokers and dealers, banks, trust companies, and clearing corporations and certain other organizations. Indirect

[Table of Contents](#)

access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (“indirect participants”).

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Bonds among participants of DTC, it is under no obligation to perform such procedures, and such procedures may be discontinued at any time. Neither us nor the Trustee will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain United States federal income tax considerations relating to the exchange of Old Notes for Exchange Notes in the exchange offer. It does not contain a complete analysis of all the potential tax considerations relating to the exchange. This summary is limited to holders of Old Notes who hold the Old Notes as “capital assets” (in general, assets held for investment). Special situations, such as the following, are not addressed:

- tax consequences to holders who may be subject to special tax treatment, such as tax-exempt entities, dealers in securities or currencies, banks, other financial institutions, insurance companies, regulated investment companies, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings or corporations that accumulate earnings to avoid United States federal income tax;
- tax consequences to persons holding notes as part of a hedging, integrated, constructive sale or conversion transaction or a straddle or other risk reduction transaction;
- tax consequences to holders whose “functional currency” is not the United States dollar;
- tax consequences to persons who hold notes through a partnership or similar pass-through entity;
- United States federal gift tax, estate tax or alternative minimum tax consequences, if any; or
- any state, local or non-United States tax consequences.

The discussion below is based upon the provisions of the United States Internal Revenue Code of 1986, as amended, existing and proposed Treasury regulations promulgated thereunder, and rulings, judicial decisions and administrative interpretations thereunder, as of the date hereof. Those authorities may be changed, perhaps retroactively, so as to result in United States federal income tax consequences different from those discussed below.

Consequences of tendering Old Notes

The exchange of your Old Notes for Exchange Notes in the exchange offer should not constitute an exchange for United States federal income tax purposes because the Exchange Notes should not be considered to differ materially in kind or extent from the Old Notes. Accordingly, the exchange offer should have no United States federal income tax consequences to you if you exchange your Old Notes for Exchange Notes. For example, there should be no change in your tax basis and your holding period should carry over to the Exchange Notes. In addition, the United States federal income tax consequences of holding and disposing of your Exchange Notes should be the same as those applicable to your Old Notes.

The preceding discussion of certain United States federal income tax considerations of the exchange offer is for general information only and is not tax advice. Accordingly, each investor should consult its own tax advisor as to particular tax consequences to it of exchanging Old Notes for Exchange Notes, including the applicability and effect of any state, local or foreign tax laws, and of any proposed changes in applicable laws.

PLAN OF DISTRIBUTION

Each broker-dealer that receives Exchange Notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of Exchange Notes.

This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of Exchange Notes received in exchange for Old Notes if the Old Notes were acquired as a result of market-making activities or other trading activities.

We have agreed to make this prospectus, as amended or supplemented, available to any broker-dealer to use in connection with any such resale for a period of at least 180 days after the expiration date. In addition, until (90 days after the date of this prospectus), all broker-dealers effecting transactions in the Exchange Notes may be required to deliver a prospectus.

We will not receive any proceeds from any sale of Exchange Notes by broker-dealers. Exchange Notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions:

- in the over-the-counter market;
- in negotiated transactions; or
- through the writing of options on the Exchange Notes or a combination of such methods of resale.

These resales may be made:

- at market prices prevailing at the time of resale;
- at prices related to such prevailing market prices; or
- at negotiated prices.

Any such resale may be made directly to purchasers or to or through brokers or dealers. Brokers or dealers may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such Exchange Notes. An “underwriter” within the meaning of the Securities Act includes:

- any broker-dealer that resells Exchange Notes that were received by it for its own account pursuant to the exchange offer; or
- any broker or dealer that participates in a distribution of such Exchange Notes.

Any profit on any resale of Exchange Notes and any commissions or concessions received by any persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act.

For a period of not less than 180 days after the expiration of the exchange offer we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests those documents in the letter of transmittal. We have agreed to pay all expenses incident to performance of our obligations in connection with the exchange offer, other than commissions or concessions of any brokers or dealers. We will indemnify the holders of the Exchange Notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act, and will contribute to payments that they may be required to make in request thereof.

Certain legal matters relating to the validity of the Exchange Notes will be passed upon for us by Kirkland & Ellis LLP, New York, New York.
