AVIS FORMS NEW PARTNERSHIP WITH FLIGHTBRIDGE

PARSIPPANY, N.J., October 28, 2013 – Avis Car Rental today announced that it has established a new partnership with FlightBridge, Inc., creators of FlightBridge, an online reservation and communication tool that connects general aviation aircraft operators and their service providers. FlightBridge automates trip-related service requests such as car rental bookings, catering orders, hotel accommodations and airport service center/Fixed Base Operator (FBO) arrangements.

As part of the new multi-year agreement, Avis will be featured on FlightBridge to provide customers with online access and availability to rental vehicles at FBOs in North America. Once an Avis reservation is made via FlightBridge, all rental information and any subsequent changes are automatically confirmed and integrated with a customer's trip itinerary. Then, Avis will fulfill the reservation at the appropriate date and time, by delivering the vehicle to the customer at the FBO designated on the reservation.

"FlightBridge is a one-stop solution for managing private aviation trip logistics, so it's an important channel for us to be in as we look to accelerate growth," said Stephen Wright, vice president of global travel and partnerships, Avis Budget Group. "We're excited to work with FlightBridge and look forward to providing their customers with outstanding vehicles and service."

"Integrating Avis rental vehicles with other critical trip-planning details offers efficiency and convenience to private aviation customers," said Dudley King, president, FlightBridge. "We're confident that our customers will appreciate the premium level of service that Avis provides."

About Avis

Avis Car Rental operates one of the world's best-known car rental brands with approximately 5,750 locations in more than 165 countries. Avis has a long history of innovation in the car rental industry and is one of the world's top brands for customer loyalty. Avis is owned by Avis Budget Group, Inc.
